Eco 01 - Invoking an end to suppression by the power elite

In the name I AM THAT I AM, Jesus Christ, I call to all ascended masters working on manifesting the Golden Age, especially Mother Mary and Saint Germain to radiate into the collective consciousness an exposure of how the power elite suppresses people. Help people see that we can build a new future by working with the ascended masters and letting go of the old way of looking at life, including...

[Make personal calls.]

Part 1

1. Saint Germain, radiate into the collective consciousness the awareness that in the Golden Age, civilization will allow the immaterial to determine the material expression in everything from the highest levels of the government, through art, music, culture and the individual lives and relationships of the people.

O Saint Germain, you do inspire,
my vision raised forever higher,
with you I form a figure-eight,
your Golden Age I co-create.

**O Saint Germain, what love you bring,
it truly makes all matter sing,
your violet flame does all restore,
with you we are becoming more.**

2. Saint Germain, radiate into the collective consciousness the awareness that the Golden Age will *not* be modeled on the so-called "great" civilizations of the past because the world will *not* be united under one centralized government.

O Saint Germain, what Freedom Flame,
released when we recite your name,
acceleration is your gift,
our planet it will surely lift.

**O Saint Germain, what love you bring,
it truly makes all matter sing,
your violet flame does all restore,
with you we are becoming more.**

3. Saint Germain, radiate into the collective consciousness the awareness that the civilizations of the past destroyed diversity by demanding that all people obey a centralized leadership of the fallen beings.

O Saint Germain, in love we claim,
our right to bring your violet flame,

from you Above, to us below,
it is an all-transforming flow.

**O Saint Germain, what love you bring,
it truly makes all matter sing,
your violet flame does all restore,
with you we are becoming more.**

4. Saint Germain, radiate into the collective consciousness the awareness that the Golden Age of Saint Germain will not be attained by destroying diversity or by creating a centralized world government that uses force to suppress creativity.

O Saint Germain, I love you so,
my aura filled with violet glow,
my chakras filled with violet fire,
I am your cosmic amplifier.

**O Saint Germain, what love you bring,
it truly makes all matter sing,
your violet flame does all restore,
with you we are becoming more.**

5. Saint Germain, radiate into the collective consciousness the awareness that you envision a Golden Age based on diversity where a centralized organization will coordinate. It will not dictate, use force or bring forth a centralized religion or philosophy that all must follow.

O Saint Germain, I am now free,
your violet flame is therapy,
transform all hang-ups in my mind,
as inner peace I surely find.

**O Saint Germain, what love you bring,
it truly makes all matter sing,
your violet flame does all restore,
with you we are becoming more.**

6. Saint Germain, radiate into the collective consciousness the awareness that in the Golden Age, civilization will recognize that there is a level beyond the material world and that there are intelligent beings in that world that can communicate with human beings.

O Saint Germain, my body pure,
your violet flame for all is cure,
consume the cause of all disease,
and therefore I am all at ease.

**O Saint Germain, what love you bring,
it truly makes all matter sing,
your violet flame does all restore,
with you we are becoming more.**

7. Saint Germain, radiate into the collective consciousness the awareness that no institution on earth can ever have a monopoly on communication from the ascended masters because the Holy Spirit bloweth where it listeth.

O Saint Germain, I'm karma-free,
the past no longer burdens me,

a brand new opportunity,
I am in Christic unity.

**O Saint Germain, what love you bring,
it truly makes all matter sing,
your violet flame does all restore,
with you we are becoming more.**

8. Saint Germain, radiate into the collective consciousness the awareness that the Golden Age of Saint Germain is an age of diversity where the Spirit finds expression through millions of people who are the open doors for receiving new ideas.

O Saint Germain, we are now one,
I am for you a violet sun,
as we transform this planet earth,
your Golden Age is given birth.

**O Saint Germain, what love you bring,
it truly makes all matter sing,
your violet flame does all restore,
with you we are becoming more.**

9. Saint Germain, radiate into the collective consciousness the awareness that it is not your goal to convert all people to the ascended masters' teachings but to bring forth a universal form of spirituality.

O Saint Germain, the earth is free,
from burden of duality,
in oneness we bring what is best,
your Golden Age is manifest.

**O Saint Germain, what love you bring,
it truly makes all matter sing,
your violet flame does all restore,
with you we are becoming more.**

Part 2

1. Saint Germain, radiate into the collective consciousness the awareness that you do not want to use force to destroy even dictatorial empires. You want a raising of the consciousness so that people come to the realization that: "It is time to end this."

O blessed Mary, Mother mine,
there is no greater love than thine,
as we are one in heart and mind,
my place in hierarchy I find.

**O Mother Mary, generate,
the song that does accelerate,
the earth into a higher state,
all matter does now scintillate.**

2. Saint Germain, radiate into the collective consciousness the awareness that free will mandates that whatever people desire to outpicture in the material world, they must be allowed to outpicture it for a time. They need to see the physical manifestation of the ideas that they have come to accept.

I came to earth from heaven sent,
as I am in embodiment,
I use Divine authority,
commanding you to set earth free.

**O Mother Mary, generate,
the song that does accelerate,
the earth into a higher state,
all matter does now scintillate.**

3. Saint Germain, radiate into the collective consciousness the awareness that only when a critical mass of people shift their awareness, can there be intercession from above that can avoid certain physical calamities. This is why the wars of the past century could not be avoided.

I call now in God's sacred name,
for you to use your Mother Flame,
to burn all fear-based energy,
restoring sacred harmony.

**O Mother Mary, generate,
the song that does accelerate,
the earth into a higher state,
all matter does now scintillate.**

4. Saint Germain, radiate into the collective consciousness the awareness that the great conflicts of the past were created because some people with spiritual attainment supported their own regimes so that their light was misqualified into upholding dualistic empires.

Your sacred name I hereby praise,
collective consciousness you raise,
no more of fear and doubt and shame,
consume it with your Mother Flame.

**O Mother Mary, generate,
the song that does accelerate,
the earth into a higher state,
all matter does now scintillate.**

5. Saint Germain, radiate into the collective consciousness the awareness that the light is perverted when people go into the epic mindset and believe that a cause is so important that it justifies the killing or forcing of other people.

All darkness from the earth you purge,
your light moves as a mighty surge,
no force of darkness can now stop,
the spiral that goes only up.

**O Mother Mary, generate,
the song that does accelerate,
the earth into a higher state,
all matter does now scintillate.**

6. Saint Germain, radiate into the collective consciousness the awareness that in a Golden Age, we cannot label other people as subhumans who are expendable for a greater cause. There is no cause that justifies the killing of other people.

All elemental life you bless,
removing from them man-made stress,
the nature spirits are now free,
outpicturing Divine decree.

**O Mother Mary, generate,
the song that does accelerate,
the earth into a higher state,
all matter does now scintillate.**

7. Saint Germain, radiate into the collective consciousness the awareness that regardless of the bodies and outer personalities, in the heart all people share a universal bond. This universal bond in the heart can cause people to unite while they still allow their individual, regional, cultural and natural expressions to flourish.

I raise my voice and take my stand,
a stop to war I do command,
no more shall warring scar the earth,
a golden age is given birth.

**O Mother Mary, generate,
the song that does accelerate,
the earth into a higher state,
all matter does now scintillate.**

8. Saint Germain, radiate into the collective consciousness the awareness that when we see beyond the material and see the immaterial bond between all people, we are not threatened by other material expressions being different from our own. We rejoice in diversity.

As Mother Earth is free at last,
disasters belong to the past,
your Mother Light is so intense,
that matter is now far less dense.

**O Mother Mary, generate,
the song that does accelerate,
the earth into a higher state,
all matter does now scintillate.**

9. Saint Germain, radiate into the collective consciousness the awareness that we do not bring the Golden Age by upholding a standard of right and wrong. Instead, we need to focus on improving things by acknowledging the higher vision and saying: "How can we transcend the old? How can we help others transcend the old? How can we all do what is more than we did before?"

In Mother Light the earth is pure,
the upward spiral will endure,
prosperity is now the norm,
God's vision manifest as form.

**O Mother Mary, generate,
the song that does accelerate,
the earth into a higher state,
all matter does now scintillate.**

Part 3

1. Saint Germain, radiate into the collective consciousness the awareness that you do not have a giant model of what the Golden Age in full manifestation will look like in every detail. There is plenty of room for diversity and individual expression.

O Saint Germain, you do inspire,
my vision raised forever higher,
with you I form a figure-eight,
your Golden Age I co-create.

**O Saint Germain, what love you bring,
it truly makes all matter sing,
your violet flame does all restore,
with you we are becoming more.**

2. Saint Germain, radiate into the collective consciousness the awareness that it is not the golden age mindset that scientists spend billions of dollars seeking to give ultimate proof of the materialistic paradigm while millions of people are starving.

O Saint Germain, what Freedom Flame,
released when we recite your name,
acceleration is your gift,
our planet it will surely lift.

**O Saint Germain, what love you bring,
it truly makes all matter sing,
your violet flame does all restore,
with you we are becoming more.**

3. Saint Germain, radiate into the collective consciousness the awareness that science is deeply influenced by an elitist mindset that comes from the fallen beings.

O Saint Germain, in love we claim,
our right to bring your violet flame,
from you Above, to us below,
it is an all-transforming flow.

**O Saint Germain, what love you bring,
it truly makes all matter sing,
your violet flame does all restore,
with you we are becoming more.**

4. Saint Germain, radiate into the collective consciousness the awareness that it was the collective consciousness of the people on earth that allowed the fallen beings to come here and they partly came here as a testing. Would people follow the elite, or would they stand up for themselves?

O Saint Germain, I love you so,
my aura filled with violet glow,
my chakras filled with violet fire,
I am your cosmic amplifier.

**O Saint Germain, what love you bring,
it truly makes all matter sing,
your violet flame does all restore,
with you we are becoming more.**

5. Saint Germain, radiate into the collective consciousness the awareness that the fallen beings believe they are superior to the human beings on earth, which is why they try to set themselves up as strong leaders.

O Saint Germain, I am now free,
your violet flame is therapy,
transform all hang-ups in my mind,
as inner peace I surely find.

**O Saint Germain, what love you bring,
it truly makes all matter sing,
your violet flame does all restore,
with you we are becoming more.**

6. Saint Germain, radiate into the collective consciousness the awareness that the three monotheistic religions are ruled by a specific paradigm that is similar to the paradigm that rules science, namely the belief in an ultimate theory or religion.

O Saint Germain, my body pure,
your violet flame for all is cure,
consume the cause of all disease,
and therefore I am all at ease.

**O Saint Germain, what love you bring,
it truly makes all matter sing,
your violet flame does all restore,
with you we are becoming more.**

7. Saint Germain, radiate into the collective consciousness the awareness that the perversion of the Father aspect defines an ultimate truth, and the perversion of the Mother demands that all must submit to the ultimate theory.

O Saint Germain, I'm karma-free,
the past no longer burdens me,
a brand new opportunity,
I am in Christic unity.

**O Saint Germain, what love you bring,
it truly makes all matter sing,
your violet flame does all restore,
with you we are becoming more.**

8. Saint Germain, radiate into the collective consciousness the awareness that the demand of both the traditional religions and science, even communism and capitalism, is that the individual must submit to the leading elite.

O Saint Germain, we are now one,
I am for you a violet sun,
as we transform this planet earth,
your Golden Age is given birth.

**O Saint Germain, what love you bring,
it truly makes all matter sing,
your violet flame does all restore,
with you we are becoming more.**

9. Saint Germain, radiate into the collective consciousness the awareness that the three monotheistic religions have systematically suppressed both men and women. We cannot end the suppression of women until we end the fallen mindset so that it can no longer rule this planet.

O Saint Germain, the earth is free,
from burden of duality,
in oneness we bring what is best,
your Golden Age is manifest.

**O Saint Germain, what love you bring,
it truly makes all matter sing,
your violet flame does all restore,
with you we are becoming more.**

Part 4

1. Saint Germain, radiate into the collective consciousness the awareness that the suppression of women springs from the greater goal of dividing men and women so they cannot form the correct polarity of the figure-eight flow between them.

O blessed Mary, Mother mine,
there is no greater love than thine,
as we are one in heart and mind,
my place in hierarchy I find.

**O Mother Mary, generate,
the song that does accelerate,
the earth into a higher state,
all matter does now scintillate.**

2. Saint Germain, radiate into the collective consciousness the awareness that there will never be a final, ultimate, absolute spiritual teaching given, and we need to let go of the dream of an ultimate spiritual organization.

I came to earth from heaven sent,
as I am in embodiment,
I use Divine authority,
commanding you to set earth free.

**O Mother Mary, generate,
the song that does accelerate,
the earth into a higher state,
all matter does now scintillate.**

3. Saint Germain, radiate into the collective consciousness the awareness that the alchemical key to the Golden Age is not a secret formula but that we become open doors for the flow of the Spirit. This cannot happen if we are divided within ourselves or fighting each other.

I call now in God's sacred name,
for you to use your Mother Flame,
to burn all fear-based energy,
restoring sacred harmony.

**O Mother Mary, generate,
the song that does accelerate,**

**the earth into a higher state,
all matter does now scintillate.**

4. Saint Germain, radiate into the collective consciousness the awareness that what drives progress in society is an increase in awareness. That is why the elite will always oppose this increase in awareness.

Your sacred name I hereby praise,
collective consciousness you raise,
no more of fear and doubt and shame,
consume it with your Mother Flame.

**O Mother Mary, generate,
the song that does accelerate,
the earth into a higher state,
all matter does now scintillate.**

5. Saint Germain, radiate into the collective consciousness the awareness that in every age some individuals will refuse to submit to the force that seeks to limit awareness. They are willing to be the open doors for ideas that help bring society forward.

All darkness from the earth you purge,
your light moves as a mighty surge,
no force of darkness can now stop,
the spiral that goes only up.

**O Mother Mary, generate,
the song that does accelerate,
the earth into a higher state,
all matter does now scintillate.**

6. Saint Germain, radiate into the collective consciousness the awareness that too many people in the West are not sufficiently aware of the power elite because they have been deceived into thinking that because we have so-called free societies, free democracies and freedom of speech, there is no force holding back the growth in awareness.

All elemental life you bless,
removing from them man-made stress,
the nature spirits are now free,
outpicturing Divine decree.

**O Mother Mary, generate,
the song that does accelerate,
the earth into a higher state,
all matter does now scintillate.**

7. Saint Germain, radiate into the collective consciousness the awareness that the missing ingredient is the awareness that life has a spiritual side. Human beings are not evolved animals because we were created in the spiritual realm and descended into physical bodies on earth.

I raise my voice and take my stand,
a stop to war I do command,
no more shall warring scar the earth,
a golden age is given birth.

**O Mother Mary, generate,
the song that does accelerate,
the earth into a higher state,
all matter does now scintillate.**

8. Saint Germain, radiate into the collective consciousness the awareness that there is a path that people can follow that leads them from whatever level of consciousness they have now to the level of consciousness that allows them to ascend and become permanent residents of the spiritual realm.

As Mother Earth is free at last,
disasters belong to the past,
your Mother Light is so intense,
that matter is now far less dense.

**O Mother Mary, generate,
the song that does accelerate,
the earth into a higher state,
all matter does now scintillate.**

9. Saint Germain, radiate into the collective consciousness the awareness that human beings are not “human” beings but psycho-spiritual beings and that our lives have a purpose. This makes it easier to see the force of elitism and its influence throughout history.

In Mother Light the earth is pure,
the upward spiral will endure,
prosperity is now the norm,
God’s vision manifest as form.

**O Mother Mary, generate,
the song that does accelerate,
the earth into a higher state,
all matter does now scintillate.**

Part 5

1. Saint Germain, radiate into the collective consciousness the awareness that because all human beings are psycho-spiritual beings that originated in a higher realm, there is a universal humanity, a universal worth, that applies to all human beings.

O Saint Germain, you do inspire,
my vision raised forever higher,
with you I form a figure-eight,
your Golden Age I co-create.

**O Saint Germain, what love you bring,
it truly makes all matter sing,
your violet flame does all restore,
with you we are becoming more.**

2. Saint Germain, radiate into the collective consciousness the awareness that the natural way to look at human beings is that all beings on earth have equal value and should have equal rights. These rights should be defined in order to give all people an equal opportunity to expand their awareness on an individual level.

O Saint Germain, what Freedom Flame,
released when we recite your name,
acceleration is your gift,
our planet it will surely lift.

**O Saint Germain, what love you bring,
it truly makes all matter sing,
your violet flame does all restore,
with you we are becoming more.**

3. Saint Germain, radiate into the collective consciousness the awareness that all of the laws that guide specific societies should proceed from this foundation of individual growth to then define the parameters for how a particular society wants to grow as a whole.

O Saint Germain, in love we claim,
our right to bring your violet flame,
from you Above, to us below,
it is an all-transforming flow.

**O Saint Germain, what love you bring,
it truly makes all matter sing,
your violet flame does all restore,
with you we are becoming more.**

4. Saint Germain, radiate into the collective consciousness the awareness that groups of people who form what we see as nation-states have a right to define certain laws for how the members of their group interact with each other and the larger whole of humanity.

O Saint Germain, I love you so,
my aura filled with violet glow,
my chakras filled with violet fire,
I am your cosmic amplifier.

**O Saint Germain, what love you bring,
it truly makes all matter sing,
your violet flame does all restore,
with you we are becoming more.**

5. Saint Germain, radiate into the collective consciousness the awareness that when we accept the universal worth of all human beings, we can see what has been the missing ingredient, the missing link, in people's understanding of history. It is that some people do not have this respect for the universal worth and value of all human beings.

O Saint Germain, I am now free,
your violet flame is therapy,
transform all hang-ups in my mind,
as inner peace I surely find.

**O Saint Germain, what love you bring,
it truly makes all matter sing,
your violet flame does all restore,
with you we are becoming more.**

6. Saint Germain, radiate into the collective consciousness the awareness that in every society in the past, we see the formation of an elite. These people do not have the mindset

that all human beings on earth have equal worth and should have equal rights and equal opportunity to grow.

O Saint Germain, my body pure,
your violet flame for all is cure,
consume the cause of all disease,
and therefore I am all at ease.

**O Saint Germain, what love you bring,
it truly makes all matter sing,
your violet flame does all restore,
with you we are becoming more.**

7. Saint Germain, radiate into the collective consciousness the awareness that members of the elite do not respect universal rights and values; instead they respect only their own rights, only their own value.

O Saint Germain, I'm karma-free,
the past no longer burdens me,
a brand new opportunity,
I am in Christic unity.

**O Saint Germain, what love you bring,
it truly makes all matter sing,
your violet flame does all restore,
with you we are becoming more.**

8. Saint Germain, radiate into the collective consciousness the awareness that some people have done everything they could to set themselves up as an elite who is in control of the majority of the population. They have suppressed the majority of the population so that they are the worker bees that work to maintain the privileged lifestyle of the elite.

O Saint Germain, we are now one,
I am for you a violet sun,
as we transform this planet earth,
your Golden Age is given birth.

**O Saint Germain, what love you bring,
it truly makes all matter sing,
your violet flame does all restore,
with you we are becoming more.**

9. Saint Germain, radiate into the collective consciousness the awareness that the one ingredient that is missing right now is an awakening to the influence of elitism on the course of humanity.

O Saint Germain, the earth is free,
from burden of duality,
in oneness we bring what is best,
your Golden Age is manifest.

**O Saint Germain, what love you bring,
it truly makes all matter sing,
your violet flame does all restore,
with you we are becoming more.**

Sealing

In the name of the Divine Mother, I call to all ascended masters for the sealing of myself and all people in my circle of influence in the creative flow of the Divine Mother, the River of Life. I call for the multiplication of my calls by all ascended masters so that we form the perfect figure-eight flow of "As Above, so below." Thus, I accept that this is fully manifest, because the mouth of the Lord, the Divine Mother that I AM, has spoken it. Amen.

Eco 02 - Invoking the exposure of the power elite

In the name I AM THAT I AM, Jesus Christ, I call to all ascended masters working on manifesting the Golden Age, especially Jesus, Maitreya and Saint Germain to radiate into the collective consciousness an impulse that will awaken people to the existence of the power elite. Help people see that we can build a new future by working with the ascended masters and letting go of the old way of looking at life, including...

[Make personal calls.]

Part 1

1. Saint Germain, radiate into the collective consciousness the awareness that the power elites of history are made up of a limited number of fallen lifestreams. They have rebelled against God's plan and purpose for the universe.

O Saint Germain, you do inspire,
my vision raised forever higher,
with you I form a figure-eight,
your Golden Age I co-create.

**O Saint Germain, what love you bring,
it truly makes all matter sing,
your violet flame does all restore,
with you we are becoming more.**

2. Saint Germain, radiate into the collective consciousness the awareness that even though the elite is not unified, there is a unified intent, movement and force towards suppressing the general population. The elite will resist the growth in awareness of the population.

O Saint Germain, what Freedom Flame,
released when we recite your name,
acceleration is your gift,
our planet it will surely lift.

**O Saint Germain, what love you bring,
it truly makes all matter sing,**

**your violet flame does all restore,
with you we are becoming more.**

3. Saint Germain, radiate into the collective consciousness the awareness that even though we have seen a tremendous growth in knowledge and awareness over the past 2,000 years, there is still an elite who is seeking to limit the awareness of the population so that they can continue to suppress people through our ignorance of what is going on.

O Saint Germain, in love we claim,
our right to bring your violet flame,
from you Above, to us below,
it is an all-transforming flow.

**O Saint Germain, what love you bring,
it truly makes all matter sing,
your violet flame does all restore,
with you we are becoming more.**

4. Saint Germain, radiate into the collective consciousness the awareness that it is necessary for people to realize that this elite is not made up of lifestreams who are stupid. They are highly intelligent and sophisticated and therefore they will seek to use whatever means are available in a given society.

O Saint Germain, I love you so,
my aura filled with violet glow,
my chakras filled with violet fire,
I am your cosmic amplifier.

**O Saint Germain, what love you bring,
it truly makes all matter sing,
your violet flame does all restore,
with you we are becoming more.**

5. Saint Germain, radiate into the collective consciousness the awareness that there came a point when the power elites of the world accepted that democracy was inevitable so they looked at how to use it. There is no democratic society that does not have people with the elitist mindset who look down on the population and feel that they are entitled to privileges and they are entitled to rule.

O Saint Germain, I am now free,
your violet flame is therapy,
transform all hang-ups in my mind,
as inner peace I surely find.

**O Saint Germain, what love you bring,
it truly makes all matter sing,
your violet flame does all restore,
with you we are becoming more.**

6. Saint Germain, radiate into the collective consciousness the awareness that the larger a country becomes, the more power it has and the more it will attract the lifestreams that want power and will seek to do anything they can to get this power.

O Saint Germain, my body pure,
your violet flame for all is cure,

consume the cause of all disease,
and therefore I am all at ease.

**O Saint Germain, what love you bring,
it truly makes all matter sing,
your violet flame does all restore,
with you we are becoming more.**

7. Saint Germain, radiate into the collective consciousness the awareness that there is no country in the democratic world that has a stronger power elite than the United States. There is hardly a more elitist society than the United States where the members of the elite do not openly control the political process but they control it in hidden ways through the financial system.

O Saint Germain, I'm karma-free,
the past no longer burdens me,
a brand new opportunity,
I am in Christic unity.

**O Saint Germain, what love you bring,
it truly makes all matter sing,
your violet flame does all restore,
with you we are becoming more.**

8. Saint Germain, radiate into the collective consciousness the awareness that there is hardly any population in the democratic world that is more deceived than Americans for they believe they have the most free nation in the world. Yet there is hardly a nation where a small elite has more control.

O Saint Germain, we are now one,
I am for you a violet sun,
as we transform this planet earth,
your Golden Age is given birth.

**O Saint Germain, what love you bring,
it truly makes all matter sing,
your violet flame does all restore,
with you we are becoming more.**

9. Saint Germain, radiate into the collective consciousness the awareness that you want people to be aware of the elite, but you do not want them to engage in a physical battle against the elite. You do not desire to see violent uprisings and demonstrations against sitting governments.

O Saint Germain, the earth is free,
from burden of duality,
in oneness we bring what is best,
your Golden Age is manifest.

**O Saint Germain, what love you bring,
it truly makes all matter sing,
your violet flame does all restore,
with you we are becoming more.**

1. Saint Germain, radiate into the collective consciousness the awareness that we will not further the descent of the Golden Age through force and violence. We will not help you bring the Golden Age by fighting the power elite.

O Jesus, blessed brother mine,
I walk the path that you outline,
a great example to us all,
I follow now your inner call.

**O Jesus, let the Fire of Joy,
consume the devil's subtle ploy,
transfigured is our planet earth,
the Golden Age is given birth.**

2. Saint Germain, radiate into the collective consciousness the awareness that we will help you bring the Golden Age by helping to expose the power elite, by awakening the people to the existence of the power elite and then awakening the people to the mindset that is beyond the epic mindset, beyond the dualistic mindset.

O Jesus, open inner sight,
the ego wants to prove it's right,
but this I will no longer do,
I want to be all one with you.

**O Jesus, let the Fire of Joy,
consume the devil's subtle ploy,
transfigured is our planet earth,
the Golden Age is given birth.**

3. Saint Germain, radiate into the collective consciousness the awareness that we will not manifest the Golden Age as long as the elite rules society, yet we will not overcome the elite through violence and force. We will not overcome the elite by destroying the elite but by transcending the elitist mindset.

O Jesus, I now clearly see,
the Key of Knowledge given me,
my Christ self I hereby embrace,
as you fill up my inner space.

**O Jesus, let the Fire of Joy,
consume the devil's subtle ploy,
transfigured is our planet earth,
the Golden Age is given birth.**

4. Saint Germain, radiate into the collective consciousness the awareness that a small power elite can rule a nation as large as the United States by taking advantage of the mindset of the majority of the people, namely black-and-white thinking, the dualistic mindset and the epic struggle.

O Jesus, show me serpent's lie,
expose the beam in my own eye,
as Christ discernment you me give,
in oneness I forever live.

