

Creative Freedom of Will

In the name of the I AM THAT I AM, Jesus Christ, Mother Mary, Master MORE and Saint Germain, I invoke the Light that Lights every being that comes into the world to awaken me to my original purpose for descending into the Ma-ter Spheres and to my particular Divine plan for this lifetime. I especially ask for Divine Direction in:

[Briefly describe the inner or outer circumstances concerning which you desire direction.]

God is Father and Mother

God is Father, God is Mother,
never one without the other.

Your balanced union is our source,
your Love will keep us on our course.
You offer us abundant life,
to free us from all sense of strife.
We plunge ourselves into the stream,
awakening from this bad dream.
We see that life is truly one,
and thus our victory is won.
We have returned unto our God,
on the path the saints have trod.
We form God's body on the Earth,
and give our planet its rebirth,
into a Golden Age of Love,
with ample blessings from Above.
We set all people free to see
that oneness is reality,
and in that oneness we will be
whole for all eternity.
And now the Earth is truly healed,
all life in God's perfection sealed.

God is Father, God is Mother,
we see God in each other.

1. Whatever god you worship, you are worshipping a false god. Acknowledging this is the beginning of a true relationship with God.

Hail One in All

**God is Father, God is Mother,
we see one within the other.
Buddha space, Mother time,
tis the secret so sublime.**

**Christ the Son, sees the All,
sees the Allness in the small.
Holy Spirit, sacred flow,
urging life to ever grow.**

2. Only that which is external to the self can be worshipped, for worship implies distance between the self and the object of worship.

Hail One in All

3. Better to worship no god than to worship – or seek – an external god that is nothing but a graven image.

Hail One in All

4. The One true God is the Infinite. That which is infinite is everywhere present—or it would not be infinite.

Hail One in All

5. How can one find a place where the Infinite is not? Thus, the sense of being separated from the Infinite can only be an illusion that exists in the mind.

Hail One in All

6. This illusion springs from the separate self, which is itself an illusion that the conscious self has chosen to take on—as a pair of colored glasses.

Hail One in All

7. The Infinite has expressed itself as self-aware extensions of itself. Thus, the conscious self is more than the separate self and can never truly be separated from the Infinite out of which it sprang.

**God is Father, God is Mother,
we see one within the other.
Buddha space, Mother time,
tis the secret so sublime.**

**Christ the Son, sees the All,
sees the Allness in the small.
Holy Spirit, sacred flow,
urging life to ever grow.**

8. The separate self forms a filter that colors how the conscious self sees everything. Separation creates the graven image of an external god that must be worshipped in order to secure salvation for the separate self.

Hail One in All

9. Walking the spiritual path is a process whereby the conscious self comes to see that true salvation means overcoming the illusion of separation between the self and the Infinite. True salvation is the Path of Oneness, whereby the self comes to accept itself as an extension of the Infinite.

Hail One in All

1. Throat, Solar plexus

Hail Mary, we give praise
the Mother Light in all you raise.
In perfect balance light will stream,
in harmony our souls will gleam.

Refrain:

**Oh Mother Mary, we release
all thoughts and feelings less than peace,
releasing now all patterns old,
we leave behind the mortal mold.**

**River of Life, eternal flow,
we will to live, we will to grow.
We will transcend and be the more,
the joy of life we do adore.**

All troubles in the heart now cease,
as Mary's love brings great release.
The rose of twelve in fullest bloom,
the soul is free to meet her groom.

The throat is shining oh so blue,
the will of God is always true.
God's power is released in love
through Christ direction from Above.

The solar center is at peace,
as fear and anger we release.
The sacred ten will now unfold
a glow of purple and of gold.

When Mother Light and Buddha meet,
the force of darkness they defeat,
with Jesus and our Saint Germain,
they bring the Golden Age again.

I feel the Mother's gentle kiss,
as I am in eternal bliss,
floating in a space sublime,
in harmony with sacred chime.

Coda:

By Mother Mary's endless Grace,
we conquer time, we conquer space.
The Buddha Nature is in all
and thus we rise to heed the call
to be the Christed ones on Earth,
the Golden Age is given birth.

1. When the conscious self begins to overcome the illusion of separation, it can begin to question the further illusion that there is an external god seeking to force its will upon the self.

**God is Father, God is Mother,
we see one within the other.
Buddha space, Mother time,
tis the secret so sublime.**

**Christ the Son, sees the All,
sees the Allness in the small.
Holy Spirit, sacred flow,
urging life to ever grow.**

2. The conscious self begins to see that any external force seeking to force its will upon the self cannot be the Infinite.

Hail One in All

3. The Infinite – being all there is and thus completely self-sufficient – has no need to force an external will upon any extension of itself. The Infinite is not external to any part of creation but is present within everything.

Hail One in All

4. Only a being trapped in the illusion of separation has the need to force its will upon others. For only such a being can believe it needs something from outside itself—instead of finding wholeness in the kingdom within.

Hail One in All

5. The first step toward oneness is when the conscious self begins to grasp the truth that it must free itself from any external force. For this is the only way to make truly free choices.

