

Infinite Light Rosary

In the name of the unconditional love of the Father, the Son, the Holy Spirit and the Mother of Light, Amen.

In the name of the I AM THAT I AM, Jesus Christ, I dedicate this rosary to the manifestation of the perfect vision of Christ in . . . (insert personal prayer here).

Lord's Prayer of Light

My Father, who is beyond Heaven, I honor your Presence of Infinite Light, of undifferentiated light, of formless light. I acknowledge the Presence of Light that has no opposite, and I honor light as a pure concept, as a conscious Being of Light.

My Father, who is my Creator, I honor your gift of life and self-awareness. I say with you, "Let there be light in all aspects of my soul, mind, body and life!" And I accept that there IS light and only light.

I acknowledge that I live in a world that forms the Omega polarity to the Alpha polarity of my Father's light. I acknowledge that everything in the world of form is created from the Ma-ter light. I acknowledge that the Ma-ter light is created from, is drawn out of, the Presence of Infinite Light. Therefore, that very Mother light has God's Being embedded within it, and it has the potential to attain self-awareness and outpicture the perfection of God.

I acknowledge that I came here to be a co-creator with my God, and I am a self-conscious being, created under the lineage of my Creator. I vow to fill this role by taking dominion over my own body, mind and soul and allowing the Light of God to stream through my being. I am the open door for a stream of God's light that will awaken the Ma-ter light. I will multiply and take dominion until the kingdom of God is materialized on Earth.

Hail Mother of Light

I am the open door

I AM a son/daughter of God, and at this very moment I stand up to be counted as a co-creator with God on Earth. I hereby consciously choose to acknowledge the power of my free will to choose light, to choose life, to choose the perfection of God over the imperfection in this world. I choose to affirm that nothing imperfect is real and that only God's light and God's perfection is real and has permanence.

Therefore, I affirm that within my heart is the spark of God, the spark of light, that truly is the open door that no human power can shut, save my free will. I now choose to open that door, and therefore I am the open door which no human power, or any force of darkness, can shut.

I hereby acknowledge my true individuality as my I AM Presence, and I choose to let the light of my Presence stream through me and consume all unlike itself. I choose to be the God Flame that I am in Heaven, manifest on

Earth as the fire that burned before Moses when he ascended the mountain of God. I choose to let that fire that I am bring forth the true spiritual law that could not be given to Moses because of the recalcitrance of humankind. I choose to be the open door for this true spiritual law to now be brought down to the physical octave on planet Earth.

I choose to be the open door for the Being of the Presence of Infinite Light to stream forth in the material universe and consume all imperfections and imbalances. I choose to be the open door for envisioning the kingdom of God on planet Earth. I call upon the Presence of Infinite Light to send the unstoppable, unconquerable Light of God to superimpose the perfect vision of God upon the Ma-ter substance that makes up my own physical body, my soul and mind, my outer circumstances and this planet itself, from all aspects of human society to Mother Nature.

Hail Mother of Light

I accept my Christ potential

I choose to accept my Christ potential and I vow to dedicate my life to putting on the mind of Christ as quickly as possible. I vow that I will never have any false gods before the true God in Heaven, represented to me by my own I AM Presence. I vow that I will not take upon myself any graven image in the form of an imperfect vision. And therefore I will not accept any of the imperfect conditions on Earth as permanent or real. I will see that beyond all imperfections is the Ma-ter light of God, and I will hold the immaculate vision of God and see that God's vision is materialized because it is superimposed upon the Ma-ter substance itself.

I therefore declare that as long as I AM in the world, I AM the light of the world. I am here to take dominion over the Earth, multiply my divine individuality and the light given to me by my I AM Presence. I vow to take dominion over my soul and mind, my physical body, my personal circumstances, my nation, human society and nature itself. I vow to accept only the perfection of God, I vow to see only the perfect vision of God, given to me through the Christ mind. I vow to BE the flame of God, consuming all unlike itself and I declare that I am willing to start with myself and to allow the flame of God that I am, anchored in my I AM Presence, to consume all imperfections in my own consciousness, including the human ego and the carnal mind. I am willing to let the flame of God consume all imperfections in my soul, my mind, my body and my life.

I vow to nevermore limit God's ability to work through me, and I vow to always affirm the reality of the Living Christ within me and my oneness with my Lord and Savior Jesus Christ. Therefore, I shall not deny my oneness with my Master. And by affirming my oneness with the Living Christ within me and with the Living Christ within Jesus, I truly am the light of the world. And through the power and authority of the Christ within me, I therefore say, "Let there be light and only light on planet Earth. And there IS light. It is finished. Amen."

Awaken to the reality of Light

I affirm my oneness with the Presence of Infinite Light, and I say to all people, "Awaken to your original calling and your reason for being on this planet. I call you to see beyond your human egos, your dualistic beliefs and world view. I call you to awaken and rise above your limited sense of identity. I call you to rise above your fears, your lack of worthiness, your sense that you have no right to be here on Earth or to exercise your Christhood. I call you to awaken and consciously make the decision to take back your dominion over yourselves, and then exercise that dominion of the self by taking dominion over the Earth."

within you. I call you to be the open doors, whereby the perfect vision of God can once again be held in the conscious minds of the inhabitants of the Earth. I call you to use the power of your attention and to let God's vision be superimposed upon matter itself, so that this planet can shed the imperfect images that have been forced upon it for eons."

"I call for the Earth to right itself on her axis, to spin off all imperfections and to outpic-ture the perfection of God. I call forth the abundant life for all people on Earth. I call forth God's kingdom on Earth, as that kingdom is already manifest in Heaven, in the form of a perfect vision held in the minds of the As-cended Host."

"I call people to awaken to their inner calling and remember that you volunteered to come to Earth long ago to raise this planet and its inhabitants out of the darkness and into the light, the light of God.
