# 1. Democracy is the better form of government (4)

In the name I AM THAT I AM, Jesus Christ, I call to my I AM Presence to flow through the I Will Be Presence that I AM and give these decrees with full power. I call to beloved Saint Germain and Jesus to awaken people to the need to defend democracy from both external and internal attacks, including...

## Part 1

1. Saint Germain, radiate into the collective consciousness the awareness that as part of your Golden Age, democracy will continue to grow, increase and rise throughout the world. More and more nations will become democracies, and the existing democracies will continue to evolve towards more and more democratic forms of democracies.

O Saint Germain, you do inspire,  
my vision raised forever higher,  
with you I form a figure-eight,  
your Golden Age I co-create.

**O Saint Germain, what love you bring,  
it truly makes all matter sing,  
your violet flame does all restore,  
with you we are becoming more.**

2. Saint Germain, radiate into the collective consciousness the awareness that there are forces that are doing everything they can to delay the manifestation of your Golden Age. These forces have been trying to distort the democratic nations into something that is not really a democracy.

O Saint Germain, what Freedom Flame,  
released when we recite your name,  
acceleration is your gift,  
our planet it will surely lift.

**O Saint Germain, what love you bring,  
it truly makes all matter sing,  
your violet flame does all restore,  
with you we are becoming more.**

3. Saint Germain, radiate into the collective consciousness the awareness that only when all of the people decide that democracy is better than a dictatorship, do we have a democracy.

O Saint Germain, in love we claim,  
our right to bring your violet flame,  
from you Above, to us below,  
it is an all-transforming flow.

**O Saint Germain, what love you bring,  
it truly makes all matter sing,  
your violet flame does all restore,  
with you we are becoming more.**

4. Saint Germain, radiate into the collective consciousness the awareness that if a small elite decides whether democracy is the better form of government, we do not have a real democracy. The elite rarely decides that democracy is a better form of government than a dictatorship.

O Saint Germain, I love you so,  
my aura filled with violet glow,  
my chakras filled with violet fire,  
I am your cosmic amplifier.

**O Saint Germain, what love you bring,  
it truly makes all matter sing,  
your violet flame does all restore,  
with you we are becoming more.**

5. Saint Germain, radiate into the collective consciousness the awareness that sometimes an aspiring power elite takes advantage of the people's dissatisfaction, and establishes a form of democracy where they try to set themselves up as being in control.

O Saint Germain, I am now free,  
your violet flame is therapy,  
transform all hang-ups in my mind,  
as inner peace I surely find.

**O Saint Germain, what love you bring,  
it truly makes all matter sing,  
your violet flame does all restore,  
with you we are becoming more.**

6. Saint Germain, radiate into the collective consciousness the awareness that we must choose whether we want the people to rule or whether we want a small elite to rule. This is a central question in human history.

O Saint Germain, my body pure,  
your violet flame for all is cure,  
consume the cause of all disease,  
and therefore I am all at ease.

**O Saint Germain, what love you bring,  
it truly makes all matter sing,**

**your violet flame does all restore,  
with you we are becoming more.**

7. Saint Germain, radiate into the collective consciousness the awareness that many people, even experts in history and politics, will say that it is better to have an elite that rules. But for whom is it better when an elite rules? It is always better for the elite and the people become virtual slaves of the elite.

O Saint Germain, I'm karma-free,  
the past no longer burdens me,  
a brand new opportunity,  
I am in Christic unity.

**O Saint Germain, what love you bring,  
it truly makes all matter sing,  
your violet flame does all restore,  
with you we are becoming more.**

8. Saint Germain, radiate into the collective consciousness the awareness that many dictatorships have precipitated major disasters, from the Roman Empire to Nazi Germany and the Soviet Union. This was never better for the people and not even better for the elite in the long run.

O Saint Germain, we are now one,  
I am for you a violet sun,  
as we transform this planet earth,  
your Golden Age is given birth.

**O Saint Germain, what love you bring,  
it truly makes all matter sing,  
your violet flame does all restore,  
with you we are becoming more.**

9. Saint Germain, radiate into the collective consciousness the awareness that the established elite that is at any point dominating a society, are always defining themselves as the right elite. This will last until another elite comes along who says: "No, the established elite are the wrong people for the job, we are the right people for the job."

O Saint Germain, the earth is free,  
from burden of duality,  
in oneness we bring what is best,  
your Golden Age is manifest.

**O Saint Germain, what love you bring,  
it truly makes all matter sing,  
your violet flame does all restore,  
with you we are becoming more.**

**Part 2**

1. Saint Germain, radiate into the collective consciousness the awareness that those who fail to learn the lessons of history are destined to repeat them, so the question is: How long do we want to let a power elite rule our societies?

O Saint Germain, you do inspire,  
my vision raised forever higher,  
with you I form a figure-eight,  
your Golden Age I co-create.

**O Saint Germain, what love you bring,  
it truly makes all matter sing,  
your violet flame does all restore,  
with you we are becoming more.**

2. Saint Germain, radiate into the collective consciousness the awareness that empires have self-destructed because there was an imbalance. They went too far towards one extreme, and when they could not keep going anymore, they started a downward spiral that led to a collapse.

O Saint Germain, what Freedom Flame,  
released when we recite your name,  
acceleration is your gift,  
our planet it will surely lift.

**O Saint Germain, what love you bring,  
it truly makes all matter sing,  
your violet flame does all restore,  
with you we are becoming more.**

3. Saint Germain, radiate into the collective consciousness the awareness that a force-based attempt to conquer the world densifies matter, and the densification of matter creates a resistance to force. There will always be a limit to how far a force-based empire can go because its mindset is mirrored by the densification of matter. Force will self-destruct.

O Saint Germain, in love we claim,  
our right to bring your violet flame,  
from you Above, to us below,  
it is an all-transforming flow.

**O Saint Germain, what love you bring,  
it truly makes all matter sing,  
your violet flame does all restore,  
with you we are becoming more.**

4. Saint Germain, radiate into the collective consciousness the awareness that we cannot have an elitist society that is not based on force. History demonstrates that any force-based empire will self-destruct.

O Saint Germain, I love you so,  
my aura filled with violet glow,

my chakras filled with violet fire,  
I am your cosmic amplifier.

**O Saint Germain, what love you bring,  
it truly makes all matter sing,  
your violet flame does all restore,  
with you we are becoming more.**

5. Saint Germain, radiate into the collective consciousness the awareness that we can no longer allow a small elite to chase this impossible goal. We need to realize that the best form of government never will be an elitist form of government.

O Saint Germain, I am now free,  
your violet flame is therapy,  
transform all hang-ups in my mind,  
as inner peace I surely find.

**O Saint Germain, what love you bring,  
it truly makes all matter sing,  
your violet flame does all restore,  
with you we are becoming more.**

6. Saint Germain, radiate into the collective consciousness the awareness that the fewer people who are in control of the decision-making process, the bigger the mistakes that will be made. If we want to avoid a nation becoming so unbalanced that it goes into a self-destructive spiral, we have to broaden the decision-making body.

O Saint Germain, my body pure,  
your violet flame for all is cure,  
consume the cause of all disease,  
and therefore I am all at ease.

**O Saint Germain, what love you bring,  
it truly makes all matter sing,  
your violet flame does all restore,  
with you we are becoming more.**

7. Saint Germain, radiate into the collective consciousness the awareness that the ultimate broadening of the decision-making body is to include all of the people.

O Saint Germain, I'm karma-free,  
the past no longer burdens me,  
a brand new opportunity,  
I am in Christic unity.

**O Saint Germain, what love you bring,  
it truly makes all matter sing,  
your violet flame does all restore,  
with you we are becoming more.**

8. Saint Germain, radiate into the collective consciousness the awareness that the basis for progress is an expansion of knowledge, but this is more than intellectual, factual knowledge. The mind is more than the brain. Progress has happened because there has been an expansion of people's capacity of the mind.

O Saint Germain, we are now one,  
I am for you a violet sun,  
as we transform this planet earth,  
your Golden Age is given birth.

**O Saint Germain, what love you bring,  
it truly makes all matter sing,  
your violet flame does all restore,  
with you we are becoming more.**

9. Saint Germain, radiate into the collective consciousness the awareness that there has been an expansion in the individual minds of people, but there has also been an expansion in the collective mind, the collective consciousness.

O Saint Germain, the earth is free,  
from burden of duality,  
in oneness we bring what is best,  
your Golden Age is manifest.

**O Saint Germain, what love you bring,  
it truly makes all matter sing,  
your violet flame does all restore,  
with you we are becoming more.**

### **Part 3**

1. Saint Germain, radiate into the collective consciousness the awareness that during medieval times the purpose of society was to keep the elites – the clergy and the noble class and the kings – in their privileged positions.

O Saint Germain, you do inspire,  
my vision raised forever higher,  
with you I form a figure-eight,  
your Golden Age I co-create.

**O Saint Germain, what love you bring,  
it truly makes all matter sing,  
your violet flame does all restore,  
with you we are becoming more.**

2. Saint Germain, radiate into the collective consciousness the awareness that the purpose of any elitist government is to keep the elite in their privileged positions. The purpose of an elitist society is defined by the elite, revolves around the elite and keeps them as an elite.

O Saint Germain, what Freedom Flame,  
released when we recite your name,  
acceleration is your gift,  
our planet it will surely lift.

**O Saint Germain, what love you bring,  
it truly makes all matter sing,  
your violet flame does all restore,  
with you we are becoming more.**

3. Saint Germain, radiate into the collective consciousness the awareness that the real purpose of society is the expansion of the individual minds of the people and the expansion of the collective consciousness—not only because this brings progress, but because this is the purpose of life on earth from a spiritual perspective.

O Saint Germain, in love we claim,  
our right to bring your violet flame,  
from you Above, to us below,  
it is an all-transforming flow.

**O Saint Germain, what love you bring,  
it truly makes all matter sing,  
your violet flame does all restore,  
with you we are becoming more.**

4. Saint Germain, radiate into the collective consciousness the awareness that the higher purpose for a society is to promote the growth in awareness of its citizens and the growth in the collective consciousness that leads society towards more material affluence, more freedom, and more psychological well-being for the people.

O Saint Germain, I love you so,  
my aura filled with violet glow,  
my chakras filled with violet fire,  
I am your cosmic amplifier.

**O Saint Germain, what love you bring,  
it truly makes all matter sing,  
your violet flame does all restore,  
with you we are becoming more.**

5. Saint Germain, radiate into the collective consciousness the awareness that the purpose of a society is the welfare of the people and the well-being of the people—all of the people.

O Saint Germain, I am now free,  
your violet flame is therapy,  
transform all hang-ups in my mind,  
as inner peace I surely find.

**O Saint Germain, what love you bring,  
it truly makes all matter sing,**

**your violet flame does all restore,  
with you we are becoming more.**

6. Saint Germain, radiate into the collective consciousness the awareness that those who argue against this are arguing for the privileges of the elite. They are arguing that there is an elite whose well-being is more important than the broad population, and therefore the broad population should be the servants or the slaves of the elite.

O Saint Germain, my body pure,  
your violet flame for all is cure,  
consume the cause of all disease,  
and therefore I am all at ease.

**O Saint Germain, what love you bring,  
it truly makes all matter sing,  
your violet flame does all restore,  
with you we are becoming more.**

7. Saint Germain, radiate into the collective consciousness the awareness that there is always this dynamic of an elite versus the people. Either you want what is best for the broad population or you want what is best for a small elite that takes advantage of the population.

O Saint Germain, I'm karma-free,  
the past no longer burdens me,  
a brand new opportunity,  
I am in Christic unity.

**O Saint Germain, what love you bring,  
it truly makes all matter sing,  
your violet flame does all restore,  
with you we are becoming more.**

8. Saint Germain, radiate into the collective consciousness the awareness that in the Golden Age, technology will be used to create communication where, after debate, a consensus emerges. In a society where all of the people are participating in the debate, this is also a form of democracy and not an elitist society.

O Saint Germain, we are now one,  
I am for you a violet sun,  
as we transform this planet earth,  
your Golden Age is given birth.

**O Saint Germain, what love you bring,  
it truly makes all matter sing,  
your violet flame does all restore,  
with you we are becoming more.**

9. Saint Germain, radiate into the collective consciousness the awareness that the first stage of democracy is that people vote for representatives. This is a concession to the

idea that there are some people who are more suited to making decisions than the average person.

O Saint Germain, the earth is free,  
from burden of duality,  
in oneness we bring what is best,  
your Golden Age is manifest.

**O Saint Germain, what love you bring,  
it truly makes all matter sing,  
your violet flame does all restore,  
with you we are becoming more.**

## Part 4

1. Saint Germain, radiate into the collective consciousness the awareness that the next stage is a more direct democracy where, at least in bigger decisions, all of the people vote on it, for example in a referendum.

O Saint Germain, you do inspire,  
my vision raised forever higher,  
with you I form a figure-eight,  
your Golden Age I co-create.

**O Saint Germain, what love you bring,  
it truly makes all matter sing,  
your violet flame does all restore,  
with you we are becoming more.**

2. Saint Germain, radiate into the collective consciousness the awareness that nations need to question whether a majority rule is the optimum form of government. This can eventually lead to the point where holding a referendum almost becomes a formality, because gradually a consensus emerges where a vast majority of the people are united.

O Saint Germain, what Freedom Flame,  
released when we recite your name,  
acceleration is your gift,  
our planet it will surely lift.

**O Saint Germain, what love you bring,  
it truly makes all matter sing,  
your violet flame does all restore,  
with you we are becoming more.**

3. Saint Germain, radiate into the collective consciousness the awareness that democracy, in one form or another, is the form of government of the Golden Age. It is the government of the future.

O Saint Germain, in love we claim,  
our right to bring your violet flame,

from you Above, to us below,  
it is an all-transforming flow.

**O Saint Germain, what love you bring,  
it truly makes all matter sing,  
your violet flame does all restore,  
with you we are becoming more.**

4. Saint Germain, radiate into the collective consciousness the awareness that inflexibility cannot secure survival. The “best” form of government is the one that secures the most rapid and sustainable growth in the minds of the people, the capacity of the minds of the people. And such a form of government must be flexible. It must be flexible.

O Saint Germain, I love you so,  
my aura filled with violet glow,  
my chakras filled with violet fire,  
I am your cosmic amplifier.

**O Saint Germain, what love you bring,  
it truly makes all matter sing,  
your violet flame does all restore,  
with you we are becoming more.**

5. Saint Germain, radiate into the collective consciousness the awareness that a country cannot become a democracy unless there is a certain level of Christhood among the top 10% and even a certain level among a majority of the population.

O Saint Germain, I am now free,  
your violet flame is therapy,  
transform all hang-ups in my mind,  
as inner peace I surely find.

**O Saint Germain, what love you bring,  
it truly makes all matter sing,  
your violet flame does all restore,  
with you we are becoming more.**

6. Saint Germain, radiate into the collective consciousness the awareness that if you do not have the necessary level of Christhood, then the experiment in democracy will not be successful.

O Saint Germain, my body pure,  
your violet flame for all is cure,  
consume the cause of all disease,  
and therefore I am all at ease.

**O Saint Germain, what love you bring,  
it truly makes all matter sing,  
your violet flame does all restore,  
with you we are becoming more.**

7. Saint Germain, radiate into the collective consciousness the awareness that there has for all of recorded history been a dynamic of the struggle, between a small elite and a majority of the population.

O Saint Germain, I'm karma-free,  
the past no longer burdens me,  
a brand new opportunity,  
I am in Christic unity.

**O Saint Germain, what love you bring,  
it truly makes all matter sing,  
your violet flame does all restore,  
with you we are becoming more.**

8. Saint Germain, radiate into the collective consciousness the awareness that an elitist society is dominated by selfishness, self-centeredness, a focus on yourself as you see yourself.

O Saint Germain, we are now one,  
I am for you a violet sun,  
as we transform this planet earth,  
your Golden Age is given birth.

**O Saint Germain, what love you bring,  
it truly makes all matter sing,  
your violet flame does all restore,  
with you we are becoming more.**

9. Saint Germain, radiate into the collective consciousness the awareness that when you are in this lower state of consciousness, you see yourself as a separate being who is in competition with, in opposition to, other people. You have a clear distinction between you and your kind of people and all other people.

O Saint Germain, the earth is free,  
from burden of duality,  
in oneness we bring what is best,  
your Golden Age is manifest.

**O Saint Germain, what love you bring,  
it truly makes all matter sing,  
your violet flame does all restore,  
with you we are becoming more.**

### **Sealing:**

In the name of the Divine Mother, I fully accept that the power of these calls is used to set free the Ma-ter light, so it can outpicture the perfect vision of Christ for my own life, for all people and for the planet. In the name I AM THAT I AM, it is done! Amen.

