

Resurrecting the Divine Feminine in Christianity

In the name of the unconditional love of the Divine Masculine, the Divine Son, the Holy Spirit and the Divine Feminine, Amen.

In the name of Jesus Christ, I invoke the Presence of the God Surya during this invocation. I attune my heart to Surya and the God Star Sirius, and I call forth the release of an extraordinary portion of light to reinforce the movement of the restoration of the Divine Feminine in Christianity. I invoke Surya's balancing energy, the light that will bring balance, that will restore balance to the Christian religion. I envision the God Surya, who embodies the perfect union of the Divine Masculine and the Divine Feminine, and I tune in to your heart. I feel the influx of the balancing energy that will balance my own being, and thereby allow me to be a platform for bringing balance to this planet. I dedicate this invocation to the manifestation of constructive change in . . .

(Describe specific situations and places where you want this invocation to bring change.)

I recognize the true message of Christ

I recognize that Jesus came to Earth to symbolize the potential for all human beings to let the human self die. Whereby we can be resurrected into a new sense of identity, where we no longer deny the reality that we are co-creators with God.

I acknowledge that the kingdom of God is within me, that I am one with my Father, that my Father has worked hitherto, and that I am willing to work by being the co-creator that I was sent here to be. I am willing to play a part in bringing the kingdom of God to Earth. This is the purpose for which Jesus came, this is the purpose for him going through the physical events of the crucifixion, his death on the cross—in order to symbolize what is possible for all human beings spiritually.

For truly, the Christ consciousness is universal. The Christ Consciousness unifies the

material and the spiritual. It unifies the Divine Father and the Divine Mother, so that there is no separation between the Creator and its creation. For without him was not anything made that was made.

I acknowledge that this is precisely why the kingdom of God is within me, because God – God's being, and God's Presence – is embedded within everything. And it is only a religion that is based on separation that could have turned Christianity into a monotheistic religion, thereby raising up the graven image of the external God. The angry, remote being in the sky, looking down upon us, ready to judge us for any transgression and send us to hell for all eternity.

I call for the awakening of the Christian people, those who call themselves Christians today, to the reality of Jesus' true message, namely that he did not come to create another religion that denies our Christ potential. Jesus came to awaken all people to the potential to find the kingdom of God within us, and thereby become extensions of that kingdom on Earth, the co-creators who co-create that kingdom and bring it into manifestation. Thereby giving the abundant life to all people, both the abundant material life and the abundant spiritual life.

Thus, I am willing to become the Ma-ter polarity to the Spirit polarity of the ascended Jesus Christ, and serve to awaken people to the true meaning of Jesus' inner teachings and his example for all.

1. I affirm that the top ten percent of the most spiritually aware people are awakened to the reality that in God's mind, in God's vision, there is no difference between the material and the spiritual. The separation between the two is an illusion created from the duality consciousness, the consciousness of separation.

Hail Father-Mother

**We see that God is Father-Mother,
we see the one within the other.
As God the Mother is adored,
the sacred balance is restored.**

**When Father-Mother are as one,
from union born is God the Son.
The Son will free us from all strife,
as we accept his gift of Life.**

2. I affirm that the most spiritually aware people are awakened to the reality that only the duality consciousness makes it possible for the ego to exist. And the duality consciousness also gives the ego the potential for creating the illusion that the ego has attained what it craves most, namely a superior status compared to other people on Earth.

Hail Father-Mother

3. I affirm that the most spiritually aware people are awakened to the need to let go of the duality consciousness. Whereby we realize that the salvation Jesus brought to this Earth is not exclusive to any group, including the members of our own particular belief system.

Hail Father-Mother

4. I affirm that the most spiritually aware people are awakened to the recognition that God the Father was never separated from God the Mother. Thus, our normal gender roles are dualistic, unbalanced, and cannot lead to the correct understanding of what it actually takes to enter the kingdom of God—which is a state of consciousness.

Hail Father-Mother

5. I affirm that the most spiritually aware people are awakened to the reality that the message Jesus came to bring to Earth is that "The Kingdom of God is at hand." Meaning we can experience it right now by entering the state of consciousness that IS the Kingdom of God.

Hail Father-Mother

6. I affirm that the most spiritually aware people are awakened to the reality that the "kingdom of God" is a state of consciousness in which we have overcome the illusion of this world. We have overcome the illusion that God in the Father aspect could ever be separated from God in the Mother aspect.