**O Jesus, let the Fire of Joy,
consume the devil's subtle ploy,**

**transfigured is our planet earth,
the Golden Age is given birth.**

5. Saint Germain, radiate into the collective consciousness the awareness that there are still so many people who are trapped in this mindset that the elite can rule America because the people cannot even ask the questions—they are so blinded by this mindset.

O Jesus, I am truly meek,
and thus I turn the other cheek,
when the accuser attacks me,
I go within and merge with thee.

**O Jesus, let the Fire of Joy,
consume the devil's subtle ploy,
transfigured is our planet earth,
the Golden Age is given birth.**

6. Saint Germain, radiate into the collective consciousness the awareness that the spiritual people need to ask these questions and transcend the epic mindset that portrays the world as a struggle between good and evil.

O Jesus, ego I let die,
surrender ev'ry earthly tie,
the dead can bury what is dead,
I choose to walk with you instead.

**O Jesus, let the Fire of Joy,
consume the devil's subtle ploy,
transfigured is our planet earth,
the Golden Age is given birth.**

7. Saint Germain, radiate into the collective consciousness the awareness that the epic struggle between good and evil is a struggle between the two dualistic polarities of the fallen consciousness. It has nothing to do with the ascended master consciousness.

O Jesus, help me rise above,
the devil's test through higher love,
show me separate self unreal,
my formless self you do reveal.

**O Jesus, let the Fire of Joy,
consume the devil's subtle ploy,
transfigured is our planet earth,
the Golden Age is given birth.**

8. Saint Germain, radiate into the collective consciousness the awareness that the ultimate goal of the spiritual path is to transcend the fallen mindset. We can demonstrate by example that it is possible and necessary to transcend it for the birth of the Golden Age to become a reality.

O Jesus, what is that to me,
I just let go and follow thee,
with this I do pass ev'ry test,
to find with you eternal rest.

**O Jesus, let the Fire of Joy,
consume the devil's subtle ploy,**

**transfigured is our planet earth,
the Golden Age is given birth.**

9. Saint Germain, radiate into the collective consciousness the awareness that the goal of an awakened society is to extend equal opportunity to all people and to respect the humanity and the spirituality of each human being, therefore helping people to raise their consciousness on an individual basis.

O Jesus, fiery master mine,
my heart now melting into thine,
I love with heart and mind and soul,
the God who is my highest goal.

**O Jesus, let the Fire of Joy,
consume the devil's subtle ploy,
transfigured is our planet earth,
the Golden Age is given birth.**

Part 3

1. Saint Germain, radiate into the collective consciousness the awareness that life on earth is not the way it is meant to be because life on earth is not geared towards giving people equal opportunity, equal rights, equal worth.

O Saint Germain, you do inspire,
my vision raised forever higher,
with you I form a figure-eight,
your Golden Age I co-create.

**O Saint Germain, what love you bring,
it truly makes all matter sing,
your violet flame does all restore,
with you we are becoming more.**

2. Saint Germain, radiate into the collective consciousness the awareness that there is an elite whose members are always seeking to set themselves up to have privileges and power over the population. They do not have the mindset that all people have equal worth for they believe they are worth more than ordinary people.

O Saint Germain, what Freedom Flame,
released when we recite your name,
acceleration is your gift,
our planet it will surely lift.

**O Saint Germain, what love you bring,
it truly makes all matter sing,
your violet flame does all restore,
with you we are becoming more.**

3. Saint Germain, radiate into the collective consciousness the awareness that the members of the elite do not want people to have this awareness because they do not want to be exposed, they do not want to be seen for what they are.

O Saint Germain, in love we claim,
our right to bring your violet flame,

from you Above, to us below,
it is an all-transforming flow.

**O Saint Germain, what love you bring,
it truly makes all matter sing,
your violet flame does all restore,
with you we are becoming more.**

4. Saint Germain, radiate into the collective consciousness the awareness that members of the elite know that if people see the elite and see that they are like the Emperor who has nothing on, then they will not be willing to submit to them.

O Saint Germain, I love you so,
my aura filled with violet glow,
my chakras filled with violet fire,
I am your cosmic amplifier.

**O Saint Germain, what love you bring,
it truly makes all matter sing,
your violet flame does all restore,
with you we are becoming more.**

5. Saint Germain, radiate into the collective consciousness the awareness that we will see that the elite has no power when we recognize that we are more than human beings. We are spiritual beings, and therefore we do not have to submit to any power on earth.

O Saint Germain, I am now free,
your violet flame is therapy,
transform all hang-ups in my mind,
as inner peace I surely find.

**O Saint Germain, what love you bring,
it truly makes all matter sing,
your violet flame does all restore,
with you we are becoming more.**

6. Saint Germain, radiate into the collective consciousness the awareness that as the Buddha and Jesus demonstrated, we can all attain a state of consciousness where we can walk the earth in a physical body, but we will not be subject to any power on earth.

O Saint Germain, my body pure,
your violet flame for all is cure,
consume the cause of all disease,
and therefore I am all at ease.

**O Saint Germain, what love you bring,
it truly makes all matter sing,
your violet flame does all restore,
with you we are becoming more.**

7. Saint Germain, radiate into the collective consciousness the awareness that we can all be the open door for the power of God, and the power of God cannot be controlled by the power elite.

O Saint Germain, I'm karma-free,
the past no longer burdens me,

a brand new opportunity,
I am in Christic unity.

**O Saint Germain, what love you bring,
it truly makes all matter sing,
your violet flame does all restore,
with you we are becoming more.**

8. Saint Germain, radiate into the collective consciousness the awareness that the elite cannot maintain their power over the people when sufficient numbers among us begin to see ourselves as spiritual beings with the potential to be the open door for the power of God.

O Saint Germain, we are now one,
I am for you a violet sun,
as we transform this planet earth,
your Golden Age is given birth.

**O Saint Germain, what love you bring,
it truly makes all matter sing,
your violet flame does all restore,
with you we are becoming more.**

9. Saint Germain, radiate into the collective consciousness the awareness that the last thing the power elite wants on earth is for people to follow Jesus' example so there are suddenly 10,000 people with full Christhood in embodiment and millions with a smaller degree of Christhood.

O Saint Germain, the earth is free,
from burden of duality,
in oneness we bring what is best,
your Golden Age is manifest.

**O Saint Germain, what love you bring,
it truly makes all matter sing,
your violet flame does all restore,
with you we are becoming more.**

Part 4

1. Saint Germain, radiate into the collective consciousness the awareness that when there are people who have attained a degree of Christhood, they will not be subject to the consciousness of the elite, who see themselves as separate beings, separated from God and other people.

Maitreya, I am truly meek,
your counsel wise I humbly seek,
your vision I so want to see,
with you in Eden I will be.

**Maitreya, kindness is the cure,
in fires of kindness I am pure.
Maitreya, now release the fire,
that raises me forever higher.**

2. Saint Germain, radiate into the collective consciousness the awareness that the consciousness of separation leads to the consciousness of inequality.

Maitreya, help me to return,
to learn from you, I truly yearn,
as oneness is all I desire
I feel initiation's fire.

**Maitreya, kindness is the cure,
in fires of kindness I am pure.
Maitreya, now release the fire,
that raises me forever higher.**

3. Saint Germain, radiate into the collective consciousness the awareness that the consciousness of elitism is based on a fundamental inequality so that all people are not created equal, they are not all endowed with inalienable rights that no power on earth can take away from them.

Maitreya, I hereby decide,
from you I will no longer hide,
expose to me the very lie
that caused edenic self to die.

**Maitreya, kindness is the cure,
in fires of kindness I am pure.
Maitreya, now release the fire,
that raises me forever higher.**

4. Saint Germain, radiate into the collective consciousness the awareness that the elite can have power, they can have a privileged position, only if they are not equal to a majority of the population. They must define a philosophy that puts people down and divides them into distinct categories.

Maitreya, blessed Guru mine,
my heart of hearts forever thine,
I vow that I will listen well,
so we can break the serpent's spell.

**Maitreya, kindness is the cure,
in fires of kindness I am pure.
Maitreya, now release the fire,
that raises me forever higher.**

5. Saint Germain, radiate into the collective consciousness the awareness that even the Christian religion was used to create, sustain and support an elitist society where the king, the noble class and the church hierarchy formed a privileged class and the majority of the population were their slaves.

Maitreya, help me see the lie
whereby the serpent broke the tie,
the serpent now has naught in me,
in oneness I am truly free.

**Maitreya, kindness is the cure,
in fires of kindness I am pure.
Maitreya, now release the fire,
that raises me forever higher.**

6. Saint Germain, radiate into the collective consciousness the awareness that the elite can rule only because the majority of the population are also blinded by this illusion of separation. This is what makes it possible that we can see such incredible inequality between rich and poor nations.

Maitreya, truth does set me free
from falsehoods of duality,
the fruit of knowledge I let go,
so your true spirit I do know.

**Maitreya, kindness is the cure,
in fires of kindness I am pure.
Maitreya, now release the fire,
that raises me forever higher.**

7. Saint Germain, radiate into the collective consciousness the awareness that when we begin to attain a degree of Christ discernment, we see that all human beings originated as spiritual beings.

Maitreya, I submit to you,
intentions pure, my heart is true,
from ego I am truly free,
as I am now all one with thee.

**Maitreya, kindness is the cure,
in fires of kindness I am pure.
Maitreya, now release the fire,
that raises me forever higher.**

8. Saint Germain, radiate into the collective consciousness the awareness that Christhood is characterized by oneness instead of separation. There is the vertical oneness with Spirit and horizontal oneness with other people.

Maitreya, kindness is the key,
all shades of kindness teach to me,
for I am now the open door,
the Art of Kindness to restore.

**Maitreya, kindness is the cure,
in fires of kindness I am pure.
Maitreya, now release the fire,
that raises me forever higher.**

9. Saint Germain, radiate into the collective consciousness the awareness that to the Christ consciousness, it is not acceptable that some nations have such a high degree of material welfare while there are two billion people living under the poverty level and millions of people starving.

Maitreya, oh sweet mystery,
immersed in your reality,
the myst'ry school will now return,
for this, my heart does truly burn.

**Maitreya, kindness is the cure,
in fires of kindness I am pure.
Maitreya, now release the fire,
that raises me forever higher.**

Part 5

1. Saint Germain, radiate into the collective consciousness the awareness that only the consciousness of separation can explain that many among the richest nations are completely absorbed in their affluent lifestyle, only focused on getting more money and material possessions.

O Saint Germain, you do inspire,
my vision raised forever higher,
with you I form a figure-eight,
your Golden Age I co-create.

**O Saint Germain, what love you bring,
it truly makes all matter sing,
your violet flame does all restore,
with you we are becoming more.**

2. Saint Germain, radiate into the collective consciousness the awareness that only people trapped in separation can fail to have compassion for the fact that not everyone has a lifestyle that is worthy of spiritual beings.

O Saint Germain, what Freedom Flame,
released when we recite your name,
acceleration is your gift,
our planet it will surely lift.

**O Saint Germain, what love you bring,
it truly makes all matter sing,
your violet flame does all restore,
with you we are becoming more.**

3. Saint Germain, radiate into the collective consciousness the awareness that what will bring the Golden Age into manifestation is that millions of people attain a degree of Christ discernment where they naturally begin to ask these questions and ask them publicly.

O Saint Germain, in love we claim,
our right to bring your violet flame,
from you Above, to us below,
it is an all-transforming flow.

**O Saint Germain, what love you bring,
it truly makes all matter sing,
your violet flame does all restore,
with you we are becoming more.**

4. Saint Germain, radiate into the collective consciousness the awareness that will awaken those who have it in their Divine plans to speak out in every area of society and fundamentally shift the public debate from separation to oneness.

O Saint Germain, I love you so,
my aura filled with violet glow,
my chakras filled with violet fire,
I am your cosmic amplifier.

**O Saint Germain, what love you bring,
it truly makes all matter sing,**

**your violet flame does all restore,
with you we are becoming more.**

5. Saint Germain, radiate into the collective consciousness the awareness that it is possible to create a worldwide umbrella organization that has as its goal to raise awareness of the spiritual side of life through all means possible.

O Saint Germain, I am now free,
your violet flame is therapy,
transform all hang-ups in my mind,
as inner peace I surely find.

**O Saint Germain, what love you bring,
it truly makes all matter sing,
your violet flame does all restore,
with you we are becoming more.**

6. Saint Germain, radiate into the collective consciousness the awareness that civilization cannot fulfill its potential if we do not acknowledge that life has a spiritual side. Only when we achieve Christ discernment, will be able to step back and ask the questions that we cannot even ask from the consciousness of separation.

O Saint Germain, my body pure,
your violet flame for all is cure,
consume the cause of all disease,
and therefore I am all at ease.

**O Saint Germain, what love you bring,
it truly makes all matter sing,
your violet flame does all restore,
with you we are becoming more.**

7. Saint Germain, radiate into the collective consciousness the awareness that to the Christ consciousness, it is not acceptable that democratic nations continue to build up their armies, continuing to create more and more sophisticated weapons even though there truly is no enemy for which they need these weapons.

O Saint Germain, I'm karma-free,
the past no longer burdens me,
a brand new opportunity,
I am in Christic unity.

**O Saint Germain, what love you bring,
it truly makes all matter sing,
your violet flame does all restore,
with you we are becoming more.**

8. Saint Germain, radiate into the collective consciousness the awareness that to the Christ consciousness, it is not acceptable that the United States maintains an armed force that can strike anywhere around the globe at any time and overturn governments or start wars anywhere the elite desires.

O Saint Germain, we are now one,
I am for you a violet sun,
as we transform this planet earth,
your Golden Age is given birth.

**O Saint Germain, what love you bring,
it truly makes all matter sing,
your violet flame does all restore,
with you we are becoming more.**

9. Saint Germain, radiate into the collective consciousness the awareness that to the Christ consciousness, it is obvious that the money put into arms and the research into more arms could be freed up to solve real problems.

O Saint Germain, the earth is free,
from burden of duality,
in oneness we bring what is best,
your Golden Age is manifest.

**O Saint Germain, what love you bring,
it truly makes all matter sing,
your violet flame does all restore,
with you we are becoming more.**

Sealing

In the name of the Divine Mother, I call to all ascended masters for the sealing of myself and all people in my circle of influence in the creative flow of the Divine Mother, the River of Life. I call for the multiplication of my calls by all ascended masters so that we form the perfect figure-eight flow of "As Above, so below." Thus, I accept that this is fully manifest, because the mouth of the Lord, the Divine Mother that I AM, has spoken it. Amen.

Eco 03 - Invoking a new awareness of history

In the name I AM THAT I AM, Jesus Christ, I call to all ascended masters working on manifesting the Golden Age, especially Gautama Buddha, Sanat Kumara and Saint Germain to radiate into the collective consciousness a vision of how the power elite has influenced history. Help people see that we can build a new future by working with the ascended masters and letting go of the old way of looking at life, including...

[Make personal calls.]

Part 1

1. Saint Germain, radiate into the collective consciousness the awareness that to the Christ consciousness, it is obvious that the minds of the scientists who are right now focusing on weapons research could be freed up to do other things, such as alternative forms of energy, eradicating disease, eradicating poverty and hunger.

O Saint Germain, you do inspire,
my vision raised forever higher,
with you I form a figure-eight,
your Golden Age I co-create.

**O Saint Germain, what love you bring,
it truly makes all matter sing,
your violet flame does all restore,
with you we are becoming more.**

2. Saint Germain, radiate into the collective consciousness the awareness that the members of the elite do not want this shift to happen. They want to maintain their power and their privileges.

O Saint Germain, what Freedom Flame,
released when we recite your name,
acceleration is your gift,
our planet it will surely lift.

**O Saint Germain, what love you bring,
it truly makes all matter sing,
your violet flame does all restore,
with you we are becoming more.**

3. Saint Germain, radiate into the collective consciousness the awareness that the members of the elite want to maintain the sense that they are special, that they belong to an elite that has more than the people.

O Saint Germain, in love we claim,
our right to bring your violet flame,
from you Above, to us below,
it is an all-transforming flow.

**O Saint Germain, what love you bring,
it truly makes all matter sing,
your violet flame does all restore,
with you we are becoming more.**

4. Saint Germain, radiate into the collective consciousness the awareness that the members of the elite do not want equality, they do not want equal opportunity; they want privileged positions that no one can challenge.

O Saint Germain, I love you so,
my aura filled with violet glow,
my chakras filled with violet fire,
I am your cosmic amplifier.

**O Saint Germain, what love you bring,
it truly makes all matter sing,
your violet flame does all restore,
with you we are becoming more.**

5. Saint Germain, radiate into the collective consciousness the awareness that members of the elite loved the feudal societies of Europe for they were born into a position and stayed in it for a lifetime. They have been trying to recreate this kind of a society under the disguise of democracy and a so-called free-market economy.

O Saint Germain, I am now free,
your violet flame is therapy,
transform all hang-ups in my mind,
as inner peace I surely find.

**O Saint Germain, what love you bring,
it truly makes all matter sing,
your violet flame does all restore,
with you we are becoming more.**

6. Saint Germain, radiate into the collective consciousness the awareness that members of the power elite financed Lenin and the Bolshevik revolution. They continued to extend credit to the Soviet Union so that they could continue to build the arms that necessitated the ongoing arms race between East and West.

O Saint Germain, my body pure,
your violet flame for all is cure,
consume the cause of all disease,
and therefore I am all at ease.

**O Saint Germain, what love you bring,
it truly makes all matter sing,
your violet flame does all restore,
with you we are becoming more.**

7. Saint Germain, radiate into the collective consciousness the awareness that members of the elite believe that if you don't have a real enemy, you have to create one. Then you have the dualistic battle between the two sides, which is the hallmark of the dualistic consciousness.

O Saint Germain, I'm karma-free,
the past no longer burdens me,
a brand new opportunity,
I am in Christic unity.

**O Saint Germain, what love you bring,
it truly makes all matter sing,
your violet flame does all restore,
with you we are becoming more.**

8. Saint Germain, radiate into the collective consciousness the awareness that no society can afford to allow its government and the media to shut down the people who dare to speak out.

O Saint Germain, we are now one,
I am for you a violet sun,
as we transform this planet earth,
your Golden Age is given birth.

**O Saint Germain, what love you bring,
it truly makes all matter sing,
your violet flame does all restore,
with you we are becoming more.**

9. Saint Germain, radiate into the collective consciousness the awareness that what truly endangers a nation is when the government does not have transparency.

O Saint Germain, the earth is free,
from burden of duality,
in oneness we bring what is best,
your Golden Age is manifest.

**O Saint Germain, what love you bring,
it truly makes all matter sing,
your violet flame does all restore,
with you we are becoming more.**

Part 2

1. Saint Germain, radiate into the collective consciousness the awareness that it is always the members of the power elite that do not want transparency because they know they can rule only by remaining hidden from the people.

Gautama, show my mental state
that does give rise to love and hate,
your exposé I do endure,
so my perception will be pure.

**Gautama, Flame of Cosmic Peace,
unruly thoughts do hereby cease,
we radiate from you and me
the peace to still Samsara's Sea.**

2. Saint Germain, radiate into the collective consciousness the awareness that members of the power elite were very concerned about the emergence of democracies. The essence of a democracy is that each person has one vote and that all votes count the same.

Gautama, in your Flame of Peace,
the struggling self I now release,
the Buddha Nature I now see,
it is the core of you and me.

**Gautama, Flame of Cosmic Peace,
unruly thoughts do hereby cease,
we radiate from you and me
the peace to still Samsara's Sea.**

3. Saint Germain, radiate into the collective consciousness the awareness that in a democracy each person must cast his or her vote based on what they know. A democracy can function at its highest potential only when there is complete transparency in the government, businesses and in all aspects of society.

Gautama, I am one with thee,
Mara's demons do now flee,
your Presence like a soothing balm,
my mind and senses ever calm.

**Gautama, Flame of Cosmic Peace,
unruly thoughts do hereby cease,
we radiate from you and me
the peace to still Samsara's Sea.**

4. Saint Germain, radiate into the collective consciousness the awareness that the members of the power elite saw that democracies would have to become more and more transparent and therefore the power elite could not stay hidden.

Gautama, I now take the vow,
to live in the eternal now,
with you I do transcend all time,
to live in present so sublime.

**Gautama, Flame of Cosmic Peace,
unruly thoughts do hereby cease,
we radiate from you and me
the peace to still Samsara's Sea.**

5. Saint Germain, radiate into the collective consciousness the awareness that the members of the power elite decided that they needed to stop this, and they did so by creating an enemy of democracy, namely the Soviet Union.

Gautama, I have no desire,
to nothing earthly I aspire,
in non-attachment I now rest,
passing Mara's subtle test.

**Gautama, Flame of Cosmic Peace,
unruly thoughts do hereby cease,
we radiate from you and me
the peace to still Samsara's Sea.**

6. Saint Germain, radiate into the collective consciousness the awareness that with the creation of the Soviet Union, the power elite had the justification for limiting transparency in democratic nations.

Gautama, I melt into you,
my mind is one, no longer two,
immersed in your resplendent glow,
Nirvana is all that I know.

**Gautama, Flame of Cosmic Peace,
unruly thoughts do hereby cease,
we radiate from you and me
the peace to still Samsara's Sea.**

7. Saint Germain, radiate into the collective consciousness the awareness that the need to keep things secret for the Soviet Union was just an excuse. The real issue was that the power elite wanted to keep things secret from the people in democratic nations.

Gautama, in your timeless space,
I am immersed in Cosmic Grace,
I know the God beyond all form,
to world I will no more conform.

**Gautama, Flame of Cosmic Peace,
unruly thoughts do hereby cease,
we radiate from you and me
the peace to still Samsara's Sea.**

8. Saint Germain, radiate into the collective consciousness the awareness that the members of the power elite in embodiment are tools for the darker forces that are out of embodiment and who see even more of a negative potential than people in embodiment.

Gautama, I am now awake,
I clearly see what is at stake,
and thus I claim my sacred right
to be on earth the Buddhist Light.

**Gautama, Flame of Cosmic Peace,
unruly thoughts do hereby cease,
we radiate from you and me
the peace to still Samsara's Sea.**

9. Saint Germain, radiate into the collective consciousness the awareness that there is only one force that can counteract this and it is that more people become the open doors for the ascended masters. The masters are the only force that can counteract the dark forces and the embodied power elite that seek to take the earth down into a self-destructive spiral.

Gautama, with your thunderbolt,
we give the earth a mighty jolt,
I know that some will understand,
and join the Buddha's timeless band.

**Gautama, Flame of Cosmic Peace,
unruly thoughts do hereby cease,
we radiate from you and me
the peace to still Samsara's Sea.**

Part 3

1. Saint Germain, radiate into the collective consciousness the awareness that the earth is in an upward spiral only because some people have dared to be open doors for the spiritual light and higher ideas.

O Saint Germain, you do inspire,
my vision raised forever higher,
with you I form a figure-eight,
your Golden Age I co-create.

**O Saint Germain, what love you bring,
it truly makes all matter sing,
your violet flame does all restore,
with you we are becoming more.**

2. Saint Germain, radiate into the collective consciousness the awareness that society needs to educate children in how to deal with their own personal psychology, overcome their limitations, so that they can have happier and more fulfilled lives.

O Saint Germain, what Freedom Flame,
released when we recite your name,
acceleration is your gift,
our planet it will surely lift.

**O Saint Germain, what love you bring,
it truly makes all matter sing,**

**your violet flame does all restore,
with you we are becoming more.**

3. Saint Germain, radiate into the collective consciousness the awareness that the reason this has not already happened is that the power elite does not want people to overcome their wounds because it is through the wounds that both the embodied power elite and the dark forces behind them can control people.

O Saint Germain, in love we claim,
our right to bring your violet flame,
from you Above, to us below,
it is an all-transforming flow.

**O Saint Germain, what love you bring,
it truly makes all matter sing,
your violet flame does all restore,
with you we are becoming more.**

4. Saint Germain, radiate into the collective consciousness the awareness that billions of people are leading lives of intense suffering because of their internal psychological wounds. The rich nations need to provide psycho-spiritual welfare instead of only material welfare.

O Saint Germain, I love you so,
my aura filled with violet glow,
my chakras filled with violet fire,
I am your cosmic amplifier.

**O Saint Germain, what love you bring,
it truly makes all matter sing,
your violet flame does all restore,
with you we are becoming more.**

5. Saint Germain, radiate into the collective consciousness the awareness that Jesus sought to start a movement that could help people attain healing through the power of the Holy Spirit and Christ awareness. People could then express their discernment in society without being psychologically destroyed by the dark forces.

O Saint Germain, I am now free,
your violet flame is therapy,
transform all hang-ups in my mind,
as inner peace I surely find.

**O Saint Germain, what love you bring,
it truly makes all matter sing,
your violet flame does all restore,
with you we are becoming more.**

6. Saint Germain, radiate into the collective consciousness the awareness that many of the people in history who have attempted to change things, had their own internal psychological issues and did not fulfill their missions.

O Saint Germain, my body pure,
your violet flame for all is cure,
consume the cause of all disease,
and therefore I am all at ease.

**O Saint Germain, what love you bring,
it truly makes all matter sing,
your violet flame does all restore,
with you we are becoming more.**

7. Saint Germain, radiate into the collective consciousness the awareness that there is an incredible potential for any nation that would make a determined policy to teach children from an early age how to heal their psychology and find inner peace and resolution.

O Saint Germain, I'm karma-free,
the past no longer burdens me,
a brand new opportunity,
I am in Christic unity.

**O Saint Germain, what love you bring,
it truly makes all matter sing,
your violet flame does all restore,
with you we are becoming more.**

8. Saint Germain, radiate into the collective consciousness the awareness that the power elite wants to abort Christhood before it can manifest. Many things in society are specifically designed to magnify people's psychological limitations.

O Saint Germain, we are now one,
I am for you a violet sun,
as we transform this planet earth,
your Golden Age is given birth.

**O Saint Germain, what love you bring,
it truly makes all matter sing,
your violet flame does all restore,
with you we are becoming more.**

9. Saint Germain, radiate into the collective consciousness the awareness that the power elite took over the Christian religion and used it to control the population.

O Saint Germain, the earth is free,
from burden of duality,
in oneness we bring what is best,
your Golden Age is manifest.