## 2. No democracy without discernment (4)

In the name I AM THAT I AM, Jesus Christ, I call to my I AM Presence to flow through the I Will Be Presence that I AM and give these decrees with full power. I call to beloved Saint Germain and Jesus to awaken people to the need to defend democracy from both external and internal attacks, including...

### Part 1

1. Jesus, radiate into the collective consciousness the awareness that elites have been focused on themselves, and had no consideration for the broad population and their suffering. They had no concerns about enslaving 99% of the population so that they could live a privileged lifestyle.

O Jesus, blessed brother mine,  
I walk the path that you outline,  
a great example to us all,  
I follow now your inner call.

**O Jesus, let the Fire of Joy,  
consume the devil's subtle ploy,  
transfigured is our planet earth,  
the golden age is given birth.**

2. Jesus, radiate into the collective consciousness the awareness that you were setting the foundation for the progress of the Piscean Age, and the ultimate outcome would be the spread of democracy on a world scale. The foundation for democracy is saying: "Do unto others as you want them to do unto you."

O Jesus, open inner sight,  
the ego wants to prove it's right,  
but this I will no longer do,  
I want to be all one with you.

**O Jesus, let the Fire of Joy,  
consume the devil's subtle ploy,  
transfigured is our planet earth,  
the golden age is given birth.**

3. Jesus, radiate into the collective consciousness the awareness that there comes a point in the evolution of a soul where it begins to observe that if I hurt other people they become angry and at some point they might hurt me in return. If I do something to others, somebody is likely to do the same to me.

O Jesus, I now clearly see,  
the Key of Knowledge given me,  
my Christ self I hereby embrace,  
as you fill up my inner space.

**O Jesus, let the Fire of Joy,  
consume the devil's subtle ploy,  
transfigured is our planet earth,  
the golden age is given birth.**

4. Jesus, radiate into the collective consciousness the awareness that in order to break this spiral, somebody must start. Somebody must start by treating people differently. Someone must break the spiral by doing unto others NOT what others are doing to you, but what you want them to do to you.

O Jesus, show me serpent's lie,  
expose the beam in my own eye,  
as Christ discernment you me give,  
in oneness I forever live.

**O Jesus, let the Fire of Joy,  
consume the devil's subtle ploy,  
transfigured is our planet earth,  
the golden age is given birth.**

5. Jesus, radiate into the collective consciousness the awareness that this is the basic foundation for democracy because a democracy can only work if there is a voluntary agreement that there are certain things we do not do to each other.

O Jesus, I am truly meek,  
and thus I turn the other cheek,  
when the accuser attacks me,  
I go within and merge with thee.

**O Jesus, let the Fire of Joy,  
consume the devil's subtle ploy,  
transfigured is our planet earth,  
the golden age is given birth.**

6. Jesus, radiate into the collective consciousness the awareness that a democracy is based on human rights. Yet a democracy could never enforce this through force, because if a democracy had to enforce this, it would become a dictatorship. There would have to be so much police, so much surveillance, that it would no longer be a democracy.

O Jesus, ego I let die,  
surrender ev'ry earthly tie,

the dead can bury what is dead,  
I choose to walk with you instead.

**O Jesus, let the Fire of Joy,  
consume the devil's subtle ploy,  
transfigured is our planet earth,  
the golden age is given birth.**

7. Jesus, radiate into the collective consciousness the awareness that the foundation for democracy is that a majority of the population has this agreement: There are certain things we do not do to each other because then we can live peaceful lives where we can build our future with confidence.

O Jesus, help me rise above,  
the devil's test through higher love,  
show me separate self unreal,  
my formless self you do reveal.

**O Jesus, let the Fire of Joy,  
consume the devil's subtle ploy,  
transfigured is our planet earth,  
the golden age is given birth.**

8. Jesus, radiate into the collective consciousness the awareness that when there is that level of humanity, a nation prospers and people prosper. This is because when we serve others, the universe returns it to us multiplied.

O Jesus, what is that to me,  
I just let go and follow thee,  
with this I do pass ev'ry test,  
to find with you eternal rest.

**O Jesus, let the Fire of Joy,  
consume the devil's subtle ploy,  
transfigured is our planet earth,  
the golden age is given birth.**

9. Jesus, radiate into the collective consciousness the awareness that when we are multiplying the talents in how we treat other people, then God, Spirit, the universe, will multiply what we receive from Spirit and therefore we will have more. This is the spiritual foundation for the modern democracies.

O Jesus, fiery master mine,  
my heart now melting into thine,  
I love with heart and mind and soul,  
the God who is my highest goal.

**O Jesus, let the Fire of Joy,  
consume the devil's subtle ploy,**

**transfigured is our planet earth,  
the golden age is given birth.**

## **Part 2**

1. Jesus, radiate into the collective consciousness the awareness that you expressed universal laws. Christianity was meant to be a philosophy for constructive living. If that had been maintained, the modern democracies would not have had to become secular because societies would not have become religious in the first place.

O Jesus, blessed brother mine,  
I walk the path that you outline,  
a great example to us all,  
I follow now your inner call.

**O Jesus, let the Fire of Joy,  
consume the devil's subtle ploy,  
transfigured is our planet earth,  
the golden age is given birth.**

2. Jesus, radiate into the collective consciousness the awareness that Christians fail to see your teachings as anti-elitist. The reason is the Catholic church, which for seventeen centuries has portrayed Christianity as an elitist religion.

O Jesus, open inner sight,  
the ego wants to prove it's right,  
but this I will no longer do,  
I want to be all one with you.

**O Jesus, let the Fire of Joy,  
consume the devil's subtle ploy,  
transfigured is our planet earth,  
the golden age is given birth.**

3. Jesus, radiate into the collective consciousness the awareness that Constantine did not want a populist universal religion where the people could access God on their own. He wanted a state-controlled religion where the people could only have access to God and salvation through an institution that he controlled.

O Jesus, I now clearly see,  
the Key of Knowledge given me,  
my Christ self I hereby embrace,  
as you fill up my inner space.

**O Jesus, let the Fire of Joy,  
consume the devil's subtle ploy,  
transfigured is our planet earth,  
the golden age is given birth.**

4. Jesus, radiate into the collective consciousness the awareness that after three centuries, the Christian philosophy was turned into another elitist religion that suppressed the people, ushered in the dark ages, created a secular elite with the divine rights of kings and the noblemen with blue blood, created to rule the people.

O Jesus, show me serpent's lie,  
expose the beam in my own eye,  
as Christ discernment you me give,  
in oneness I forever live.

**O Jesus, let the Fire of Joy,  
consume the devil's subtle ploy,  
transfigured is our planet earth,  
the golden age is given birth.**

5. Jesus, radiate into the collective consciousness the awareness that the Roman Catholic church does not render unto God that which is God's for they have replaced the Christ consciousness with the Peter consciousness, who denied Christ three times and they have denied Christ 3 billion times since 325.

O Jesus, I am truly meek,  
and thus I turn the other cheek,  
when the accuser attacks me,  
I go within and merge with thee.

**O Jesus, let the Fire of Joy,  
consume the devil's subtle ploy,  
transfigured is our planet earth,  
the golden age is given birth.**

6. Jesus, radiate into the collective consciousness the awareness that the Catholic church turned Christianity into a powerful religion that perpetrated the Crusades, the Inquisition and the witch-hunts. The infallible doctrines pitted Christianity against the early scientists, and without this modern democracies would not have had to become secular nations.

O Jesus, ego I let die,  
surrender ev'ry earthly tie,  
the dead can bury what is dead,  
I choose to walk with you instead.

**O Jesus, let the Fire of Joy,  
consume the devil's subtle ploy,  
transfigured is our planet earth,  
the golden age is given birth.**

7. Jesus, radiate into the collective consciousness the awareness that democracy could have happened earlier. What delayed democracy was more than any other single factor the Catholic church. There is not a sliver of democracy in the Catholic church.

O Jesus, help me rise above,  
the devil's test through higher love,

show me separate self unreal,  
my formless self you do reveal.

**O Jesus, let the Fire of Joy,  
consume the devil's subtle ploy,  
transfigured is our planet earth,  
the golden age is given birth.**

8. Jesus, radiate into the collective consciousness the awareness that had there not been the institutionalization, elitistization of Christianity, then democracies could have happened earlier. They could have happened in Europe because you might not have had kings that believed that they had a divine right to rule.

O Jesus, what is that to me,  
I just let go and follow thee,  
with this I do pass ev'ry test,  
to find with you eternal rest.

**O Jesus, let the Fire of Joy,  
consume the devil's subtle ploy,  
transfigured is our planet earth,  
the golden age is given birth.**

9. Jesus, radiate into the collective consciousness the awareness that if they had seen themselves based on the Christian worldview, how could the French, the British and the Germans be enemies? If they were all Christians and followed this Christian ethos to do unto others, how could there be hostility? How could there be war?

O Jesus, fiery master mine,  
my heart now melting into thine,  
I love with heart and mind and soul,  
the God who is my highest goal.

**O Jesus, let the Fire of Joy,  
consume the devil's subtle ploy,  
transfigured is our planet earth,  
the golden age is given birth.**

### **Part 3**

1. Jesus, radiate into the collective consciousness the awareness that Christhood is that you recognize that other human beings have the same rights as yourself but what you really recognize is that it is in your own best interest to treat other people the way you want to be treated.

O Jesus, blessed brother mine,  
I walk the path that you outline,  
a great example to us all,  
I follow now your inner call.

**O Jesus, let the Fire of Joy,  
consume the devil's subtle ploy,  
transfigured is our planet earth,  
the golden age is given birth.**

2. Jesus, radiate into the collective consciousness the awareness that Christ is the one who comes to challenge the prince of this world, the consciousness of selfishness, self-centeredness.

O Jesus, open inner sight,  
the ego wants to prove it's right,  
but this I will no longer do,  
I want to be all one with you.

**O Jesus, let the Fire of Joy,  
consume the devil's subtle ploy,  
transfigured is our planet earth,  
the golden age is given birth.**

3. Jesus, radiate into the collective consciousness the awareness that the human mind has the ability to become a self-fulfilling, a self-validating, a self-referential system, because people are looking for and accepting only what validates their infallible belief.

O Jesus, I now clearly see,  
the Key of Knowledge given me,  
my Christ self I hereby embrace,  
as you fill up my inner space.

**O Jesus, let the Fire of Joy,  
consume the devil's subtle ploy,  
transfigured is our planet earth,  
the golden age is given birth.**

4. Jesus, radiate into the collective consciousness the awareness that the human intellect can argue for or against any point, so people can always convince themselves that they are right and anything opposite to theirs is wrong.

O Jesus, show me serpent's lie,  
expose the beam in my own eye,  
as Christ discernment you me give,  
in oneness I forever live.

**O Jesus, let the Fire of Joy,  
consume the devil's subtle ploy,  
transfigured is our planet earth,  
the golden age is given birth.**

5. Jesus, radiate into the collective consciousness the awareness that this is what has caused the downfall of civilizations and many disasters. It has also caused much

individual unhappiness because it makes people unable to adapt to changes, both personal and on a planetary scale.

O Jesus, I am truly meek,  
and thus I turn the other cheek,  
when the accuser attacks me,  
I go within and merge with thee.

**O Jesus, let the Fire of Joy,  
consume the devil's subtle ploy,  
transfigured is our planet earth,  
the golden age is given birth.**

6. Jesus, radiate into the collective consciousness the awareness that the mind has this ability. We can free ourselves from becoming closed-minded only by reaching for something beyond our own minds. For if there is not something else, then the human race is doomed.

O Jesus, ego I let die,  
surrender ev'ry earthly tie,  
the dead can bury what is dead,  
I choose to walk with you instead.

**O Jesus, let the Fire of Joy,  
consume the devil's subtle ploy,  
transfigured is our planet earth,  
the golden age is given birth.**

7. Jesus, radiate into the collective consciousness the awareness that the first challenge of Christ is to recognize that there is something beyond your own mind. The second challenge is to keep seeking that experience and not allowing your outer mind to pull the experience into its worldview and perception filter.

O Jesus, help me rise above,  
the devil's test through higher love,  
show me separate self unreal,  
my formless self you do reveal.

**O Jesus, let the Fire of Joy,  
consume the devil's subtle ploy,  
transfigured is our planet earth,  
the golden age is given birth.**

8. Jesus, radiate into the collective consciousness the awareness that there is something that is real, there is something that is beyond anything, any idea, any belief we can define on earth. There is something beyond our own minds. This is basic humanity as a basic respect for other people.

O Jesus, what is that to me,  
I just let go and follow thee,

with this I do pass ev'ry test,  
to find with you eternal rest.

**O Jesus, let the Fire of Joy,  
consume the devil's subtle ploy,  
transfigured is our planet earth,  
the golden age is given birth.**

9. Jesus, radiate into the collective consciousness the awareness that if there is not a basic respect between human beings, how can we have a democracy? We cannot force a country to become democratic.

O Jesus, fiery master mine,  
my heart now melting into thine,  
I love with heart and mind and soul,  
the God who is my highest goal.

**O Jesus, let the Fire of Joy,  
consume the devil's subtle ploy,  
transfigured is our planet earth,  
the golden age is given birth.**

## Part 4

1. Jesus, radiate into the collective consciousness the awareness that Christhood is a universal term, and thus there is an inseparable connection between Christhood and democracy. You cannot have democracy without Christhood.

O Jesus, blessed brother mine,  
I walk the path that you outline,  
a great example to us all,  
I follow now your inner call.

**O Jesus, let the Fire of Joy,  
consume the devil's subtle ploy,  
transfigured is our planet earth,  
the golden age is given birth.**

2. Jesus, I call forth the Judgment of Christ upon nations who do not have a democratic form of government, who have no intention or goal of making their nations more democratic, and who therefore feel threatened by democratic nations.

O Jesus, open inner sight,  
the ego wants to prove it's right,  
but this I will no longer do,  
I want to be all one with you.

**O Jesus, let the Fire of Joy,  
consume the devil's subtle ploy,**

**transfigured is our planet earth,  
the golden age is given birth.**

3. Jesus, I call forth the Judgment of Christ upon Vladimir Putin, Xi Jinping and other leaders who feel threatened by the presence of democratic nations, because they know that they cannot prevent their own people from realizing that people in democratic nations have a much higher lifestyle than the average person in Russia or China.

O Jesus, I now clearly see,  
the Key of Knowledge given me,  
my Christ self I hereby embrace,  
as you fill up my inner space.

**O Jesus, let the Fire of Joy,  
consume the devil's subtle ploy,  
transfigured is our planet earth,  
the golden age is given birth.**

4. Jesus, I call for you to help people ask the question: "Why do we not have what people in the democratic nations have? Is it because we do not have a democratic form of government?"

O Jesus, show me serpent's lie,  
expose the beam in my own eye,  
as Christ discernment you me give,  
in oneness I forever live.

**O Jesus, let the Fire of Joy,  
consume the devil's subtle ploy,  
transfigured is our planet earth,  
the golden age is given birth.**

5. Jesus, I call forth the Judgment of Christ upon the leaders who are feel threatened by democracy, and who have decided to do certain things to take democracy down a little bit, humiliate democracies, portray them as being a lower form of government.

O Jesus, I am truly meek,  
and thus I turn the other cheek,  
when the accuser attacks me,  
I go within and merge with thee.

**O Jesus, let the Fire of Joy,  
consume the devil's subtle ploy,  
transfigured is our planet earth,  
the golden age is given birth.**

6. Jesus, I call forth the Judgment of Christ upon the leaders who have the Cain consciousness. They are jealous of the Christ Light they do not have. They do not want to change, so they know they cannot have it. But if they could somehow take down what they have in the democratic nations, then they could feel better about themselves for not having it.

O Jesus, ego I let die,  
surrender ev'ry earthly tie,  
the dead can bury what is dead,  
I choose to walk with you instead.

**O Jesus, let the Fire of Joy,  
consume the devil's subtle ploy,  
transfigured is our planet earth,  
the golden age is given birth.**

7. Jesus, I call forth the Judgment of Christ upon the forces in the physical world, the people and the nations who are doing whatever they can think of to challenge democracy.

O Jesus, help me rise above,  
the devil's test through higher love,  
show me separate self unreal,  
my formless self you do reveal.

**O Jesus, let the Fire of Joy,  
consume the devil's subtle ploy,  
transfigured is our planet earth,  
the golden age is given birth.**

8. Jesus, I call forth the Judgment of Christ upon the dark forces and fallen beings in the emotional realm, the mental realm, the identity realm, who are challenging democracy.

O Jesus, what is that to me,  
I just let go and follow thee,  
with this I do pass ev'ry test,  
to find with you eternal rest.

**O Jesus, let the Fire of Joy,  
consume the devil's subtle ploy,  
transfigured is our planet earth,  
the golden age is given birth.**

9. Jesus, I call forth the Judgment of Christ upon all who are seeking to challenge democracy by using force because they can only think in terms of force. Help people see that all such forces end up in the dustbin of history.