Hail Father-Mother

7. I affirm that the most spiritually aware people are awakened to the reality that there are two aspects of God. There is the one Creator which is the Infinite, which is indivisible. Yet that infinite Creator has expressed itself in the world of form.

Hail Father-Mother

8. I affirm that the most spiritually aware people are awakened to the reality that the indivisible Creator has expressed itself as form, has embedded its own Being in form, has created everything out of its own Being. Even though there is still an aspect of God that is the undivided Creator, God has also divided itself into the world of form, the Ma-ter light that has taken on form.

Hail Father-Mother

9. I affirm that the most spiritually aware people are awakened to the reality that God the Father is not separated or distinct from God the Mother in the way we think of it, based on gender roles on Earth. God the Mother is another expression of God the Father.

Hail Father-Mother

Awakening the Creative Elite

1. God the Father can be known through the seeds that he has sown, yet to find a seed Divine, look beyond all that is “thine,” for only ego seeks to hold instead of letting God unfold.

Refrain:

**God is Father, God is Mother,
always one within the other.
God is Father, God is Mother,
we see God within each other.**

2. Oh separation is the lie,
duality creates the tie
that keeps you trapped in earthly mold,
a sheep that stays within the fold.
Yet inner longing tells you true,
that there is so much more to you.

3. So let your Spirit soar above,
embracing life with only love,
for as you open up your heart,
the veil is surely rent apart.
And you will see the inner light,
leading to a future bright.

4. You see that matter is a part
of God’s creation—not apart.
Thus Father-Mother are as one,
and now your victory is won.
You see now with the single eye
that “I am God and God is I.”

5. So go now into all the world
with I AM banner all unfurled,
awaken all from fear and strife
to see that there is more to life.
When people see that life is one,
they all give birth to God the Son.

6. The I AM people heed the call,
in selfless service to the All
they find a oneness so sublime
it is beyond both space and time.
Acceleration will set free
to find a higher unity.

7. And planet Earth will now be free
the Golden age—reality.
Surrender is the sacred key
in oneness life will always be.
In unison is God and man
and thus unfolds the sacred plan.

NOTE: Give the entire decree at least one time. You can give it as many times as you like before continuing the invocation.

1. I affirm that the most spiritually aware people are awakened to the reality that our role as self-aware beings in the matter realm is to awaken to the reality that we are extensions of God the Creator. And thus, we can be the open doors for God the Creator to bring its kingdom into manifestation on Earth.

**We see that God is Father-Mother,
we see the one within the other.
As God the Mother is adored,
the sacred balance is restored.**

**When Father-Mother are as one,
from union born is God the Son.
The Son will free us from all strife,
as we accept his gift of Life.**

2. I affirm that the most spiritually aware people are awakened to the reality that we can be the open doors only when we overcome the sense of separation from our source, from our Creator. Thus, we can finally say, “I and my Creator are One.” And we recognize that we were never separated in reality.

Hail Father-Mother

3. I affirm that the most spiritually aware people are awakened to the reality that because God is infinite, the Creator is everywhere. So how could we ever be separated from the Creator, separated from our source? It cannot happen, except as an illusion created in the mind that is based on separation.

**We see that God is Father-Mother,
we see the one within the other.
As God the Mother is adored,
the sacred balance is restored.**

**When Father-Mother are as one,
from union born is God the Son.
The Son will free us from all strife,
as we accept his gift of Life.**

4. I affirm that the most spiritually aware people are awakened to the reality that in order to walk the path of Christhood, we have to overcome the illusion that the Divine Mother – that the feminine aspect of God, that the matter realm – could ever be separated from the Creator.

Hail Father-Mother

5. I affirm that the most spiritually aware people are awakened to the need to become the open doors for spreading that truth, so that others might be awakened and realize that they are extensions of God the Father.

Hail Father-Mother

6. I affirm that the most spiritually aware people are awakened to the reality that when we attain union with God the Father, then we *become* God the Mother, we become the representatives of God in the matter realm. And thus we become the Father-Mother God in embodiment. We become the union of the Father-Mother God right here in this realm.

Hail Father-Mother

7. I affirm that the most spiritually aware people are awakened to the reality that this is the role of a Christed being. The true path to Christhood is to integrate the Father and Mother aspects of our beings.

Hail Father-Mother

8. I affirm that the most spiritually aware people are awakened to the reality that our lower beings – the identities we have built in order to

express ourselves in this world – need to come into oneness with God the Father, whereby we actually *become* God the Mother in the pure sense of God the Mother.