**O Saint Germain, what love you bring,
it truly makes all matter sing,
your violet flame does all restore,
with you we are becoming more.**

Part 4

1. Saint Germain, radiate into the collective consciousness the awareness that when the elite became aware that the Christian religion could no longer dominate the intellectual life of Western societies, they started to create the opposite, namely scientific materialism.

Sanat Kumara, Ruby Fire,
I seek my place in love's own choir,
with open hearts we sing your praise,
together we the earth do raise.

**Sanat Kumara, Ruby Ray,
bring to earth a higher way,
light this planet with your fire,
clothe her in a new attire.**

2. Saint Germain, radiate into the collective consciousness the awareness that the power elite has managed to create a society that is divided. Democratic nations have an inconsistency for they cannot decide what kind of people they are ministering to from their governments.

Sanat Kumara, Ruby Fire,
initiations I desire,
I am for you an electrode,
Shamballa is my true abode.

**Sanat Kumara, Ruby Ray,
bring to earth a higher way,
light this planet with your fire,
clothe her in a new attire.**

3. Saint Germain, radiate into the collective consciousness the awareness that if we have a democratic nation that recognizes that people have rights, yet at the same time this nation will not recognize that people are spiritual beings, then we have an inconsistency.

Sanat Kumara, Ruby Fire,
I follow path that you require,
initiate me with your love,
the open door for Holy Dove.

**Sanat Kumara, Ruby Ray,
bring to earth a higher way,
light this planet with your fire,
clothe her in a new attire.**

4. Saint Germain, radiate into the collective consciousness the awareness that societies cannot recognize that people are spiritual beings because of the opposition from scientific materialism.

Sanat Kumara, Ruby Fire,
your great example all inspire,
with non-attachment and great mirth,
we give the earth a true rebirth.

**Sanat Kumara, Ruby Ray,
bring to earth a higher way,
light this planet with your fire,
clothe her in a new attire.**

5. Saint Germain, radiate into the collective consciousness the awareness that there is also the opposite polarity, defined by the power elite, which makes people think that if they do recognize that people are spiritual beings, then we go back to the old days of being dominated by Christianity.

Sanat Kumara, Ruby Fire,
you are this planet's purifier,

consume on earth all spirits dark,
reveal the inner Spirit Spark.

**Sanat Kumara, Ruby Ray,
bring to earth a higher way,
light this planet with your fire,
clothe her in a new attire.**

6. Saint Germain, radiate into the collective consciousness the awareness that there is an alternative to traditional Christianity and to scientific materialism. It is a universal form of spirituality.

Sanat Kumara, Ruby Fire,
you are a cosmic amplifier,
the lower forces can't withstand,
vibrations from Venusian band.

**Sanat Kumara, Ruby Ray,
bring to earth a higher way,
light this planet with your fire,
clothe her in a new attire.**

7. Saint Germain, radiate into the collective consciousness the awareness that when societies begin to recognize this, they can create an educational system that teaches children that they are psycho-spiritual beings with the potential to overcome the limitations in their psychology.

Sanat Kumara, Ruby Fire,
I am on earth your magnifier,
the flow of love I do restore,
my chakras are your open door.

**Sanat Kumara, Ruby Ray,
bring to earth a higher way,
light this planet with your fire,
clothe her in a new attire.**

8. Saint Germain, radiate into the collective consciousness the awareness that we can then give children tools to rise above their psychology. Within a generation we will have children who were brought up with an understanding of their own psychology and the potential to master their psychology.

Sanat Kumara, Ruby Fire,
Venusian song the multiplier,
as we your love reverberate,
the densest minds we penetrate.

**Sanat Kumara, Ruby Ray,
bring to earth a higher way,
light this planet with your fire,
clothe her in a new attire.**

9. Saint Germain, radiate into the collective consciousness the awareness that children will then have a sense of purpose and know that one of the purposes of life is to attain self-mastery.

Sanat Kumara, Ruby Fire,
you are for all the sanctifier,
the earth is now a holy place,
purified by cosmic grace.

**Sanat Kumara, Ruby Ray,
bring to earth a higher way,
light this planet with your fire,
clothe her in a new attire.**

Part 5

1. Saint Germain, radiate into the collective consciousness the awareness that today, most parents export their own unresolved psychology onto their children, which is why we see so many dysfunctional families.

O Saint Germain, you do inspire,
my vision raised forever higher,
with you I form a figure-eight,
your Golden Age I co-create.

**O Saint Germain, what love you bring,
it truly makes all matter sing,
your violet flame does all restore,
with you we are becoming more.**

2. Saint Germain, radiate into the collective consciousness the awareness that the most affluent nations have more and more psychological, family and social problems, more and more dysfunctional families, more and more divorces, more and more shipwrecked children.

O Saint Germain, what Freedom Flame,
released when we recite your name,
acceleration is your gift,
our planet it will surely lift.

**O Saint Germain, what love you bring,
it truly makes all matter sing,
your violet flame does all restore,
with you we are becoming more.**

3. Saint Germain, radiate into the collective consciousness the awareness that when we have reached a certain level of material affluence, it is necessary for society to step up and look at the psycho-spiritual welfare of its members. Unless this becomes the goal of society, it will become subject to the second law of thermodynamics and start to disintegrate.

O Saint Germain, in love we claim,
our right to bring your violet flame,
from you Above, to us below,
it is an all-transforming flow.

**O Saint Germain, what love you bring,
it truly makes all matter sing,
your violet flame does all restore,
with you we are becoming more.**

4. Saint Germain, radiate into the collective consciousness the awareness that there is hardly any child that was not negatively affected by the unresolved psychology of the parents. Psychological wounds are inherited from generation to generation.

O Saint Germain, I love you so,
my aura filled with violet glow,
my chakras filled with violet fire,
I am your cosmic amplifier.

**O Saint Germain, what love you bring,
it truly makes all matter sing,
your violet flame does all restore,
with you we are becoming more.**

5. Saint Germain, radiate into the collective consciousness the awareness that when we are willing to raise our awareness, we can reverse the trend so that we can pass on better opportunities to our children.

O Saint Germain, I am now free,
your violet flame is therapy,
transform all hang-ups in my mind,
as inner peace I surely find.

**O Saint Germain, what love you bring,
it truly makes all matter sing,
your violet flame does all restore,
with you we are becoming more.**

6. Saint Germain, radiate into the collective consciousness the awareness that the highest potential for the modern affluent democracies is the potential to serve other nations, to seek to raise up the whole of the family of nations.

O Saint Germain, my body pure,
your violet flame for all is cure,
consume the cause of all disease,
and therefore I am all at ease.

**O Saint Germain, what love you bring,
it truly makes all matter sing,
your violet flame does all restore,
with you we are becoming more.**

7. Saint Germain, radiate into the collective consciousness the awareness that until these nations acquire enough Christ-perspective that they can begin to serve others, even to serve the whole of humanity, they will go into various downward spirals.

O Saint Germain, I'm karma-free,
the past no longer burdens me,
a brand new opportunity,
I am in Christic unity.

**O Saint Germain, what love you bring,
it truly makes all matter sing,
your violet flame does all restore,
with you we are becoming more.**

8. Saint Germain, radiate into the collective consciousness the awareness that it often seems as if there is no way *out*, but there is a way *up*. There is no way out for we cannot solve these problems horizontally. We can transcend them by going up and by looking at how we can serve others.

O Saint Germain, we are now one,
I am for you a violet sun,
as we transform this planet earth,
your Golden Age is given birth.

**O Saint Germain, what love you bring,
it truly makes all matter sing,
your violet flame does all restore,
with you we are becoming more.**

9. Saint Germain, radiate into the collective consciousness the awareness that when we begin to serve others, we do become the open doors for the ascended masters who are here only to serve humanity and who have the solutions to all of the problems we face.

O Saint Germain, the earth is free,
from burden of duality,
in oneness we bring what is best,
your Golden Age is manifest.

**O Saint Germain, what love you bring,
it truly makes all matter sing,
your violet flame does all restore,
with you we are becoming more.**

Sealing

In the name of the Divine Mother, I call to all ascended masters for the sealing of myself and all people in my circle of influence in the creative flow of the Divine Mother, the River of Life. I call for the multiplication of my calls by all ascended masters so that we form the perfect figure-eight flow of "As Above, so below." Thus, I accept that this is fully manifest, because the mouth of the Lord, the Divine Mother that I AM, has spoken it. Amen.

Eco 04 - WINV45 Invoking a new approach to the economy

In the name I AM THAT I AM, Jesus Christ, I call to my I AM Presence to flow through the I Will Be Presence that I AM and give these decrees with full power. I call to beloved Maraytaii, Kuan Yin, Nada, Mother Mary, Portia, Liberty and Venus to awaken people to the reality of how the economy works, including...

[Make personal calls]

Part 1

1. Mother Mary, awaken people to see that men have said that women do not have the mental ability to understand the economy.

O Cosmic Mother, sound the gong,
that calls me home where I belong.
I know you love me tenderly,
and in that knowing I am free.

**Maraytaii, I resonate
with song that opens cosmic gate.
Your melody makes me vibrate
my sense of self I recreate.**

2. Mother Mary, awaken people to see that this is true because nobody can understand the economy. Not even the men who have created the current economy can understand all effects of the economy.

O Cosmic Mother, hold me tight,
I resonate with your own light.
Your music purifies my heart,
your love to all I do impart.

**Maraytaii, I resonate
with song that opens cosmic gate.
Your melody makes me vibrate
my sense of self I recreate.**

3. Mother Mary, awaken people to see that women cannot understand men's economy, the male-created, male-dominated economy.

O Cosmic Mother, we are one,
your heart is like a blazing sun.
My being can but amplify,
the sacred sound you magnify.

**Maraytaii, I resonate
with song that opens cosmic gate.
Your melody makes me vibrate
my sense of self I recreate.**

4. Mother Mary, awaken people to see that women cannot understand it, not because they do not have the ability to understand it but because they cannot understand how men could create such an unbalanced economy.

O Cosmic Mother, I now hear,
the subtle sound of Sacred Sphere.
As I attune to Cosmic Hum,

the lesser self I overcome.

**Maraytaii, I resonate
with song that opens cosmic gate.
Your melody makes me vibrate
my sense of self I recreate.**

5. Mother Mary, awaken people to see that women need to engage themselves more in the economy and speak out and ask questions based on the basic humanity, meaning that we should not do certain things to other people.

O Cosmic Mother, take me home,
I am in sync with Sacred OM,
The sound of sounds will raise me up,
so only light is in my cup.

**Maraytaii, I resonate
with song that opens cosmic gate.
Your melody makes me vibrate
my sense of self I recreate.**

6. Mother Mary, awaken women to look at the economy and say: "There are certain things that should not be done to people by the economy."

O Cosmic Mother, I will be,
a part of cosmic symphony.
All that I AM, an instrument,
for sound that is from heaven sent.

**Maraytaii, I resonate
with song that opens cosmic gate.
Your melody makes me vibrate
my sense of self I recreate.**

7. Mother Mary, awaken women to say: "We should not have an economy that condemns a majority of the population in the world to being poor and only makes a small elite so rich that they do not even know what to do with the money, because no individual could need to have so much money in order to spend it on something."

O Cosmic Mother, I now call,
to enter sacred music hall.
I will be part of life's ascent,
towards the starry firmament.

**Maraytaii, I resonate
with song that opens cosmic gate.
Your melody makes me vibrate
my sense of self I recreate.**

8. Mother Mary, awaken women to look at this phenomenon and say: "There is something seriously wrong here. There is something seriously wrong in having an economy that is

entirely geared towards allowing a few people to continue to amass more and more so-called 'wealth' when they do not need that wealth for any practical purpose."

O Cosmic Mother, tune my strings,
my total being with you sings.
Your song I now reverberate,
as cosmic love I celebrate.

**Maraytaii, I resonate
with song that opens cosmic gate.
Your melody makes me vibrate
my sense of self I recreate.**

9. Mother Mary, awaken people to see that the rich continue to amass wealth because of a psychological mechanism in these people's minds, and this psychological mechanism means that nothing is ever enough for these people.

O Cosmic Mother, I love you,
your love song keeps me ever true.
You fill me with your sacred tone,
and thus I never feel alone.

**Maraytaii, I resonate
with song that opens cosmic gate.
Your melody makes me vibrate
my sense of self I recreate.**

Part 2

1. Mother Mary, awaken women to shift their awareness and realize that we have a world economy that is entirely designed to allow a small elite of people – the vast majority of them men – to amass wealth, but it is really not about the wealth.

O Kuan Yin, what sacred name,
fill me now with Mercy's Flame.
In giving mercy I am free,
forgiving all is magic key.

**In Kuan Yin's sweet melody,
I am set free my Self to be.
In Kuan Yin's vitality,
I claim my immortality.**

2. Mother Mary, awaken women to see that it is about a psychological mechanism in the minds of the elite that means nothing is ever enough for them. Why are we allowing the entire economy on the planet to be controlled by this inordinate, unfulfillable desire?

O Kuan Yin, I now let go,
of all attachments here below.
All pent-up feelings I release,
free from emotional disease.

**In Kuan Yin's sweet melody,
I am set free my Self to be.
In Kuan Yin's vitality,
I claim my immortality.**

3. Mother Mary, awaken people to see that if we take this towards the logical extreme, the economy will be more and more centered on these few people having more and more wealth. But their concern is to *have* the wealth, to amass the wealth, not on spending it.

O Kuan Yin, why must I feel,
that life falls short of my ideal?
All expectations I give up,
my mind is now an empty cup

**In Kuan Yin's sweet melody,
I am set free my Self to be.
In Kuan Yin's vitality,
I claim my immortality.**

4. Mother Mary, awaken people to see that the elite are taking wealth out of the "real economy," the natural economy. That wealth cannot be spent by anybody and can therefore not make the wheels of the economy turn.

O Kuan Yin, transcend the past,
as all resentment gone at last.
From future nothing I expect,
eternal now I won't reject.

**In Kuan Yin's sweet melody,
I am set free my Self to be.
In Kuan Yin's vitality,
I claim my immortality.**

5. Mother Mary, awaken people to see that gradually the wheels will come to a halt; the economy will start sinking to a lower level. Within the foreseeable future, we will start reverting back to the kind of economies we had in the feudal societies where the vast majority of the population was poor and a small elite was rich.

O Kuan Yin, uplifting me,
beyond Samsara's raging sea.
All safe inside your Prajna boat,
the farther shore no more remote.

**In Kuan Yin's sweet melody,
I am set free my Self to be.
In Kuan Yin's vitality,
I claim my immortality.**

6. Mother Mary, awaken people to see that the elite of the Middle Ages did not have anywhere near the wealth that the elite has today, because the economy was at a lower level.

O Kuan Yin, your alchemy,
with miracles you set me free.
As I forgive, I am forgiven,
by guilt I am no longer driven.

**In Kuan Yin's sweet melody,
I am set free my Self to be.
In Kuan Yin's vitality,
I claim my immortality.**

7. Mother Mary, awaken people to see that the economy has grown to a higher level than it was in the Middle Ages because the wealth has been spread out over a bigger part of the population and many people have a much higher standard of living than people had in the Middle Ages.

O Kuan Yin, all worries gone,
with nothing done, no thing undone.
Through separate self I will not do,
and thus I rest, all one with you.

**In Kuan Yin's sweet melody,
I am set free my Self to be.
In Kuan Yin's vitality,
I claim my immortality.**

8. Mother Mary, awaken people to see that this is why the economy has grown and why wealth has been increased in the real economy.

O Kuan Yin, your sanity,
now sets me free from vanity.
For truly, what is that to me;
I just let go and follow thee.

**In Kuan Yin's sweet melody,
I am set free my Self to be.
In Kuan Yin's vitality,
I claim my immortality.**

9. Mother Mary, awaken people to connect to their basic humanity and say: "What kind of an economy should we really have? Why do we have the kind of economy we have right now, which is clearly elitist instead of based on what is best for the people?"

O Kuan Yin, so sweet the sound,
that emanates from holy ground.
As I let go of ego's chore,
I find myself on farther shore.

**In Kuan Yin's sweet melody,
I am set free my Self to be.
In Kuan Yin's vitality,
I claim my immortality.**

Part 3

1. Mother Mary, awaken people to see that if we had an economy that was doing what is best for the majority of the people by raising their standard of living, that economy would continue to grow and more wealth would be created.

O Nada, blessed cosmic grace,
filling up my inner space.
Your song is like a sacred balm,
my mind a sea of perfect calm.

**With Nada's secret melody,
my mind remains forever free.
Conducting Nada's symphony,
eternal peace I do decree.**

2. Mother Mary, awaken people to see that if wealth is spread more evenly, the economy will be in a self-sustaining, upward spiral, instead of having an economy that goes in ups and downs.

O Nada, in your Buddhic mind,
my inner peace I truly find.
As I your song reverberate,
your love I do assimilate.

**With Nada's secret melody,
my mind remains forever free.
Conducting Nada's symphony,
eternal peace I do decree.**

3. Mother Mary, awaken people to see that the current economy goes from crisis to crisis because the economy itself creates one crisis after another. This is because the elite wants an economy that goes from crisis to crisis.

O Nada, beauty so sublime,
I follow you beyond all time.
In soundless sound we do immerse,
to recreate the universe.

**With Nada's secret melody,
my mind remains forever free.
Conducting Nada's symphony,
eternal peace I do decree.**

4. Mother Mary, awaken people to see that the elite concentrate wealth in their hands through the interplay of an upswing and a downswing. In an evenly growing economy, it would be more difficult for them to concentrate wealth.

O Nada, future we predict
where nothing Christhood can restrict.
With Buddhic mind we do perceive,
a better future we conceive.

**With Nada's secret melody,
my mind remains forever free.
Conducting Nada's symphony,
eternal peace I do decree.**

5. Mother Mary, awaken people to see that when there is the upswing and the downswing, crisis-to-boom, then they can make money either way. This is proven by the fact that the elite have made more money during 2020 than they would have done if there had not been a pandemic.

O Nada, future we rewrite,
where might is never, ever right.
Instead, the mind of Christ is king,
we see the Christ in every thing.

**With Nada's secret melody,
my mind remains forever free.
Conducting Nada's symphony,
eternal peace I do decree.**

6. Mother Mary, awaken people to see that it is the broad population who lose money in a crisis. The elite always gains.

O Nada, peace is now the norm,
my Spirit is beyond all form.
To form I will no more adapt,
I use potential yet untapped.

**With Nada's secret melody,
my mind remains forever free.
Conducting Nada's symphony,
eternal peace I do decree.**

7. Mother Mary, awaken people to see that through a crises, the elite concentrate wealth and property in their hands.

O Nada, such resplendent joy,
my life I truly can enjoy.
I am allowed to have some fun,
my solar plexus like a sun.

**With Nada's secret melody,
my mind remains forever free.
Conducting Nada's symphony,
eternal peace I do decree.**

8. Mother Mary, awaken people to see that by continuing this economy of boom and bust, we move towards a feudal economy where the majority of the population are slaves of the elite.

O Nada, service is the key,

to living in reality.
For I see now that life is one,
my highest service has begun.

**With Nada's secret melody,
my mind remains forever free.
Conducting Nada's symphony,
eternal peace I do decree.**

9. Mother Mary, awaken people to see that, as has already happened in the United States, the standard of living of the majority of the population will gradually be eroded. Awaken people to see this and say: "This cannot be right, this cannot continue."

O Nada, we do now decree,
that life on earth shall be carefree.
With Jesus we complete the quest,
God's kingdom is now manifest.

**With Nada's secret melody,
my mind remains forever free.
Conducting Nada's symphony,
eternal peace I do decree.**

Part 4

1. Mother Mary, awaken people to look at the human cost of how this affects people, how this affects communities, how this affects entire nations and even the world. Awaken them to cry out that this has to stop.

O blessed Mary, Mother mine,
there is no greater love than thine,
as we are one in heart and mind,
my place in hierarchy I find.

**O Mother Mary, generate,
the song that does accelerate,
the earth into a higher state,
all matter does now scintillate.**

2. Mother Mary, awaken women to start engaging in the economy, start questioning this male-created economy, and ask the questions that need to be asked.

I came to earth from heaven sent,
as I am in embodiment,
I use Divine authority,
commanding you to set earth free.

**O Mother Mary, generate,
the song that does accelerate,
the earth into a higher state,
all matter does now scintillate.**

3. Mother Mary, awaken people to see that one of the topics that needs to be considered is neoliberalism.

I call now in God's sacred name,
for you to use your Mother Flame,
to burn all fear-based energy,
restoring sacred harmony.

**O Mother Mary, generate,
the song that does accelerate,
the earth into a higher state,
all matter does now scintillate.**

4. Mother Mary, awaken people to see that what created the gradual eroding of the standard of living of the middle class and the concentration of wealth in the hands of the elite was the neoliberalist principles that said that the government should stay out of the economy.

Your sacred name I hereby praise,
collective consciousness you raise,
no more of fear and doubt and shame,
consume it with your Mother Flame.

**O Mother Mary, generate,
the song that does accelerate,
the earth into a higher state,
all matter does now scintillate.**

5. Mother Mary, awaken people to see that the neoliberalists said the governments should deregulate the financial industry and other industries, because "the market would take care of itself."

All darkness from the earth you purge,
your light moves as a mighty surge,
no force of darkness can now stop,
the spiral that goes only up.

**O Mother Mary, generate,
the song that does accelerate,
the earth into a higher state,
all matter does now scintillate.**

6. Mother Mary, awaken people to see that this is what has led to a four decades decline in the standard of living of the middle class, a four decades growth in the wealth of the elite. It is also what led to the financial crisis of 2008.

All elemental life you bless,
removing from them man-made stress,
the nature spirits are now free,
outpicturing Divine decree.

**O Mother Mary, generate,
the song that does accelerate,
the earth into a higher state,
all matter does now scintillate.**

7. Mother Mary, awaken people to see that not enough people have started questioning neoliberalism because the area of the economy is still too dominated by men and they are not willing to question it.

I raise my voice and take my stand,
a stop to war I do command,
no more shall warring scar the earth,
a golden age is given birth.

**O Mother Mary, generate,
the song that does accelerate,
the earth into a higher state,
all matter does now scintillate.**

8. Mother Mary, awaken people to see that the male psyche is more prone to accept ideas, mental images, ideologies, and wants to believe that if we just keep projecting the mental image long enough, then the world will conform to the mental image.

As Mother Earth is free at last,
disasters belong to the past,
your Mother Light is so intense,
that matter is now far less dense.

**O Mother Mary, generate,
the song that does accelerate,
the earth into a higher state,
all matter does now scintillate.**

9. Mother Mary, awaken women to say: "OK, we have had this mental image for some time. What are the actual effects? What are the consequences? Have the promises of the mental image been fulfilled? And if not, then we need to question the image."

In Mother Light the earth is pure,
the upward spiral will endure,
prosperity is now the norm,
God's vision manifest as form.

**O Mother Mary, generate,
the song that does accelerate,
the earth into a higher state,
all matter does now scintillate.**

Part 5

1. Mother Mary, awaken people to see that neoliberalism should have died in 2008, but it has not and now we have another economic crisis. If we are going to get out of it in the best possible way, then we will have to go beyond the neoliberal principles.

O Portia, in your own retreat,
with Mother's Love you do me greet.
As all my tests I now complete,
old patterns I no more repeat.

**O Portia, opportunity,
I am beyond duality.
I focus now internally,
with you I grow eternally.**

2. Mother Mary, awaken people to see that in 2008 the unregulated financial industry brought the world economy to the brink of collapse. The response from neoliberals was that the government must step in.

O Portia, Justice is your name,
upholding Cosmic Honor Flame,
No longer will I play the game,
of seeking to remain the same.

**O Portia, opportunity,
I am beyond duality.
I focus now internally,
with you I grow eternally.**

3. Mother Mary, awaken people to see that we cannot have our cake and eat it too. One cannot be a neoliberalist and cry for the government to step in. It cannot be done.

O Portia, in the cosmic flow,
one with you, I ever grow.
I am the chalice here below,
of cosmic justice you bestow.

**O Portia, opportunity,
I am beyond duality.
I focus now internally,
with you I grow eternally.**

4. Mother Mary, awaken people to see that we must choose: Do we want a neoliberalist economy? Then the institutions of that economy, the banks and investment banks, must be allowed to fail if they go against the principles that make the economy function.

O Portia, cosmic balance bring,
eternal hope, my heart does sing.
Protected by your Mother's wing,
I feel at one with everything.

**O Portia, opportunity,
I am beyond duality.
I focus now internally,
with you I grow eternally.**

5. Mother Mary, awaken people to see that if we want an economy where the government has a role to play, then we must abandon neoliberalism because we cannot have a neoliberalist economy where the government is playing an active role—it cannot be done.

O Portia, bring the Mother Light,
to set all free from darkest night.
Your Love Flame shines forever bright,
with Saint Germain now hold me tight.

**O Portia, opportunity,
I am beyond duality.
I focus now internally,
with you I grow eternally.**

6. Mother Mary, awaken people to see that it is the elite who wants a neoliberalist economy because it gives them complete freedom to exploit the population.

O Portia, in your mastery,
I feel transforming chemistry.
In your light of reality,
I find the golden alchemy.

**O Portia, opportunity,
I am beyond duality.
I focus now internally,
with you I grow eternally.**

7. Mother Mary, awaken people to see that an unregulated capitalist economy is a free pass for an elite who already has accumulated wealth to exploit the population.

O Portia, in the cosmic stream,
I am awake from human dream.
Removing now the ego's beam,
I earn my place on cosmic team.

**O Portia, opportunity,
I am beyond duality.
I focus now internally,
with you I grow eternally.**

8. Mother Mary, awaken people to see that the only way to secure an economy where the average person increases their standard of living, is that the government steps in and regulates the economy.

O Portia, you come from afar,
you are a cosmic avatar.
So infinite your repertoire,
you are for earth a guiding star.

**O Portia, opportunity,
I am beyond duality.
I focus now internally,**

with you I grow eternally.

9. Mother Mary, awaken people to see that the financial industry always has been, always will be dominated by the elite. In an ideal natural economy, we do not allow people to make money off of money because money is just a tool.