O Jesus, fiery master mine,  
my heart now melting into thine,  
I love with heart and mind and soul,  
the God who is my highest goal.

**O Jesus, let the Fire of Joy,  
consume the devil's subtle ploy,  
transfigured is our planet earth,  
the golden age is given birth.**

## **Sealing:**

In the name of the Divine Mother, I fully accept that the power of these calls is used to set free the Ma-ter light, so it can outpicture the perfect vision of Christ for my own life, for all people and for the planet. In the name I AM THAT I AM, it is done! Amen.

# **3. A higher level of discernment (4)**

In the name I AM THAT I AM, Jesus Christ, I call to my I AM Presence to flow through the I Will Be Presence that I AM and give these decrees with full power. I call to beloved Saint Germain and Jesus to awaken people to the need to defend democracy from both external and internal attacks, including...

## **Part 1**

1. Saint Germain, radiate into the collective consciousness the awareness that in order to step onto the path towards Christhood, you have to let the old self die and be reborn into a new self. You forget, or at least you want to forget, that there are people out there, who were always more aggressive than you ever were, even before you went through this transition.

O Saint Germain, you do inspire,  
my vision raised forever higher,  
with you I form a figure-eight,  
your Golden Age I co-create.

**O Saint Germain, what love you bring,  
it truly makes all matter sing,  
your violet flame does all restore,  
with you we are becoming more.**

2. Saint Germain, radiate into the collective consciousness the awareness that during the 1990s and the 2000s, most people in the West were in this phase. They felt that now, we do not need to worry about Russia as an aggressor. Even though Putin became more aggressive, people wanted to move forward.

O Saint Germain, what Freedom Flame,  
released when we recite your name,  
acceleration is your gift,  
our planet it will surely lift.

**O Saint Germain, what love you bring,  
it truly makes all matter sing,  
your violet flame does all restore,  
with you we are becoming more.**

3. Saint Germain, radiate into the collective consciousness the awareness that Putin shattered this with the invasion of Ukraine, and he did this because in his mind nothing is ever enough or good enough.

O Saint Germain, in love we claim,  
our right to bring your violet flame,  
from you Above, to us below,  
it is an all-transforming flow.

**O Saint Germain, what love you bring,  
it truly makes all matter sing,  
your violet flame does all restore,  
with you we are becoming more.**

4. Saint Germain, radiate into the collective consciousness the awareness that Putin came to the point that all dictators come to, where they feel that although they have all this power, it is not enough. They are not being respected, they are not being feared, they are not being listened to.

O Saint Germain, I love you so,  
my aura filled with violet glow,  
my chakras filled with violet fire,  
I am your cosmic amplifier.

**O Saint Germain, what love you bring,  
it truly makes all matter sing,  
your violet flame does all restore,  
with you we are becoming more.**

5. Saint Germain, radiate into the collective consciousness the awareness that Putin wanted to do something historic, something epically important for Russia, as he saw it, of taking Russia back to this prominent position that in his mind Russia had during the Soviet Union.

O Saint Germain, I am now free,  
your violet flame is therapy,  
transform all hang-ups in my mind,  
as inner peace I surely find.

**O Saint Germain, what love you bring,  
it truly makes all matter sing,**

**your violet flame does all restore,  
with you we are becoming more.**

6. Saint Germain, radiate into the collective consciousness the awareness that in democratic nations, when you are going to the mindset that you are not wanting to hurt other people, you go into this slightly naive stage, where you cannot quite imagine that other people want to hurt you.

O Saint Germain, my body pure,  
your violet flame for all is cure,  
consume the cause of all disease,  
and therefore I am all at ease.

**O Saint Germain, what love you bring,  
it truly makes all matter sing,  
your violet flame does all restore,  
with you we are becoming more.**

7. Saint Germain, radiate into the collective consciousness the awareness that you fail to see that there are still many people on this planet who want to hurt others, who are willing to hurt others, who see it to their advantage to hurt others. There are those who want to hurt others to gain power or just to create chaos.

O Saint Germain, I'm karma-free,  
the past no longer burdens me,  
a brand new opportunity,  
I am in Christic unity.

**O Saint Germain, what love you bring,  
it truly makes all matter sing,  
your violet flame does all restore,  
with you we are becoming more.**

8. Saint Germain, radiate into the collective consciousness the awareness that at the lower stages of Christhood, you cannot deal with evil, you cannot imagine what evil is. You think that because you have changed, other people have changed too. Or at least they want to, if you just give them a chance.

O Saint Germain, we are now one,  
I am for you a violet sun,  
as we transform this planet earth,  
your Golden Age is given birth.

**O Saint Germain, what love you bring,  
it truly makes all matter sing,  
your violet flame does all restore,  
with you we are becoming more.**

9. Saint Germain, radiate into the collective consciousness the awareness that the democratic nations felt obligated—by their Christian beliefs, their humanitarian beliefs, by their political beliefs—to give Russia a chance to grow and to normalize.

O Saint Germain, the earth is free,  
from burden of duality,  
in oneness we bring what is best,  
your Golden Age is manifest.

**O Saint Germain, what love you bring,  
it truly makes all matter sing,  
your violet flame does all restore,  
with you we are becoming more.**

## Part 2

1. Saint Germain, radiate into the collective consciousness the awareness that what else could a democratic world do? Given the state of consciousness they were in at the time, what else could they have done?

O Saint Germain, you do inspire,  
my vision raised forever higher,  
with you I form a figure-eight,  
your Golden Age I co-create.

**O Saint Germain, what love you bring,  
it truly makes all matter sing,  
your violet flame does all restore,  
with you we are becoming more.**

2. Saint Germain, radiate into the collective consciousness the awareness that the West has stepped up to a higher level of Christ discernment than they had before the invasion. This is the discernment: "Be ye wise as serpents, but harmless as doves."

O Saint Germain, what Freedom Flame,  
released when we recite your name,  
acceleration is your gift,  
our planet it will surely lift.

**O Saint Germain, what love you bring,  
it truly makes all matter sing,  
your violet flame does all restore,  
with you we are becoming more.**

3. Saint Germain, radiate into the collective consciousness the awareness that the leaders of the West have to be wise to the serpents who are aggressively seeking to undermine democracy, not only militarily, but in many other ways, through trolling, cybersecurity, interference with elections or propaganda.

O Saint Germain, in love we claim,  
our right to bring your violet flame,  
from you Above, to us below,  
it is an all-transforming flow.

**O Saint Germain, what love you bring,  
it truly makes all matter sing,  
your violet flame does all restore,  
with you we are becoming more.**

4. Saint Germain, radiate into the collective consciousness the awareness that the time of giving Putin a free pass is over, and there needs to be a resolve that for Putin nothing will ever be enough. Therefore, if he conquers Ukraine, it will not stop there.

O Saint Germain, I love you so,  
my aura filled with violet glow,  
my chakras filled with violet fire,  
I am your cosmic amplifier.

**O Saint Germain, what love you bring,  
it truly makes all matter sing,  
your violet flame does all restore,  
with you we are becoming more.**

5. Saint Germain, radiate into the collective consciousness the awareness that the Western nations need to step up and walk a delicate balance where you are, on the one side, harmless as a dove, but you are definitely wise to the serpents.

O Saint Germain, I am now free,  
your violet flame is therapy,  
transform all hang-ups in my mind,  
as inner peace I surely find.

**O Saint Germain, what love you bring,  
it truly makes all matter sing,  
your violet flame does all restore,  
with you we are becoming more.**

6. Saint Germain, radiate into the collective consciousness the awareness that when you are dealing with a person for whom nothing is ever enough, you are the one who has to draw the line, he cannot do so. You are the one who has to draw the line of saying that you will not accept Russian aggression.

O Saint Germain, my body pure,  
your violet flame for all is cure,  
consume the cause of all disease,  
and therefore I am all at ease.

**O Saint Germain, what love you bring,  
it truly makes all matter sing,  
your violet flame does all restore,  
with you we are becoming more.**

7. Saint Germain, radiate into the collective consciousness the awareness that no matter what the outcome is in Ukraine, there will still be Russian aggression. For some time, there will still be Russian aggression. Even if Putin went out of embodiment or was overthrown in a coup, there would still be Russian aggression.

O Saint Germain, I'm karma-free,  
the past no longer burdens me,  
a brand new opportunity,  
I am in Christic unity.

**O Saint Germain, what love you bring,  
it truly makes all matter sing,  
your violet flame does all restore,  
with you we are becoming more.**

8. Saint Germain, radiate into the collective consciousness the awareness that in order to deal with this without ending up in an all-out war between NATO and Russia, the Western nations need to be undivided. They need to be clear and decide on what they will allow and what they will not allow. Unity is all important.

O Saint Germain, we are now one,  
I am for you a violet sun,  
as we transform this planet earth,  
your Golden Age is given birth.

**O Saint Germain, what love you bring,  
it truly makes all matter sing,  
your violet flame does all restore,  
with you we are becoming more.**

9. Saint Germain, radiate into the collective consciousness the awareness that Putin has systematically tried to undermine Western unity, and he has had some success. Now, it has reversed and it is extremely important that the Western nations keep this up because the confrontation between Russia and the West is not a confrontation between nations.

O Saint Germain, the earth is free,  
from burden of duality,  
in oneness we bring what is best,  
your Golden Age is manifest.

**O Saint Germain, what love you bring,  
it truly makes all matter sing,  
your violet flame does all restore,  
with you we are becoming more.**

### **Part 3**

1. Saint Germain, radiate into the collective consciousness the awareness that Putin likes to say it is a confrontation between Russia and NATO, or Russia and the West, who wants to overthrow Russia and overturn Russia, and want to do bad for the Russian people.

O Saint Germain, you do inspire,  
my vision raised forever higher,  
with you I form a figure-eight,  
your Golden Age I co-create.

**O Saint Germain, what love you bring,  
it truly makes all matter sing,  
your violet flame does all restore,  
with you we are becoming more.**

2. Saint Germain, radiate into the collective consciousness the awareness that the West might want to overthrow Putin, but they only want to do good for the Russian people. It is a confrontation between two movements: the pro-democracy movement and the anti-democracy movement.

O Saint Germain, what Freedom Flame,  
released when we recite your name,  
acceleration is your gift,  
our planet it will surely lift.

**O Saint Germain, what love you bring,  
it truly makes all matter sing,  
your violet flame does all restore,  
with you we are becoming more.**

3. Saint Germain, radiate into the collective consciousness the awareness that at the basic level. It is a confrontation between the movement towards more and more democracy and freedom, which is part of the Golden Age, and the movement against democracy and freedom, which is opposing the Golden Age.

O Saint Germain, in love we claim,  
our right to bring your violet flame,  
from you Above, to us below,  
it is an all-transforming flow.

**O Saint Germain, what love you bring,  
it truly makes all matter sing,  
your violet flame does all restore,  
with you we are becoming more.**

4. Saint Germain, radiate into the collective consciousness the awareness that democracy needs to step up to this level: "We cannot assume that all people on earth want freedom and democracy and prosperity. In a certain sense, they want it, but they do not want to pay the price for it, in terms of changing their nations and their leadership.

O Saint Germain, I love you so,  
my aura filled with violet glow,  
my chakras filled with violet fire,  
I am your cosmic amplifier.

**O Saint Germain, what love you bring,  
it truly makes all matter sing,  
your violet flame does all restore,  
with you we are becoming more.**

5. Saint Germain, radiate into the collective consciousness the awareness that we cannot allow ourselves to assume that just because we are not aggressive towards China and Russia, they are not aggressive towards us.

O Saint Germain, I am now free,  
your violet flame is therapy,  
transform all hang-ups in my mind,  
as inner peace I surely find.

**O Saint Germain, what love you bring,  
it truly makes all matter sing,  
your violet flame does all restore,  
with you we are becoming more.**

6. Saint Germain, radiate into the collective consciousness the awareness that Muslim terrorism has somewhat faded in the background, but what has come up instead is this anti-democratic push from primarily China and Russia. This is the next phase and democracies need to step up and recognize this.

O Saint Germain, my body pure,  
your violet flame for all is cure,  
consume the cause of all disease,  
and therefore I am all at ease.

**O Saint Germain, what love you bring,  
it truly makes all matter sing,  
your violet flame does all restore,  
with you we are becoming more.**

7. Saint Germain, radiate into the collective consciousness the awareness that it is necessary to defend democracy so that democracy can not only survive, but continue to expand. Some nations have had democracy for so long they are starting to take it for granted and allowing certain people to take over governments that actually have an anti-democratic attitude.

O Saint Germain, I'm karma-free,  
the past no longer burdens me,  
a brand new opportunity,  
I am in Christic unity.

**O Saint Germain, what love you bring,  
it truly makes all matter sing,  
your violet flame does all restore,  
with you we are becoming more.**

8. Saint Germain, radiate into the collective consciousness the awareness that democratic nations need to ask themselves a simple question: “What kind of leadership do we want? What kind of leadership do we want in the world and in our own nations?”

O Saint Germain, we are now one,  
I am for you a violet sun,  
as we transform this planet earth,  
your Golden Age is given birth.

**O Saint Germain, what love you bring,  
it truly makes all matter sing,  
your violet flame does all restore,  
with you we are becoming more.**

9. Saint Germain, radiate into the collective consciousness the awareness that there is a type of leadership that we do not want in a democracy. We need to become better at seeing them before they come to power. We need to prevent them from consolidating their power and to start aggression towards other nations.

O Saint Germain, the earth is free,  
from burden of duality,  
in oneness we bring what is best,  
your Golden Age is manifest.

**O Saint Germain, what love you bring,  
it truly makes all matter sing,  
your violet flame does all restore,  
with you we are becoming more.**

## **Part 4**

1. Saint Germain, radiate into the collective consciousness the awareness that the next challenge is to confront the anti-democratic efforts of China. If the modern democracies stopped buying Chinese-made goods tomorrow, the Chinese economy would not survive it. The democratic nation have a strong card to play and we need to have the courage to play it.

O Saint Germain, you do inspire,  
my vision raised forever higher,  
with you I form a figure-eight,  
your Golden Age I co-create.

**O Saint Germain, what love you bring,  
it truly makes all matter sing,  
your violet flame does all restore,  
with you we are becoming more.**

2. Saint Germain, radiate into the collective consciousness the awareness that the elected leaders and leaders of businesses need to see that if China invaded Taiwan, most consumers would refuse to buy products made in China.

O Saint Germain, what Freedom Flame,  
released when we recite your name,  
acceleration is your gift,  
our planet it will surely lift.

**O Saint Germain, what love you bring,  
it truly makes all matter sing,  
your violet flame does all restore,  
with you we are becoming more.**

3. Saint Germain, radiate into the collective consciousness the awareness that if you are a responsible CEO, you need to say: “We have to protect our business against China doing something that would cause consumers to refuse to buy anything made in China. We simply cannot afford to have 90% of our products made in China. We must diversify into other countries.”

O Saint Germain, in love we claim,  
our right to bring your violet flame,  
from you Above, to us below,  
it is an all-transforming flow.

**O Saint Germain, what love you bring,  
it truly makes all matter sing,  
your violet flame does all restore,  
with you we are becoming more.**

4. Saint Germain, radiate into the collective consciousness the awareness that political leaders need to be willing to state this because you cannot assume that the Chinese leadership is smart enough to see it on their own.

O Saint Germain, I love you so,  
my aura filled with violet glow,  
my chakras filled with violet fire,  
I am your cosmic amplifier.

**O Saint Germain, what love you bring,  
it truly makes all matter sing,  
your violet flame does all restore,  
with you we are becoming more.**

5. Saint Germain, radiate into the collective consciousness the awareness that we cannot assume that Xi Jinping, and those who support him in the Chinese leadership can see beyond their own bubble. They think they could get away with attacking Taiwan, because the West could not stop manufacturing products in China.

O Saint Germain, I am now free,  
your violet flame is therapy,  
transform all hang-ups in my mind,  
as inner peace I surely find.

**O Saint Germain, what love you bring,  
it truly makes all matter sing,  
your violet flame does all restore,  
with you we are becoming more.**

6. Saint Germain, radiate into the collective consciousness the awareness that we cannot allow leaders to take advantage of the democratic process and then seek to undermine the democratic process, because they do not respect democracy.

O Saint Germain, my body pure,  
your violet flame for all is cure,  
consume the cause of all disease,  
and therefore I am all at ease.

**O Saint Germain, what love you bring,  
it truly makes all matter sing,  
your violet flame does all restore,  
with you we are becoming more.**

7. Saint Germain, radiate into the collective consciousness the awareness that democratic nations need to ask: What kind of leaders do we actually want? Do we want someone who respects the democratic process and respects the people? Or do we want someone who is basically elitist because they think that they can make better decisions than the people?

O Saint Germain, I'm karma-free,  
the past no longer burdens me,  
a brand new opportunity,  
I am in Christic unity.