Hail One in All

6. The Infinite has expressed itself as the conscious self and because the conscious self is an extension of itself, the Infinite wants only what

is best for the conscious self—namely the abundant life.

Hail One in All

7. What is best for the conscious self is to return to oneness with the Infinite, thus inheriting the abundant life that it is the good pleasure of the Infinite to give to all extensions of itself.

Hail One in All

8. The Infinite wants the conscious self to return to oneness, but as separation was the result of a free-will choice, oneness must be the result of a free choice. The spiritual path is a process of the conscious self freeing itself from any external force, so that it can make completely free choices.

Hail One in All

9. The beginning of freedom is the realization by the conscious self that it must shake off any external will seeking to force its decisions. It must return to its own internal will in order to make the free choice to come into oneness with its infinite source and inherit the abundant life.

Hail One in All

2. Third Eye, Soul

Hail Mary, we give praise
the Mother Light in all you raise.
In perfect balance light will stream,
in harmony our souls will gleam.

Refrain:

**Oh Mother Mary, we release
all thoughts and feelings less than peace,
releasing now all patterns old,
we leave behind the mortal mold.**

**River of Life, eternal flow,
we will to live, we will to grow.
We will transcend and be the more,
the joy of life we do adore.**

All troubles in the heart now cease,
as Mary's love brings great release.
The rose of twelve in fullest bloom,
the soul is free to meet her groom.

**Oh Mother Mary, we release
all thoughts and feelings less than peace,
releasing now all patterns old,
we leave behind the mortal mold.**

**River of Life, eternal flow,
we will to live, we will to grow.
We will transcend and be the more,
the joy of life we do adore.**

The brow emits an emerald hue,
Christ's perfect vision we pursue,
and as we see God's perfect plan,
we feel God's love for every man.

The soul is basking in delight,
as violet flame is shining bright.
The soul is breathing God's pure air,
she feels so free in Mother's care.

When Mother Light and Buddha meet,
the force of darkness they defeat,
with Jesus and our Saint Germain,
they bring the Golden Age again.

I feel the Mother's gentle kiss,
as I am in eternal bliss,
floating in a space sublime,
in harmony with sacred chime.

Coda:
By Mother Mary's endless Grace,
we conquer time, we conquer space.
The Buddha Nature is in all
and thus we rise to heed the call
to be the Christed ones on Earth,
the Golden Age is given birth.

1. I now look upon this planetary home and its
long history of conflict. I see that all this is van-
ity and I cry out to the Infinite for a higher way.
I see that there must be more to life than this
ongoing struggle.

Hail Higher Power
**To take back freedom of my will,
I find the point within so still.
The Infinite is in my heart,
from here my choices always start.**

**I see now with the single eye,
that "I am God and God is I."
Unfolding like a sacred flower,
I find within my higher power.**

2. I now look upon my own life and my per-
sonal history of struggling against outer cir-
cumstances. I see that even what has caused me
pleasure and pride has only bound me to a
treadmill of seeking more in this finite world.

Hail Higher Power

3. I begin to see that my whole life – possibly
for many lifetimes – has been swallowed up by
an impossible quest of seeking something
through the filter of my finite self. I have
sought wholeness outside myself instead of
finding the kingdom within me.

Hail Higher Power

4. I see that my finite self is driven by the fear
that springs from knowing that it is separated
from the Infinite and thus can never come into
oneness with the Infinite, can never be saved.

Hail Higher Power

5. I see that my finite self is on an impossible
quest of seeking to compensate for this by
seeking wholeness through the things of the
Ma-ter world.

Hail Higher Power

6. I now see that because my conscious self is an extension of the Infinite, I can never be completely fulfilled by anything in this finite world. I will always long for something beyond this finite world, namely oneness with my infinite source.

**To take back freedom of my will,
I find the point within so still.
The Infinite is in my heart,
from here my choices always start.**

**I see now with the single eye,
that "I am God and God is I."
Unfolding like a sacred flower,
I find within my higher power.**

7. I see and acknowledge that I have had enough of this impossible quest of the finite self. I desire to be MORE, I desire to experience more to life than what the finite world can offer.

Hail Higher Power

8. I now see that instead of crying out to an external god to give me what I need or save me, the true path to being MORE is to find the Infinite part of my own self. I see that the kingdom of the Infinite is within me.

Hail Higher Power

9. I now cry out to my Infinite self, my I AM Presence, to rend the veil between my conscious mind and my conscious self, so that I may experience myself as that conscious self and as an extension of the Infinite.

Hail Higher Power

3. Crown, Base

Hail Mary, we give praise
the Mother Light in all you raise.
In perfect balance light will stream,
in harmony our souls will gleam.

Refrain:

**Oh Mother Mary, we release
all thoughts and feelings less than peace,
releasing now all patterns old,
we leave behind the mortal mold.**

**River of Life, eternal flow,
we will to live, we will to grow.
We will transcend and be the more,
the joy of life we do adore.**

All troubles in the heart now cease,
as Mary's love brings great release.
The rose of twelve in fullest bloom,
the soul is free to meet her groom.