O Portia, I am confident,
I am a cosmic instrument.
I came to earth from heaven sent,
to help bring forward her ascent.

**O Portia, opportunity,
I am beyond duality.
I focus now internally,
with you I grow eternally.**

Part 6

1. Mother Mary, awaken people to see that an unregulated financial industry is an open license for the elite to exploit the people and that cannot increase the standard of living of the population. It cannot be done. These are incompatible principles.

O Liberty now set me free
from devil's curse of poverty.
I blame not Mother for my lack,
O Blessed Mother, take me back.

**O Cosmic Mother Liberty,
conduct Abundance Symphony.
My highest service I now see,
abundance is now real for me.**

2. Mother Mary, awaken people to see that we need to choose which economy we want. Choose ye this day, whom you will serve, the elite or the people.

O Liberty, from distant shore,
I come with longing to be More.
I see abundance is a flow,
abundance consciousness I grow.

**O Cosmic Mother Liberty,
conduct Abundance Symphony.
My highest service I now see,
abundance is now real for me.**

3. Mother Mary, awaken people to see that there are still too many men who are in love with the neoliberalist idea, and they will not see that it is serving the elite.

O Liberty, expose the lie,
that limitations can me tie.
The Ma-ter light is not my foe,
true opulence it does bestow.

**O Cosmic Mother Liberty,
conduct Abundance Symphony.
My highest service I now see,
abundance is now real for me.**

4. Mother Mary, awaken people to see that women are the ones who can step up and say: “We must choose, and we want an economy that is *of* the people, *by* the people and *for* the people, not *of* the elite *by* the elite and *for* the elite. We want an economy that functions according to democratic principles, not according to anti-democratic principles, as it does right now.”

O Liberty, expose the plot,
projected by the fallen lot.
O Cosmic Mother, I now see,
that Mother’s not my enemy.

**O Cosmic Mother Liberty,
conduct Abundance Symphony.
My highest service I now see,
abundance is now real for me.**

5. Mother Mary, awaken people to see that neoliberals say: “The rising tide lifts all boats.” They say that if we increase the total amount of wealth in the world, it is like the tide that comes up and lifts all boats.

O Liberty, with opened eyes,
I now reject the devil’s lies.
I now embrace the Mother realm,
for I see Father at the helm.

**O Cosmic Mother Liberty,
conduct Abundance Symphony.
My highest service I now see,
abundance is now real for me.**

6. Mother Mary, awaken people to see that since the financial industry has been de-regulated, the elite has created wealth. But it is not wealth that is tied to anything in the real economy. It is not tied to producing a product or providing a service—it is artificially-created wealth.

O Liberty, a chalice pure,
my lower bodies are for sure.
Release through me your symphony,
your gift of Cosmic Liberty.

**O Cosmic Mother Liberty,
conduct Abundance Symphony.
My highest service I now see,
abundance is now real for me.**

7. Mother Mary, awaken people to see that the rising tide will eventually sink all boats, even the boats of the elite will eventually sink. But the boats of the common people will be the first ones to sink.

O Liberty, the open door,
I am for Symphony of More.
In chakras mine light you release,
the flow of love shall never cease.

**O Cosmic Mother Liberty,
conduct Abundance Symphony.
My highest service I now see,
abundance is now real for me.**

8. Mother Mary, awaken people to see that there is a natural level of wealth, and if we let it grow gradually we can adjust to it, we can deal with it. But if it grows too much, by creating artificial wealth, then it will become a destructive force.

O Liberty, release the flow,
of opulence that you bestow.
For I am willing to receive,
the Golden Fleece that you now weave.

**O Cosmic Mother Liberty,
conduct Abundance Symphony.
My highest service I now see,
abundance is now real for me.**

9. Mother Mary, awaken people to see that this destructive force can be seen in previous crisis situations. It is what we will see in the future if neoliberalism is not buried and an anti-elitist and non-elitist economy is created.

O Liberty, release the cure,
to free the tired and the poor.
The huddled masses are set free,
by loving Song of Liberty.

**O Cosmic Mother Liberty,
conduct Abundance Symphony.
My highest service I now see,
abundance is now real for me.**

Part 7

1. Mother Mary, awaken people to see that the elite wants to have an economy that goes from crisis, to boom and back to crisis but they want to be in control of it. They think in their greed that whatever they come up with for increasing wealth is good.

O Venus, show me how to serve,
your cosmic beauty I observe.
What love from Venus you now bring,
our planets do in tandem sing.

**O Venus, service so divine,
you are for earth a cosmic sign.
Your selfless service is now mine,
a life in service I define.**

2. Mother Mary, awaken people to see that members of the elite are so blind that they cannot see that it will eventually get out of control.

O Venus, your love is the key,
the hardened hearts on earth are free.
Embracing future bright and bold,
our planet's story is retold.

**O Venus, service so divine,
you are for earth a cosmic sign.
Your selfless service is now mine,
a life in service I define.**

3. Mother Mary, awaken people to see that there are some boom and bust cycles where the elite can maintain control, but sooner or later, they take it too far, as happened in 1929 and in 2008. Suddenly, it goes beyond their control and a crisis now runs rampant.

O Venus, loving Mother mine,
my heart your love does now refine.
I am the open door for love,
descending like a Holy Dove.

**O Venus, service so divine,
you are for earth a cosmic sign.
Your selfless service is now mine,
a life in service I define.**

4. Mother Mary, awaken people to see that when a crisis becomes unstoppable by them, that is when they suddenly cry out that they are "too big to fail."

O Venus, play the secret note,
that is for hatred antidote.
All poisoned hearts you gently heal,
as love's true story you reveal.

**O Venus, service so divine,
you are for earth a cosmic sign.
Your selfless service is now mine,
a life in service I define.**

5. Mother Mary, awaken people to see that in a neoliberalist economy, nobody and nothing is too big to fail. That is just how the economy works itself out, so the market takes care of itself and those who cannot follow the market, they go bust, they are not too big to fail.

O Venus, love fills every need,
for truly, love is God's first seed.

O let it blossom, let it grow,
sweep earth into your loving flow.

**O Venus, service so divine,
you are for earth a cosmic sign.
Your selfless service is now mine,
a life in service I define.**

6. Mother Mary, awaken people to see that nothing is too big to fail if you are a neoliberalist. If you are a human being, then you might say that something is too big to fail, namely, society, the government, the order where people have a decent standard of living.

O Venus, music of the spheres,
heard by those who God reveres.
Our voices now as one we raise,
singing in adoring praise.

**O Venus, service so divine,
you are for earth a cosmic sign.
Your selfless service is now mine,
a life in service I define.**

7. Mother Mary, awaken people to see that a society where all people have a decent standard of living is too big to fail, and therefore we must allow the elite to fail, if they are the ones who are threatening the entire system.

O Venus, we are joining ranks,
Sanat Kumara we give thanks.
Our planet has received new life,
to lift her out of war and strife.

**O Venus, service so divine,
you are for earth a cosmic sign.
Your selfless service is now mine,
a life in service I define.**

8. Mother Mary, awaken people to see that the economy has been unbalanced because the masculine drive for unrestricted expansion has not been balanced by the feminine drive for sustainable growth.

O Venus, your sweet melody,
consumes veil of duality.
Absorbed in tones of Cosmic Love,
all conflict we now rise above.

**O Venus, service so divine,
you are for earth a cosmic sign.
Your selfless service is now mine,
a life in service I define.**

9. Mother Mary, awaken people to see that men cannot fix the economy. If we do not have a greater influence of women on the economy, then the economy will not be fixed—it will

keep going towards the next crises. Those will be even worse than the previous ones until someone wakes up and realizes that we need to shift our awareness about the economy.

O Venus, shining Morning Star,
a cosmic herald, that you are.
The earth set free by sacred sound,
our planet is now heaven-bound.

**O Venus, service so divine,
you are for earth a cosmic sign.
Your selfless service is now mine,
a life in service I define.**

Sealing:

In the name of the Divine Mother, I fully accept that the power of these calls is used to set free the Ma-ter light, so it can outpicture the perfect vision of Christ for my own life, for all people and for the planet. In the name I AM THAT I AM, it is done! Amen.

Eco 05 - Invoking the money system of the Golden Age

In the name I AM THAT I AM, Jesus Christ, I call to all ascended masters working on manifesting the Golden Age, especially the seven archangels and Saint Germain to radiate into the collective consciousness the matrix for the golden age economy. Help people see that we can build a new future by working with the ascended masters and letting go of the old way of looking at life, including...

[Make personal calls.]

Part 1

1. Saint Germain, radiate into the collective consciousness the awareness that money, in its pure form, is a pure expression of the Mother. Money is not the root of all evil.

Michael Archangel, in your flame so blue,
there is no more night, there is only you.
In oneness with you, we're filled with your light,
what glorious wonder, revealed to our sight.

**Michael Archangel, your Knowing so strong,
Michael Archangel, oh sweep us along.
Michael Archangel, we're singing your song,
Michael Archangel, with you we belong.**

2. Saint Germain, radiate into the collective consciousness the awareness that in its pure form money is a medium of exchange and a short-term storage of value.

Michael Archangel, protection you give,
within your blue shield, we ever shall live.
Sealed from all creatures, roaming the night,
we remain in your sphere, of electric blue light.

**Michael Archangel, your Knowing so strong,
Michael Archangel, oh sweep us along.
Michael Archangel, we're singing your song,
Michael Archangel, with you we belong.**

3. Saint Germain, radiate into the collective consciousness the awareness that after money was created, the fallen beings turned money into an end in itself.

Michael Archangel, what power you bring,
as millions of angels, praises will sing.
Consuming the demons, of doubt and of fear,
we know that your Presence, will always be near.

**Michael Archangel, your Knowing so strong,
Michael Archangel, oh sweep us along.
Michael Archangel, we're singing your song,
Michael Archangel, with you we belong.**

4. Saint Germain, radiate into the collective consciousness the awareness that the fallen beings saw that by perverting the money system, they could use money to gather privileges for themselves and to gain control over the people.

Michael Archangel, God's will is your love,
you bring to us all, God's light from Above.
God's will is to see, all life taking flight,
transcendence of self, our most sacred right.

**Michael Archangel, your Knowing so strong,
Michael Archangel, oh sweep us along.
Michael Archangel, we're singing your song,
Michael Archangel, with you we belong.**

5. Saint Germain, radiate into the collective consciousness the awareness that when all people take what they have been given and make the best of it, the ascended masters can bring forth even more abundance whereby the total amount of abundance is increased.

Michael Archangel, you are the best friend,
from all worldly dangers you do us defend,
the devil no match for your power of light,
and therefore our souls can freely take flight.

**Michael Archangel, your Knowing so strong,
Michael Archangel, oh sweep us along.
Michael Archangel, we're singing your song,
Michael Archangel, with you we belong.**

6. Saint Germain, radiate into the collective consciousness the awareness that the consciousness that springs from the mind of anti-christ is the consciousness of wanting something for nothing or wanting to reap the reward of other peoples' labor.

Michael Archangel, as children we play,
we're bringing the earth into a new day,
we raise it from all of the patterns so old,
our planet's life story is by us retold.

**Michael Archangel, your Knowing so strong,
Michael Archangel, oh sweep us along.
Michael Archangel, we're singing your song,
Michael Archangel, with you we belong.**

7. Saint Germain, radiate into the collective consciousness the awareness that the fallen ones have set themselves up as being above the people because they have created the division of separating man from God.

Michael Archangel, God's power you show,
that you are invincible, this we do know,
you are undivided and thus can withstand,
anything coming from serpentine band.

**Michael Archangel, your Knowing so strong,
Michael Archangel, oh sweep us along.
Michael Archangel, we're singing your song,
Michael Archangel, with you we belong.**

8. Saint Germain, radiate into the collective consciousness the awareness that only through the connection to the spiritual realm can we have true equality. When this connection is lost, an elite will suppress the people and reap the rewards of their labor.

Michael Archangel, come raise now the earth,
giving her thus a complete rebirth,
collective the mind that we do now raise,
for this we do give our infinite praise.

**Michael Archangel, your Knowing so strong,
Michael Archangel, oh sweep us along.
Michael Archangel, we're singing your song,
Michael Archangel, with you we belong.**

9. Saint Germain, radiate into the collective consciousness the awareness that when people are suppressed physically, they know they are suppressed. The fallen beings know it is better to suppress people in hidden ways so that the people do not realize they are suppressed.

Michael Archangel, the earth is now new,
covered in Blue-flame as the morning dew,
our planet now sparkles throughout all of space,
as we are receiving your infinite Grace.

**Michael Archangel, your Knowing so strong,
Michael Archangel, oh sweep us along.
Michael Archangel, we're singing your song,
Michael Archangel, with you we belong.**

Part 2

1. Saint Germain, radiate into the collective consciousness the awareness that some fallen beings realized that the creation of this new medium of money gave them an opportunity to control the people by controlling the money system.

Jophiel Archangel, in wisdom's great light,
all serpentine lies exposed to our sight.
So subtle the lies that creep through the mind,
yet you are the greatest teacher we find.

**Jophiel Archangel, exposing all lies,
Jophiel Archangel, cutting all ties.
Jophiel Archangel, clearing the skies,
Jophiel Archangel, the mind truly flies.**

2. Saint Germain, radiate into the collective consciousness the awareness that the fallen beings realized that if they could pervert the money system, they could suppress the people and steal the value of their labor—without the people understanding what was happening.

Jophiel Archangel, your wisdom we hail,
your sword cutting through duality's veil.
As you show the way, we know what is real,
from serpentine doubt, we instantly heal.

**Jophiel Archangel, exposing all lies,
Jophiel Archangel, cutting all ties.
Jophiel Archangel, clearing the skies,
Jophiel Archangel, the mind truly flies.**

3. Saint Germain, radiate into the collective consciousness the awareness that when money is used correctly as a medium of exchange, then we only have the amount of money needed to exchange the goods and services produced by society.

Jophiel Archangel, your reality,
the best antidote to duality.
No lie can remain in your Presence so clear,
with you on our side, no serpent we fear.

**Jophiel Archangel, exposing all lies,
Jophiel Archangel, cutting all ties.
Jophiel Archangel, clearing the skies,
Jophiel Archangel, the mind truly flies.**

4. Saint Germain, radiate into the collective consciousness the awareness that when there is a direct correspondence between money and something of real value, then it is not possible to create money out of nothing, money that has no real value associated with it.

Jophiel Archangel, God's mind in in me,
and through your clear light, its wisdom we see.
Divisions all vanish, as we see the One,
and truly, the wholeness of mind we have won.

**Jophiel Archangel, exposing all lies,
Jophiel Archangel, cutting all ties.
Jophiel Archangel, clearing the skies,
Jophiel Archangel, the mind truly flies.**

5. Saint Germain, radiate into the collective consciousness the awareness that even though the money supply can grow, the value of money is not degraded, for we still only have the money needed to exchange goods and services.

Jophiel Archangel, now show us the way,
that leads us beyond duality's fray,
we long to discern the truth and the lie,
so we the serpentine knots can untie.

**Jophiel Archangel, exposing all lies,
Jophiel Archangel, cutting all ties.
Jophiel Archangel, clearing the skies,
Jophiel Archangel, the mind truly flies.**

6. Saint Germain, radiate into the collective consciousness the awareness that we can have a society that has a steadily growing economy and a steady increase in the money supply without having an increase in the prices of goods and services.

Jophiel Archangel, your Presence is here,
and therefore our minds are perfectly clear,
in wisdom's great fount we do take a bath,
and now we withstand the devil's own wrath.

**Jophiel Archangel, exposing all lies,
Jophiel Archangel, cutting all ties.
Jophiel Archangel, clearing the skies,
Jophiel Archangel, the mind truly flies.**

7. Saint Germain, radiate into the collective consciousness the awareness that as productivity increases, prices can decrease. The value of our labor goes up so that we can buy more for the same amount of labor put in. Everyone experiences an increase in abundance.

Jophiel Archangel, it is your great task,
to raise all mankind, if only we ask,
so now on behalf of those who are blind,
we ask for your help in wisdom to find.

**Jophiel Archangel, exposing all lies,
Jophiel Archangel, cutting all ties.
Jophiel Archangel, clearing the skies,
Jophiel Archangel, the mind truly flies.**

8. Saint Germain, radiate into the collective consciousness the awareness that this is the natural economy because nature has a built-in force that leads towards greater abundance for all life.

Jophiel Archangel, your Presence we hail,
your Light cutting through the serpentine veil,
the serpents can no longer people deceive,
for all now your Flame of Wisdom receive.

**Jophiel Archangel, exposing all lies,
Jophiel Archangel, cutting all ties.
Jophiel Archangel, clearing the skies,
Jophiel Archangel, the mind truly flies.**

9. Saint Germain, radiate into the collective consciousness the awareness that the fallen beings took us away from the natural economy by perverting the money system so that they disassociated money from something that has real value.

Jophiel Archangel, where else can we go,
when we long the highest wisdom to know?
You share with us gladly all that you are,
and now our vision goes ever so far.

**Jophiel Archangel, exposing all lies,
Jophiel Archangel, cutting all ties.
Jophiel Archangel, clearing the skies,
Jophiel Archangel, the mind truly flies.**

Part 3

1. Saint Germain, radiate into the collective consciousness the awareness that this started because the kings in Europe needed money to wage war with each other. They needed excess money, more money than could be raised through the production of goods and services.

Chamuel Archangel, in ruby ray power,
we know we are taking a life-giving shower.
Love burning away all perversions of will,
we suddenly feel our desires falling still.

**Chamuel Archangel, descend from Above,
Chamuel Archangel, with ruby-pink love,
Chamuel Archangel, so often thought-of,
Chamuel Archangel, o come Holy Dove.**

2. Saint Germain, radiate into the collective consciousness the awareness that war cannot produce something of value. It can only destroy something of value.

Chamuel Archangel, a spiral of light,
as ruby ray fire now pierces the night.
All forces of darkness consumed by your fire,
consuming all those who will not rise higher.

**Chamuel Archangel, descend from Above,
Chamuel Archangel, with ruby-pink love,
Chamuel Archangel, so often thought-of,
Chamuel Archangel, o come Holy Dove.**

3. Saint Germain, radiate into the collective consciousness the awareness that the kings of Europe were the ones who, in their greed for more money than they could tax from their subjects, set the stage for the emergence of a perverted money system.

Chamuel Archangel, your love so immense,
with clarified vision, our lives now make sense.
The purpose of life you so clearly reveal,
immersed in your love, God's oneness we feel.

**Chamuel Archangel, descend from Above,
Chamuel Archangel, with ruby-pink love,
Chamuel Archangel, so often thought-of,
Chamuel Archangel, o come Holy Dove.**

4. Saint Germain, radiate into the collective consciousness the awareness that the kings knew that if they raised taxes in order to finance their wars, the people might revolt against them. They needed to find some other way to finance their wars, and they entered into an unholy alliance with the emerging bankers of Europe.

Chamuel Archangel, what calmness you bring,
we see now that even death has no sting.
For truly, in love there can be no decay,
as love is transcendence into a new day.

**Chamuel Archangel, descend from Above,
Chamuel Archangel, with ruby-pink love,
Chamuel Archangel, so often thought-of,
Chamuel Archangel, o come Holy Dove.**

5. Saint Germain, radiate into the collective consciousness the awareness that these bankers had realized that they could make money out of lending gold and charging interest. Yet their profits were limited by the amount of gold available.

Chamuel Archangel, God't Love Flame bestow,
on all those longing God's true love to know,
conditions we know can never be real,
and this is the love you always reveal.

**Chamuel Archangel, descend from Above,
Chamuel Archangel, with ruby-pink love,
Chamuel Archangel, so often thought-of,
Chamuel Archangel, o come Holy Dove.**

6. Saint Germain, radiate into the collective consciousness the awareness that the kings of Europe were open to the suggestions of the bankers that instead of having money that was based on gold or silver, you create fiat money.

Chamuel Archangel, love's seed you have sown,
in hearts of all those who don't seek to own,
for love that possesses is nothing but fear,
that pierces the heart with duality's spear.

**Chamuel Archangel, descend from Above,
Chamuel Archangel, with ruby-pink love,
Chamuel Archangel, so often thought-of,
Chamuel Archangel, o come Holy Dove.**

7. Saint Germain, radiate into the collective consciousness the awareness that fiat money is created by decree where the king issued a law that this newly created money was now the legal tender and all people had to accept it as payment for goods and services.

Chamuel Archangel, we don't want control,
for this is the devil's hold on the soul,
your love will now break the serpentine chain,
so we are set free God's love to reclaim.

**Chamuel Archangel, descend from Above,
Chamuel Archangel, with ruby-pink love,
Chamuel Archangel, so often thought-of,
Chamuel Archangel, o come Holy Dove.**

8. Saint Germain, radiate into the collective consciousness the awareness that this allowed the bankers to create this money, lend it to the king who could then use it to buy the goods and services to finance his war.

Chamuel Archangel, you are so adept,
at helping us God's true love to accept,
we know that the love for which we so yearn,
is not something we on earth have to earn.

**Chamuel Archangel, descend from Above,
Chamuel Archangel, with ruby-pink love,
Chamuel Archangel, so often thought-of,
Chamuel Archangel, o come Holy Dove.**

9. Saint Germain, radiate into the collective consciousness the awareness that there is now a disconnect between the money and something of real value, which means you can now create excess money. You can create money that is not the result of someone multiplying their talents.

Chamuel Archangel, for love to accept,
we do not need to be so perfect,
for love is not static but always a flow,
demanding only we're willing to grow.

**Chamuel Archangel, descend from Above,
Chamuel Archangel, with ruby-pink love,
Chamuel Archangel, so often thought-of,
Chamuel Archangel, o come Holy Dove.**

Part 4

1. Saint Germain, radiate into the collective consciousness the awareness that money is now created out of nothing by the bankers lending money, charging interest for it, but actually lending more money than they have reserves for in their vaults.

Gabriel Archangel, your light we revere,
immersed in your Presence, nothing we fear.
Disciples of Christ, we do leave behind,
the ego's desire for responding in kind.

**Gabriel Archangel, of this we are sure,
Gabriel Archangel, Christ light is the cure.
Gabriel Archangel, intentions so pure,
Gabriel Archangel, in you we're secure.**

2. Saint Germain, radiate into the collective consciousness the awareness that the money system in most parts of the world is based on fractional reserve banking.

Gabriel Archangel, we fear not the light,
in purifications' fire, we delight.
With your hand in ours, each challenge we face,
we follow the spiral to infinite grace.

**Gabriel Archangel, of this we are sure,
Gabriel Archangel, Christ light is the cure.
Gabriel Archangel, intentions so pure,
Gabriel Archangel, in you we're secure.**

3. Saint Germain, radiate into the collective consciousness the awareness that when you increase the money supply beyond what is needed to trade goods and services, there is now more money in circulation. The first people who get a hold of the newly issued money, those people who did not have to work for it, they can now spend it.

Gabriel Archangel, your fire burning white,
ascending with you, out of the night.
The ego has nowhere to run and to hide,
in ascension's bright spiral, with you we abide.

**Gabriel Archangel, of this we are sure,
Gabriel Archangel, Christ light is the cure.
Gabriel Archangel, intentions so pure,
Gabriel Archangel, in you we're secure.**

4. Saint Germain, radiate into the collective consciousness the awareness that in spending money created out of nothing, people inevitably bid up prices of goods and services, including real estate. They increase prices, which gradually filters through the economy until the prices of all goods and services have gone up.

Gabriel Archangel, your trumpet we hear,
announcing the birth of Christ drawing near.
In lightness of being, we now are reborn,
rising with Christ on bright Easter morn.

**Gabriel Archangel, of this we are sure,
Gabriel Archangel, Christ light is the cure.
Gabriel Archangel, intentions so pure,
Gabriel Archangel, in you we're secure.**

5. Saint Germain, radiate into the collective consciousness the awareness that if we doubled the amount of money by creating money that is not backed by real value, then eventually the prices of most goods and services would also double.

Gabriel Archangel, the earth is now free,
embracing a nondual reality,
the judgment of Christ upon forces so dark,
who deny that all have a spiritual spark.

**Gabriel Archangel, of this we are sure,
Gabriel Archangel, Christ light is the cure.
Gabriel Archangel, intentions so pure,
Gabriel Archangel, in you we're secure.**

6. Saint Germain, radiate into the collective consciousness the awareness that in this process, the value of the labor of the majority of the population has been reduced because people still only work so many hours and are paid so much money, but they need more money to pay for goods and services.

Gabriel Archangel, with angels so white,
raising our planet out of the dark night,
as we now intone the Word of the Lord,
the beings who fell are bound by your sword.

**Gabriel Archangel, of this we are sure,
Gabriel Archangel, Christ light is the cure.**

**Gabriel Archangel, intentions so pure,
Gabriel Archangel, in you we're secure.**

7. Saint Germain, radiate into the collective consciousness the awareness that this led to a spiral where the people who did the actual work had the value of their labor degraded to the point where they could hardly make a living.

Gabriel Archangel, we call now to you,
the astral plane your light burning through,
entities, demons, discarnates are bound,
as you and we intone Sacred Sound.

**Gabriel Archangel, of this we are sure,
Gabriel Archangel, Christ light is the cure.
Gabriel Archangel, intentions so pure,
Gabriel Archangel, in you we're secure.**

8. Saint Germain, radiate into the collective consciousness the awareness that this caused workers to organize and demand higher wages, but those in the power elite simply created more money out of nothing to pay the higher wages. This spiral has continued to the present day.

Gabriel Archangel, what glorious day,
your radiant angels have come here to stay,
your purifications fire burning white,
intentions so pure, our hearts taking flight.

**Gabriel Archangel, of this we are sure,
Gabriel Archangel, Christ light is the cure.
Gabriel Archangel, intentions so pure,
Gabriel Archangel, in you we're secure.**

9. Saint Germain, radiate into the collective consciousness the awareness that people have a higher standard of living today because part of the money that was created out of nothing has been absorbed into the system by people continuing to increase productivity.

Gabriel Archangel, our planet so pure,
in our bright new future we do feel secure,
with your band of light encircling the earth,
Saint Germain's Golden Age is now given birth.