**O Saint Germain, what love you bring,  
it truly makes all matter sing,  
your violet flame does all restore,  
with you we are becoming more.**

8. Saint Germain, radiate into the collective consciousness the awareness that the next step in the democratization process, the evolution of democracy, is to realize that no single person can know it all. And therefore, we need to broaden the decision-making body.

O Saint Germain, we are now one,  
I am for you a violet sun,  
as we transform this planet earth,  
your Golden Age is given birth.

**O Saint Germain, what love you bring,  
it truly makes all matter sing,  
your violet flame does all restore,  
with you we are becoming more.**

9. Saint Germain, radiate into the collective consciousness the awareness that ultimately, we need to involve the people as much as possible, through referendums, eventually leading to direct democracy. And eventually leading beyond it to a form of consensus democracy, where a vote becomes unnecessary, because everybody knows what everybody wants.

O Saint Germain, the earth is free,  
from burden of duality,  
in oneness we bring what is best,  
your Golden Age is manifest.

**O Saint Germain, what love you bring,  
it truly makes all matter sing,  
your violet flame does all restore,  
with you we are becoming more.**

### **Sealing:**

In the name of the Divine Mother, I fully accept that the power of these calls is used to set free the Ma-ter light, so it can outpicture the perfect vision of Christ for my own life, for all people and for the planet. In the name I AM THAT I AM, it is done! Amen.

## **4. Democracy and the problem of evil (5)**

In the name I AM THAT I AM, Jesus Christ, I call to my I AM Presence to flow through the I Will Be Presence that I AM and give these decrees with full power. I call to beloved Saint Germain and Jesus to awaken people to the need to defend democracy from both external and internal attacks, including...

### **Part 1**

1. Jesus, radiate into the collective consciousness the awareness that there are people who do not see Hitler, Stalin, Mao or Putin as expressions of evil. In many nations they do not look at their present or past leaders and identify them as evil.

O Jesus, blessed brother mine,  
I walk the path that you outline,  
a great example to us all,  
I follow now your inner call.

**O Jesus, let the Fire of Joy,  
consume the devil's subtle ploy,  
transfigured is our planet earth,  
the golden age is given birth.**

2. Jesus, radiate into the collective consciousness the awareness that the basic level of Christ discernment is where you look at the fruits, you look at the actions and the consequences precipitated by leaders and therefore you know that they are evil or they represent evil.

O Jesus, open inner sight,  
the ego wants to prove it's right,  
but this I will no longer do,  
I want to be all one with you.

**O Jesus, let the Fire of Joy,  
consume the devil's subtle ploy,  
transfigured is our planet earth,  
the golden age is given birth.**

3. Jesus, radiate into the collective consciousness the awareness that it is not enough to look at only the physical manifestations or expressions of evil, because this will not allow you to understand the cause behind evil.

O Jesus, I now clearly see,  
the Key of Knowledge given me,  
my Christ self I hereby embrace,  
as you fill up my inner space.

**O Jesus, let the Fire of Joy,  
consume the devil's subtle ploy,  
transfigured is our planet earth,  
the golden age is given birth.**

4. Jesus, radiate into the collective consciousness the awareness that there are hidden, non-physical causes behind all physical events or phenomena. Beyond the physical manifestations of evil, there is a non-physical, psychological component.

O Jesus, show me serpent's lie,  
expose the beam in my own eye,  
as Christ discernment you me give,  
in oneness I forever live.

**O Jesus, let the Fire of Joy,  
consume the devil's subtle ploy,  
transfigured is our planet earth,  
the golden age is given birth.**

5. Jesus, radiate into the collective consciousness the awareness that there is an emotional component of evil, there is a mental level component and there is an identity level component. Some people are taken over by evil forces, because they are overpowered in their emotional bodies, mental bodies or at the identity level.

O Jesus, I am truly meek,  
and thus I turn the other cheek,  
when the accuser attacks me,  
I go within and merge with thee.

**O Jesus, let the Fire of Joy,  
consume the devil's subtle ploy,  
transfigured is our planet earth,  
the golden age is given birth.**

6. Jesus, radiate into the collective consciousness the awareness that there is a force of evil that is beyond human beings, because we cannot explain evil by only looking at human beings. There is a non-human, a non-material force of evil that is working through people, either because they voluntarily make themselves instruments of evil or they become taken over by evil forces.

O Jesus, ego I let die,  
surrender ev'ry earthly tie,  
the dead can bury what is dead,  
I choose to walk with you instead.

**O Jesus, let the Fire of Joy,  
consume the devil's subtle ploy,  
transfigured is our planet earth,  
the golden age is given birth.**

7. Jesus, radiate into the collective consciousness the awareness that there are beings who are completely dedicated either to proving God wrong, proving free will wrong by getting human beings to abuse their free will or they are dedicated to simply creating chaos.

O Jesus, help me rise above,  
the devil's test through higher love,  
show me separate self unreal,  
my formless self you do reveal.

**O Jesus, let the Fire of Joy,  
consume the devil's subtle ploy,  
transfigured is our planet earth,  
the golden age is given birth.**

8. Jesus, radiate into the collective consciousness the awareness that the Christian religion, from the formation of the Catholic church was taken over by the forces of antichrist who used the Christian religion as a tool for controlling the population and creating the medieval hierarchical structure where the people were slaves of this small power elite.

O Jesus, what is that to me,  
I just let go and follow thee,  
with this I do pass ev'ry test,  
to find with you eternal rest.

**O Jesus, let the Fire of Joy,  
consume the devil's subtle ploy,  
transfigured is our planet earth,  
the golden age is given birth.**

9. Jesus, radiate into the collective consciousness the awareness that the democratic nations correctly saw that it was necessary to separate church and state. It was necessary to give freedom of religion to the people, so that the nation could not be dominated by one particular religion.

O Jesus, fiery master mine,  
my heart now melting into thine,  
I love with heart and mind and soul,  
the God who is my highest goal.

**O Jesus, let the Fire of Joy,  
consume the devil's subtle ploy,  
transfigured is our planet earth,  
the golden age is given birth.**

## Part 2

1. Jesus, radiate into the collective consciousness the awareness that an aspiring power elite used science to make nations less religious. They adopted a secular, materialistic mindset and moved away from the idea of a devil and that there are non-material, dark forces who can take over people's minds and cause them to commit evil.

O Jesus, blessed brother mine,  
I walk the path that you outline,  
a great example to us all,  
I follow now your inner call.

**O Jesus, let the Fire of Joy,  
consume the devil's subtle ploy,  
transfigured is our planet earth,  
the golden age is given birth.**

2. Jesus, radiate into the collective consciousness the awareness that evil has been a fundamental challenge for democratic nations, because how can you then explain evil? Materialism has been no more successful in explaining evil than the Christian religion was.

O Jesus, open inner sight,  
the ego wants to prove it's right,

but this I will no longer do,  
I want to be all one with you.

**O Jesus, let the Fire of Joy,  
consume the devil's subtle ploy,  
transfigured is our planet earth,  
the golden age is given birth.**

3. Jesus, radiate into the collective consciousness the awareness that the same elite, the same force in the mental realm that created the confusion around the problem of evil in Christianity, has to a large degree created the doctrines and dogmas of the materialist religion and therefore created a similar confusion there.

O Jesus, I now clearly see,  
the Key of Knowledge given me,  
my Christ self I hereby embrace,  
as you fill up my inner space.

**O Jesus, let the Fire of Joy,  
consume the devil's subtle ploy,  
transfigured is our planet earth,  
the golden age is given birth.**

4. Jesus, radiate into the collective consciousness the awareness that there is a force of evil on earth and it wants to remain hidden. Evil does not want people to know that it exists or to understand what it is and how it influences human beings.

O Jesus, show me serpent's lie,  
expose the beam in my own eye,  
as Christ discernment you me give,  
in oneness I forever live.

**O Jesus, let the Fire of Joy,  
consume the devil's subtle ploy,  
transfigured is our planet earth,  
the golden age is given birth.**

5. Jesus, radiate into the collective consciousness the awareness that evil wants to remain hidden, and it uses whatever system or ideology dominates society to create enough confusion to stay hidden. The evil that created confusion through the Christian religion is now doing the same through the materialist religion.

O Jesus, I am truly meek,  
and thus I turn the other cheek,  
when the accuser attacks me,  
I go within and merge with thee.

**O Jesus, let the Fire of Joy,  
consume the devil's subtle ploy,**

**transfigured is our planet earth,  
the golden age is given birth.**

6. Jesus, radiate into the collective consciousness the awareness that this explains why democracies have not been able to resolve the question of evil. They have been looking only at the material realm for such an explanation. Yet since all people have the same brain, why do some become evil?

O Jesus, ego I let die,  
surrender ev'ry earthly tie,  
the dead can bury what is dead,  
I choose to walk with you instead.

**O Jesus, let the Fire of Joy,  
consume the devil's subtle ploy,  
transfigured is our planet earth,  
the golden age is given birth.**

7. Jesus, radiate into the collective consciousness the awareness that the idea that evil is part of human nature is just a non-religious version of the idea of original sin. This is exactly what an evil force would want people to feel, namely that evil is not the fault of the evil force, evil is the fault of human nature.

O Jesus, help me rise above,  
the devil's test through higher love,  
show me separate self unreal,  
my formless self you do reveal.

**O Jesus, let the Fire of Joy,  
consume the devil's subtle ploy,  
transfigured is our planet earth,  
the golden age is given birth.**

8. Jesus, radiate into the collective consciousness the awareness that many people have hoped that since the fall of the Soviet Union and the end of the Cold War, the world has gone into a phase where evil is no longer a big factor. Yet what basis is there for saying that we have moved beyond the era of evil, that we in our modern democracies have transcended evil?

O Jesus, what is that to me,  
I just let go and follow thee,  
with this I do pass ev'ry test,  
to find with you eternal rest.

**O Jesus, let the Fire of Joy,  
consume the devil's subtle ploy,  
transfigured is our planet earth,  
the golden age is given birth.**

9. Jesus, radiate into the collective consciousness the awareness that it is now time to step up to a higher approach, a higher understanding of evil. Democracies are now at a

point where in order to step up to a higher level, we need to confront the problem of evil. Evil is knocking at our door so we cannot continue to ignore it.

O Jesus, fiery master mine,  
my heart now melting into thine,  
I love with heart and mind and soul,  
the God who is my highest goal.

**O Jesus, let the Fire of Joy,  
consume the devil's subtle ploy,  
transfigured is our planet earth,  
the golden age is given birth.**

### Part 3

1. Jesus, radiate into the collective consciousness the awareness that healthcare professionals recognize that people with severe mental illnesses are possessed by some external force that takes over their minds.

O Jesus, blessed brother mine,  
I walk the path that you outline,  
a great example to us all,  
I follow now your inner call.

**O Jesus, let the Fire of Joy,  
consume the devil's subtle ploy,  
transfigured is our planet earth,  
the golden age is given birth.**

2. Jesus, radiate into the collective consciousness the awareness that if we really want to help people with these psychological problems, we have to consider that there is a non-material force that can take over people's minds.

O Jesus, open inner sight,  
the ego wants to prove it's right,  
but this I will no longer do,  
I want to be all one with you.

**O Jesus, let the Fire of Joy,  
consume the devil's subtle ploy,  
transfigured is our planet earth,  
the golden age is given birth.**

3. Jesus, radiate into the collective consciousness the awareness that by observing the evil people in history, we see that there is a certain type of person, narcissists, or psychopaths or sociopaths, who do not behave or even look at life, the way normal people do.

O Jesus, I now clearly see,  
the Key of Knowledge given me,

my Christ self I hereby embrace,  
as you fill up my inner space.

**O Jesus, let the Fire of Joy,  
consume the devil's subtle ploy,  
transfigured is our planet earth,  
the golden age is given birth.**

4. Jesus, radiate into the collective consciousness the awareness that this needs to be applied to world leaders, because there is a certain type of person who either wants power or wants attention. They will do anything to get it without having any concerns for the suffering this causes for other people, or for the destruction this causes for civilization.

O Jesus, show me serpent's lie,  
expose the beam in my own eye,  
as Christ discernment you me give,  
in oneness I forever live.

**O Jesus, let the Fire of Joy,  
consume the devil's subtle ploy,  
transfigured is our planet earth,  
the golden age is given birth.**

5. Jesus, radiate into the collective consciousness the awareness that there is a certain type of people who will seek out leadership positions, and who will exercise these positions in a way that is completely against the democratic principles and rights.

O Jesus, I am truly meek,  
and thus I turn the other cheek,  
when the accuser attacks me,  
I go within and merge with thee.

**O Jesus, let the Fire of Joy,  
consume the devil's subtle ploy,  
transfigured is our planet earth,  
the golden age is given birth.**

6. Jesus, radiate into the collective consciousness the awareness that there are leaders who have no respect for democracy, who will either use democracy to get power and attention or who will seek to destroy democracy.

O Jesus, ego I let die,  
surrender ev'ry earthly tie,  
the dead can bury what is dead,  
I choose to walk with you instead.

**O Jesus, let the Fire of Joy,  
consume the devil's subtle ploy,**

**transfigured is our planet earth,  
the golden age is given birth.**

7. Jesus, radiate into the collective consciousness the awareness that we need to identify this type of leader and say: "Here is a person that does not have the qualifications to be a democratic leader." Thus, there are people that we do not want as leaders of democratic nations.

O Jesus, help me rise above,  
the devil's test through higher love,  
show me separate self unreal,  
my formless self you do reveal.

**O Jesus, let the Fire of Joy,  
consume the devil's subtle ploy,  
transfigured is our planet earth,  
the golden age is given birth.**

8. Jesus, radiate into the collective consciousness the awareness that we need to look outside democracies, identify these leaders and say: "We as a democracy cannot deal with these as if they were normal, benign leaders. So we have to do whatever we can to identify them at your earliest possible time and either prevent them from getting to power, or at least not enabling them to expand their power."

O Jesus, what is that to me,  
I just let go and follow thee,  
with this I do pass ev'ry test,  
to find with you eternal rest.

**O Jesus, let the Fire of Joy,  
consume the devil's subtle ploy,  
transfigured is our planet earth,  
the golden age is given birth.**

9. Jesus, radiate into the collective consciousness the awareness that the most successful strategy that has been used throughout the ages, in terms of destroying or taking over countries or populations, is the "divide and conquer" strategy.

O Jesus, fiery master mine,  
my heart now melting into thine,  
I love with heart and mind and soul,  
the God who is my highest goal.

**O Jesus, let the Fire of Joy,  
consume the devil's subtle ploy,  
transfigured is our planet earth,  
the golden age is given birth.**

**Part 4**

1. Jesus, radiate into the collective consciousness the awareness that democracies have a disadvantage towards dictatorships. Democracies are by nature not aggressive nations, they have a tolerance for differences, which is what secures democratic freedoms.

O Jesus, blessed brother mine,  
I walk the path that you outline,  
a great example to us all,  
I follow now your inner call.

**O Jesus, let the Fire of Joy,  
consume the devil's subtle ploy,  
transfigured is our planet earth,  
the golden age is given birth.**

2. Jesus, radiate into the collective consciousness the awareness that our tolerance for differences can be used as a weapon against us and against democracy as a whole. For example, dictatorships can create troll factories and use social media to influence public opinion in democracies.

O Jesus, open inner sight,  
the ego wants to prove it's right,  
but this I will no longer do,  
I want to be all one with you.

**O Jesus, let the Fire of Joy,  
consume the devil's subtle ploy,  
transfigured is our planet earth,  
the golden age is given birth.**

3. Jesus, radiate into the collective consciousness the awareness that democracies must step up to the discernment that there are people who are actively attempting to destroy democracy. We need to increase awareness of this so we are not letting these outside forces divide the democratic nations.

O Jesus, I now clearly see,  
the Key of Knowledge given me,  
my Christ self I hereby embrace,  
as you fill up my inner space.

**O Jesus, let the Fire of Joy,  
consume the devil's subtle ploy,  
transfigured is our planet earth,  
the golden age is given birth.**

4. Jesus, radiate into the collective consciousness the awareness that these people will not stop, so we can either wait until the situation escalates, or we can stand firm and be united as democracies, stating clearly what we will tolerate and not tolerate. We cannot allow our democratic freedoms to be used to undermine democracy or to divide us against each other.

O Jesus, show me serpent's lie,  
expose the beam in my own eye,  
as Christ discernment you me give,  
in oneness I forever live.

**O Jesus, let the Fire of Joy,  
consume the devil's subtle ploy,  
transfigured is our planet earth,  
the golden age is given birth.**

5. Jesus, radiate into the collective consciousness the awareness that this an existential threat against democracy. Democracy has so far been based on the assumption that there is not an interior evil force that wants to destroy democracy, nor is there an external force.

O Jesus, I am truly meek,  
and thus I turn the other cheek,  
when the accuser attacks me,  
I go within and merge with thee.