The crown is like a sea of gold,
as thousand petals now unfold.
We see the Buddha in the crown,
arrayed in his celestial gown.

The base is of the purest white,
four petals radiate your light.
The Mother bows in purest love
to God the Father from Above.

When Mother Light and Buddha meet,
the force of darkness they defeat,
with Jesus and our Saint Germain,
they bring the Golden Age again.

I feel the Mother's gentle kiss,
as I am in eternal bliss,
floating in a space sublime,
in harmony with sacred chime.

Coda:

By Mother Mary's endless Grace,
we conquer time, we conquer space.
The Buddha Nature is in all
and thus we rise to heed the call
to be the Christed ones on Earth,
the Golden Age is given birth.

1. I now see that so far most of my choices have not been free, for they have been made through the filter of my separate self. I have allowed the forces of this world to pull me away from oneness with my own higher being.

**To take back freedom of my will,
I find the point within so still.
The Infinite is in my heart,
from here my choices always start.**

**I see now with the single eye,
that “I am God and God is I.”
Unfolding like a sacred flower,
I find within my higher power.**

2. I see that in order to attain freedom from the finite treadmill of making unenlightened choices, I must consciously – as the conscious self that I AM – take back the power of my will from all external forces.

Hail Higher Power

3. I can do this ONLY by going within and seeking attunement with my own infinite will, the will that is beyond anything in this world, including my finite self.

Hail Higher Power

4. This is the will that is the very source of my desire to co-create. Thus, I call to my Infinite self to help me rend the veil and consciously experience the point when my Being said: “I will to co-create!”

Hail Higher Power

5. I see that my Infinite will resides in my Infinite Self, my I AM Presence. This is the will that I used when I made the choice to descend into the Ma-ter spheres for the first time. I also used this will to – consciously and willingly – formulate my divine plan for this lifetime.

Hail Higher Power

6. I now see myself as the conscious self that is a self-aware extension of the Infinite. In that true self-awareness, I make the conscious, free decision that I am willing to reconnect to the true will of my own Infinite Being – for I see this is my own will and not the will of an external god.

Hail Higher Power

7. I am willing to fulfill my reason for descending into the Ma-ter spheres. I am willing to be here below all that I AM above.

Hail Higher Power

8. I am willing to reconnect to my vow to help Saint Germain manifest his Golden Age on this planet. I am willing to bring the light of my God Flame into Ma-terialization.

Hail Higher Power

9. I am willing to be the open door through which the Light of my Infinite Being can shine into the Ma-ter realm of Earth and Ma-terialize Saint Germain’s Golden Age on this planet – NOW!

Hail Higher Power

4. Combined

Hail Mary, we give praise
the Mother Light in all you raise.
In perfect balance light will stream,
in harmony our souls will gleam.

Refrain:

**Oh Mother Mary, we release
all thoughts and feelings less than peace,
releasing now all patterns old,
we leave behind the mortal mold.**

**River of Life, eternal flow,
we will to live, we will to grow.
We will transcend and be the more,
the joy of life we do adore.**

I AM being More

River of Life, abundant flow
with your light I am aglow.

I am flowing—I am growing,
one with your eternal knowing.
Fill my space—with your grace,
I am in my rightful place.
I will BE—forever free,
my God plan I always see.
Sacred dove—from above,
no conditions in God's love.
As I call—light does fall,
raising up the Christ in all.
Life is sealed—all are healed,
God's perfection is revealed.
We begin—without sin,
one with God, we will win.
Life is one—God has won,
a new day has begun.
Sacred light—oh so bright,
everything is now set right.
Earth is free—now to BE,
Freedom's Star for all to see.
Always MORE—than before,
River of Life I do adore.
I AM MORE—forevermore,
the Flow of Life I do restore.

River of life, through the Son,
Father, Mother are as one.

I AM the light which lights every being that
comes into the world, and I demand that all
people have the opportunity to make a truly
free choice to be part of Saint Germain's
Golden Age or to reject the abundant life in full
knowledge of what they are doing.

I AM the light which lights every being that
comes into the world, and I demand that those
who reject the abundant life are removed from
this planet so they can pursue the path of separa-
tion without dragging humanity and the Earth
down with them.

I AM the light which lights every being that
comes into the world, and I AM the Ma-
terialization of Saint Germain's great Golden
Age on Earth, NOW and in the eternal NOW.

Sealing

I AM the light which lights every being that
comes into the world, and I am sealed from the
anti-will of my own separate self, from the
anti-will of the separate selves of other people
and from the anti-will of the prince of this
world. For I seek always the eternal stillness,
the point of the Infinite within me. As my eye is
single in knowing "I am God and God is I," the
prince of this world comes and has nothing in
me.

I am sealed in my conscious acceptance of
my oneness with my own Infinite Being and
with all beings who are one with the Infinite.
Thus, I am sealed in the great flow of the River
of Life that IS Jesus Christ, Master MORE,
Mother Mary and Saint Germain. In oneness I
AM MORE—forever more.