Hail Father-Mother

9. I affirm that the most spiritually aware people are awakened to the subtle distinction that everything we see around us in the material realm is created out of the Ma-ter light that has taken on form. The Ma-ter light is an expression of God the Mother. The Ma-ter light in its pure form IS God the Mother.

Hail Father-Mother

1. I affirm that the most spiritually aware people are awakened to the reality that God the Mother has vowed to allow us, as co-creators, to experiment with our free will. The Ma-ter Light will take on any form we impose upon it through the power of our minds. Thus, current conditions on Earth are manifestations of God the Mother, but they are not in accordance with the vision of God the Father, or the immaculate concept of God the Mother.

Hail One in All
God is Father, God is Mother, we see one within the other. Father space, Mother time, tis the secret so sublime.

Christ the Son, sees the All, sees the Allness in the small. Holy Spirit, sacred flow, urging life to ever grow.

2. I affirm that the most spiritually aware people are awakened to the reality that we cannot look at the imperfections on Earth and say that this is God the Mother. God the Mother can never be in any impure form, even though God the Mother allows her energies, her light, to take on an impure form in order to give God's co-creators the opportunity to reap what we have sown.

Hail One in All

3. I affirm that the most spiritually aware people are awakened to the reality that God the Mother forever remains pure, remains undefiled by any imperfect manifestation in this world. God the Mother has always been pure—and will always remain pure. When we obtain the Christ consciousness and see that there is no separation between God the Father and God the Mother, then we become the purity of God the Mother in embodiment. We become an expression of the purity of God the Mother.

Hail One in All

4. I affirm that the most spiritually aware people are awakened to the reality that when we attain the Christ consciousness, we become God the Mother in embodiment—whether we are in a male or female body.

Hail One in All

5. I affirm that the most spiritually aware people are awakened to the reality that the Creator in its pure, infinite, in-divided form does not express itself in this world. It is the Creator expressing itself as God the Mother that has created the world of form. And thus, we need to go beyond the expressions of father and mother to see God as the infinite God and the expressed God, the manifest God.

**God is Father, God is Mother,
we see one within the other.
Father space, Mother time,
tis the secret so sublime.**

**Christ the Son, sees the All,
sees the Allness in the small.
Holy Spirit, sacred flow,
urging life to ever grow.**

6. I affirm that the most spiritually aware people are awakened to the reality that we, as self-conscious beings, are evolving toward God consciousness. And when we obtain that God consciousness, we can experience the Creator in its pure form. But as long as we are in embodiment in the world of form, we do not experience the Creator in its pure form, we experience the Creator in its expressed form as God the Mother. And that truly is the God that we become one with while we are still in embodiment.

Hail One in All

7. I affirm that the most spiritually aware people are awakened to the reality that when we are in embodiment, we hold a female polarity with the beings in the spiritual realm. So when we say "I and my Father are One," we acknowledge our oneness with our teacher, I AM Presence and spiritual lineage that leads all the way to the Creator. Thus, we acknowledge the oneness of Spirit and matter, the spiritual realm and the material realm.

Hail One in All

8. I affirm that the most spiritually aware people are awakened to an even deeper awareness of God as the infinite, unexpressed Creator and God as the expressed Creator. The God that has expressed itself in the finite world and thus forms a different polarity than the polarity between the spiritual realm and the matter realm.

Hail One in All

9. I affirm that the most spiritually aware people are awakened to the reality that in Christ consciousness there is no separation, not even any difference, between the masculine and feminine aspects of God, because they have become one in our beings. For the Christ consciousness unifies the two aspects of God, so that we overcome the separation, the illusion that any material form could be separated from its spiritual source.

1. I affirm that the most spiritually aware people are awakened to the reality that the path to personal Christhood is not a path that can be walked without the Divine Feminine. Thus, Christianity is not the religion it was meant to be, but was turned into another religion focused on the Father aspect of God and the denial of the Divine Feminine. This sprang from the falsified version of the Garden of Eden story, which blames women and the feminine for the Fall of Man.

Hail abundant Life
**When Father-Mother are as one,
we know abundance will be won.
It is our Father's wish to see
that in abundance all are free.**

**And God the Mother in her love
brings down to Earth what is above,
her nurturance will set us free
from lack for all eternity.**

2. I affirm that the most spiritually aware people are awakened to the reality that Christianity became another religion that denies the Divine Feminine. This was not Jesus' original intent, for he had an entirely different view of women and women's role in spirituality and religion than the established churches, who raise man and the male aspect to a superior status, using it as an excuse for suppressing women physically and spiritually.