**Gabriel Archangel, of this we are sure,
Gabriel Archangel, Christ light is the cure.
Gabriel Archangel, intentions so pure,
Gabriel Archangel, in you we're secure.**

Part 5

1. Saint Germain, radiate into the collective consciousness the awareness that those people who are still willing to work to earn a living have underwritten the system of the elite by adding real value to the economy.

Raphael Archangel, your light so intense,
raise us beyond all human pretense.
Mother Mary and you have a vision so bold,
to see that our highest potential unfold.

**Raphael Archangel, for vision we pray,
Raphael Archangel, show us the way,
Raphael Archangel, your emerald ray,
Raphael Archangel, our lives a new day.**

2. Saint Germain, radiate into the collective consciousness the awareness that this has prevented the inflation created by an increase in the money supply from reaching such proportions that the economy would collapse because the money had no value.

Raphael Archangel, in emerald sphere,
to immaculate vision we always adhere.
Mother Mary enfolds us in her Sacred Heart,
from Mother's true love, we're never apart.

**Raphael Archangel, for vision we pray,
Raphael Archangel, show us the way,
Raphael Archangel, your emerald ray,
Raphael Archangel, our lives a new day.**

3. Saint Germain, radiate into the collective consciousness the awareness that the fiat money system based on fractional reserve banking, based on creating money out of debt, has a built-in inflationary factor that inevitably will cause the system to collapse.

Raphael Archangel, all ailments you heal,
each cell in our bodies in light now you seal.
Mother Mary's immaculate concept we see,
perfection of health our new reality.

**Raphael Archangel, for vision we pray,
Raphael Archangel, show us the way,
Raphael Archangel, your emerald ray,
Raphael Archangel, our lives a new day.**

4. Saint Germain, radiate into the collective consciousness the awareness that those who are in charge of such a money system cannot contain their greed. The king will want more money, the bankers will want to make a greater profit, and all they need to do is roll the printing presses and print more money.

Raphael Archangel, your light is so real,
the vision of Christ in us you reveal.
Mother Mary now helps us to truly transcend,
in emerald light with you we ascend.

**Raphael Archangel, for vision we pray,
Raphael Archangel, show us the way,
Raphael Archangel, your emerald ray,
Raphael Archangel, our lives a new day.**

5. Saint Germain, radiate into the collective consciousness the awareness that the members of the power elite inevitably become blinded by that greed, and they set the economy into an inflationary spiral that will destroy the economy.

Raphael Archangel, diseases are done,
as you help us see that all life is One,
we no longer do your true love reject,
immaculate vision on all we project.

**Raphael Archangel, for vision we pray,
Raphael Archangel, show us the way,
Raphael Archangel, your emerald ray,
Raphael Archangel, our lives a new day.**

6. Saint Germain, radiate into the collective consciousness the awareness that this can be balanced by real people performing real labor and increasing the amount of services so quickly that the money system does not collapse, does not go into an inflationary cycle that cannot be stopped.

Raphael Archangel, we're healing the earth,
in immaculate vision we give her rebirth,
a new era has on this day begun,
your emerald light now shines like a sun.

**Raphael Archangel, for vision we pray,
Raphael Archangel, show us the way,
Raphael Archangel, your emerald ray,
Raphael Archangel, our lives a new day.**

7. Saint Germain, radiate into the collective consciousness the awareness that even though the average worker is better off today, people have not reaped the natural God-given reward of the multiplication of their talents.

Raphael Archangel, the fall is behind,
as all of earth's people the Christ path do find,
we call now to you all people to heal,
as four lower bodies in love you do seal.

**Raphael Archangel, for vision we pray,
Raphael Archangel, show us the way,
Raphael Archangel, your emerald ray,
Raphael Archangel, our lives a new day.**

8. Saint Germain, radiate into the collective consciousness the awareness that through the increase of the money supply and inflation, people have been taxed. Inflation is a hidden form of tax where the people do not realize they are taxed.

Raphael Archangel, as you bring the light,
the forces of darkness swiftly take flight,
their day is now done as we claim the earth,
spreading to all an innocent mirth.

**Raphael Archangel, for vision we pray,
Raphael Archangel, show us the way,
Raphael Archangel, your emerald ray,
Raphael Archangel, our lives a new day.**

9. Saint Germain, radiate into the collective consciousness the awareness that if there had been a divine economy over the last century, the standard of living would have been even higher. There would not be any poverty left.

Raphael Archangel, our vision set free,
as we can now see God's reality,
as Saint Germain's vision is manifest here,
the earth is now sealed in immaculate sphere.

**Raphael Archangel, for vision we pray,
Raphael Archangel, show us the way,
Raphael Archangel, your emerald ray,
Raphael Archangel, our lives a new day.**

Part 6

1. Saint Germain, radiate into the collective consciousness the awareness that the power elite has managed to delay the God-ordained growth in the economy and the manifestation of the abundant life that should have come about by now.

Uriel Archangel, immense is the power,
of angels of peace, all war to devour.
The demons of war, no match for your light,
consuming them all, with radiance so bright.

**Uriel Archangel, use your great sword,
Uriel Archangel, consume all discord,
Uriel Archangel, we're of one accord,
Uriel Archangel, we walk with the Lord.**

2. Saint Germain, radiate into the collective consciousness the awareness that the first people who can spend the newly created money can often buy goods and services at the old prices. Only as the new money circulates through the economy, will prices go up.

Uriel Archangel, intense is the sound,
when millions of angels, their voices compound.
They build a crescendo, piercing the night,
life's glorious oneness revealed to our sight.

**Uriel Archangel, use your great sword,
Uriel Archangel, consume all discord,
Uriel Archangel, we're of one accord,
Uriel Archangel, we walk with the Lord.**

3. Saint Germain, radiate into the collective consciousness the awareness that over the last century there has been a greater and greater concentration of wealth under the control of a smaller and smaller elite. A few percent of the population control the majority of the wealth in most nations.

Uriel Archangel, from out the Great Throne,
your millions of trumpets, sound the One Tone.
Consuming all discord with your harmony,
the sound of all sounds will set all life free.

**Uriel Archangel, use your great sword,
Uriel Archangel, consume all discord,
Uriel Archangel, we're of one accord,
Uriel Archangel, we walk with the Lord.**

4. Saint Germain, radiate into the collective consciousness the awareness that this is an absolute perversion of the abundant life of God. This is nothing more than the power elite seeking to control the people through the money supply.

Uriel Archangel, all war is now done,
for you bring a message, from heart of the One.

The hearts of all men, now singing in peace,
the spirals of love, forever increase.

**Uriel Archangel, use your great sword,
Uriel Archangel, consume all discord,
Uriel Archangel, we're of one accord,
Uriel Archangel, we walk with the Lord.**

5. Saint Germain, radiate into the collective consciousness the awareness that one of the original bankers that created this system said that if you allowed him to control a nation's money, he did not care who made the nation's laws, for he knew that the nation could be controlled through the money system.

Uriel Archangel, your infinite peace,
from all warring beings our planet release,
war is a prison from which we are free,
embracing the peace of true unity.

**Uriel Archangel, use your great sword,
Uriel Archangel, consume all discord,
Uriel Archangel, we're of one accord,
Uriel Archangel, we walk with the Lord.**

6. Saint Germain, radiate into the collective consciousness the awareness that in the United States there is an unholy alliance between the federal government and the Federal Reserve, which is not a federal agency and thus not answerable to the people.

Uriel Archangel, we send forth the call,
reveal now the oneness that unifies all,
help us the vision of peace now to see,
so we from all conflicts and struggles are free.

**Uriel Archangel, use your great sword,
Uriel Archangel, consume all discord,
Uriel Archangel, we're of one accord,
Uriel Archangel, we walk with the Lord.**

7. Saint Germain, radiate into the collective consciousness the awareness that the governments of today also face the situation that they want to spend more money than they know the people are willing to pay in taxes.

Uriel Archangel, in service to life,
you give us release from struggle and strife,
forgetting the self is truly the key,
to living a life in true harmony.

**Uriel Archangel, use your great sword,
Uriel Archangel, consume all discord,
Uriel Archangel, we're of one accord,
Uriel Archangel, we walk with the Lord.**

8. Saint Germain, radiate into the collective consciousness the awareness that even modern governments let the bankers create money out of nothing, thereby eroding the value of the money—and thus taxing the people without the people being aware of this.

Uriel Archangel, the earth now you raise,
out of duality's death-bringing haze,

we call now upon your great Flame of Peace,
commanding that all petty squabbles do cease.

**Uriel Archangel, use your great sword,
Uriel Archangel, consume all discord,
Uriel Archangel, we're of one accord,
Uriel Archangel, we walk with the Lord.**

9. Saint Germain, radiate into the collective consciousness the awareness that whenever a government wants to spend more than they think the people are willing to pay in taxes, they simply camouflage it as inflation so that the people pay it anyway but now they do not notice and thus they do not object.

Uriel Archangel, as peace is the norm,
to your higher vision the earth does conform,
as people have found your peace from within,
a Golden Age is the prize that we win.

**Uriel Archangel, use your great sword,
Uriel Archangel, consume all discord,
Uriel Archangel, we're of one accord,
Uriel Archangel, we walk with the Lord.**

Part 7

1. Saint Germain, radiate into the collective consciousness the awareness that the bankers and the financial elite make money from this process. The people not only have the degradation of the value of the money but also have to pay the interest of the national debt.

Zadkiel Archangel, your flow is so swift,
in your violet light, we instantly shift,
into a vibration in which we are free,
from all limitations of the lesser me.

**Zadkiel Archangel, encircle the earth,
Zadkiel Archangel, with your violet girth,
Zadkiel Archangel, unstoppable mirth,
Zadkiel Archangel, our planet's rebirth.**

2. Saint Germain, radiate into the collective consciousness the awareness that there is a connection between war and money. The bankers quickly realized that there was no better way to earn a profit than to set nations against each other in war.

Zadkiel Archangel, we truly aspire,
to being the master of your violet fire,
wielding the power, of your alchemy,
we use Sacred Word, to set all life free.

**Zadkiel Archangel, encircle the earth,
Zadkiel Archangel, with your violet girth,
Zadkiel Archangel, unstoppable mirth,
Zadkiel Archangel, our planet's rebirth.**

3. Saint Germain, radiate into the collective consciousness the awareness that the bankers have often financed both sides of a conflict and also opened the weapons plants that produced the weapons used in the conflict.

Zadkiel Archangel, your violet light,
transforming the earth, with unstoppable might,
so swiftly our planet, beginning to spin,
with legions of angels, our victory we win.

**Zadkiel Archangel, encircle the earth,
Zadkiel Archangel, with your violet girth,
Zadkiel Archangel, unstoppable mirth,
Zadkiel Archangel, our planet's rebirth.**

4. Saint Germain, radiate into the collective consciousness the awareness that the bankers made a profit all around, while the people paid not only with their blood in the war but also with their sweat and blood as they worked to produce the real value that was needed to keep the system going.

Zadkiel Archangel, the earth is now free,
from burdens put on her by humanity,
all people are free from their inner strife,
embracing the freedom to start a new life.

**Zadkiel Archangel, encircle the earth,
Zadkiel Archangel, with your violet girth,
Zadkiel Archangel, unstoppable mirth,
Zadkiel Archangel, our planet's rebirth.**

5. Saint Germain, radiate into the collective consciousness the awareness that slavery through money is far beyond physical slavery. People cannot object to it because they do not even know. They just notice that they have to work harder and harder, and they do not understand why this is so.

Zadkiel Archangel, the earth will now spin,
much faster as we Christ victory win,
for in Christ the captives are truly set free,
bathed in Christ Light the earth now will be.

**Zadkiel Archangel, encircle the earth,
Zadkiel Archangel, with your violet girth,
Zadkiel Archangel, unstoppable mirth,
Zadkiel Archangel, our planet's rebirth.**

6. Saint Germain, radiate into the collective consciousness the awareness that we need to educate ourselves and have the will to demand a new money system. By not being willing to take responsibility for the money system, we attract those who are willing to pervert the system and take advantage of us.

Zadkiel Archangel, the forces of night,
are bound by your penetrating Freedom Light,
the earth is now cleared by forces so dark,
as your Violet Light provides a new spark.

**Zadkiel Archangel, encircle the earth,
Zadkiel Archangel, with your violet girth,**

**Zadkiel Archangel, unstoppable mirth,
Zadkiel Archangel, our planet's rebirth.**

7. Saint Germain, radiate into the collective consciousness the awareness that this becomes a vicious circle that only has two outcomes. Either we wake up and demand change or the power elite will keep increasing the money supply until the system collapses.

Zadkiel Archangel, we truly love you,
and to Saint Germain we will always be true,
help us now see our plans so Divine,
so we on this planet our full light can shine.

**Zadkiel Archangel, encircle the earth,
Zadkiel Archangel, with your violet girth,
Zadkiel Archangel, unstoppable mirth,
Zadkiel Archangel, our planet's rebirth.**

8. Saint Germain, radiate into the collective consciousness the awareness that the fallen beings, in their greed, blindness and spiritual pride, think they will never have to suffer the consequences of their actions because the people are bearing the karma and the elite can get away with anything.

Zadkiel Archangel, there is no more night,
a new day is born from your great Violet Light,
transforming all manifestations of fear,
we know that the Golden Age is now here.

**Zadkiel Archangel, encircle the earth,
Zadkiel Archangel, with your violet girth,
Zadkiel Archangel, unstoppable mirth,
Zadkiel Archangel, our planet's rebirth.**

9. Saint Germain, radiate into the collective consciousness the awareness that we cannot expect the power elite to stop this downward spiral. If the people do not put on the brakes, then it is just a matter of time before the money machine will run amok.

Zadkiel Archangel, your violet flame,
the earth and humanity, never the same,
Saint Germain's Golden Age, is a reality,
what glorious wonder, we joyously see.

**Zadkiel Archangel, encircle the earth,
Zadkiel Archangel, with your violet girth,
Zadkiel Archangel, unstoppable mirth,
Zadkiel Archangel, our planet's rebirth.**

Part 8

1. Saint Germain, radiate into the collective consciousness the awareness that in the Golden Age there will be a steady growth in the amount of abundance available, a steady growth in opportunity.

O Saint Germain, you do inspire,
my vision raised forever higher,

with you I form a figure-eight,
your Golden Age I co-create.

**O Saint Germain, what love you bring,
it truly makes all matter sing,
your violet flame does all restore,
with you we are becoming more.**

2. Saint Germain, radiate into the collective consciousness the awareness that in the Golden Age there is a positive spiral where the people are reaping the rewards of their own labor, and therefore they are willing to work more. Everything becomes an upward spiral.

O Saint Germain, what Freedom Flame,
released when we recite your name,
acceleration is your gift,
our planet it will surely lift.

**O Saint Germain, what love you bring,
it truly makes all matter sing,
your violet flame does all restore,
with you we are becoming more.**

3. Saint Germain, radiate into the collective consciousness the awareness that the vision you hold for the Golden Age is a vision where no one is poor, no one is lacking for a decent standard of living or the free time to pursue the spiritual aspects of life.

O Saint Germain, in love we claim,
our right to bring your violet flame,
from you Above, to us below,
it is an all-transforming flow.

**O Saint Germain, what love you bring,
it truly makes all matter sing,
your violet flame does all restore,
with you we are becoming more.**

4. Saint Germain, radiate into the collective consciousness the awareness that as we raise consciousness, we open the door for new inventions, new methods of fabrication, new forms of energy that will increase the amount of abundance so that the economy can grow even further.

O Saint Germain, I love you so,
my aura filled with violet glow,
my chakras filled with violet fire,
I am your cosmic amplifier.

**O Saint Germain, what love you bring,
it truly makes all matter sing,
your violet flame does all restore,
with you we are becoming more.**

5. Saint Germain, radiate into the collective consciousness the awareness that there is no end to the growth in the economy in a golden age society. The concept of limits to growth is put upon us by the fallen beings.

O Saint Germain, I am now free,
your violet flame is therapy,
transform all hang-ups in my mind,
as inner peace I surely find.

**O Saint Germain, what love you bring,
it truly makes all matter sing,
your violet flame does all restore,
with you we are becoming more.**

6. Saint Germain, radiate into the collective consciousness the awareness that the fallen beings only want to limit *our* growth, not their own wealth, power, and privilege. They have to find a way to get the people to be satisfied with less so that they can have more.

O Saint Germain, my body pure,
your violet flame for all is cure,
consume the cause of all disease,
and therefore I am all at ease.

**O Saint Germain, what love you bring,
it truly makes all matter sing,
your violet flame does all restore,
with you we are becoming more.**

7. Saint Germain, radiate into the collective consciousness the awareness that in the Golden Age, the people are not satisfied with less, for they realize that it is the Father's good pleasure to give them more. It is their divine birthright to reap the reward of their initiative and labor.

O Saint Germain, I'm karma-free,
the past no longer burdens me,
a brand new opportunity,
I am in Christic unity.

**O Saint Germain, what love you bring,
it truly makes all matter sing,
your violet flame does all restore,
with you we are becoming more.**

8. Saint Germain, radiate into the collective consciousness the awareness that money is not evil. In its pure form, it is an expression of the Mother. If we did not have money, the economy could not grow beyond a certain level.

O Saint Germain, we are now one,
I am for you a violet sun,
as we transform this planet earth,
your Golden Age is given birth.

**O Saint Germain, what love you bring,
it truly makes all matter sing,
your violet flame does all restore,
with you we are becoming more.**

9. Saint Germain, radiate into the collective consciousness the awareness that the Divine Father provides the increase in the total amount of abundance. The Divine Mother

distributes that among all people so that all can have a decent standard of living and pursue their Divine plans.

O Saint Germain, the earth is free,
from burden of duality,
in oneness we bring what is best,
your Golden Age is manifest.

**O Saint Germain, what love you bring,
it truly makes all matter sing,
your violet flame does all restore,
with you we are becoming more.**

Part 9

1. Saint Germain, radiate into the collective consciousness the awareness that with the perversion of the Mother, money becomes the means to control the people. It allows the elite to run amok in a never-ending quest for more and more in the material realm.

Divine Director, I now see,
the world is unreality,
in my heart I now truly feel,
the Spirit is all that is real.

**Divine Director, send the light,
from blindness clear my inner sight,
my vision free, my vision clear,
your guidance is forever here.**

2. Saint Germain, radiate into the collective consciousness the awareness that the higher use of abundance in the material realm is to use it as a platform for spiritual pursuits that then raises the consciousness of the people and brings forth the Kingdom of God.

Divine Director, vision give,
in clarity I want to live,
I now behold my plan Divine,
the plan that is uniquely mine.

**Divine Director, send the light,
from blindness clear my inner sight,
my vision free, my vision clear,
your guidance is forever here.**

3. Saint Germain, radiate into the collective consciousness the awareness that members of the elite do not want the Kingdom of God—for in the Kingdom of God they cannot be the elite. They cannot even remain on this planet so they want to stop the Kingdom of God.

Divine Director, show in me,
the ego games, and set me free,
help me escape the ego's cage,
to help bring in the Golden Age.

**Divine Director, send the light,
from blindness clear my inner sight,
my vision free, my vision clear,
your guidance is forever here.**

4. Saint Germain, radiate into the collective consciousness the awareness that members of the elite do this by perverting every aspect of society where the people are not aware, are not taking responsibility for educating ourselves and making our own decisions.

Divine Director, I'm with you,
my vision one, no longer two,
as karma's veil you do disperse,
I see a whole new universe.

**Divine Director, send the light,
from blindness clear my inner sight,
my vision free, my vision clear,
your guidance is forever here.**

5. Saint Germain, radiate into the collective consciousness the awareness that it is the absolute requirement for a Golden Age to manifest that the people wake up realize how every aspect of society has been perverted by the dualistic consciousness and decide that we will no longer be pawns in this game.

Divine Director, I go up,
electric light now fills my cup,
consume in me all shadows old,
bestow on me a vision bold.

**Divine Director, send the light,
from blindness clear my inner sight,
my vision free, my vision clear,
your guidance is forever here.**

6. Saint Germain, radiate into the collective consciousness the awareness that we need to decide that we will no longer be the slaves, we will no longer be the worker bees, for the elite. We will take back our birthright to be the people of God.

Divine Director, heart of gold,
my sacred labor I unfold,
o blessed Guru, I now see,
where my own plan is taking me.

**Divine Director, send the light,
from blindness clear my inner sight,
my vision free, my vision clear,
your guidance is forever here.**

7. Saint Germain, in the name of the Christ, I say to all people everywhere: "Wake up and claim your birthright! Saint Germain is the father of the Golden Age and it is his good pleasure to give us his kingdom. Claim it, accept it, bring it into manifestation!"

Divine Director, by your grace,
in grander scheme I find my place,
my individual flame I see,
uniqueness God has given me.

**Divine Director, send the light,
from blindness clear my inner sight,
my vision free, my vision clear,
your guidance is forever here.**

8. Saint Germain, radiate into the collective consciousness the awareness that you are ready to manifest your Golden Age on this planet. I, for one, am ready to accept it.

Divine Director, vision one,
I see that I AM God's own Sun,
with your direction so Divine,
I am now letting my light shine.

**Divine Director, send the light,
from blindness clear my inner sight,
my vision free, my vision clear,
your guidance is forever here.**

9. Saint Germain, radiate into the collective consciousness the awareness that there is a Golden Age waiting to be brought into manifestation. We need only play our part and multiply the talents that you are ready to give us. Then, you will do your part and provide the increase.

Divine Director, what a gift,
to be a part of Spirit's lift,
to raise mankind out of the night,
to bask in Spirit's loving sight.

**Divine Director, send the light,
from blindness clear my inner sight,
my vision free, my vision clear,
your guidance is forever here.**

Sealing

In the name of the Divine Mother, I call to all ascended masters for the sealing of myself and all people in my circle of influence in the creative flow of the Divine Mother, the River of Life. I call for the multiplication of my calls by all ascended masters so that we form the perfect figure-eight flow of "As Above, so below." Thus, I accept that this is fully manifest, because the mouth of the Lord, the Divine Mother that I AM, has spoken it. Amen.

Eco 06 - Invoking an economy for the people

In the name I AM THAT I AM, Jesus Christ, I call to all ascended masters working on manifesting the Golden Age, especially the seven Elohim and Saint Germain to radiate into the collective consciousness the matrix for an economy that is not dominated by an elite but gives abundance to all people. Help people see that we can build a new future by working with the ascended masters and letting go of the old way of looking at life, including...

[Make personal calls.]

Part 1

1. Saint Germain, radiate into the collective consciousness the awareness that Jesus came to set all people free from the idolatry of the fallen beings, those who are trapped in the duality consciousness because they are blinded by their egos.

O Hercules Blue, we're one with your will,
all space in our beings with Blue Flame you fill,
a beacon that radiates light to the earth,
bringing about our planet's rebirth.

**O Hercules Blue, all life you defend,
giving us power to always transcend,
in you the expansion of self has no end,
as we in God's infinite spirals ascend.**

2. Saint Germain, radiate into the collective consciousness the awareness that idolatry keeps the majority of the population trapped in the illusion that they need an elite to stand between themselves and God.

O Hercules Blue, your wisdom so great,
within us a sense of knowing create,
a new frame of reference we suddenly gain,
for going beyond duality's pain.

**O Hercules Blue, all life you defend,
giving us power to always transcend,

as we in God's infinite spirals ascend.**

3. Saint Germain, radiate into the collective consciousness the awareness that the fallen beings are perpetuating the lie that people can contact God only through the outer religion and its priesthood.

O Hercules Blue, we lovingly raise,
our voices in giving God infinite praise,
in feeling your flame, so clearly we see,
transcending the self is the true alchemy.

**O Hercules Blue, all life you defend,
giving us power to always transcend,
in you the expansion of self has no end,
as we in God's infinite spirals ascend.**

4. Saint Germain, radiate into the collective consciousness the awareness that idolatry is the central problem in the economic crisis.

O Hercules Blue, all life now you heal,
enveloping all in your Blue-flame Seal,
we're grateful for playing a personal part,
In God's infinitely intricate work of art.

**O Hercules Blue, all life you defend,
giving us power to always transcend,
in you the expansion of self has no end,
as we in God's infinite spirals ascend.**

5. Saint Germain, radiate into the collective consciousness the awareness that the press, government officials and leaders in economic organizations or big banks all perpetuate the idolatry that certain companies are “too big to fail.”

O Hercules Blue, your Temple of Light,
revealed to us all through our inner sight,
your power allows us to forge on until,
we pierce every veil and climb every hill.

**O Hercules Blue, all life you defend,
giving us power to always transcend,
in you the expansion of self has no end,
as we in God’s infinite spirals ascend.**

6. Saint Germain, radiate into the collective consciousness the awareness that the lie that we cannot exist without the power elite of fallen beings prevents us from taking back the power of God within each of us.

O Hercules Blue, I pledge now my life,
in helping this planet transcend human strife,
duality’s lies are pierced by your light,
restoring the fullness of our inner sight.

**O Hercules Blue, all life you defend,
giving us power to always transcend,
in you the expansion of self has no end,
as we in God’s infinite spirals ascend.**

7. Saint Germain, radiate into the collective consciousness the awareness that some among the power elite see that their days are numbered. It is only a matter of a relatively short time before the people will rise up against the power elites.

O Hercules Blue, we set all life free,
from the subtlest lies of duality,
the prince of this world no more has a bond,
for with you we go completely beyond.

**O Hercules Blue, all life you defend,
giving us power to always transcend,
in you the expansion of self has no end,
as we in God’s infinite spirals ascend.**

8. Saint Germain, radiate into the collective consciousness the awareness that will awaken people from the idolatry of thinking that they need an elite of selfish and self-centered people in order to continue a society with stability.

O Hercules Blue, in oneness with thee,
we open our hearts to your reality,
your electric-blue fire within us reveal,
our innermost longing for all that is real.

**O Hercules Blue, all life you defend,
giving us power to always transcend,
in you the expansion of self has no end,
as we in God’s infinite spirals ascend.**

9. Saint Germain, radiate into the collective consciousness the awareness that will help people learn their lesson so that those who will not learn can receive the judgment of Christ and be removed.

O Hercules Blue, you fill every space,
with infinite Power and infinite Grace,
you embody the key to creativity,
the will to transcend into Infinity.