**O Jesus, let the Fire of Joy,  
consume the devil's subtle ploy,  
transfigured is our planet earth,  
the golden age is given birth.**

6. Jesus, radiate into the collective consciousness the awareness that democracy is based on believing in the best of people. That is why we can give people freedom, because we believe that most people will not abuse it. This is one of the existential aspects of democracy that most people have not recognized yet.

O Jesus, ego I let die,  
surrender ev'ry earthly tie,  
the dead can bury what is dead,  
I choose to walk with you instead.

**O Jesus, let the Fire of Joy,  
consume the devil's subtle ploy,  
transfigured is our planet earth,  
the golden age is given birth.**

7. Jesus, radiate into the collective consciousness the awareness that democracies are assuming that there is a certain oneness among people, therefore, all people want to build a better future for themselves and their children. They do not want their own government to take this away from them, and they do not want an outside force to take it away from them.

O Jesus, help me rise above,  
the devil's test through higher love,  
show me separate self unreal,  
my formless self you do reveal.

**O Jesus, let the Fire of Joy,  
consume the devil's subtle ploy,  
transfigured is our planet earth,  
the golden age is given birth.**

8. Jesus, radiate into the collective consciousness the awareness that all people, if they are not manipulated, or blinded by evil, do want this. That is why democracy is the government of the future because it is in alignment with the underlying reality of how life functions.

O Jesus, what is that to me,  
I just let go and follow thee,  
with this I do pass ev'ry test,  
to find with you eternal rest.

**O Jesus, let the Fire of Joy,  
consume the devil's subtle ploy,  
transfigured is our planet earth,  
the golden age is given birth.**

9. Jesus, radiate into the collective consciousness the awareness that when we recognize this oneness, we can see that what works against democracy is division and separation. There are nations in the world that do not want what is best for all. They want what is best for themselves.

O Jesus, fiery master mine,  
my heart now melting into thine,  
I love with heart and mind and soul,  
the God who is my highest goal.

**O Jesus, let the Fire of Joy,  
consume the devil's subtle ploy,  
transfigured is our planet earth,  
the golden age is given birth.**

## **Part 5**

1. Jesus, radiate into the collective consciousness the awareness that there are people who are actively working against oneness, they are seeking to destroy the oneness in democracies and the oneness between democratic nations. They are seeking to divide and conquer.

O Jesus, blessed brother mine,  
I walk the path that you outline,  
a great example to us all,  
I follow now your inner call.

**O Jesus, let the Fire of Joy,  
consume the devil's subtle ploy,**

**transfigured is our planet earth,  
the golden age is given birth.**

2. Jesus, radiate into the collective consciousness the awareness that it is necessary for the democratic nations to establish greater unity and to maintain that unity against all forces who seek to divide them. Democratic freedoms can be used to divide nations and people, and this threatens democracy in an existential way.

O Jesus, open inner sight,  
the ego wants to prove it's right,  
but this I will no longer do,  
I want to be all one with you.

**O Jesus, let the Fire of Joy,  
consume the devil's subtle ploy,  
transfigured is our planet earth,  
the golden age is given birth.**

3. Jesus, radiate into the collective consciousness the awareness that the democratic nations need to step up to a higher sense of unity, where we deliberately stop all attempts to divide and conquer, especially coming from non-democratic nations misusing the freedom of speech to create division.

O Jesus, I now clearly see,  
the Key of Knowledge given me,  
my Christ self I hereby embrace,  
as you fill up my inner space.

**O Jesus, let the Fire of Joy,  
consume the devil's subtle ploy,  
transfigured is our planet earth,  
the golden age is given birth.**

4. Jesus, radiate into the collective consciousness the awareness that the problem of evil has not gone away. It has been ignored by democratic nations but we cannot continue to ignore it. It is time to step up, look at this, look at the response to evil and realize that we can do better.

O Jesus, show me serpent's lie,  
expose the beam in my own eye,  
as Christ discernment you me give,  
in oneness I forever live.

**O Jesus, let the Fire of Joy,  
consume the devil's subtle ploy,  
transfigured is our planet earth,  
the golden age is given birth.**

5. Jesus, radiate into the collective consciousness the awareness that evil is separation, it is the division into the dualistic polarities of right and wrong, good and evil. You are defining that you are good and those who oppose you are evil.

O Jesus, I am truly meek,  
and thus I turn the other cheek,  
when the accuser attacks me,  
I go within and merge with thee.

**O Jesus, let the Fire of Joy,  
consume the devil's subtle ploy,  
transfigured is our planet earth,  
the golden age is given birth.**

6. Jesus, radiate into the collective consciousness the awareness that democratic nations have the potential to step beyond duality. People in dualistic thinking cannot make a democracy function. The next step for democracies is to transcend black and white thinking.

O Jesus, ego I let die,  
surrender ev'ry earthly tie,  
the dead can bury what is dead,  
I choose to walk with you instead.

**O Jesus, let the Fire of Joy,  
consume the devil's subtle ploy,  
transfigured is our planet earth,  
the golden age is given birth.**

7. Jesus, radiate into the collective consciousness the awareness that ultimately, the way to a better world is the raising of consciousness, but at any period in time the collective consciousness is where it is, and therefore, certain measures need to be taken in order to secure democracy.

O Jesus, help me rise above,  
the devil's test through higher love,  
show me separate self unreal,  
my formless self you do reveal.

**O Jesus, let the Fire of Joy,  
consume the devil's subtle ploy,  
transfigured is our planet earth,  
the golden age is given birth.**

8. Jesus, radiate into the collective consciousness the awareness that democracies are the form of government of the future, and thus democracies need to do what is necessary in the here and now in order to secure that future.

O Jesus, what is that to me,  
I just let go and follow thee,  
with this I do pass ev'ry test,  
to find with you eternal rest.

**O Jesus, let the Fire of Joy,  
consume the devil's subtle ploy,  
transfigured is our planet earth,  
the golden age is given birth.**

9. Jesus, radiate into the collective consciousness the awareness that your mission set the foundation for democracy, and that democracy is the government of Saint Germain's Golden Age.

O Jesus, fiery master mine,  
my heart now melting into thine,  
I love with heart and mind and soul,  
the God who is my highest goal.

**O Jesus, let the Fire of Joy,  
consume the devil's subtle ploy,  
transfigured is our planet earth,  
the golden age is given birth.**

### **Sealing:**

In the name of the Divine Mother, I fully accept that the power of these calls is used to set free the Ma-ter light, so it can outpicture the perfect vision of Christ for my own life, for all people and for the planet. In the name I AM THAT I AM, it is done! Amen.

## **5. The enemy without and the enemy within (6)**

In the name I AM THAT I AM, Jesus Christ, I call to my I AM Presence to flow through the I Will Be Presence that I AM and give these decrees with full power. I call to beloved Saint Germain and Jesus to awaken people to the need to defend democracy from both external and internal attacks, including...

### **Part 1**

1. Saint Germain, radiate into the collective consciousness the awareness that if we all treat others the way we want to be treated, then we can have a society where might is not right, where there is a law, there are principles that protect us. We can have a society where our government looks out for our best interest and will not take from us unjustly what we have brought forth.

O Saint Germain, you do inspire,  
my vision raised forever higher,  
with you I form a figure-eight,  
your Golden Age I co-create.

**O Saint Germain, what love you bring,  
it truly makes all matter sing,  
your violet flame does all restore,  
with you we are becoming more.**

2. Saint Germain, radiate into the collective consciousness the awareness that democracy is a society where you can build a better future for yourself, for your children, for your nation and you can trust that it will not be taken away from you.

O Saint Germain, what Freedom Flame,  
released when we recite your name,  
acceleration is your gift,  
our planet it will surely lift.

**O Saint Germain, what love you bring,  
it truly makes all matter sing,  
your violet flame does all restore,  
with you we are becoming more.**

3. Saint Germain, radiate into the collective consciousness the awareness that there is a tendency in democratic nations to think that: "I have had enough of these lawless societies, these dictatorships. I see how much better it is with democracy. Surely everybody else sees the same."

O Saint Germain, in love we claim,  
our right to bring your violet flame,  
from you Above, to us below,  
it is an all-transforming flow.

**O Saint Germain, what love you bring,  
it truly makes all matter sing,  
your violet flame does all restore,  
with you we are becoming more.**

4. Saint Germain, radiate into the collective consciousness the awareness that democratic nations need to realize that other people do not want democracy, do not want political freedom, do not want economic freedom.

O Saint Germain, I love you so,  
my aura filled with violet glow,  
my chakras filled with violet fire,  
I am your cosmic amplifier.

**O Saint Germain, what love you bring,  
it truly makes all matter sing,**

**your violet flame does all restore,  
with you we are becoming more.**

5. Saint Germain, radiate into the collective consciousness the awareness that in order to shift to the democratic mindset, people have to realize: "I observe that other people are still in a lower state of mind and they might do something to me. I cannot change them, but I have had enough of the experience of being around such people. I can change myself."

O Saint Germain, I am now free,  
your violet flame is therapy,  
transform all hang-ups in my mind,  
as inner peace I surely find.

**O Saint Germain, what love you bring,  
it truly makes all matter sing,  
your violet flame does all restore,  
with you we are becoming more.**

6. Saint Germain, radiate into the collective consciousness the awareness that people need to say: "What do I have the power to change? I cannot change other people, but I can change myself. I can change my state of mind, I can decide that regardless of what other people might do to me, I will believe Jesus when he said: Do unto others and the world, the universe, God will do to you."

O Saint Germain, my body pure,  
your violet flame for all is cure,  
consume the cause of all disease,  
and therefore I am all at ease.

**O Saint Germain, what love you bring,  
it truly makes all matter sing,  
your violet flame does all restore,  
with you we are becoming more.**

7. Saint Germain, radiate into the collective consciousness the awareness that in order to shift from a lawless attitude, a might is right attitude, to a turn the other cheek attitude, you have to take responsibility for changing your own state of mind, regardless of what happens outside your mind, regardless of what other people do.

O Saint Germain, I'm karma-free,  
the past no longer burdens me,  
a brand new opportunity,  
I am in Christic unity.

**O Saint Germain, what love you bring,  
it truly makes all matter sing,  
your violet flame does all restore,  
with you we are becoming more.**

8. Saint Germain, radiate into the collective consciousness the awareness that many people in non-democratic nations are not willing to take responsibility for themselves. They have sold their souls to the devil in order to have freedom from making their own decisions, thinking on their own.

O Saint Germain, we are now one,  
I am for you a violet sun,  
as we transform this planet earth,  
your Golden Age is given birth.

**O Saint Germain, what love you bring,  
it truly makes all matter sing,  
your violet flame does all restore,  
with you we are becoming more.**

9. Saint Germain, radiate into the collective consciousness the awareness that there are people who want an excuse for not having democracy and that is why they want leaders who are dictatorial, who are abusive towards them, who are limiting their freedom, giving them an excuse for not thinking, not making their own decisions.

O Saint Germain, the earth is free,  
from burden of duality,  
in oneness we bring what is best,  
your Golden Age is manifest.

**O Saint Germain, what love you bring,  
it truly makes all matter sing,  
your violet flame does all restore,  
with you we are becoming more.**

## Part 2

1. Saint Germain, radiate into the collective consciousness the awareness that there are many people like this in Russia, China, the Arab world, in Africa and South America. There are also some in democratic nations. Many of the people who are still following Donald Trump are in this category. They do not want to take responsibility. They want to project that the problem is out there.

O Saint Germain, you do inspire,  
my vision raised forever higher,  
with you I form a figure-eight,  
your Golden Age I co-create.

**O Saint Germain, what love you bring,  
it truly makes all matter sing,  
your violet flame does all restore,  
with you we are becoming more.**

2. Saint Germain, radiate into the collective consciousness the awareness that in democratic nations we cannot assume that all nations will become democracies, if only

we give them money. We need to stand united in defending democracy, because these countries just want an excuse for not having democracy. This is why they have leaders who are attacking our democracies.

O Saint Germain, what Freedom Flame,  
released when we recite your name,  
acceleration is your gift,  
our planet it will surely lift.

**O Saint Germain, what love you bring,  
it truly makes all matter sing,  
your violet flame does all restore,  
with you we are becoming more.**

3. Saint Germain, radiate into the collective consciousness the awareness that one of the essential elements of democracy is that you are looking at yourself. You have to take responsibility for yourself, be willing to look at yourself and say: "What can I do to improve myself?"

O Saint Germain, in love we claim,  
our right to bring your violet flame,  
from you Above, to us below,  
it is an all-transforming flow.

**O Saint Germain, what love you bring,  
it truly makes all matter sing,  
your violet flame does all restore,  
with you we are becoming more.**

4. Saint Germain, radiate into the collective consciousness the awareness that in order to educate people into what makes a democracy work, we have to educate your children into the basic functions of human psychology. We can choose a different reaction and take command over our own psychology.

O Saint Germain, I love you so,  
my aura filled with violet glow,  
my chakras filled with violet fire,  
I am your cosmic amplifier.

**O Saint Germain, what love you bring,  
it truly makes all matter sing,  
your violet flame does all restore,  
with you we are becoming more.**

5. Saint Germain, radiate into the collective consciousness the awareness that once children understand the basics of human psychology, they can be educated to grasp the basic principle of democracy, namely that a democracy is a society where we do not blame each other.

O Saint Germain, I am now free,  
your violet flame is therapy,

transform all hang-ups in my mind,  
as inner peace I surely find.

**O Saint Germain, what love you bring,  
it truly makes all matter sing,  
your violet flame does all restore,  
with you we are becoming more.**

6. Saint Germain, radiate into the collective consciousness the awareness that a democracy cannot function if everybody is blaming everybody else. A democracy is based on all human beings having equal rights, which means equal opportunity to improve their lives.

O Saint Germain, my body pure,  
your violet flame for all is cure,  
consume the cause of all disease,  
and therefore I am all at ease.

**O Saint Germain, what love you bring,  
it truly makes all matter sing,  
your violet flame does all restore,  
with you we are becoming more.**

7. Saint Germain, radiate into the collective consciousness the awareness that if we acknowledge that we have the same opportunity as everybody else, we cannot blame others because they have done better than we have. We need to look at ourselves and how we could do better.

O Saint Germain, I'm karma-free,  
the past no longer burdens me,  
a brand new opportunity,  
I am in Christic unity.

**O Saint Germain, what love you bring,  
it truly makes all matter sing,  
your violet flame does all restore,  
with you we are becoming more.**

8. Saint Germain, radiate into the collective consciousness the awareness that America is an experiment in democracy to see if people can come together and look beyond outer differences. The driving force in American democracy is transcending the outer differences.

O Saint Germain, we are now one,  
I am for you a violet sun,  
as we transform this planet earth,  
your Golden Age is given birth.

**O Saint Germain, what love you bring,  
it truly makes all matter sing,**

**your violet flame does all restore,  
with you we are becoming more.**

9. Saint Germain, radiate into the collective consciousness the awareness that there has always been the opposite force in American society that focuses on division, and if you do not know how to take care of your own state of mind, you blame somebody else for your suffering.

O Saint Germain, the earth is free,  
from burden of duality,  
in oneness we bring what is best,  
your Golden Age is manifest.

**O Saint Germain, what love you bring,  
it truly makes all matter sing,  
your violet flame does all restore,  
with you we are becoming more.**

### **Part 3**

1. Saint Germain, radiate into the collective consciousness the awareness that America is at a crucial turning point. The Trump presidency represents the same as Putin's attack on Ukraine. It is like the last desperate attempt of the dark forces to stop the progression of the golden age.

O Saint Germain, you do inspire,  
my vision raised forever higher,  
with you I form a figure-eight,  
your Golden Age I co-create.

**O Saint Germain, what love you bring,  
it truly makes all matter sing,  
your violet flame does all restore,  
with you we are becoming more.**

2. Saint Germain, radiate into the collective consciousness the awareness that the Trump presidency is based on an us-versus-them mentality: "There is a problem in America, but we who are the good people are not the cause of the problem. They who are the bad people, they are the cause of the problem and they must be forced to see things the way we see them, then we can solve America's problems."

O Saint Germain, what Freedom Flame,  
released when we recite your name,  
acceleration is your gift,  
our planet it will surely lift.

**O Saint Germain, what love you bring,  
it truly makes all matter sing,  
your violet flame does all restore,  
with you we are becoming more.**

3. Saint Germain, radiate into the collective consciousness the awareness that some people are hypnotized by this vortex of energy, created not by Trump personally but by the entire Trump presidency and the development in American society, especially by this white eastern class that wants to control America.

O Saint Germain, in love we claim,  
our right to bring your violet flame,  
from you Above, to us below,  
it is an all-transforming flow.

**O Saint Germain, what love you bring,  
it truly makes all matter sing,  
your violet flame does all restore,  
with you we are becoming more.**

4. Saint Germain, radiate into the collective consciousness the awareness that democracies can only prevail against an outside enemy if they are united. Likewise, they can only prevail against the internal divisions by being united.