Hail abundant Life

3. I affirm that the most spiritually aware people are awakened to the reality that when we obtain Christhood, we rise above the gender roles on Earth. It no longer matters whether we are in a male or female body, for we rise beyond human sexuality.

Hail abundant Life

4. I affirm that the most spiritually aware people are awakened to the reality that when we obtain the union of the Father-Mother, the feminine-masculine, the outer and the inner, we realize that there was never a separation. For how could God be separated from itself, when God is infinite and thus is everywhere and must be in everything—and is not the remote being in the sky.

**When Father-Mother are as one,
we know abundance will be won.
It is our Father's wish to see
that in abundance all are free.**

**And God the Mother in her love
brings down to Earth what is above,
her nurturance will set us free
from lack for all eternity.**

5. I affirm that the most spiritually aware people are awakened to the reality that the Kingdom of God is within us. For as long as we picture God as the remote being in the sky, we will never obtain union with that God. We will only obtain that union when we find the God that has expressed itself as us – as form – and we acknowledge our union with that God. Then we overcome the sense of separation.

Hail abundant Life

6. I affirm that the most spiritually aware people are awakened to the reality that when the masculine and feminine come together in perfect union, in perfect harmony, when the inner becomes the outer, and the outer becomes the inner, then we overcome separation. Now we know who we are and why we are here.

Hail abundant Life

7. I affirm that the most spiritually aware people are awakened to the need to be spiritually reborn. For only the conscious self can ascend back to heaven. And it can only ascend when it realizes that it was never separated from its source, for it is an extension of the Creator's own Being.

Hail abundant Life

8. I affirm that the most spiritually aware people are awakened to our potential to take the individuality we have created in the world of form and raise it up and resurrect it, so that it becomes one with the divine individuality anchored in our I AM presence. Yet in order for that to happen, we must let the individuality based on separation die on the cross by giving up the ghost—the ghost that we are separated from God.

Hail abundant Life

9. I affirm that the most spiritually aware people are awakened to the reality that when we finally give up the ghost, the human self will die. Then we are reborn into knowing who we are, and then the Divine Mother and the Divine Father will come into perfect union in our beings, and we will be as above so below. We will be here below all that we are above.

NOTE: Give the entire decree at least one time. You can give it as many times as you like before continuing the invocation.

1. I affirm that the most spiritually aware people are awakened to the reality that Christianity has deliberately been perverted in denying the importance of the Divine Feminine. Thus, the male-dominated form of Christianity can never lead people to salvation! Official Christianity can never fulfill its promise, and every Christian Church that promises salvation to its members is making a false promise.

**When Father-Mother are as one,
we know abundance will be won.
It is our Father's wish to see
that in abundance all are free.**

**And God the Mother in her love
brings down to Earth what is above,
her nurturance will set us free
from lack for all eternity.**

2. I affirm that the most spiritually aware people are awakened to the reality that Christianity can only fulfill its potential when the role of the Divine Feminine is restored. Thus, there is a need to create a new Christianity, where it is of no consequence whether you are in a male or female body, for you can hold any position, fulfill any role in that movement.

Hail abundant Life

3. I affirm that the most spiritually aware people are awakened to the reality that the Christian churches are so stuck in the male-dominated mindset that they can transcend it only if women are acknowledged as being completely equal to men, and are allowed to hold any position in Christian churches. Thus, women can balance the male element and eventually bring balance to the churches.

Hail abundant Life

4. I affirm that the most spiritually aware people are awakened to the need for new Christian churches to spring up, so that people come out of the old churches and join new movements. Thus, we envision that women are raised up in all Christian churches, and that they are allowed to transform the churches, or that they stand up and say, "We must come apart from these inflexible rigid churches, and start and find a new way to approach the mysteries of Christ, so that we can unify the Divine Feminine and the Divine Masculine."

**When Father-Mother are as one,
we know abundance will be won.
It is our Father's wish to see
that in abundance all are free.**

**And God the Mother in her love
brings down to Earth what is above,
her nurturance will set us free
from lack for all eternity.**

5. I affirm that the most spiritually aware people are awakened to the vision that the Divine Mother is restored in the Christian religion. Especially that the value of the Divine Mother is finally recognized and understood, recognizing also that it is not only women who can be in contact with or be extensions of the Divine Mother. Both men and women must become extensions of the Divine Mother.