**O Hercules Blue, all life you defend,
giving us power to always transcend,
in you the expansion of self has no end,
as we in God's infinite spirals ascend.**

Part 2

1. Saint Germain, radiate into the collective consciousness the awareness that people must learn what can be done to misuse the economy before they will be ready to accept the economy of the Golden Age.

Beloved Apollo, with your second ray,
you open our eyes to see a new day,
We see through duality's lies and deceit,
transcending the mindset producing defeat.

**Beloved Apollo, thou Elohim Gold,
your radiant light our eyes now behold,
as pages of wisdom you gently unfold,
our planet is free from all that is old.**

2. Saint Germain, radiate into the collective consciousness the awareness that people are so steeped in the consciousness of lack that most of them would reject the design for the golden age economy.

Beloved Apollo, in your flame we know,
that your living wisdom is always a flow,
in your light we see our own highest will,
immersed in the stream that never stands still.

**Beloved Apollo, thou Elohim Gold,
your radiant light our eyes now behold,
as pages of wisdom you gently unfold,
our planet is free from all that is old.**

3. Saint Germain, radiate into the collective consciousness the awareness that the essence of idolatry is the desire to raise yourself above other people. To do this, you must be in an environment infused with the illusion of lack. In order for some to have more, others must have less.

Beloved Apollo, your light makes it clear,
why we have taken embodiment here,
exposing all lies causing the fall,
you help us reclaim the oneness of all.

**Beloved Apollo, thou Elohim Gold,
your radiant light our eyes now behold,**

**as pages of wisdom you gently unfold,
our planet is free from all that is old.**

4. Saint Germain, radiate into the collective consciousness the awareness that this state of an unequal distribution of wealth and privilege cannot exist in the abundant life of God. It can only exist when that abundant life has been rejected by a critical mass of human beings so that it cannot be physically manifest.

Beloved Apollo, exposing all lies,
we hereby surrender all ego-based ties,
we know our perception is truly the key,
to transcending the serpentine duality.

**Beloved Apollo, thou Elohim Gold,
your radiant light our eyes now behold,
as pages of wisdom you gently unfold,
our planet is free from all that is old.**

5. Saint Germain, radiate into the collective consciousness the awareness that the true realism of the Golden Age is where the people realize that they have access to the power of God within themselves. Therefore, we can bring forth the abundant life without being dependent upon an elite here on earth.

Beloved Apollo, we heed now your call,
drawing us into Wisdom's Great Hall,
working to raise our own cosmic sphere,
together we form the tip of the spear.

**Beloved Apollo, thou Elohim Gold,
your radiant light our eyes now behold,
as pages of wisdom you gently unfold,
our planet is free from all that is old.**

6. Saint Germain, radiate into the collective consciousness the awareness that we do not need an elite who can make the decisions of how to run the complicated financial system that the elite has created in order to hide their intentions and their manipulation from the people.

Beloved Apollo, your wisdom so clear,
in oneness with you, no serpent we fear,
the beam in our eye we willingly see,
we're free from the serpent's own duality.

**Beloved Apollo, thou Elohim Gold,
your radiant light our eyes now behold,
as pages of wisdom you gently unfold,
our planet is free from all that is old.**

7. Saint Germain, radiate into the collective consciousness the awareness that the system has finally become so complicated that even the people who created it can no longer figure out how the system works. They can no longer assess the true risk of the dubious financial instruments they have created.

Beloved Apollo, you help us to see
through your knowing eyes we truly are free,

we willingly stand in your piercing gaze,
empowered, we exit duality's maze.

**Beloved Apollo, thou Elohim Gold,
your radiant light our eyes now behold,
as pages of wisdom you gently unfold,
our planet is free from all that is old.**

8. Saint Germain, radiate into the collective consciousness the awareness that old companies can suddenly vanish because their leaders have become deceived by the complexity of their financial instruments and by the consciousness of greed.

Beloved Apollo, our vision we raise,
we see that the earth is in a new phase,
for nothing can stop the knowledge you bring,
exposing that there's no separate thing.

**Beloved Apollo, thou Elohim Gold,
your radiant light our eyes now behold,
as pages of wisdom you gently unfold,
our planet is free from all that is old.**

9. Saint Germain, radiate into the collective consciousness the awareness that when people are in a state of idolatry, blindly following the blind leaders, then it is only a matter of time before those blind leaders take the entire system to the brink of collapse.

Beloved Apollo, in wisdom's great mirth,
we all are together uplifting the earth,
as you now the true Flame of Wisdom reveal,
all of earth's people can see what is real.

**Beloved Apollo, thou Elohim Gold,
your radiant light our eyes now behold,
as pages of wisdom you gently unfold,
our planet is free from all that is old.**

Part 3

1. Saint Germain, radiate into the collective consciousness the awareness that what has driven the financial system is blind greed. This has perverted the system to the point where it is so based on debt that it is impossible to accurately assess the risk of conducting business in the system.

O Heros-Amora, in your love so pink,
we care not what others about us may think,
in oneness with you, we claim a new day,
as innocent children, we frolic and play.

**O Heros-Amora, we reap what we sow,
yet this is Plan B for helping us grow,
for truly, Plan A is that we join the flow,
immersed in the Infinite Love you bestow.**

2. Saint Germain, radiate into the collective consciousness the awareness that the cycle of growth and profit was built on the blindness and the greed of those at the top and many among the people.

O Heros-Amora, a new life begun,
we laugh at the devil, the serious one,
the serpent is stuck in his duality,
but we are set free by Love's reality.

**O Heros-Amora, we reap what we sow,
yet this is Plan B for helping us grow,
for truly, Plan A is that we join the flow,
immersed in the Infinite Love you bestow.**

3. Saint Germain, radiate into the collective consciousness the awareness that both the people at the top and those who followed the leaders were blinded by the consciousness of something for nothing that is the essence of greed.

O Heros-Amora, awakened we see,
in true love is no conditionality,
we bathe in your glorious Ruby-Pink Sun,
knowing our God allows life to be fun.

**O Heros-Amora, we reap what we sow,
yet this is Plan B for helping us grow,
for truly, Plan A is that we join the flow,
immersed in the Infinite Love you bestow.**

4. Saint Germain, radiate into the collective consciousness the awareness that when people want something for nothing, they think that anything goes. Anything that seems to offer a short-term profit should be pursued.

O Heros-Amora, life is such a joy,
we see that the world is like a great toy,
whatever the mind into it projects,
the mirror of life exactly reflects.

**O Heros-Amora, we reap what we sow,
yet this is Plan B for helping us grow,
for truly, Plan A is that we join the flow,
immersed in the Infinite Love you bestow.**

5. Saint Germain, radiate into the collective consciousness the awareness that the profits that were claimed were not real profits, they were imaginary profits because the risk had been masked to the point where it seemed like there was no loss or the loss could be postponed to next year.

O Heros-Amora, conditions you burn,
we know we are free to take a new turn,
Immersed in the stream of infinite Love,
we know that the Spirit came from Above.

**O Heros-Amora, we reap what we sow,
yet this is Plan B for helping us grow,
for truly, Plan A is that we join the flow,
immersed in the Infinite Love you bestow.**

6. Saint Germain, radiate into the collective consciousness the awareness that the entire system was in a state of blindness that is the inevitable companion of greed. Greed can only be based on an illusion and any illusion feeds further illusion, further blindness.

O Heros-Amora, we feel that at last,
we've risen above the trap of the past,
in true love we claim our freedom to grow,
forever we're one with Love's Infinite Flow.

**O Heros-Amora, we reap what we sow,
yet this is Plan B for helping us grow,
for truly, Plan A is that we join the flow,
immersed in the Infinite Love you bestow.**

7. Saint Germain, radiate into the collective consciousness the awareness that the illusion behind greed makes it seem possible that we can gain an advantage to ourselves and our company, and then never mind what happens to other people or to the system itself.

O Heros-Amora, conditions are ties,
forming a net of serpentine lies,
but you have the antidote setting us free,
you take us beyond conditionality.

**O Heros-Amora, we reap what we sow,
yet this is Plan B for helping us grow,
for truly, Plan A is that we join the flow,
immersed in the Infinite Love you bestow.**

8. Saint Germain, radiate into the collective consciousness the awareness that the money managers have created an economy that is based on the consciousness behind gambling.

O Heros-Amora, your love is no bond,
for love only wants to take us beyond,
your love has no bounds, forever it flies,
raising all life into Ruby-Pink skies.

**O Heros-Amora, we reap what we sow,
yet this is Plan B for helping us grow,
for truly, Plan A is that we join the flow,
immersed in the Infinite Love you bestow.**

9. Saint Germain, radiate into the collective consciousness the awareness that Wall Street created the promise that all who invested in these new financial instruments would make a return. That promise could not be fulfilled because it was based on the illusion that all who play the lottery can win the big prize.

O Heros-Amora, love bathing the earth,
filling all people with infinite mirth,
for fear and despair there is no more room,
as all are awakened by love's sonic boom.

**O Heros-Amora, we reap what we sow,
yet this is Plan B for helping us grow,
for truly, Plan A is that we join the flow,
immersed in the Infinite Love you bestow.**

Part 4

1. Saint Germain, radiate into the collective consciousness the awareness that when the Tower of Babel began to crack, the people at the top switched from the illusion of greed to

the illusion of fear. In their fear, they created the downward spiral that threatened a meltdown of the system.

Beloved Astrea, your heart is so true,
your Circle and Sword of white and blue,
cut all life free from dramas unwise,
on wings of Purity our planet will rise.

**Beloved Astrea, in oneness with you,
your circle and sword of electric blue,
with Purity's Light cutting right through,
raising the earth into all that is true.**

2. Saint Germain, radiate into the collective consciousness the awareness that this woke up the government, who thought the market would take care of itself. Suddenly, the government realized that the market will take care of it by taking down the entire flawed system.

we're rising beyond every impurity,
as Purity's Light forever we see.

**Beloved Astrea, in oneness with you,
your circle and sword of electric blue,
with Purity's Light cutting right through,
raising the earth into all that is true.**

3. Saint Germain, radiate into the collective consciousness the awareness that the government suddenly decided that it had to protect the people. But is the government protecting the people or the power elite?

Beloved Astrea, from Purity's Ray,
send forth deliverance to all life today,
acceleration to Purity, we are now free
from all that is less than love's Purity.

**Beloved Astrea, in oneness with you,
your circle and sword of electric blue,
with Purity's Light cutting right through,
raising the earth into all that is true.**

4. Saint Germain, radiate into the collective consciousness the awareness that the American government is so trapped in the mindset of greed and elitism that they are acting primarily to protect the elite rather than the people.

Beloved Astrea, accelerate us all,
as for your deliverance we fervently call,
set all life free from vision impure
beyond fear and doubt, we're rising for sure.

**Beloved Astrea, in oneness with you,
your circle and sword of electric blue,
with Purity's Light cutting right through,
raising the earth into all that is true.**

5. Saint Germain, radiate into the collective consciousness the awareness that if the government does not thoroughly reform the entire financial system, another crisis will come along.

Beloved Astrea, we're willing to see,
all of the lies that keep us unfree,
we surrender all lies causing the fall,
forever affirming the oneness of All.

**Beloved Astrea, in oneness with you,
your circle and sword of electric blue,
with Purity's Light cutting right through,
raising the earth into all that is true.**

6. Saint Germain, radiate into the collective consciousness the awareness that will awaken the intelligent and well-meaning people in both businesses and government so they can enact the reforms that are necessary in order to put the financial world on a sustainable growth path where the system will not destroy itself out of blind greed.

Beloved Astrea, accelerate life
beyond all duality's struggle and strife,
consume all division between God and man,
accelerate fulfillment of God's perfect plan.

**Beloved Astrea, in oneness with you,
your circle and sword of electric blue,
with Purity's Light cutting right through,
raising the earth into all that is true.**

7. Saint Germain, radiate into the collective consciousness the awareness that we need to take a look at the system and say: "What is actually wrong with the system? What do we need to do to create an economy that promotes sustainable growth, not only for the elite but for all people?"

Beloved Astrea, we lovingly call,
break down separation's invisible wall,
raising our minds into true unity
with the Masters of love in Infinity.

**Beloved Astrea, in oneness with you,
your circle and sword of electric blue,
with Purity's Light cutting right through,
raising the earth into all that is true.**

8. Saint Germain, radiate into the collective consciousness the awareness that in the transition to the Aquarian Age no economy can be sustainable unless it raises up all people towards the abundant life.

Beloved Astrea, help all of us find,
the secret that we create with the mind,
and thus what in ignorance we decreate,
in knowledge we easily can recreate.

**Beloved Astrea, in oneness with you,
your circle and sword of electric blue,
with Purity's Light cutting right through,
raising the earth into all that is true.**

9. Saint Germain, radiate into the collective consciousness the awareness that it is not sustainable to have an economy on a world basis where two-thirds of the world's population live near the starvation level or below the poverty level of a few dollars a day.

Beloved Astrea, we all do aspire,
to learning to use your purity's fire,
to raise every form in infamy sown,
as Saint Germain makes this planet his own.

**Beloved Astrea, in oneness with you,
your circle and sword of electric blue,
with Purity's Light cutting right through,
raising the earth into all that is true.**

Part 5

1. Saint Germain, radiate into the collective consciousness the awareness that as long as the rich nations will not address that problem, their economies will always be in a state of going from one crisis to the next.

Cyclopea so dear, the truth you reveal,
the truth that duality's ailments will heal,
your Emerald Light is like a great balm,
our emotional bodies are perfectly calm.

**Cyclopea so dear, in Emerald Sphere,
in raising perception we shall persevere,
as deep in our hearts your truth we revere,
to immaculate vision the earth does adhere.**

2. Saint Germain, radiate into the collective consciousness the awareness that in order to create a financial system that is sustainable, the government must acknowledge its rightful role.

Cyclopea so dear, with you we unwind,
all negative spirals clouding the mind,
we know pure awareness is truly our core,
the key to becoming the wide-open door.

**Cyclopea so dear, in Emerald Sphere,
in raising perception we shall persevere,
as deep in our hearts your truth we revere,
to immaculate vision the earth does adhere.**

3. Saint Germain, radiate into the collective consciousness the awareness that one of the primary reasons for the current financial crisis is the lack of regulation.

Cyclopea so dear, clear our inner sight,
empowered, we pierce the soul's fearful night,
we now see our life through your single eye,
beyond all disease we're ready to fly.

**Cyclopea so dear, in Emerald Sphere,
in raising perception we shall persevere,
as deep in our hearts your truth we revere,
to immaculate vision the earth does adhere.**

4. Saint Germain, radiate into the collective consciousness the awareness that the government has been caught up in a false view of the free market economy that makes people think they need to let the market regulate itself.

Cyclopea so dear, life can only reflect,
the images that the mind does project,
the key to our healing is clearing the mind,
from the images the ego is hiding behind.

**Cyclopea so dear, in Emerald Sphere,
in raising perception we shall persevere,
as deep in our hearts your truth we revere,
to immaculate vision the earth does adhere.**

5. Saint Germain, radiate into the collective consciousness the awareness that a free society does not mean that a small power elite has freedom to exploit and dominate the population.

Cyclopea so dear, we want to aim high,
to your healing flame we ever draw nigh,
through veils of duality we now take flight,
bathed in your penetrating Emerald Light.

**Cyclopea so dear, in Emerald Sphere,
in raising perception we shall persevere,
as deep in our hearts your truth we revere,
to immaculate vision the earth does adhere.**

6. Saint Germain, radiate into the collective consciousness the awareness that freedom cannot be found through the duality consciousness. Freedom is when you know that only when you do something to raise the All, will you be doing something that will truly benefit yourself.

Cyclopea so dear, your Emerald Flame,
exposes every subtle, dualistic power game,
including the game of wanting to say,
that truth is defined in only one way.

**Cyclopea so dear, in Emerald Sphere,
in raising perception we shall persevere,
as deep in our hearts your truth we revere,
to immaculate vision the earth does adhere.**

7. Saint Germain, radiate into the collective consciousness the awareness that the role of a democratic government is to protect the people, to serve as the steward of the principles that will raise up all life towards greater economic freedom and abundance.

Cyclopea so dear, we're feeling the flow,
as your Living Truth upon us you bestow,
from all dual vision we are now set free,
planet earth in immaculate matrix will be.

**Cyclopea so dear, in Emerald Sphere,
in raising perception we shall persevere,
as deep in our hearts your truth we revere,
to immaculate vision the earth does adhere.**

8. Saint Germain, radiate into the collective consciousness the awareness that the power elite has perpetrated the myth that a free market economy can run itself without government intervention.

Cyclopea so dear, the truth is now clear,
we see higher purpose for which we are here
we know truth transcends all systems below,
immersed in your light, we continue to grow.

**Cyclopea so dear, in Emerald Sphere,
in raising perception we shall persevere,
as deep in our hearts your truth we revere,
to immaculate vision the earth does adhere.**

9. Saint Germain, radiate into the collective consciousness the awareness that it is a myth that the United States and other Western nations have a free market economy and have always had such an economy.

Cyclopea so dear, we're feeling your joy,
as creative vision we now do employ,
in lifting earth out of serpentine cage,
to manifest Saint Germain's Golden Age.

**Cyclopea so dear, in Emerald Sphere,
in raising perception we shall persevere,
as deep in our hearts your truth we revere,
to immaculate vision the earth does adhere.**

Part 6

1. Saint Germain, radiate into the collective consciousness the awareness that in the late 1800's certain fallen beings realized that the only way to create a huge profit was to drive and control market conditions in order to create monopolies.

O Elohim Peace, in Unity's Flame,
there is no more room for duality's game,
we know that all form is from the same source,
empowering us to plot a new course.

**O Elohim Peace, through your tranquility,
we are free from the chaos of duality,
in oneness with God a new identity,
we are raising the earth into Infinity.**

2. Saint Germain, radiate into the collective consciousness the awareness that in a true free market economy, where competition is unrestricted and people are educated and informed, it is not possible to create a monopoly.

O Elohim Peace, the bell now you ring,
causing all atoms to vibrate and sing,
we give up the sense of a separate "me,"
we're crossing Samsara's turbulent sea.

**O Elohim Peace, through your tranquility,
we are free from the chaos of duality,
in oneness with God a new identity,
we are raising the earth into Infinity.**

3. Saint Germain, radiate into the collective consciousness the awareness that freedom is the anti-thesis of monopolies. Free competition will destroy monopolies by always making it possible for others to compete, no matter how big one business might become.

O Elohim Peace, you help us to know,
that Jesus has come your Flame to bestow,
upon all who are ready to give up the strife,
by following Christ into infinite life.

**O Elohim Peace, through your tranquility,
we are free from the chaos of duality,
in oneness with God a new identity,
we are raising the earth into Infinity.**

4. Saint Germain, radiate into the collective consciousness the awareness that a business will only remain big in a free economy as long as it serves its customers. When you create a monopoly and artificially raise prices, the customers will go elsewhere.

O Elohim Peace, through your eyes we see,
that only in oneness will we ever be free,
we now see that there is no separate thing,
to the ego-based self we no longer cling.

**O Elohim Peace, through your tranquility,
we are free from the chaos of duality,
in oneness with God a new identity,
we are raising the earth into Infinity.**

5. Saint Germain, radiate into the collective consciousness the awareness that the big industrialists realized that in a democratic nation it is not possible to create a monopoly through competition. The only way to gain a monopoly is to use the government to limit the competition.

O Elohim Peace, you show us the way,
for clearing the mind from duality's fray,
you pierce the illusions of both time and space,
separation consumed by your Infinite Grace.

**O Elohim Peace, through your tranquility,
we are free from the chaos of duality,
in oneness with God a new identity,
we are raising the earth into Infinity.**

6. Saint Germain, radiate into the collective consciousness the awareness that they caused the government to be deceived by the illusion that it had to enter the economy and use its power to regulate the economy for the purpose of creating stability.

O Elohim Peace, what beauty your name,
consuming within us duality's shame,
the earth is set free from burden of fear,
accepting your peace is now manifest here.

**O Elohim Peace, through your tranquility,
we are free from the chaos of duality,
in oneness with God a new identity,
we are raising the earth into Infinity.**

7. Saint Germain, radiate into the collective consciousness the awareness that in the vision of these big financiers, this meant creating a stable situation where no smaller companies could come up and challenge the position of the big established companies.

O Elohim Peace, with Christ at our side,
no force of duality can evermore hide,
It was through the vibration of your Golden Flame,
that Christ the illusion of death overcame.

**O Elohim Peace, through your tranquility,
we are free from the chaos of duality,
in oneness with God a new identity,
we are raising the earth into Infinity.**

8. Saint Germain, radiate into the collective consciousness the awareness that over this past century, government regulations have been used to protect the big established companies from the free market, the free competition.

O Elohim Peace, you bring now to earth,
the unstoppable flame of Cosmic Rebirth,
we give up the sense that something is "mine,"
allowing your Light through our beings to shine.

**O Elohim Peace, through your tranquility,
we are free from the chaos of duality,
in oneness with God a new identity,
we are raising the earth into Infinity.**

9. Saint Germain, radiate into the collective consciousness the awareness that the "master stroke" of these financiers was the creation of the Federal Reserve System, which served not only to prevent free competition in the banking industry. It also served to prevent the big companies from reaping the consequences of their mistakes.

O Elohim Peace, as peace now we feel,
all records of war you totally heal,
the earth is now free from forces of war,
restoring her purity known from before.

**O Elohim Peace, through your tranquility,
we are free from the chaos of duality,
in oneness with God a new identity,
we are raising the earth into Infinity.**

Part 7

1. Saint Germain, radiate into the collective consciousness the awareness that in a free economy, those who make mistakes will reap the consequences and go down or be reduced in size.

Beloved Arcturus, release now the flow,
of Violet Flame to help all life grow,
in ever-expanding circles of light,
it pulses within every atom so bright.

**Beloved Arcturus, your Violet Flame pure,
is for every ailment the ultimate cure,**

**against it no darkness could ever endure,
earth's freedom it will forever ensure.**

2. Saint Germain, radiate into the collective consciousness the awareness that in creating the Federal Reserve as the lender of last resort, the big banks could make bad investments, and the system would protect them from going down.

Beloved Arcturus, thou Elohim Free,
we open our hearts to your reality,
we have no attachments to life here on earth,
we claim a new life in your Flame of Rebirth.

**Beloved Arcturus, your Violet Flame pure,
is for every ailment the ultimate cure,
against it no darkness could ever endure,
earth's freedom it will forever ensure.**

3. Saint Germain, radiate into the collective consciousness the awareness that independent banks are being taken over by the big banks who are a part of the Federal Reserve System and therefore are backed by the taxpayers, for the taxpayers are liable for the money that the system creates out of nothing.

Beloved Arcturus, be with us always,
reborn, we are ready to face a new day,
expanding our hearts into Infinity,
your flame is the key to our God-victory.

**Beloved Arcturus, your Violet Flame pure,
is for every ailment the ultimate cure,
against it no darkness could ever endure,
earth's freedom it will forever ensure.**

4. Saint Germain, radiate into the collective consciousness the awareness that a critical mass of the people need to use their freedom to go beyond the illusions and the lies fed by the mainstream press and educate themselves about the reality of how the economy works. We must be the watchmen on the wall.

Beloved Arcturus, your bright violet fire,
now fills every atom, raising them higher,
the space in each atom all filled with your light,
as matter itself is shining so bright.

**Beloved Arcturus, your Violet Flame pure,
is for every ailment the ultimate cure,
against it no darkness could ever endure,
earth's freedom it will forever ensure.**

5. Saint Germain, radiate into the collective consciousness the awareness that it is a myth that a free democratic government can stay out of the economy. It is absolutely necessary that a modern government will keep a watchful eye on the economy and will regulate.

Beloved Arcturus, your transforming Grace,
empowers us now every challenge to face,
with your Freedom's Song filling the ear,
we know that to God we're ever so dear.

**Beloved Arcturus, your Violet Flame pure,
is for every ailment the ultimate cure,
against it no darkness could ever endure,
earth's freedom it will forever ensure.**

6. Saint Germain, radiate into the collective consciousness the awareness that regulation should not be to give an advantage to the elite, to the establishment, but to ensure free competition.

Beloved Arcturus, we surrender all fear,
we're feeling your Presence so tangibly near,
as your violet light floods our inner space,
towards the ascension we willingly race.

**Beloved Arcturus, your Violet Flame pure,
is for every ailment the ultimate cure,
against it no darkness could ever endure,
earth's freedom it will forever ensure.**

7. Saint Germain, radiate into the collective consciousness the awareness that the government must make sure that an elite or establishment cannot form, but that the people always have recourse to take their business elsewhere and to create smaller businesses that compete with the big ones.

Beloved Arcturus, bring in a new age,
help earth and humanity turn a new page,
your transforming light gives us certainty,
Saint Germain's Golden Age is a reality.

**Beloved Arcturus, your Violet Flame pure,
is for every ailment the ultimate cure,
against it no darkness could ever endure,
earth's freedom it will forever ensure.**

8. Saint Germain, radiate into the collective consciousness the awareness that a free democratic government cannot allow businesses to go beyond a certain size. It is not a free economy if businesses are allowed to become so big that they cannot only out-compete smaller businesses but that they can actually drive the market.

Beloved Arcturus, illusions you pierce,
no serpent can stand against angels so fierce,
no forces of darkness can stop Violet Flame,
all discord on earth it will instantly tame.

**Beloved Arcturus, your Violet Flame pure,
is for every ailment the ultimate cure,
against it no darkness could ever endure,
earth's freedom it will forever ensure.**

9. Saint Germain, radiate into the collective consciousness the awareness that when businesses become too big, they can create a situation where their financial instruments destroy the entire system.

Beloved Arcturus, we love Saint Germain,
and therefore we call forth again and again,

your Violet Flame to flood all the earth,
so Saint Germain's eyes are filling with mirth.

**Beloved Arcturus, your Violet Flame pure,
is for every ailment the ultimate cure,
against it no darkness could ever endure,
earth's freedom it will forever ensure.**

Part 8

1. Saint Germain, radiate into the collective consciousness the awareness that it is the duty of a government to protect its citizens against the consequences of companies becoming so big that they can dominate the marketplace and therefore hold a monopoly.