O Saint Germain, I love you so,  
my aura filled with violet glow,  
my chakras filled with violet fire,  
I am your cosmic amplifier.

**O Saint Germain, what love you bring,  
it truly makes all matter sing,  
your violet flame does all restore,  
with you we are becoming more.**

5. Saint Germain, radiate into the collective consciousness the awareness that there is an enemy without and an enemy within and the enemy within is division. The friend within, the Christ, is unity. Christ stands for oneness, by seeing beyond the outer differences.

O Saint Germain, I am now free,  
your violet flame is therapy,  
transform all hang-ups in my mind,  
as inner peace I surely find.

**O Saint Germain, what love you bring,  
it truly makes all matter sing,  
your violet flame does all restore,  
with you we are becoming more.**

6. Saint Germain, radiate into the collective consciousness the awareness that 20 years from now, people will look back at this time and say: "How could this ever happen? How could we ever become so divided?" And they will not be able to understand it.

O Saint Germain, my body pure,  
your violet flame for all is cure,

consume the cause of all disease,  
and therefore I am all at ease.

**O Saint Germain, what love you bring,  
it truly makes all matter sing,  
your violet flame does all restore,  
with you we are becoming more.**

7. Saint Germain, radiate into the collective consciousness the awareness that it is because there are still so many people who have not made this shift of being willing to take responsibility for their own state of mind instead of blaming their problems, their life experience, on someone else.

O Saint Germain, I'm karma-free,  
the past no longer burdens me,  
a brand new opportunity,  
I am in Christic unity.

**O Saint Germain, what love you bring,  
it truly makes all matter sing,  
your violet flame does all restore,  
with you we are becoming more.**

8. Saint Germain, radiate into the collective consciousness the awareness that the division is artificially exaggerated and accelerated by the power elites who want to destroy democracy. They want to destroy all democratic nations, but their main target has always been America, because it is the largest and most powerful democratic nation.

O Saint Germain, we are now one,  
I am for you a violet sun,  
as we transform this planet earth,  
your Golden Age is given birth.

**O Saint Germain, what love you bring,  
it truly makes all matter sing,  
your violet flame does all restore,  
with you we are becoming more.**

9. Saint Germain, radiate into the collective consciousness the awareness that if dark forces can destroy America, then it will be much more difficult for the other remaining democracies to withstand the onslaught from dictatorial nations.

O Saint Germain, the earth is free,  
from burden of duality,  
in oneness we bring what is best,  
your Golden Age is manifest.

**O Saint Germain, what love you bring,  
it truly makes all matter sing,**

**your violet flame does all restore,  
with you we are becoming more.**

## **Part 4**

1. Saint Germain, radiate into the collective consciousness the awareness that the fallen beings in and out of embodiment, have for a long time tried to accelerate and exaggerate these divisions in American society. It has especially been going on for the last 40 years, which corresponds with the economy becoming more elitist.

O Saint Germain, you do inspire,  
my vision raised forever higher,  
with you I form a figure-eight,  
your Golden Age I co-create.

**O Saint Germain, what love you bring,  
it truly makes all matter sing,  
your violet flame does all restore,  
with you we are becoming more.**

2. Saint Germain, radiate into the collective consciousness the awareness that the purpose of the dark forces in creating division is to make sure that the people cannot be united in stopping the elite. The division between Democrats and Republicans has gradually become worse, so that nothing effectively can be done to stop the growth in income inequality.

O Saint Germain, what Freedom Flame,  
released when we recite your name,  
acceleration is your gift,  
our planet it will surely lift.

**O Saint Germain, what love you bring,  
it truly makes all matter sing,  
your violet flame does all restore,  
with you we are becoming more.**

3. Saint Germain, radiate into the collective consciousness the awareness that the democratic process in the United States has been undermined by the financial, economic power elite. It is a hidden, subtle takeover that has happened through the economy.

O Saint Germain, in love we claim,  
our right to bring your violet flame,  
from you Above, to us below,  
it is an all-transforming flow.

**O Saint Germain, what love you bring,  
it truly makes all matter sing,  
your violet flame does all restore,  
with you we are becoming more.**

4. Saint Germain, radiate into the collective consciousness the awareness that this has happened by allowing financial measures, not regulating the financial industry, giving them a free pass to experiment with absolutely anything.

O Saint Germain, I love you so,  
my aura filled with violet glow,  
my chakras filled with violet fire,  
I am your cosmic amplifier.

**O Saint Germain, what love you bring,  
it truly makes all matter sing,  
your violet flame does all restore,  
with you we are becoming more.**

5. Saint Germain, radiate into the collective consciousness the awareness that when this threatens the breakdown of the entire financial system, then the government steps in and bails them out with taxpayers' money, money that the taxpayers will have to pay for eventually.

O Saint Germain, I am now free,  
your violet flame is therapy,  
transform all hang-ups in my mind,  
as inner peace I surely find.

**O Saint Germain, what love you bring,  
it truly makes all matter sing,  
your violet flame does all restore,  
with you we are becoming more.**

6. Saint Germain, radiate into the collective consciousness the awareness that this is an attack on democracy that is as determined, as vicious, as malicious as what we see from Putin's Russia and China. It is a deliberate aggressive attempt to destroy democracy by destroying equal opportunity in the economy.

O Saint Germain, my body pure,  
your violet flame for all is cure,  
consume the cause of all disease,  
and therefore I am all at ease.

**O Saint Germain, what love you bring,  
it truly makes all matter sing,  
your violet flame does all restore,  
with you we are becoming more.**

7. Saint Germain, radiate into the collective consciousness the awareness that democracies need to step up and realize that we do have an enemy without and we need to defend democracy against this. But we also have an enemy within and we need to defend democracy against this power elite as well and we have tools to do this.

O Saint Germain, I'm karma-free,  
the past no longer burdens me,

a brand new opportunity,  
I am in Christic unity.

**O Saint Germain, what love you bring,  
it truly makes all matter sing,  
your violet flame does all restore,  
with you we are becoming more.**

8. Saint Germain, radiate into the collective consciousness the awareness that the government needs to live up to its responsibility to protect the citizens from being exploited by an elite, and this must be done by regulating the economy.

O Saint Germain, we are now one,  
I am for you a violet sun,  
as we transform this planet earth,  
your Golden Age is given birth.

**O Saint Germain, what love you bring,  
it truly makes all matter sing,  
your violet flame does all restore,  
with you we are becoming more.**

9. Saint Germain, radiate into the collective consciousness the awareness that after the corona pandemic, the population and nations have more debt than ever, yet the financial elite have more money in their accounts than ever. Many billionaires benefited from the corona pandemic.

O Saint Germain, the earth is free,  
from burden of duality,  
in oneness we bring what is best,  
your Golden Age is manifest.

**O Saint Germain, what love you bring,  
it truly makes all matter sing,  
your violet flame does all restore,  
with you we are becoming more.**

## Part 5

1. Saint Germain, radiate into the collective consciousness the awareness that the elite makes more money only by taking it from everybody else. They are not creating wealth, not producing goods, not providing a service. They have created this artificial economy that is like a leech on top of the natural economy.

O Saint Germain, you do inspire,  
my vision raised forever higher,  
with you I form a figure-eight,  
your Golden Age I co-create.

**O Saint Germain, what love you bring,  
it truly makes all matter sing,  
your violet flame does all restore,  
with you we are becoming more.**

2. Saint Germain, radiate into the collective consciousness the awareness that people who are adding value by providing a product or service are causing the natural economy to grow. The financial elite is creating these artificial instruments that allow them to siphon money out of the natural economy without providing a product or service.

O Saint Germain, what Freedom Flame,  
released when we recite your name,  
acceleration is your gift,  
our planet it will surely lift.

**O Saint Germain, what love you bring,  
it truly makes all matter sing,  
your violet flame does all restore,  
with you we are becoming more.**

3. Saint Germain, radiate into the collective consciousness the awareness that members of the elite are not increasing the total value of the natural economy. They are only concentrating value in their own hands and you can only do that by taking from the whole, by taking from the population or the government.

O Saint Germain, in love we claim,  
our right to bring your violet flame,  
from you Above, to us below,  
it is an all-transforming flow.

**O Saint Germain, what love you bring,  
it truly makes all matter sing,  
your violet flame does all restore,  
with you we are becoming more.**

4. Saint Germain, radiate into the collective consciousness the awareness that they do this through the money system where money is created as debt. When we allow banks to create money out of nothing and lend it out so people pay interest, some of it can be siphoned out of the natural economy, concentrated in the hands of the few people who control the banks.

O Saint Germain, I love you so,  
my aura filled with violet glow,  
my chakras filled with violet fire,  
I am your cosmic amplifier.

**O Saint Germain, what love you bring,  
it truly makes all matter sing,  
your violet flame does all restore,  
with you we are becoming more.**

5. Saint Germain, radiate into the collective consciousness the awareness that we need a natural money system, where there is a direct correspondence between the amount of money and the amount of products and services. Money is meant only to be an exchange for goods and services, and a short-term storage of value.

O Saint Germain, I am now free,  
your violet flame is therapy,  
transform all hang-ups in my mind,  
as inner peace I surely find.

**O Saint Germain, what love you bring,  
it truly makes all matter sing,  
your violet flame does all restore,  
with you we are becoming more.**

6. Saint Germain, radiate into the collective consciousness the awareness that the financial elite takes some of that interest money out of the economy and use it to invest in things that do not provide a service or product.

O Saint Germain, my body pure,  
your violet flame for all is cure,  
consume the cause of all disease,  
and therefore I am all at ease.

**O Saint Germain, what love you bring,  
it truly makes all matter sing,  
your violet flame does all restore,  
with you we are becoming more.**

7. Saint Germain, radiate into the collective consciousness the awareness that the elite engages in speculation, which creates a gambling economy. This allows them to artificially drive markets so people end up paying more for necessities.

O Saint Germain, I'm karma-free,  
the past no longer burdens me,  
a brand new opportunity,  
I am in Christic unity.

**O Saint Germain, what love you bring,  
it truly makes all matter sing,  
your violet flame does all restore,  
with you we are becoming more.**

8. Saint Germain, radiate into the collective consciousness the awareness that there is a financial elite that is driving the market, driving the economy. And they are not doing this for the benefit of the people, they are doing it for the benefit of themselves. Yet they are not smart enough to realize that what they are doing will destroy the economy and also their own fortunes.

O Saint Germain, we are now one,  
I am for you a violet sun,  
as we transform this planet earth,  
your Golden Age is given birth.

**O Saint Germain, what love you bring,  
it truly makes all matter sing,  
your violet flame does all restore,  
with you we are becoming more.**

9. Saint Germain, radiate into the collective consciousness the awareness that there is a financial elite, both in America and internationally, who have accumulated so much wealth, that they can drive the market, drive the economy.

O Saint Germain, the earth is free,  
from burden of duality,  
in oneness we bring what is best,  
your Golden Age is manifest.

**O Saint Germain, what love you bring,  
it truly makes all matter sing,  
your violet flame does all restore,  
with you we are becoming more.**

## Part 6

1. Saint Germain, radiate into the collective consciousness the awareness that the elite is siphoning money away from the people by creating an artificial scarcity that causes prices to go up and then they sell at double the price. The consumers end up paying more for everything driven by this speculation.

O Saint Germain, you do inspire,  
my vision raised forever higher,  
with you I form a figure-eight,  
your Golden Age I co-create.

**O Saint Germain, what love you bring,  
it truly makes all matter sing,  
your violet flame does all restore,  
with you we are becoming more.**

2. Saint Germain, radiate into the collective consciousness the awareness that we do not need to blame the government for imposing taxes. But we do need to blame the government for not reigning in the financial elite who are exploiting the population.

O Saint Germain, what Freedom Flame,  
released when we recite your name,  
acceleration is your gift,  
our planet it will surely lift.

**O Saint Germain, what love you bring,  
it truly makes all matter sing,  
your violet flame does all restore,  
with you we are becoming more.**

3. Saint Germain, radiate into the collective consciousness the awareness that there is an internal force in the form of the financial elite that is waging war against democracy. Democracy is based on equal rights, equal opportunity.

O Saint Germain, in love we claim,  
our right to bring your violet flame,  
from you Above, to us below,  
it is an all-transforming flow.

**O Saint Germain, what love you bring,  
it truly makes all matter sing,  
your violet flame does all restore,  
with you we are becoming more.**

4. Speculation is undemocratic because the elite is using the freedom that the democratic system gave them to limit or destroy the freedom of other people.

O Saint Germain, I love you so,  
my aura filled with violet glow,  
my chakras filled with violet fire,  
I am your cosmic amplifier.

**O Saint Germain, what love you bring,  
it truly makes all matter sing,  
your violet flame does all restore,  
with you we are becoming more.**

5. Saint Germain, radiate into the collective consciousness the awareness that the elite is destroying the competition, and this is anti-democratic, this is against the freedom, the equal rights, the equal opportunity that a democratic nation is meant to guarantee all of its citizens.

O Saint Germain, I am now free,  
your violet flame is therapy,  
transform all hang-ups in my mind,  
as inner peace I surely find.

**O Saint Germain, what love you bring,  
it truly makes all matter sing,  
your violet flame does all restore,  
with you we are becoming more.**

6. Saint Germain, radiate into the collective consciousness the awareness that a democratic nation is not meant to guarantee the freedom of the elite to exploit the population. This is not a democratic freedom.

O Saint Germain, my body pure,  
your violet flame for all is cure,  
consume the cause of all disease,  
and therefore I am all at ease.

**O Saint Germain, what love you bring,  
it truly makes all matter sing,  
your violet flame does all restore,  
with you we are becoming more.**

7. Saint Germain, radiate into the collective consciousness the awareness that we need to say: Either our economies crash, or we have to do something differently. We have to do something we have not been willing to do before. We have to rein in the rich elite who are exploiting the population.

O Saint Germain, I'm karma-free,  
the past no longer burdens me,  
a brand new opportunity,  
I am in Christic unity.

**O Saint Germain, what love you bring,  
it truly makes all matter sing,  
your violet flame does all restore,  
with you we are becoming more.**

8. Saint Germain, radiate into the collective consciousness the awareness that in a democratic nation, the people cannot say: "We are not responsible for creating the problem and we are not responsible for solving it."

O Saint Germain, we are now one,  
I am for you a violet sun,  
as we transform this planet earth,  
your Golden Age is given birth.

**O Saint Germain, what love you bring,  
it truly makes all matter sing,  
your violet flame does all restore,  
with you we are becoming more.**

9. Saint Germain, radiate into the collective consciousness the awareness that it is our responsibility as democratic citizens, to see how we can change ourselves, to see how we can help solve the problems, or make our government solve the problems, the government that we elected.

O Saint Germain, the earth is free,  
from burden of duality,  
in oneness we bring what is best,  
your Golden Age is manifest.

**O Saint Germain, what love you bring,  
it truly makes all matter sing,  
your violet flame does all restore,  
with you we are becoming more.**

**Sealing:**

In the name of the Divine Mother, I fully accept that the power of these calls is used to set free the Ma-ter light, so it can outpicture the perfect vision of Christ for my own life, for all people and for the planet. In the name I AM THAT I AM, it is done! Amen.

## **6. Democracy is a process of self-improvement (6)**

In the name I AM THAT I AM, Jesus Christ, I call to my I AM Presence to flow through the I Will Be Presence that I AM and give these decrees with full power. I call to beloved Saint Germain and Jesus to awaken people to the need to defend democracy from both external and internal attacks, including...

### **Part 1**

1. Jesus, radiate into the collective consciousness the awareness that the purpose of propaganda is always to divide and conquer, to sow doubt, to divide the minds of people. Leaders, media, and especially the people need to become more aware of propaganda.

O Jesus, blessed brother mine,  
I walk the path that you outline,  
a great example to us all,  
I follow now your inner call.

**O Jesus, let the Fire of Joy,  
consume the devil's subtle ploy,  
transfigured is our planet earth,  
the golden age is given birth.**

2. Jesus, radiate into the collective consciousness the awareness that we need to defend ourselves against having our minds divided by propaganda. We need to defend our nations against having the people divided into two camps by propaganda.

O Jesus, open inner sight,  
the ego wants to prove it's right,  
but this I will no longer do,  
I want to be all one with you.

**O Jesus, let the Fire of Joy,  
consume the devil's subtle ploy,  
transfigured is our planet earth,  
the golden age is given birth.**

3. Jesus, radiate into the collective consciousness the awareness that there are people who are willing to present the most blatant lies to the world. Such propagandist know that there are some people who are so trapped in conspiracy theories that they will believe the opposite of what their government or the so-called mainstream media says.

O Jesus, I now clearly see,  
the Key of Knowledge given me,  
my Christ self I hereby embrace,  
as you fill up my inner space.