Hail abundant Life

6. I affirm that the most spiritually aware people are awakened to the reality that only when both men and women are balanced in the Divine Feminine and the Divine Masculine, will we reach our full potential individually and as a spiritual movement that can pull up the collective consciousness. So that we can be the top ten percent who pull up the eighty percent of the people and bring forth the judgment of the lowest 10 percent.

Hail abundant Life

7. I affirm that the most spiritually aware people are awakened to the need to hold the vision that Christianity will be resurrected, that there will be an awakening so that a critical mass of people in Christian churches will give up the ghost of the old male-dominated, unbalanced Christianity. Thereby, the movement that Jesus came to start can be resurrected as a truly balanced spiritual movement.

Hail abundant Life

8. I affirm that the most spiritually aware people are awakened to the vision that Christianity is resurrected, so that the masculine and feminine work in perfect harmony and union. Thereby, people can overcome separation between matter and spirit, between the Creator and its creation, between the unexpressed God and the expressed God in all of its expressions. So that all of its expressions are indeed aware of themselves as expressions of the One indivisible God.

Hail abundant Life

9. I affirm that the most spiritually aware people are awakened to the vision that the women in Christian churches will wake up and say, "The old ways are no longer working! This cannot go on. We must take on a more active role, not in setting up ourselves against the men, but in helping the men see that they too are trapped in their traditional roles. And that they too would experience greater freedom by rising above them, by going beyond them, by simply letting that ghost die, that is holding them nailed to the cross of an unbalanced religion, an unbalanced world view."

Hail abundant Life

I call to Archangel Michael and his legions of Blue-Flame Angels to break up the old entrenched male-dominated consciousness, and carve a pathway for the resurrection of the Divine Feminine in all areas of spirituality. And even in the area of religion, so that religion can become spiritualized instead of the current condition, where most mainstream religions no longer have any spiritual element, any spiritual fire, any spiritual teaching. And thus, cannot satisfy the spiritual needs of today's people, who will not settle for doctrines and dogmas, but want answers that make sense and take them into an intuitive recognition, an intuitive experience, of the Spirit of Truth.

I affirm that God Surya is releasing the balancing energy of the God Star Sirius to set Christians free from the spirits and energies of imbalance between masculine and feminine.

I affirm that God Surya is releasing the balancing energy of the God Star Sirius to set Christians free from the lies of anti-christ that lead to imbalance between masculine and feminine.

I affirm that God Surya is releasing the balancing energy of the God Star Sirius to set Christians free from the ultimate spiritual slavery of fighting the wars between masculine and feminine started by the forces of anti-christ.

I affirm that God Surya is releasing the balancing energy of the God Star Sirius to set Christians free from the ultimate material slavery of fighting the wars started by the power elite.

I affirm that God Surya is releasing the balancing energy of the God Star Sirius to set Christians free from the material slavery that prevents the manifestation of the abundant life for all.

I choose to be one with my God, and therefore I am the Presence of the God Surya consuming the forces of imbalance on Earth.

The Earth is the Lord's and the fullness of Balance. (3X) Amen.

In the name of the unconditional love of the Transcendent God, the Son, the Holy Spirit and the Expressed God, Amen.

Sealing

I affirm that the infinite power of the Divine Feminine surrounds all people with an impenetrable shield of unconditional love that consumes all imbalance between masculine and feminine. I affirm that we are sealed from all energies of conflict between masculine and feminine sent against us by the forces of this world. I accept that Archangel Michael binds the enemy within us, the human ego, so that when the prince of this world comes, he has no imbalance in us. I surrender the anti-self and all imbalance between masculine and feminine in myself and all people, and I accept that it is consumed by the infinite love of the Divine Feminine. I accept that people's anti-selves are replaced by their Christ selves, now and forever.

By the power of the Christ Flame within me, I affirm that I am sealed in Jesus' Flame of Infinite Joy, for truly Jesus came to bring joy to the world. Thus, I am willing to catch Jesus' joy and bring it to the people. For I understand that the Kingdom of God is at hand, and thus how could I not feel joy?

I affirm that all people are sealed in Jesus' Flame of Infinite Joy. I affirm that the Earth is sealed in Jesus' Flame of Infinite Joy. Thus, the Mother Light is raised into perfect union with the Divine Father. And through the power of the Holy Spirit, it flows into the matrix of the Son that brings the abundant life to all people. Amen.