O Saint Germain, you do inspire,
my vision raised forever higher,
with you I form a figure-eight,
your Golden Age I co-create.

**O Saint Germain, what love you bring,
it truly makes all matter sing,
your violet flame does all restore,
with you we are becoming more.**

2. Saint Germain, radiate into the collective consciousness the awareness that we cannot allow monopolies that are either protected by government regulations, or protected by non-regulation so that once a company has become so big that it dominates the market, it can destroy any competition to itself.

O Saint Germain, what Freedom Flame,
released when we recite your name,
acceleration is your gift,
our planet it will surely lift.

**O Saint Germain, what love you bring,
it truly makes all matter sing,
your violet flame does all restore,
with you we are becoming more.**

3. Saint Germain, radiate into the collective consciousness the awareness that laissez faire is not an option on this planet, as long as so many people are blinded by the duality consciousness and there are fallen beings in embodiment.

O Saint Germain, in love we claim,
our right to bring your violet flame,
from you Above, to us below,
it is an all-transforming flow.

**O Saint Germain, what love you bring,
it truly makes all matter sing,
your violet flame does all restore,
with you we are becoming more.**

4. Saint Germain, radiate into the collective consciousness the awareness that a government cannot let the market take care of itself. The government must protect the

people, not only from the elite but even from the people's own blindness when they are blinded by the duality consciousness.

O Saint Germain, I love you so,
my aura filled with violet glow,
my chakras filled with violet fire,
I am your cosmic amplifier.

**O Saint Germain, what love you bring,
it truly makes all matter sing,
your violet flame does all restore,
with you we are becoming more.**

5. Saint Germain, radiate into the collective consciousness the awareness that it is not enough to have a constitution based on principles, for that constitution will be undermined by people who do not see the truth behind those principles.

O Saint Germain, I am now free,
your violet flame is therapy,
transform all hang-ups in my mind,
as inner peace I surely find.

**O Saint Germain, what love you bring,
it truly makes all matter sing,
your violet flame does all restore,
with you we are becoming more.**

6. Saint Germain, radiate into the collective consciousness the awareness that in the Aquarian Age it is necessary to raise up people in all aspects of government, in the media, in business and in other branches of society who have the vision that beyond man-made ideas there is a greater reality.

O Saint Germain, my body pure,
your violet flame for all is cure,
consume the cause of all disease,
and therefore I am all at ease.

**O Saint Germain, what love you bring,
it truly makes all matter sing,
your violet flame does all restore,
with you we are becoming more.**

7. Saint Germain, radiate into the collective consciousness the awareness that it is only when we reach for that greater reality that we can create a sustainable civilization, a civilization that does not collapse through financial crisis, war or other manifestations of people's consciousness.

O Saint Germain, I'm karma-free,
the past no longer burdens me,
a brand new opportunity,
I am in Christic unity.

**O Saint Germain, what love you bring,
it truly makes all matter sing,
your violet flame does all restore,
with you we are becoming more.**

8. Saint Germain, radiate into the collective consciousness the awareness that if we allow any aspect of society to be dominated by the duality consciousness, then we will experience a crisis that will threaten the collapse of the entire society.

O Saint Germain, we are now one,
I am for you a violet sun,
as we transform this planet earth,
your Golden Age is given birth.

**O Saint Germain, what love you bring,
it truly makes all matter sing,
your violet flame does all restore,
with you we are becoming more.**

9. Saint Germain, radiate into the collective consciousness the awareness that the only way to avoid this cycle of ups and downs, the so-called business cycle, is to reach for something that is beyond the duality consciousness.

O Saint Germain, the earth is free,
from burden of duality,
in oneness we bring what is best,
your Golden Age is manifest.

**O Saint Germain, what love you bring,
it truly makes all matter sing,
your violet flame does all restore,
with you we are becoming more.**

Part 9

1. Saint Germain, radiate into the collective consciousness the awareness that as long as we have a business world based on the duality consciousness, we will have a business cycle of ups and downs. Sooner or later this system will collapse.

Divine Director, I now see,
the world is unreality,
in my heart I now truly feel,
the Spirit is all that is real.

**Divine Director, send the light,
from blindness clear my inner sight,
my vision free, my vision clear,
your guidance is forever here.**

2. Saint Germain, radiate into the collective consciousness the awareness that we need to recognize the flaws in the current system and reach for the ideas that can manifest a sustainable system that avoids these ups and downs.

Divine Director, vision give,
in clarity I want to live,
I now behold my plan Divine,
the plan that is uniquely mine.

**Divine Director, send the light,
from blindness clear my inner sight,
my vision free, my vision clear,
your guidance is forever here.**

3. Saint Germain, radiate into the collective consciousness the awareness that will awaken the people who have an in-depth knowledge of the economy and can receive the ideas from the ascended masters that are absolutely necessary to pull society out of the current financial crisis.

Divine Director, show in me,
the ego games, and set me free,
help me escape the ego's cage,
to help bring in the Golden Age.

**Divine Director, send the light,
from blindness clear my inner sight,
my vision free, my vision clear,
your guidance is forever here.**

4. Saint Germain, radiate into the collective consciousness the awareness that will awaken those who have the potential to be open to higher ideas and allow them to step forward and play their intended role.

Divine Director, I'm with you,
my vision one, no longer two,
as karma's veil you do disperse,
I see a whole new universe.

**Divine Director, send the light,
from blindness clear my inner sight,
my vision free, my vision clear,
your guidance is forever here.**

5. Saint Germain, radiate into the collective consciousness the awareness that will awaken the people to recognize these new ideas as the voice of reason, the voice of higher principles.

Divine Director, I go up,
electric light now fills my cup,
consume in me all shadows old,
bestow on me a vision bold.

**Divine Director, send the light,
from blindness clear my inner sight,
my vision free, my vision clear,
your guidance is forever here.**

6. Saint Germain, by the authority of the Christ within me, I hereby call forth the Light that will push society over the brink so that the right people come to the forefront and their ideas are recognized as what is necessary to take society forward.

Divine Director, heart of gold,
my sacred labor I unfold,
o blessed Guru, I now see,
where my own plan is taking me.

**Divine Director, send the light,
from blindness clear my inner sight,
my vision free, my vision clear,
your guidance is forever here.**

7. Saint Germain, by the authority of the Christ within me, I hereby call forth the Light that will judge the fallen beings who have been and are manipulating the financial system.

Divine Director, by your grace,
in grander scheme I find my place,
my individual flame I see,
uniqueness God has given me.

**Divine Director, send the light,
from blindness clear my inner sight,
my vision free, my vision clear,
your guidance is forever here.**

8. Saint Germain, by the authority of the Christ within me, I hereby call for the fallen beings in the financial system to be removed from embodiment and for the light to consume all of the matrices they have created in order to distort and obstruct the divine economy.

Divine Director, vision one,
I see that I AM God's own Sun,
with your direction so Divine,
I am now letting my light shine.

**Divine Director, send the light,
from blindness clear my inner sight,
my vision free, my vision clear,
your guidance is forever here.**

9. Saint Germain, by the authority of the Christ within me, I hereby call forth the Light that will take down the financial system of the fallen ones and bring forth the system of the ascended masters that can replace the old system and manifest a golden age economy.

Divine Director, what a gift,
to be a part of Spirit's lift,
to raise mankind out of the night,
to bask in Spirit's loving sight.

**Divine Director, send the light,
from blindness clear my inner sight,
my vision free, my vision clear,
your guidance is forever here.**

Sealing

In the name of the Divine Mother, I call to all ascended masters for the sealing of myself and all people in my circle of influence in the creative flow of the Divine Mother, the River of Life. I call for the multiplication of my calls by all ascended masters so that we form the perfect figure-eight flow of "As Above, so below." Thus, I accept that this is fully manifest, because the mouth of the Lord, the Divine Mother that I AM, has spoken it. Amen.

Eco 07 - WINV 26 Saint Germain's Call for a Sound Money System

In the name of the unconditional love of the Divine Masculine, the Divine Son, the Holy Spirit and the Divine Feminine, Amen.

In the name of Archangel Michael, Master MORE, Jesus Christ, Mother Mary, Saint Germain, Gautama Buddha, the Dhyani Buddhas, Maraytai, The Great Divine Director and the entire spirit of the Ascended Host, I invoke a mass awakening so people can see how the duality consciousness has perverted the money system, and thus created an unbalanced economy that concentrates wealth in the hands of a small elite while keeping the population in poverty.

(Describe specific situations and places where you want this invocation to bring change.)

God is Father and Mother

God is Father, God is Mother,
never one without the other.

Your balanced union is our source,
your love will keep us on our course.
You offer us abundant life,
to free us from all sense of strife.
We plunge ourselves into the stream,
awakening from this bad dream.
We see that life is truly one,
and thus our victory is won.
We have returned unto our God,
on the path the saints have trod.
We form God's body on the Earth,
and give our planet its rebirth,
into a Golden Age of love,
with ample blessings from Above.
We set all people free to see
that oneness is reality,
and in that oneness we will be
whole for all eternity.
And now the Earth is truly healed,
all life in God's perfection sealed.

God is Father, God is Mother,
we see God in each other.

1. In the name of Saint Germain, I call forth a shattering of the veil in the collective consciousness, so that people will awaken to the realization that money is meant to be a

medium of exchange and a short-term storage of value. It is not, and must never be allowed to become, an end in itself.

The Golden Age is real.

**Oh Saint Germain, your violet light,
makes the future oh so bright.
Consuming poverty and strife,
all people have abundant life.**

**Your violet flame the Earth does seal,
the Golden Age is now for real.
Oh Saint Germain, your Freedom Flame
perfects the Earth in God's own name.**

2. In the name of Saint Germain, I call forth an awakening to the fact that after money was created, a small elite saw that by perverting the money system, they could use money to gather privileges for themselves and further their never-ending quest for power and control over the people.

**Oh Saint Germain, your violet light,
makes the future oh so bright.
Consuming poverty and strife,
all people have abundant life.**

**Your violet flame the Earth does seal,
the Golden Age is now for real.
Oh Saint Germain, your Freedom Flame
perfects the Earth in God's own name.**

3. In the name of Saint Germain, I call forth an awakening to the fact that there is indeed a power elite on this planet who want to enslave the people and have us serve them as worker bees. The elite are trapped in the consciousness of wanting something for nothing, of wanting to reap the reward of other people's labor.

**Oh Saint Germain, your violet light,
makes the future oh so bright.
Consuming poverty and strife,
all people have abundant life.**

**Your violet flame the Earth does seal,
the Golden Age is now for real.
Oh Saint Germain, your Freedom Flame
perfects the Earth in God's own name.**

4. In the name of Saint Germain, I call forth an awakening to the fact that wanting something for nothing is a perversion of the Mother, where you seek to reap without sowing. Wanting to reap the reward of other peoples' labor is a perversion of the Father, where you seek to control and suppress others because you have created an illusion of separating man from God.

Oh Saint Germain, your violet light,

**makes the future oh so bright.
Consuming poverty and strife,
all people have abundant life.**

**Your violet flame the Earth does seal,
the Golden Age is now for real.
Oh Saint Germain, your Freedom Flame
perfects the Earth in God's own name.**

5. In the name of Saint Germain, I call forth an awakening to the fact that when a society is separated from the reality of God, you cannot have true equality. Instead, you have the creation of an elite who will then suppress the people and reap the rewards of their labor, as in the feudal societies of Europe, where the noble class had the physical power to suppress the people.

**Oh Saint Germain, your violet light,
makes the future oh so bright.
Consuming poverty and strife,
all people have abundant life.**

**Your violet flame the Earth does seal,
the Golden Age is now for real.
Oh Saint Germain, your Freedom Flame
perfects the Earth in God's own name.**

6. In the name of Saint Germain, I call forth an awakening to the fact that when the feudal societies collapsed, the elite realized that visible force was not the ultimate way to suppress the people. It was better to suppress and control the people in hidden ways, so that the people did not realize they were suppressed.

**Oh Saint Germain, your violet light,
makes the future oh so bright.
Consuming poverty and strife,
all people have abundant life.**

**Your violet flame the Earth does seal,
the Golden Age is now for real.
Oh Saint Germain, your Freedom Flame
perfects the Earth in God's own name.**

7. In the name of Saint Germain, I call forth an awakening to the fact that the power elite realized that the creation of this new medium of money gave them an opportunity to control the people by perverting the money system. They could steal the value of people's labor—without the people understanding what was happening.

**Oh Saint Germain, your violet light,
makes the future oh so bright.
Consuming poverty and strife,
all people have abundant life.**

**Your violet flame the Earth does seal,
the Golden Age is now for real.**

**Oh Saint Germain, your Freedom Flame
perfects the Earth in God's own name.**

8. In the name of Saint Germain, I call forth an awakening to the fact that when money is used correctly as a medium of exchange, we only have the amount of money needed to exchange the total amount of goods and services produced by society. There is a direct relationship between the amount of money and the amount of something that has real value.

**Oh Saint Germain, your violet light,
makes the future oh so bright.
Consuming poverty and strife,
all people have abundant life.**

**Your violet flame the Earth does seal,
the Golden Age is now for real.
Oh Saint Germain, your Freedom Flame
perfects the Earth in God's own name.**

9. In the name of Saint Germain, I call forth an awakening to the fact that when there is a direct correspondence between money and something of real value, it is not possible to create money out of nothing, money that has no real value associated with it. Thus, even though the money supply can grow, the value of money is not degraded, for we only have the money needed to exchange goods and services.

**Oh Saint Germain, your violet light,
makes the future oh so bright.
Consuming poverty and strife,
all people have abundant life.**

**Your violet flame the Earth does seal,
the Golden Age is now for real.
Oh Saint Germain, your Freedom Flame
perfects the Earth in God's own name.**

**Violet flame, let it flow,
saturate all life below,
always flowing, ever growing
upon us all grace bestowing.
Violet fire, penetrate,
violet fire saturate,
violet fire purify,
violet fire sanctify,
we are pure, we are healed,
in your light, we are sealed,
forever free
in God to be. (Give 3X, 9X or more)**

1. In the name of Saint Germain, I call forth a shattering of the veil in the collective consciousness, so that people will awaken to the realization that when money is based on

real value, it is possible to have a steadily growing economy and a steady increase in the money supply without having an increase in the prices of goods and services. The value of the money – what you can buy for that money – will remain constant.

**Oh Saint Germain, your violet light,
makes the future oh so bright.
Consuming poverty and strife,
all people have abundant life.**

**Your violet flame the Earth does seal,
the Golden Age is now for real.
Oh Saint Germain, your Freedom Flame
perfects the Earth in God's own name.**

2. In the name of Saint Germain, I call forth an awakening to the fact that as productivity increases – as new methods and services are invented – the value of people's labor goes up. Thus, everyone experiences an increase in abundance. This is the divine economy, the spiritual economy, the natural economy. For nature has a built-in force that leads towards greater abundance for all life.

**Oh Saint Germain, your violet light,
makes the future oh so bright.
Consuming poverty and strife,
all people have abundant life.**

**Your violet flame the Earth does seal,
the Golden Age is now for real.
Oh Saint Germain, your Freedom Flame
perfects the Earth in God's own name.**

3. In the name of Saint Germain, I call forth an awakening to the fact that you get away from the divine economy by disassociating money from something that has real value. This started with the kings in Europe who needed money to wage war with each other. Yet war cannot produce something of value; it can only destroy something of value. Thus, the warring kings set the stage for the emergence of a perverted money system.

**Oh Saint Germain, your violet light,
makes the future oh so bright.
Consuming poverty and strife,
all people have abundant life.**

**Your violet flame the Earth does seal,
the Golden Age is now for real.
Oh Saint Germain, your Freedom Flame
perfects the Earth in God's own name.**

4. In the name of Saint Germain, I call forth an awakening to the fact that the medieval kings entered into an unholy alliance with the emerging bankers of Europe. The bankers realized that they could make money by lending gold and charging interest, and they started secretly lending out the money people had deposited in their vaults.

Oh Saint Germain, your violet light,

**makes the future oh so bright.
Consuming poverty and strife,
all people have abundant life.**

**Your violet flame the Earth does seal,
the Golden Age is now for real.
Oh Saint Germain, your Freedom Flame
perfects the Earth in God's own name.**

5. In the name of Saint Germain, I call forth an awakening to the fact that the warring kings of Europe were open to the suggestions of the bankers, that instead of having money that was based on gold or silver, the kings created a new type of money, called fiat money— money by decree. The bankers created this money, lent it to the king, who could then use it to finance his war.

**Oh Saint Germain, your violet light,
makes the future oh so bright.
Consuming poverty and strife,
all people have abundant life.**

**Your violet flame the Earth does seal,
the Golden Age is now for real.
Oh Saint Germain, your Freedom Flame
perfects the Earth in God's own name.**

6. In the name of Saint Germain, I call forth an awakening to the fact that by disconnecting money from something of real value, the bankers could create money out of nothing by lending more money than the reserves in their vaults. Through the emergence of fractional reserve banking, the kings and the bankers could increase the money supply beyond what is needed to trade goods and services that have real value.

**Oh Saint Germain, your violet light,
makes the future oh so bright.
Consuming poverty and strife,
all people have abundant life.**

**Your violet flame the Earth does seal,
the Golden Age is now for real.
Oh Saint Germain, your Freedom Flame
perfects the Earth in God's own name.**

7. In the name of Saint Germain, I call forth an awakening to the fact that when there is more money in circulation, the first people who spend the newly issued money will inevitably bid up prices of goods and services, including real estate. This increases prices, which gradually filters through the economy until the prices of all goods and services have gone up.

**Oh Saint Germain, your violet light,
makes the future oh so bright.
Consuming poverty and strife,
all people have abundant life.**

**Your violet flame the Earth does seal,
the Golden Age is now for real.
Oh Saint Germain, your Freedom Flame
perfects the Earth in God's own name.**

8. In the name of Saint Germain, I call forth an awakening to the fact that if you double the amount of money by creating money that is not backed by anything of value, then prices of most goods and services will go up proportionally. Thereby, the value of the labor of the majority of the population has now been reduced, because we still only work so many hours, but we need more money to pay for goods and services.

**Oh Saint Germain, your violet light,
makes the future oh so bright.
Consuming poverty and strife,
all people have abundant life.**

**Your violet flame the Earth does seal,
the Golden Age is now for real.
Oh Saint Germain, your Freedom Flame
perfects the Earth in God's own name.**

9. In the name of Saint Germain, I call forth an awakening to the fact that a money system in which all new money is created as debt – and for which interest must be paid to the bankers – leads to a spiral, where eventually the value of people's labor is degraded to the point where they cannot maintain a decent standard of living.

**Oh Saint Germain, your violet light,
makes the future oh so bright.
Consuming poverty and strife,
all people have abundant life.**

**Your violet flame the Earth does seal,
the Golden Age is now for real.
Oh Saint Germain, your Freedom Flame
perfects the Earth in God's own name.**

**Violet flame, let it flow,
saturate all life below,
always flowing, ever growing
upon us all grace bestowing.
Violet fire, penetrate,
violet fire saturate,
violet fire purify,
violet fire sanctify,
we are pure, we are healed,
in your light, we are sealed,
forever free
in God to be. (Give 3X, 9X or more)**

1. In the name of Saint Germain, I call forth a shattering of the veil in the collective consciousness, so that people will awaken to the realization that the money system – the fiat money system based on fractional reserve banking, based on creating money out of debt – has a built-in inflationary factor. There is a need to create new money to pay the interest, which can eventually cause the system to collapse.

**Oh Saint Germain, your violet light,
makes the future oh so bright.
Consuming poverty and strife,
all people have abundant life.**

**Your violet flame the Earth does seal,
the Golden Age is now for real.
Oh Saint Germain, your Freedom Flame
perfects the Earth in God's own name.**

2. In the name of Saint Germain, I call forth an awakening to the fact that those who are in charge of a perverted money system cannot contain their greed. The politicians will want more money, the bankers will want to make a greater profit, and all they need to do is roll the printing presses and print more money.

**Oh Saint Germain, your violet light,
makes the future oh so bright.
Consuming poverty and strife,
all people have abundant life.**

**Your violet flame the Earth does seal,
the Golden Age is now for real.
Oh Saint Germain, your Freedom Flame
perfects the Earth in God's own name.**

3. In the name of Saint Germain, I call forth an awakening to the fact that the power elite inevitably become blinded by greed, and they set the economy into an inflationary spiral that will destroy it—if it is not balanced by the people performing real labor and creating real goods and services.

**Oh Saint Germain, your violet light,
makes the future oh so bright.
Consuming poverty and strife,
all people have abundant life.**

**Your violet flame the Earth does seal,
the Golden Age is now for real.
Oh Saint Germain, your Freedom Flame
perfects the Earth in God's own name.**

4. In the name of Saint Germain, I call forth an awakening to the fact that even though the average worker is better off today, this is only true because we have been willing to multiply our talents. Yet because of the perverted money system, we have not been reaping the natural, God-given reward for our labor.

**Oh Saint Germain, your violet light,
makes the future oh so bright.
Consuming poverty and strife,
all people have abundant life.**

**Your violet flame the Earth does seal,
the Golden Age is now for real.
Oh Saint Germain, your Freedom Flame
perfects the Earth in God's own name.**

5. In the name of Saint Germain, I call forth an awakening to the fact that inflation is a hidden form of tax, where the people do not realize they are taxed because we do not see it on our tax bill or paycheck. What we do not see is that the value of the money, and thereby the value of our labor, has been reduced.

**Oh Saint Germain, your violet light,
makes the future oh so bright.
Consuming poverty and strife,
all people have abundant life.**

**Your violet flame the Earth does seal,
the Golden Age is now for real.
Oh Saint Germain, your Freedom Flame
perfects the Earth in God's own name.**

6. In the name of Saint Germain, I call forth an awakening to the fact that if we had a divine economy, the standard of living would be much higher for all people. We would have a worldwide economy where no people would have to exist on less than two dollars a day. In a divine economy, the amount of abundance would have increased so greatly that there is enough to give everybody a decent standard of living.

**Oh Saint Germain, your violet light,
makes the future oh so bright.
Consuming poverty and strife,
all people have abundant life.**

**Your violet flame the Earth does seal,
the Golden Age is now for real.
Oh Saint Germain, your Freedom Flame
perfects the Earth in God's own name.**

7. In the name of Saint Germain, I call forth an awakening to the fact that the power elite – through the perversion of the money system, and through eroding the value of the fiat money they have created – have delayed the God-ordained growth in the economy and the manifestation of the abundant life that should have come about by now—had it not been for the intervention of the elite.

**Oh Saint Germain, your violet light,
makes the future oh so bright.
Consuming poverty and strife,
all people have abundant life.**

**Your violet flame the Earth does seal,
the Golden Age is now for real.
Oh Saint Germain, your Freedom Flame
perfects the Earth in God's own name.**

8. In the name of Saint Germain, I call forth an awakening to the fact that in a debt-based money system, the elite who create money out of nothing can buy goods and services at the old prices. Yet as the new money circulates through the economy, prices go up so that the people have to pay more.

**Oh Saint Germain, your violet light,
makes the future oh so bright.
Consuming poverty and strife,
all people have abundant life.**

**Your violet flame the Earth does seal,
the Golden Age is now for real.
Oh Saint Germain, your Freedom Flame
perfects the Earth in God's own name.**

9. In the name of Saint Germain, I call forth an awakening to the fact that an inflationary money system causes a greater and greater concentration of wealth in the control of a smaller and smaller elite. Thus, we now have a few percent of the population in most nations who control the majority of the wealth. And this is not the divine economy, where there is abundance for all.

**Oh Saint Germain, your violet light,
makes the future oh so bright.
Consuming poverty and strife,
all people have abundant life.**

**Your violet flame the Earth does seal,
the Golden Age is now for real.
Oh Saint Germain, your Freedom Flame
perfects the Earth in God's own name.**

**Violet flame, let it flow,
saturate all life below,
always flowing, ever growing
upon us all grace bestowing.
Violet fire, penetrate,
violet fire saturate,
violet fire purify,
violet fire sanctify,
we are pure, we are healed,
in your light, we are sealed,
forever free
in God to be. (Give 3X, 9X or more)**

1. In the name of Saint Germain, I call forth a shattering of the veil in the collective consciousness, so that people will awaken to the realization that the fiat money system is an absolute perversion of the abundant life of God. It is the power elite seeking to control the people through the money supply. In the United States, this has led to an unholy alliance between the federal government and the Federal Reserve—which is not a federal agency and thus not answerable to the people in a direct manner.

**Oh Saint Germain, your violet light,
makes the future oh so bright.
Consuming poverty and strife,
all people have abundant life.**

**Your violet flame the Earth does seal,
the Golden Age is now for real.
Oh Saint Germain, your Freedom Flame
perfects the Earth in God's own name.**

2. In the name of Saint Germain, I call forth an awakening to the fact that the governments of today also face the situation that they want to spend more money than the people are willing to pay in taxes. Thus, they let the bankers create it out of nothing, thereby eroding the value of money—and thus taxing the people without the people being aware of this.

**Oh Saint Germain, your violet light,
makes the future oh so bright.
Consuming poverty and strife,
all people have abundant life.**

**Your violet flame the Earth does seal,
the Golden Age is now for real.
Oh Saint Germain, your Freedom Flame
perfects the Earth in God's own name.**

3. In the name of Saint Germain, I call forth an awakening to the fact that in order to finance the war in Iraq, President Bush set the money machine in motion. The Federal Reserve created the money out of nothing, lending it to the federal government, so that they could use it to finance the military invasion in Iraq.

**Oh Saint Germain, your violet light,
makes the future oh so bright.
Consuming poverty and strife,
all people have abundant life.**

**Your violet flame the Earth does seal,
the Golden Age is now for real.
Oh Saint Germain, your Freedom Flame
perfects the Earth in God's own name.**

4. In the name of Saint Germain, I call forth an awakening to the fact that this is not only done to finance wars. It is done in many other areas of the economy, where the government wants to spend more than they think the people are willing to pay in taxes, so

they simply camouflage it as inflation. The people pay it anyway, but now we do not notice, and thus we do not object.