**O Jesus, let the Fire of Joy,  
consume the devil's subtle ploy,  
transfigured is our planet earth,  
the golden age is given birth.**

4. Jesus, radiate into the collective consciousness the awareness that there are people who are living in an alternate reality. They are living in the same physical world, but in their minds, they have a completely different interpretation of it. We cannot change the minds of such people, but we can call forth the judgment of Christ upon them.

O Jesus, show me serpent's lie,  
expose the beam in my own eye,  
as Christ discernment you me give,  
in oneness I forever live.

**O Jesus, let the Fire of Joy,  
consume the devil's subtle ploy,  
transfigured is our planet earth,  
the golden age is given birth.**

5. Jesus, radiate into the collective consciousness the awareness that people in democratic nations need to educate ourselves about how propaganda has been used, and how the use of propaganda has become much more common with the advent of the internet.

O Jesus, I am truly meek,  
and thus I turn the other cheek,  
when the accuser attacks me,  
I go within and merge with thee.

**O Jesus, let the Fire of Joy,  
consume the devil's subtle ploy,  
transfigured is our planet earth,  
the golden age is given birth.**

6. Jesus, radiate into the collective consciousness the awareness that whatever new development happens, the fallen beings are always seeking to take advantage of it, and use it for their ends. And they have used the internet to spread propaganda that is meant to divide.

O Jesus, ego I let die,  
surrender ev'ry earthly tie,  
the dead can bury what is dead,  
I choose to walk with you instead.

**O Jesus, let the Fire of Joy,  
consume the devil's subtle ploy,  
transfigured is our planet earth,  
the golden age is given birth.**

7. Jesus, radiate into the collective consciousness the awareness that Russia has troll factories, where people are spending their working days posting things that are positive towards Russia, or that are meant to sow doubt in democratic nations.

O Jesus, help me rise above,  
the devil's test through higher love,  
show me separate self unreal,  
my formless self you do reveal.

**O Jesus, let the Fire of Joy,  
consume the devil's subtle ploy,  
transfigured is our planet earth,  
the golden age is given birth.**

8. Jesus, radiate into the collective consciousness the awareness that there are people who will abuse the democratic freedoms. We need to become better at counteracting it and identifying reliable information versus unreliable information.

O Jesus, what is that to me,  
I just let go and follow thee,  
with this I do pass ev'ry test,  
to find with you eternal rest.

**O Jesus, let the Fire of Joy,  
consume the devil's subtle ploy,  
transfigured is our planet earth,  
the golden age is given birth.**

9. Jesus, radiate into the collective consciousness the awareness that many people have taken conspiracy theories into their minds. They have a deep distrust even of democratic

governments, and a deep distrust of the so-called mainstream media. Yet compared to what is happening in a dictatorial country, like Russia or China, we can have a much better confidence in the democratic governments and in the mainstream media.

O Jesus, fiery master mine,  
my heart now melting into thine,  
I love with heart and mind and soul,  
the God who is my highest goal.

**O Jesus, let the Fire of Joy,  
consume the devil's subtle ploy,  
transfigured is our planet earth,  
the golden age is given birth.**

## Part 2

1. Jesus, radiate into the collective consciousness the awareness that as long as we have a country where there is freedom of the press, then if one press outlet states something wrong, there will be another media outlet that will be willing to publish that story in order to show that they are better than the competition. Some media outlet will be willing to expose any lies by the government.

O Jesus, blessed brother mine,  
I walk the path that you outline,  
a great example to us all,  
I follow now your inner call.

**O Jesus, let the Fire of Joy,  
consume the devil's subtle ploy,  
transfigured is our planet earth,  
the golden age is given birth.**

2. Jesus, radiate into the collective consciousness the awareness that the forces of propaganda, including the Russians and the Chinese, are perfectly aware of this. They are creating media outlets that claim to be exposing lies by the mainstream media or lies by the government. But it is all made up. It is propaganda created to sow doubt.

O Jesus, open inner sight,  
the ego wants to prove it's right,  
but this I will no longer do,  
I want to be all one with you.

**O Jesus, let the Fire of Joy,  
consume the devil's subtle ploy,  
transfigured is our planet earth,  
the golden age is given birth.**

3. Jesus, radiate into the collective consciousness the awareness that in a democratic country that has freedom of the press, we are better off than if we lived in a dictatorial

country. It is better to believe in the press and the government we have, than to believe in propaganda promoted by and made up by a dictatorial government.

O Jesus, I now clearly see,  
the Key of Knowledge given me,  
my Christ self I hereby embrace,  
as you fill up my inner space.

**O Jesus, let the Fire of Joy,  
consume the devil's subtle ploy,  
transfigured is our planet earth,  
the golden age is given birth.**

4. Jesus, radiate into the collective consciousness the awareness that there are forces that are deliberately trying to cast doubt upon democratic people's trust in their own government and in their media. And they are doing this for one purpose only: to destroy democracy. They are using the democratic freedoms against democracy.

O Jesus, show me serpent's lie,  
expose the beam in my own eye,  
as Christ discernment you me give,  
in oneness I forever live.

**O Jesus, let the Fire of Joy,  
consume the devil's subtle ploy,  
transfigured is our planet earth,  
the golden age is given birth.**

5. Jesus, radiate into the collective consciousness the awareness that the only way a democracy can function is if a majority of a people have some shared knowledge that they believe is reliable. It does not have to be completely, absolutely true because as the collective consciousness is being raised, we can see more than in the past.

O Jesus, I am truly meek,  
and thus I turn the other cheek,  
when the accuser attacks me,  
I go within and merge with thee.

**O Jesus, let the Fire of Joy,  
consume the devil's subtle ploy,  
transfigured is our planet earth,  
the golden age is given birth.**

6. Jesus, radiate into the collective consciousness the awareness that we need to go beyond black and white thinking, so we do not think that every question, every issue can be reduced to a yes and no question. Is it right, is it wrong, is it true, is it false.

O Jesus, ego I let die,  
surrender ev'ry earthly tie,  
the dead can bury what is dead,  
I choose to walk with you instead.

**O Jesus, let the Fire of Joy,  
consume the devil's subtle ploy,  
transfigured is our planet earth,  
the golden age is given birth.**

7. Jesus, radiate into the collective consciousness the awareness that the concepts of true and false, right and wrong, are dualistic. The Christ mind is far more complex than what can be reduced to two polarities, true or false. We need to open our minds to impulses from above, rather than impulses from below.

O Jesus, help me rise above,  
the devil's test through higher love,  
show me separate self unreal,  
my formless self you do reveal.

**O Jesus, let the Fire of Joy,  
consume the devil's subtle ploy,  
transfigured is our planet earth,  
the golden age is given birth.**

8. Jesus, radiate into the collective consciousness the awareness that through dualistic thinking, the mind becomes a closed system that thinks it can define reality in a horizontal way. If we think in terms of black and white, we are defining truth horizontally. We need to be open to input from beyond our own minds.

O Jesus, what is that to me,  
I just let go and follow thee,  
with this I do pass ev'ry test,  
to find with you eternal rest.

**O Jesus, let the Fire of Joy,  
consume the devil's subtle ploy,  
transfigured is our planet earth,  
the golden age is given birth.**

9. Jesus, radiate into the collective consciousness the awareness that the serpent was the most subtle animal in the garden, which is why it could deceive Adam and Eve into thinking that they could become as gods, knowing good and evil.

O Jesus, fiery master mine,  
my heart now melting into thine,  
I love with heart and mind and soul,  
the God who is my highest goal.

**O Jesus, let the Fire of Joy,  
consume the devil's subtle ploy,  
transfigured is our planet earth,  
the golden age is given birth.**

### Part 3

1. Jesus, radiate into the collective consciousness the awareness that our minds are not sufficient in themselves. We need something from beyond our own minds in order to know reality and be free of the lies and the illusions from the mind of antichrist. We need to *experience* the Christ mind, and this becomes our frame of reference.

O Jesus, blessed brother mine,  
I walk the path that you outline,  
a great example to us all,  
I follow now your inner call.

**O Jesus, let the Fire of Joy,  
consume the devil's subtle ploy,  
transfigured is our planet earth,  
the golden age is given birth.**

2. Jesus, radiate into the collective consciousness the awareness that many people in democratic nations have achieved a high level of discernment, even though they are not using the terminology of Christ and anti-christ. They intuitively sense: "This just does not sound right to me."

O Jesus, open inner sight,  
the ego wants to prove it's right,  
but this I will no longer do,  
I want to be all one with you.

**O Jesus, let the Fire of Joy,  
consume the devil's subtle ploy,  
transfigured is our planet earth,  
the golden age is given birth.**

3. Jesus, radiate into the collective consciousness the awareness that we can do this only by being neutral. If we are not neutral, then the mind of antichrist, the serpent, will whisper in our ears what confirms and validates our preconceived beliefs. It will validate what we want to believe, so that we will feel absolutely sure that we are right.

O Jesus, I now clearly see,  
the Key of Knowledge given me,  
my Christ self I hereby embrace,  
as you fill up my inner space.

**O Jesus, let the Fire of Joy,  
consume the devil's subtle ploy,  
transfigured is our planet earth,  
the golden age is given birth.**

4. Jesus, radiate into the collective consciousness the awareness that we need to counteract the propaganda that seeks to divide people. The government, the media and people themselves have a responsibility to counteract this clearly undermining activity. It is a form of information warfare.

O Jesus, show me serpent's lie,  
expose the beam in my own eye,  
as Christ discernment you me give,  
in oneness I forever live.

**O Jesus, let the Fire of Joy,  
consume the devil's subtle ploy,  
transfigured is our planet earth,  
the golden age is given birth.**

5. Jesus, radiate into the collective consciousness the awareness that the democratic nations need to defend ourselves against information warfare. The governments needs to defend their people. We cannot just give everybody free speech, because we are allowing those who want to destroy free speech to destroy the freedom of others.

O Jesus, I am truly meek,  
and thus I turn the other cheek,  
when the accuser attacks me,  
I go within and merge with thee.

**O Jesus, let the Fire of Joy,  
consume the devil's subtle ploy,  
transfigured is our planet earth,  
the golden age is given birth.**

6. Jesus, radiate into the collective consciousness the awareness that propaganda takes an issue and it simplifies it. It portrays it in very simplistic terms. There is always a right and wrong. There are always people who are right and others who are wrong. There are always the heroes and there is always the scapegoat.

O Jesus, ego I let die,  
surrender ev'ry earthly tie,  
the dead can bury what is dead,  
I choose to walk with you instead.

**O Jesus, let the Fire of Joy,  
consume the devil's subtle ploy,  
transfigured is our planet earth,  
the golden age is given birth.**

7. Jesus, radiate into the collective consciousness the awareness that while necessity is the mother of invention, simplification is the mother of contention. What creates contention, disagreements between groups of people is when an issue is simplified.

O Jesus, help me rise above,  
the devil's test through higher love,  
show me separate self unreal,  
my formless self you do reveal.

**O Jesus, let the Fire of Joy,  
consume the devil's subtle ploy,  
transfigured is our planet earth,  
the golden age is given birth.**

8. Jesus, radiate into the collective consciousness the awareness that in the simplest possible terms: There is us versus them. We are right. They are wrong. This is simplification. This happens all the time in dictatorships.

O Jesus, what is that to me,  
I just let go and follow thee,  
with this I do pass ev'ry test,  
to find with you eternal rest.

**O Jesus, let the Fire of Joy,  
consume the devil's subtle ploy,  
transfigured is our planet earth,  
the golden age is given birth.**

9. Jesus, radiate into the collective consciousness the awareness that propaganda seeks to simplify an issue and the effect is: "We do not have to look at ourselves because we are right. We do not have to admit that we made a mistake, or we could do better." You do not need to ask these questions when you are always projecting out, spreading propaganda that gives you an excuse for not looking at yourself.

O Jesus, fiery master mine,  
my heart now melting into thine,  
I love with heart and mind and soul,  
the God who is my highest goal.

**O Jesus, let the Fire of Joy,  
consume the devil's subtle ploy,  
transfigured is our planet earth,  
the golden age is given birth.**

## **Part 4**

1. Jesus, radiate into the collective consciousness the awareness that projecting out is completely against the very process of democracy, because the driving force of democracy is self-improvement. If you do not want to improve yourselves as a people and as a nation, you cannot make a democracy function.

O Jesus, blessed brother mine,  
I walk the path that you outline,  
a great example to us all,  
I follow now your inner call.

**O Jesus, let the Fire of Joy,  
consume the devil's subtle ploy,**

**transfigured is our planet earth,  
the golden age is given birth.**

2. Jesus, radiate into the collective consciousness the awareness that a democracy is an open-ended process of self-improvement. We cannot do this if we have closed our minds around these absolutist viewpoints.

O Jesus, open inner sight,  
the ego wants to prove it's right,  
but this I will no longer do,  
I want to be all one with you.

**O Jesus, let the Fire of Joy,  
consume the devil's subtle ploy,  
transfigured is our planet earth,  
the golden age is given birth.**

3. Jesus, radiate into the collective consciousness the awareness that we can continue to grow only by not falling prey to the simplification that is embodied in propaganda. If we think that everything can be simplified and reduced to us versus them, we cannot grow. Democratic nations and the top 10% of the people in democratic nations need to become aware of the importance of avoiding simplification.

O Jesus, I now clearly see,  
the Key of Knowledge given me,  
my Christ self I hereby embrace,  
as you fill up my inner space.

**O Jesus, let the Fire of Joy,  
consume the devil's subtle ploy,  
transfigured is our planet earth,  
the golden age is given birth.**

4. Jesus, radiate into the collective consciousness the awareness that simplification is always about ideas. We have an idea about how the world functions and therefore, this will solve the problem. Somebody has an idea that they think should be universally accepted and incorporated in the laws of society, then we will solve our problems.

O Jesus, show me serpent's lie,  
expose the beam in my own eye,  
as Christ discernment you me give,  
in oneness I forever live.

**O Jesus, let the Fire of Joy,  
consume the devil's subtle ploy,  
transfigured is our planet earth,  
the golden age is given birth.**

5. Jesus, radiate into the collective consciousness the awareness that this mindset overlooks a very simple fact. The purpose of a democracy is **not** to solve problems. The

purpose of a democracy is one thing and one thing only, people—not ideas, not problems.

O Jesus, I am truly meek,  
and thus I turn the other cheek,  
when the accuser attacks me,  
I go within and merge with thee.

**O Jesus, let the Fire of Joy,  
consume the devil's subtle ploy,  
transfigured is our planet earth,  
the golden age is given birth.**

6. Jesus, radiate into the collective consciousness the awareness that ideas define the problems and then they define the solutions. But people are not a problem. That is the realization that democracies need to come to. People are not a problem for democracy. People are the *purpose* for democracy.

O Jesus, ego I let die,  
surrender ev'ry earthly tie,  
the dead can bury what is dead,  
I choose to walk with you instead.

**O Jesus, let the Fire of Joy,  
consume the devil's subtle ploy,  
transfigured is our planet earth,  
the golden age is given birth.**

7. Jesus, radiate into the collective consciousness the awareness that the purpose of a democracy is to help people grow and raise their awareness. It is not to solve problems by killing people or by forbidding this or forbidding that. The entire purpose of democracy is people, all people.

O Jesus, help me rise above,  
the devil's test through higher love,  
show me separate self unreal,  
my formless self you do reveal.

**O Jesus, let the Fire of Joy,  
consume the devil's subtle ploy,  
transfigured is our planet earth,  
the golden age is given birth.**

8. Jesus, radiate into the collective consciousness the awareness that the purpose of a dictatorship is also people, namely either the dictator or a small elite around him. The broad population are just the slaves for fulfilling the dictator's ambition. The purpose of democracy is raising all of the people, which ultimately means raising their consciousness.

O Jesus, what is that to me,  
I just let go and follow thee,

with this I do pass ev'ry test,  
to find with you eternal rest.

**O Jesus, let the Fire of Joy,  
consume the devil's subtle ploy,  
transfigured is our planet earth,  
the golden age is given birth.**

9. Jesus, radiate into the collective consciousness the awareness that the purpose of a democracy is to take care of the people. People who are in the black and white mindset, do not care about people, at least not the majority of the population. People are just tools for the elite.

O Jesus, fiery master mine,  
my heart now melting into thine,  
I love with heart and mind and soul,  
the God who is my highest goal.

**O Jesus, let the Fire of Joy,  
consume the devil's subtle ploy,  
transfigured is our planet earth,  
the golden age is given birth.**

## Part 5

1. Jesus, radiate into the collective consciousness the awareness that dictators and the power elite do not care about the people, they only care about themselves. This is anti-democratic. A democracy cares about people – all people. And therefore, democracy cannot look at people as a *problem* that needs to be fixed.

O Jesus, blessed brother mine,  
I walk the path that you outline,  
a great example to us all,  
I follow now your inner call.