**Oh Saint Germain, your violet light,
makes the future oh so bright.
Consuming poverty and strife,
all people have abundant life.**

**Your violet flame the Earth does seal,
the Golden Age is now for real.
Oh Saint Germain, your Freedom Flame
perfects the Earth in God's own name.**

5. In the name of Saint Germain, I call forth an awakening to the fact that the bankers and those in the top financial elite make a huge profit from creating money out of nothing, because the people not only have the degradation of the value of the money but also pay the interest on the national debt. Yet the bankers are not concerned about a nation paying back the debt—as long as we keep paying the interest and allowing them to create more money out of nothing, so that they can keep their money machine rolling.

**Oh Saint Germain, your violet light,
makes the future oh so bright.
Consuming poverty and strife,
all people have abundant life.**

**Your violet flame the Earth does seal,
the Golden Age is now for real.
Oh Saint Germain, your Freedom Flame
perfects the Earth in God's own name.**

6. In the name of Saint Germain, I call forth an awakening to the fact that there is a direct connection between war and the money machine. For the bankers long ago realized that there was no better way to earn a profit than to set nations against each other in war. For when nations are committed to war, they spend more money than they would in peacetime. And the power elite make the profit, for they often finance both sides of the conflict and also produce the weapons used in the conflict.

**Oh Saint Germain, your violet light,
makes the future oh so bright.
Consuming poverty and strife,
all people have abundant life.**

**Your violet flame the Earth does seal,
the Golden Age is now for real.
Oh Saint Germain, your Freedom Flame
perfects the Earth in God's own name.**

7. In the name of Saint Germain, I call forth an awakening to the fact that a perverted money system is a form of slavery that is far beyond physical slavery. For economic slavery is a form of slavery that most people do not understand, and therefore we cannot object to it. We simply notice that we have to work harder and harder.

**Oh Saint Germain, your violet light,
makes the future oh so bright.
Consuming poverty and strife,
all people have abundant life.**

**Your violet flame the Earth does seal,
the Golden Age is now for real.
Oh Saint Germain, your Freedom Flame
perfects the Earth in God's own name.**

8. In the name of Saint Germain, I call forth an awakening to the fact that the people need to muster the will to educate ourselves as to why we have to work harder and the money is not stretching as far as it used to. Because if the people are not willing to take responsibility for our society and the money system, we draw unto ourselves those who are willing to pervert the system and take advantage of the people.

**Oh Saint Germain, your violet light,
makes the future oh so bright.
Consuming poverty and strife,
all people have abundant life.**

**Your violet flame the Earth does seal,
the Golden Age is now for real.
Oh Saint Germain, your Freedom Flame
perfects the Earth in God's own name.**

9. In the name of Saint Germain, I call forth an awakening to the fact that if the good people do nothing, the power elite will inevitably keep increasing the money supply in their greed, blindness and spiritual pride. For they think they will never have to suffer the consequences of their actions, being so used to the people bearing the karma that they think they can get away with anything.

**Oh Saint Germain, your violet light,
makes the future oh so bright.
Consuming poverty and strife,
all people have abundant life.**

**Your violet flame the Earth does seal,
the Golden Age is now for real.
Oh Saint Germain, your Freedom Flame
perfects the Earth in God's own name.**

**Violet flame, let it flow,
saturate all life below,
always flowing, ever growing
upon us all grace bestowing.
Violet fire, penetrate,
violet fire saturate,
violet fire purify,
violet fire sanctify,**

**we are pure, we are healed,
in your light, we are sealed,
forever free
in God to be. (Give 3X, 9X or more)**

1. In the name of Saint Germain, I call forth a shattering of the veil in the collective consciousness, so that people will awaken to the realization that we cannot expect the power elite to stop the downward spiral. Thus, if we do not put on the brakes, it is just a matter of time before the money machine will run amok, until the whole system collapses and the nation is faced with the necessity to return to a sound money system.

**Oh Saint Germain, your violet light,
makes the future oh so bright.
Consuming poverty and strife,
all people have abundant life.**

**Your violet flame the Earth does seal,
the Golden Age is now for real.
Oh Saint Germain, your Freedom Flame
perfects the Earth in God's own name.**

2. In the name of Saint Germain, I call forth an awakening to the fact that when you have a sound money system – where money is tied to real value, such as the value of people's labor – you have the foundation for a golden age economy. In the Golden Age, there is a steady growth in abundance and opportunity, where all people get a fair return from their efforts.

**Oh Saint Germain, your violet light,
makes the future oh so bright.
Consuming poverty and strife,
all people have abundant life.**

**Your violet flame the Earth does seal,
the Golden Age is now for real.
Oh Saint Germain, your Freedom Flame
perfects the Earth in God's own name.**

3. In the name of Saint Germain, I call forth an awakening to the fact that in the Golden Age of Saint Germain, no one is poor, no one is lacking for food, no one is lacking for a decent standard of living. No one is lacking for the free time to pursue the spiritual aspects of life according to their own choosing.

**Oh Saint Germain, your violet light,
makes the future oh so bright.
Consuming poverty and strife,
all people have abundant life.**

**Your violet flame the Earth does seal,
the Golden Age is now for real.
Oh Saint Germain, your Freedom Flame
perfects the Earth in God's own name.**

4. In the name of Saint Germain, I call forth an awakening to the fact that there is no end to the growth in the economy in a golden age society. For the concept of limits to growth is put upon us by the elite, who want us to accept limits for *our* growth, while they have no intention of limiting their own accumulation of wealth, power, and privilege. But they have to find a way to get the people to be satisfied with less, so that they can have more.

**Oh Saint Germain, your violet light,
makes the future oh so bright.
Consuming poverty and strife,
all people have abundant life.**

**Your violet flame the Earth does seal,
the Golden Age is now for real.
Oh Saint Germain, your Freedom Flame
perfects the Earth in God's own name.**

5. In the name of Saint Germain, I call forth an awakening to the fact that money is not evil, but that money is an expression of the Mother and the Mother flame. But if the Mother is disconnected from the Father, then the Mother becomes an end in itself. And so money becomes an end in itself—rather than a means to the end of keeping the divine economy growing, bringing forth greater abundance.

**Oh Saint Germain, your violet light,
makes the future oh so bright.
Consuming poverty and strife,
all people have abundant life.**

**Your violet flame the Earth does seal,
the Golden Age is now for real.
Oh Saint Germain, your Freedom Flame
perfects the Earth in God's own name.**

6. In the name of Saint Germain, I call forth an awakening to the fact that when we have the perversion of the Mother, instead of an upward spiral of increasing the amount of abundance, we have a situation where we limit the growth so that there is a concentration of wealth in the hands of a small elite.

**Oh Saint Germain, your violet light,
makes the future oh so bright.
Consuming poverty and strife,
all people have abundant life.**

**Your violet flame the Earth does seal,
the Golden Age is now for real.
Oh Saint Germain, your Freedom Flame
perfects the Earth in God's own name.**

7. In the name of Saint Germain, I call forth an awakening to the fact that the elite want to concentrate wealth in their own hands, and they do not care that the total amount of abundance is not increased, for they do not care that the people live in poverty. In fact, they prefer it, because then they seem richer in comparison.

**Oh Saint Germain, your violet light,
makes the future oh so bright.
Consuming poverty and strife,
all people have abundant life.**

**Your violet flame the Earth does seal,
the Golden Age is now for real.
Oh Saint Germain, your Freedom Flame
perfects the Earth in God's own name.**

8. In the name of Saint Germain, I call forth an awakening to the fact that the power elite are trapped in the duality consciousness, which is relative, and therefore compares everything based on a relative value judgment. And so they are raising themselves in comparison to others by keeping the people down, by limiting the value of our labor, thereby limiting the total amount of wealth.

**Oh Saint Germain, your violet light,
makes the future oh so bright.
Consuming poverty and strife,
all people have abundant life.**

**Your violet flame the Earth does seal,
the Golden Age is now for real.
Oh Saint Germain, your Freedom Flame
perfects the Earth in God's own name.**

9. In the name of Saint Germain, I call forth an awakening to the fact that this is the total perversion of both the Divine Father and the Divine Mother, where the Divine Father provides the increase in the total amount of abundance, and the justice of the Divine Mother distributes that among all people, so that all can have a decent standard of living and pursue their divine plans as they see fit individually.

**Oh Saint Germain, your violet light,
makes the future oh so bright.
Consuming poverty and strife,
all people have abundant life.**

**Your violet flame the Earth does seal,
the Golden Age is now for real.
Oh Saint Germain, your Freedom Flame
perfects the Earth in God's own name.**

The Earth is sealed in Freedom's Flame

In oneness with Saint Germain, I say to all people everywhere, "Wake up and claim your birthright!" Saint Germain is ready to give us the Golden Age, for as the father of the Golden Age, it is his good pleasure to give us his kingdom.

I hereby claim Saint Germain's Golden Age. I accept it, I bring it into manifestation! I am willing to prove Saint Germain and receive the abundance and the wonders that he is ready to release. For I am willing to put his ideas to use for the benefit of all, rather than the misuse of concentrating wealth in the hands of the elite.

1. Oh Saint Germain, bring Freedom's Flame,
you come to Earth in Christ's own name.
The violet flame is your own plan
to raise the Christ in every man.

Refrain:

**Violet flame, let it flow,
saturate all life below,
always flowing, ever growing
upon us all grace bestowing.**

**Violet fire, penetrate,
violet fire saturate,
violet fire purify,
violet fire sanctify,
we are pure, we are healed,
in your light, we are sealed,
forever free
in God to be.**

2. For Christ is Lord and you are king,
as peace and freedom now you bring.
With Jesus you now point the way
that brings the dawn of a new day.

**Violet flame, let it flow,
saturate all life below,
always flowing, ever growing
upon us all grace bestowing.**

**Violet fire, penetrate,
violet fire saturate,
violet fire purify,
violet fire sanctify,
we are pure, we are healed,
in your light, we are sealed,
forever free
in God to be.**

3. Together you will turn the page
and lead us to the Golden Age.
Where Freedom's flame will reign supreme,
fulfilling Heavens highest dream.

**Violet flame, let it flow,
saturate all life below,
always flowing, ever growing
upon us all grace bestowing.**

**Violet fire, penetrate,
violet fire saturate,
violet fire purify,**

**violet fire sanctify,
we are pure, we are healed,
in your light, we are sealed,
forever free
in God to be.**

4. Oh Saint Germain and Jesus dear,
to you and Mary we draw near.
From you above to us below,
we will maintain a constant flow.

**Violet flame, let it flow,
saturate all life below,
always flowing, ever growing
upon us all grace bestowing.**

**Violet fire, penetrate,
violet fire saturate,
violet fire purify,
violet fire sanctify,
we are pure, we are healed,
in your light, we are sealed,
forever free
in God to be.**

5. Together we now bring the light
that makes the Earth a star so bright.
her radiance will shine through space
awakening the I AM race.

**Violet flame, let it flow,
saturate all life below,
always flowing, ever growing
upon us all grace bestowing.**

**Violet fire, penetrate,
violet fire saturate,
violet fire purify,
violet fire sanctify,
we are pure, we are healed,
in your light, we are sealed,
forever free
in God to be.**

6. By Michael raised for all to see,
the banner of Christ Victory.
All darkness is replaced by light,
as all of cosmos shines so bright.

**Violet flame, let it flow,
saturate all life below,**

**always flowing, ever growing
upon us all grace bestowing.**

**Violet fire, penetrate,
violet fire saturate,
violet fire purify,
violet fire sanctify,
we are pure, we are healed,
in your light, we are sealed,
forever free
in God to be.**

7. Oh Saint Germain, we keep the flame
of freedom burning in your name,
until the Golden Age we see,
an age in which all life is free.

**Violet flame, let it flow,
saturate all life below,
always flowing, ever growing
upon us all grace bestowing.**

**Violet fire, penetrate,
violet fire saturate,
violet fire purify,
violet fire sanctify,
we are pure, we are healed,
in your light, we are sealed,
forever free
in God to be.**

NOTE: Give the entire decree at least one time. You can give it as many times as you like before continuing the invocation.

I accept Saint Germain's Golden Age as a manifest reality on this planet. (3X or more)

I affirm that Archangel Michael and his billions of Blue-flame Angels are cutting all people free from the spirits and energies of economic slavery.

I affirm that Archangel Michael and his billions of Blue-flame Angels are cutting all people free from the lies of anti-christ that lead to economic slavery.

I affirm that Archangel Michael and his billions of Blue-flame Angels are cutting all people free from the ultimate spiritual slavery of the consciousness of lack.

I affirm that Archangel Michael and his billions of Blue-flame Angels are cutting all people free from the ultimate material slavery of the money system being controlled by the power elite.

I choose to be one with my God, and therefore I am the Presence of Archangel Michael binding the forces of economic slavery on Earth.

The Earth is the Lord's and the fullness of his abundance. (3X) Amen.

In the name of the unconditional love of the Father, the Son, the Holy Spirit and the Divine Feminine, Amen.

Sealing

I affirm that the infinite power of the Divine Feminine surrounds all people with an impenetrable shield of unconditional love that consumes all poverty consciousness. I affirm that we are sealed from all energies of lack sent against us by the forces of this world. I accept that Archangel Michael binds the enemy within us, the human ego, so that when the prince of this world comes, he has no poverty consciousness in us. I surrender the anti-self and all lack in myself and all people, and I accept that it is consumed by the infinite love of the Divine Feminine. I accept that people's anti-selves are replaced by our Christ selves, now and forever.

By the power of the Christ Flame within me, I affirm that I am sealed in the Flame of Unconditional Abundance. I affirm that all people are sealed in the Flame of Unconditional Abundance. I affirm that the Earth is sealed in the Flame of Unconditional Abundance. Thus, the Mother Light is raised into perfect union with the Divine Father. And through the power of the Holy Spirit, it flows into the matrix of the Son that brings the abundant life to all people who abide in Oneness. Amen.

Eco08 - Invoking a new view of corporations

In the name I AM THAT I AM, Jesus Christ, I call to all ascended masters working on manifesting the Golden Age, especially Saint Germain and the Divine Director, to radiate into the collective consciousness a new view of how society can deal with corporations. Help people see that we can build a new future by working with the ascended masters and letting go of the old way of looking at life, including...

[Make personal calls.]

Part 1

1. Saint Germain, radiate into the collective consciousness the awareness that limiting the concentration of wealth is not the same as socialism or communism that replaces individual ownership with state ownership. It is a middle way where there is a limit to how much can be concentrated in the hands of the elite, thereby taking the entire society to a lower level, which actually even limits the elite.

O Saint Germain, you do inspire,
my vision raised forever higher,

with you I form a figure-eight,
your Golden Age I co-create.

**O Saint Germain, what love you bring,
it truly makes all matter sing,
your violet flame does all restore,
with you we are becoming more.**

2. Saint Germain, radiate into the collective consciousness the awareness that the members of the elite are concerned about the difference between the amount of wealth they have and the amount of wealth that the average person has. They want to be better than others, and they are perfectly willing to keep the entire society at a lower level.

O Saint Germain, what Freedom Flame,
released when we recite your name,
acceleration is your gift,
our planet it will surely lift.

**O Saint Germain, what love you bring,
it truly makes all matter sing,
your violet flame does all restore,
with you we are becoming more.**

3. Saint Germain, radiate into the collective consciousness the awareness that there is a power elite on this planet who would have been perfectly content to keep the total amount of wealth available in the Western world at the level that we saw in the feudal societies.

O Saint Germain, in love we claim,
our right to bring your violet flame,
from you Above, to us below,
it is an all-transforming flow.

**O Saint Germain, what love you bring,
it truly makes all matter sing,
your violet flame does all restore,
with you we are becoming more.**

4. Saint Germain, radiate into the collective consciousness the awareness that many members of this elite do not care about expanding the total amount of wealth as much as they care about staying ahead of the population.

O Saint Germain, I love you so,
my aura filled with violet glow,
my chakras filled with violet fire,
I am your cosmic amplifier.

**O Saint Germain, what love you bring,
it truly makes all matter sing,
your violet flame does all restore,
with you we are becoming more.**

5. Saint Germain, radiate into the collective consciousness the awareness that some members of the power elite are trapped in a spiral where they are not concerned about having more than the people. They are only concerned about having more and more, for they have been trapped in a desire that can never be filled.

O Saint Germain, I am now free,
your violet flame is therapy,
transform all hang-ups in my mind,
as inner peace I surely find.

**O Saint Germain, what love you bring,
it truly makes all matter sing,
your violet flame does all restore,
with you we are becoming more.**

6. Saint Germain, radiate into the collective consciousness the awareness that it is necessary for a developed society to limit the size of corporations. A corporation cannot become so large that it loses touch with the human element, being ready to suppress and control the entire world if it could.

O Saint Germain, my body pure,
your violet flame for all is cure,
consume the cause of all disease,
and therefore I am all at ease.

**O Saint Germain, what love you bring,
it truly makes all matter sing,
your violet flame does all restore,
with you we are becoming more.**

7. Saint Germain, radiate into the collective consciousness the awareness that instead of allowing corporations to enter this never-ending quest for power and control, a corporation should be a tool for the greater good of raising the abundance for all.

O Saint Germain, I'm karma-free,
the past no longer burdens me,
a brand new opportunity,
I am in Christic unity.

**O Saint Germain, what love you bring,
it truly makes all matter sing,
your violet flame does all restore,
with you we are becoming more.**

8. Saint Germain, radiate into the collective consciousness the awareness that no corporation can exist in a vacuum. It needs society and it needs the people in order to produce and sell its products.

O Saint Germain, we are now one,
I am for you a violet sun,
as we transform this planet earth,
your Golden Age is given birth.

**O Saint Germain, what love you bring,
it truly makes all matter sing,
your violet flame does all restore,
with you we are becoming more.**

9. Saint Germain, radiate into the collective consciousness the awareness that if the shareholders need other people to do the work, then those shareholders cannot have full ownership of the corporation.

O Saint Germain, the earth is free,
from burden of duality,
in oneness we bring what is best,
your Golden Age is manifest.

**O Saint Germain, what love you bring,
it truly makes all matter sing,
your violet flame does all restore,
with you we are becoming more.**

Part 2

1. Saint Germain, radiate into the collective consciousness the awareness that if a corporation uses raw materials found in the environment, then the people have ownership of those resources.

Divine Director, I now see,
the world is unreality,
in my heart I now truly feel,
the Spirit is all that is real.

**Divine Director, send the light,
from blindness clear my inner sight,
my vision free, my vision clear,
your guidance is forever here.**

2. Saint Germain, radiate into the collective consciousness the awareness that the people have a right to stand up and say: "Stop! We question the right of the elite to own and control 90 percent of the wealth of our nation."

Divine Director, vision give,
in clarity I want to live,
I now behold my plan Divine,
the plan that is uniquely mine.

**Divine Director, send the light,
from blindness clear my inner sight,
my vision free, my vision clear,
your guidance is forever here.**

3. Saint Germain, radiate into the collective consciousness the awareness that the people need to say: "The elite has gathered the wealth by using the resources that belong to all of us and by taking advantage of the labor of all of us. Thus, we have ownership."

Divine Director, show in me,
the ego games, and set me free,
help me escape the ego's cage,
to help bring in the Golden Age.

**Divine Director, send the light,
from blindness clear my inner sight,
my vision free, my vision clear,
your guidance is forever here.**

4. Saint Germain, radiate into the collective consciousness the awareness that the people need to say: "We have a say so that the wealth of these corporations will not be used to

increase the wealth of an elite that already has far more than any human being could possibly spend. Instead, we have a right to demand that the wealth of those corporations is spread among all people in society—including the workers of those corporations.”

Divine Director, I'm with you,
my vision one, no longer two,
as karma's veil you do disperse,
I see a whole new universe.

**Divine Director, send the light,
from blindness clear my inner sight,
my vision free, my vision clear,
your guidance is forever here.**

5. Saint Germain, radiate into the collective consciousness the awareness that in a golden age society, we will not see these huge monolithic corporations that transcend national borders.

Divine Director, I go up,
electric light now fills my cup,
consume in me all shadows old,
bestow on me a vision bold.

**Divine Director, send the light,
from blindness clear my inner sight,
my vision free, my vision clear,
your guidance is forever here.**

6. Saint Germain, radiate into the collective consciousness the awareness that in the Golden Age, we will see many smaller businesses that have a form of ownership where the employees have part or even full ownership of the business itself.

Divine Director, heart of gold,
my sacred labor I unfold,
o blessed Guru, I now see,
where my own plan is taking me.

**Divine Director, send the light,
from blindness clear my inner sight,
my vision free, my vision clear,
your guidance is forever here.**

7. Saint Germain, radiate into the collective consciousness the awareness that this is creating an entirely different dynamic where people do not come to work at a certain time and do mind-numbing, mechanical work without feeling any sense of responsibility or ownership of what they are doing.

Divine Director, by your grace,
in grander scheme I find my place,
my individual flame I see,
uniqueness God has given me.

**Divine Director, send the light,
from blindness clear my inner sight,
my vision free, my vision clear,
your guidance is forever here.**

8. Saint Germain, radiate into the collective consciousness the awareness that in the Golden Age people are invested in the business and they realize that what they do has an impact on the whole and ultimately benefits themselves.

Divine Director, vision one,
I see that I AM God's own Sun,
with your direction so Divine,
I am now letting my light shine.

**Divine Director, send the light,
from blindness clear my inner sight,
my vision free, my vision clear,
your guidance is forever here.**

9. Saint Germain, radiate into the collective consciousness the awareness that you have a new business model and there are already people in embodiment who are aware of this and who have started to bring forth these business models.

Divine Director, what a gift,
to be a part of Spirit's lift,
to raise mankind out of the night,
to bask in Spirit's loving sight.

**Divine Director, send the light,
from blindness clear my inner sight,
my vision free, my vision clear,
your guidance is forever here.**

Part 3

1. Saint Germain, radiate into the collective consciousness the awareness that while it is not unreasonable that the inventor of a new product can take out a patent for a time, it should not be possible for a big corporation to buy the patent and bury it so that a new technology that could compete with their existing business is squashed at the outset.

O Saint Germain, you do inspire,
my vision raised forever higher,
with you I form a figure-eight,
your Golden Age I co-create.

**O Saint Germain, what love you bring,
it truly makes all matter sing,
your violet flame does all restore,
with you we are becoming more.**

2. Saint Germain, radiate into the collective consciousness the awareness that the person who invented a new product truly does not have ownership of it. Certain products, certain forms of technology, are so important for the good of the all that we cannot allow one person or one corporation to control the use of that technology.

O Saint Germain, what Freedom Flame,
released when we recite your name,
acceleration is your gift,
our planet it will surely lift.

**O Saint Germain, what love you bring,
it truly makes all matter sing,**

**your violet flame does all restore,
with you we are becoming more.**

3. Saint Germain, radiate into the collective consciousness the awareness that certain forms of technology are given to humankind for the benefit of all. New inventions and technology actually come from the ascended realm, for the ascended masters are the real inventors for earth.

O Saint Germain, in love we claim,
our right to bring your violet flame,
from you Above, to us below,
it is an all-transforming flow.

**O Saint Germain, what love you bring,
it truly makes all matter sing,
your violet flame does all restore,
with you we are becoming more.**

4. Saint Germain, radiate into the collective consciousness the awareness that the people who supposedly invent something are simply the recipients. They are not inventing, they are tuning in so that they can receive what is already there in the etheric realm as a fully developed idea.

O Saint Germain, I love you so,
my aura filled with violet glow,
my chakras filled with violet fire,
I am your cosmic amplifier.

**O Saint Germain, what love you bring,
it truly makes all matter sing,
your violet flame does all restore,
with you we are becoming more.**

5. Saint Germain, radiate into the collective consciousness the awareness that the person who can tune in and bring forth a new invention deserves to be rewarded, but the invention should be seen as a gift to all people, and it should be used for the good of the all.

O Saint Germain, I am now free,
your violet flame is therapy,
transform all hang-ups in my mind,
as inner peace I surely find.

**O Saint Germain, what love you bring,
it truly makes all matter sing,
your violet flame does all restore,
with you we are becoming more.**

6. Saint Germain, radiate into the collective consciousness the awareness that it is not reasonable that a private corporation can have virtually total control over the software that runs 90 percent of the world's computers.

O Saint Germain, my body pure,
your violet flame for all is cure,
consume the cause of all disease,
and therefore I am all at ease.

**O Saint Germain, what love you bring,
it truly makes all matter sing,
your violet flame does all restore,
with you we are becoming more.**

7. Saint Germain, radiate into the collective consciousness the awareness that there comes a point where we have to say that computers have become too important for the world at large to allow greed and profit to drive development.

O Saint Germain, I'm karma-free,
the past no longer burdens me,
a brand new opportunity,
I am in Christic unity.

**O Saint Germain, what love you bring,
it truly makes all matter sing,
your violet flame does all restore,
with you we are becoming more.**

8. Saint Germain, radiate into the collective consciousness the awareness that we cannot allow greed and profit to enable a corporation to control the use of software, the use of computers, to the point of squashing innovation that could threaten their unique position.

O Saint Germain, we are now one,
I am for you a violet sun,
as we transform this planet earth,
your Golden Age is given birth.

**O Saint Germain, what love you bring,
it truly makes all matter sing,
your violet flame does all restore,
with you we are becoming more.**

9. Saint Germain, radiate into the collective consciousness the awareness that in order to avoid computers being used to control every aspect of our lives, we have to claim ownership of computer technology. We have to demand the greatest possible degree of transparency in every aspect of the development of the crucial software that makes the world run.

O Saint Germain, the earth is free,
from burden of duality,
in oneness we bring what is best,
your Golden Age is manifest.

**O Saint Germain, what love you bring,
it truly makes all matter sing,
your violet flame does all restore,
with you we are becoming more.**

Sealing

In the name of the Divine Mother, I call to all ascended masters for the sealing of myself and all people in my circle of influence in the creative flow of the Divine Mother, the River of Life. I call for the multiplication of my calls by all ascended masters so that we form the perfect figure-eight flow of "As Above, so below." Thus, I accept that this is fully manifest, because the mouth of the Lord, the Divine Mother that I AM, has spoken it. Amen.