**O Jesus, let the Fire of Joy,  
consume the devil's subtle ploy,  
transfigured is our planet earth,  
the golden age is given birth.**

2. Jesus, radiate into the collective consciousness the awareness that we need to adopt a positive psychology, which seeks to help people grow and unfold their higher potential. This is the approach to psychology that needs to be embraced by democratic nations.

O Jesus, open inner sight,  
the ego wants to prove it's right,  
but this I will no longer do,  
I want to be all one with you.

**O Jesus, let the Fire of Joy,  
consume the devil's subtle ploy,  
transfigured is our planet earth,  
the golden age is given birth.**

3. Jesus, radiate into the collective consciousness the awareness that there is no simple solution. Everything is interconnected. Democracies need to see the interconnectedness, how a society is a fabric, and we cannot isolate one problem and think we can fix that problem. We need to look at the context, look what we need to do to help our people.

O Jesus, I now clearly see,  
the Key of Knowledge given me,  
my Christ self I hereby embrace,  
as you fill up my inner space.

**O Jesus, let the Fire of Joy,  
consume the devil's subtle ploy,  
transfigured is our planet earth,  
the golden age is given birth.**

4. Jesus, radiate into the collective consciousness the awareness that these challenges are not insurmountable obstacles. Democracies have already done many things, it just needs to be taken to a higher level, which is the next step up for democracies.

O Jesus, show me serpent's lie,  
expose the beam in my own eye,  
as Christ discernment you me give,  
in oneness I forever live.

**O Jesus, let the Fire of Joy,  
consume the devil's subtle ploy,  
transfigured is our planet earth,  
the golden age is given birth.**

5. Jesus, radiate into the collective consciousness the awareness that we cannot reduce problems to this simplistic explanation, because when we do, we always have one group of people who are imposing their will on another group of people, and the one group of people lose and the other wins. Democracy is a society where everybody wins. It is win, win, win until everybody is lifted up. That is what a democracy ultimately is.

O Jesus, I am truly meek,  
and thus I turn the other cheek,  
when the accuser attacks me,  
I go within and merge with thee.

**O Jesus, let the Fire of Joy,  
consume the devil's subtle ploy,  
transfigured is our planet earth,  
the golden age is given birth.**

6. Jesus, radiate into the collective consciousness the awareness that there is political gridlock in the United States because every issue is reduced to black and white, right and wrong, for or against. There are many nuances in between, and there are even viewpoints that are completely beyond the scale of black and white.

O Jesus, ego I let die,  
surrender ev'ry earthly tie,  
the dead can bury what is dead,  
I choose to walk with you instead.

**O Jesus, let the Fire of Joy,  
consume the devil's subtle ploy,  
transfigured is our planet earth,  
the golden age is given birth.**

7. Jesus, radiate into the collective consciousness the awareness that we need to decide what kind of society we want in America? Do we want the current gridlock, animosity and hostility to continue? Is there a connection between this hostility and the mass shootings?

O Jesus, help me rise above,  
the devil's test through higher love,  
show me separate self unreal,  
my formless self you do reveal.

**O Jesus, let the Fire of Joy,  
consume the devil's subtle ploy,  
transfigured is our planet earth,  
the golden age is given birth.**

8. Jesus, radiate into the collective consciousness the awareness that we need to question the attitude that: "If we cannot get our way, violence is acceptable. Violence is the only solution, we have to do something, even if it is illegal, even if it is violent."

O Jesus, what is that to me,  
I just let go and follow thee,  
with this I do pass ev'ry test,  
to find with you eternal rest.

**O Jesus, let the Fire of Joy,  
consume the devil's subtle ploy,  
transfigured is our planet earth,  
the golden age is given birth.**

9. Jesus, radiate into the collective consciousness the awareness that some people believe that if you cannot get your way through the democratic process, then you can throw away 200 years of democratic experiment and just start shooting those who disagree with you.

O Jesus, fiery master mine,  
my heart now melting into thine,

I love with heart and mind and soul,  
the God who is my highest goal.

**O Jesus, let the Fire of Joy,  
consume the devil's subtle ploy,  
transfigured is our planet earth,  
the golden age is given birth.**

## Part 6

1. Jesus, radiate into the collective consciousness the awareness that we need to debate if we want this to continue and end up in some kind of civil war scenario. There are people who are not as gun happy, but who are willing to take other measures that are violent in order to get their way. Where will this end and is this where you want the nation to go?

O Jesus, blessed brother mine,  
I walk the path that you outline,  
a great example to us all,  
I follow now your inner call.

**O Jesus, let the Fire of Joy,  
consume the devil's subtle ploy,  
transfigured is our planet earth,  
the golden age is given birth.**

2. Jesus, radiate into the collective consciousness the awareness that a democratic nation should be about people, about helping people, not just some people, not just a small elite, not just the people who vote for that particular political party but all people.

O Jesus, open inner sight,  
the ego wants to prove it's right,  
but this I will no longer do,  
I want to be all one with you.

**O Jesus, let the Fire of Joy,  
consume the devil's subtle ploy,  
transfigured is our planet earth,  
the golden age is given birth.**

3. Jesus, radiate into the collective consciousness the awareness that we may think we are Christians, we may think we are following the teachings of Jesus. But are we truly following them if we are so angry and hostile with another group of people? Are we truly following the teachings of Jesus if we are doing something to others that we would be very angry if they did to us?

O Jesus, I now clearly see,  
the Key of Knowledge given me,  
my Christ self I hereby embrace,  
as you fill up my inner space.

**O Jesus, let the Fire of Joy,  
consume the devil's subtle ploy,  
transfigured is our planet earth,  
the golden age is given birth.**

4. Jesus, radiate into the collective consciousness the awareness that how can we claim to be a Christian nation if we are only paying lip service to the teachings of Christ, instead of embodying those teachings of Christ, and treating other people the way he told us to treat them?

O Jesus, show me serpent's lie,  
expose the beam in my own eye,  
as Christ discernment you me give,  
in oneness I forever live.

**O Jesus, let the Fire of Joy,  
consume the devil's subtle ploy,  
transfigured is our planet earth,  
the golden age is given birth.**

5. Jesus, radiate into the collective consciousness the awareness that if we do not embody the teachings of Jesus, we could see a disintegration into violence, more political hostility, more political gridlock and it will have widespread negative consequences for the people.

O Jesus, I am truly meek,  
and thus I turn the other cheek,  
when the accuser attacks me,  
I go within and merge with thee.

**O Jesus, let the Fire of Joy,  
consume the devil's subtle ploy,  
transfigured is our planet earth,  
the golden age is given birth.**

6, Jesus, radiate into the collective consciousness the awareness that the knocks will get harder until the American people have had enough of gridlock hostility, animosity, of the 'us versus them' mentality.

O Jesus, ego I let die,  
surrender ev'ry earthly tie,  
the dead can bury what is dead,  
I choose to walk with you instead.

**O Jesus, let the Fire of Joy,  
consume the devil's subtle ploy,  
transfigured is our planet earth,  
the golden age is given birth.**

7. Jesus, radiate into the collective consciousness the awareness that if we see humanity in ourselves, we will see humanity in others. And that is an aspect of the Christ consciousness that Jesus taught 2000 years ago.

O Jesus, help me rise above,  
the devil's test through higher love,  
show me separate self unreal,  
my formless self you do reveal.

**O Jesus, let the Fire of Joy,  
consume the devil's subtle ploy,  
transfigured is our planet earth,  
the golden age is given birth.**

8. Jesus, radiate into the collective consciousness the awareness that we can you do unto others what we want them to do to us because we see that those others are not really others, they are human beings like ourselves. Therefore, we cannot treat them in a way that we do not want to be treated.

O Jesus, what is that to me,  
I just let go and follow thee,  
with this I do pass ev'ry test,  
to find with you eternal rest.

**O Jesus, let the Fire of Joy,  
consume the devil's subtle ploy,  
transfigured is our planet earth,  
the golden age is given birth.**

9. Jesus, radiate into the collective consciousness the awareness that we have have had 2000 years to integrate this truth. How can we have a nation that claims to be Christian, but is going backwards in terms of living the commands of Christ, to treat others with decency and humanity?

O Jesus, fiery master mine,  
my heart now melting into thine,  
I love with heart and mind and soul,  
the God who is my highest goal.

**O Jesus, let the Fire of Joy,  
consume the devil's subtle ploy,  
transfigured is our planet earth,  
the golden age is given birth.**

### **Sealing:**

In the name of the Divine Mother, I fully accept that the power of these calls is used to set free the Ma-ter light, so it can outpicture the perfect vision of Christ for my own life, for all people and for the planet. In the name I AM THAT I AM, it is done! Amen.

# 7. Communication and democracy (5)

In the name I AM THAT I AM, Jesus Christ, I call to my I AM Presence to flow through the I Will Be Presence that I AM and give these decrees with full power. I call to beloved Saint Germain and Jesus to awaken people to the need to defend democracy from both external and internal attacks, including...

## Part 1

1. Jesus, radiate into the collective consciousness the awareness that a democracy is based on some recognition of the Golden Rule and therefore basic humanity, and thus hatred works against the democratic process.

O Jesus, blessed brother mine,  
I walk the path that you outline,  
a great example to us all,  
I follow now your inner call.

**O Jesus, let the Fire of Joy,  
consume the devil's subtle ploy,  
transfigured is our planet earth,  
the golden age is given birth.**

2. Jesus, radiate into the collective consciousness the awareness that if there is too much hatred in a population, we cannot have a functioning democracy. We can see this in the United States with the left wing, the right wing, the extreme Democrats, the extreme Republicans, and how there is hatred from both sides.

O Jesus, open inner sight,  
the ego wants to prove it's right,  
but this I will no longer do,  
I want to be all one with you.

**O Jesus, let the Fire of Joy,  
consume the devil's subtle ploy,  
transfigured is our planet earth,  
the golden age is given birth.**

3. Jesus, radiate into the collective consciousness the awareness that hatred stops the democratic process because one of the foundations for a functioning democracy is freedom of speech.

O Jesus, I now clearly see,  
the Key of Knowledge given me,  
my Christ self I hereby embrace,  
as you fill up my inner space.

**O Jesus, let the Fire of Joy,  
consume the devil's subtle ploy,  
transfigured is our planet earth,  
the golden age is given birth.**

4. Jesus, radiate into the collective consciousness the awareness that extremists think they can say anything they want. But if you have the view that you should be free to say anything you want and nobody should object to it, that is the spiritual poison of hatred causing cognitive dissonance.

O Jesus, show me serpent's lie,  
expose the beam in my own eye,  
as Christ discernment you me give,  
in oneness I forever live.

**O Jesus, let the Fire of Joy,  
consume the devil's subtle ploy,  
transfigured is our planet earth,  
the golden age is given birth.**

5. Jesus, radiate into the collective consciousness the awareness that freedom of speech does not simply mean that you can say anything you want. Freedom of speech also means the freedom not to say something, because you see that it was not in accordance with the call to "Say unto others what you want others to say unto you."

O Jesus, I am truly meek,  
and thus I turn the other cheek,  
when the accuser attacks me,  
I go within and merge with thee.

**O Jesus, let the Fire of Joy,  
consume the devil's subtle ploy,  
transfigured is our planet earth,  
the golden age is given birth.**

6. Jesus, radiate into the collective consciousness the awareness that in the United States there is more hate speech, going all the way back to the Civil War and the aftermath with the issue of slavery and the treatment of African Americans by the white supremacist majority.

O Jesus, ego I let die,  
surrender ev'ry earthly tie,

the dead can bury what is dead,  
I choose to walk with you instead.

**O Jesus, let the Fire of Joy,  
consume the devil's subtle ploy,  
transfigured is our planet earth,  
the golden age is given birth.**

7. Jesus, radiate into the collective consciousness the awareness that there is still a white supremacist *minority* in the United States that has in their emotional, mental and identity bodies hatred towards African Americans, Mexican Americans, Asian Americans, whom they do not consider Americans.

O Jesus, help me rise above,  
the devil's test through higher love,  
show me separate self unreal,  
my formless self you do reveal.

**O Jesus, let the Fire of Joy,  
consume the devil's subtle ploy,  
transfigured is our planet earth,  
the golden age is given birth.**

8. Jesus, radiate into the collective consciousness the awareness that racial animosity has started to come to the surface again and this has been accelerated by the Trump presidency and the aftermath of the 2020 election. Many of the people who believe in Trump's election lies are white supremacists. They often have the view that Christianity is the superior religion but they also have anger and hatred.

O Jesus, what is that to me,  
I just let go and follow thee,  
with this I do pass ev'ry test,  
to find with you eternal rest.

**O Jesus, let the Fire of Joy,  
consume the devil's subtle ploy,  
transfigured is our planet earth,  
the golden age is given birth.**

9. Jesus, radiate into the collective consciousness the awareness that some of the more radical people on the left also have anger and hatred towards their opponents. In the United States this energy of anger and hatred has been allowed to go towards a more extreme expression in order to make it visible to the American people.

O Jesus, fiery master mine,  
my heart now melting into thine,  
I love with heart and mind and soul,  
the God who is my highest goal.

**O Jesus, let the Fire of Joy,  
consume the devil's subtle ploy,**

**transfigured is our planet earth,  
the golden age is given birth.**

## **Part 2**

1. Jesus, radiate into the collective consciousness the awareness that we need to decide how far we will allow this to go. Will we allow it to cause violence, perhaps even a civil war-like scenario?

O Jesus, blessed brother mine,  
I walk the path that you outline,  
a great example to us all,  
I follow now your inner call.

**O Jesus, let the Fire of Joy,  
consume the devil's subtle ploy,  
transfigured is our planet earth,  
the golden age is given birth.**

2. Jesus, radiate into the collective consciousness the awareness that when a person goes into a school and starts shooting, this is a very crude attempt at communicating. When frustration builds to a certain level, then people feel they cannot be heard through words, so they attempt to be heard through violence.

O Jesus, open inner sight,  
the ego wants to prove it's right,  
but this I will no longer do,  
I want to be all one with you.

**O Jesus, let the Fire of Joy,  
consume the devil's subtle ploy,  
transfigured is our planet earth,  
the golden age is given birth.**

3. Jesus, radiate into the collective consciousness the awareness that people's minds are overpowered by anger and hatred. The effect of this spiritual poison is that it shuts down communication.

O Jesus, I now clearly see,  
the Key of Knowledge given me,  
my Christ self I hereby embrace,  
as you fill up my inner space.

**O Jesus, let the Fire of Joy,  
consume the devil's subtle ploy,  
transfigured is our planet earth,  
the golden age is given birth.**

4. Jesus, radiate into the collective consciousness the awareness that in America especially people separate themselves into different camps, and they stop talking about

certain issues. People stop trying to communicate and they feel: “It is because these other people will not listen to me. They do not agree with me. They are against everything I say.”

O Jesus, show me serpent’s lie,  
expose the beam in my own eye,  
as Christ discernment you me give,  
in oneness I forever live.

**O Jesus, let the Fire of Joy,  
consume the devil’s subtle ploy,  
transfigured is our planet earth,  
the golden age is given birth.**

5. Jesus, radiate into the collective consciousness the awareness that when people are poisoned by hatred, they cannot connect to the fact that: “But these are my family members, these are my countrymen. Aren’t we all human beings? Aren’t we all Christians, sons and daughters of God?”

O Jesus, I am truly meek,  
and thus I turn the other cheek,  
when the accuser attacks me,  
I go within and merge with thee.

**O Jesus, let the Fire of Joy,  
consume the devil’s subtle ploy,  
transfigured is our planet earth,  
the golden age is given birth.**

6. Jesus, radiate into the collective consciousness the awareness that when blinded by hatred, you cannot see what connects you to other people. You only see the differences. You are projecting out because that is one effect of spiritual poisons: The problem is out there.

O Jesus, ego I let die,  
surrender ev’ry earthly tie,  
the dead can bury what is dead,  
I choose to walk with you instead.

**O Jesus, let the Fire of Joy,  
consume the devil’s subtle ploy,  
transfigured is our planet earth,  
the golden age is given birth.**

7. Jesus, radiate into the collective consciousness the awareness that hatred prevents you from looking in the mirror. It prevents you from considering that there could be a beam in your own eye. You cannot conceive of this, when you are blinded by the spiritual poison of hatred.

O Jesus, help me rise above,  
the devil’s test through higher love,

show me separate self unreal,  
my formless self you do reveal.

**O Jesus, let the Fire of Joy,  
consume the devil's subtle ploy,  
transfigured is our planet earth,  
the golden age is given birth.**

8. Jesus, radiate into the collective consciousness the awareness that in a dictatorship you have one-way, top-down communication. A democracy is an attempt to establish a society where there is two-way communication. The leaders communicate to the people, but the people communicate back.

O Jesus, what is that to me,  
I just let go and follow thee,  
with this I do pass ev'ry test,  
to find with you eternal rest.

**O Jesus, let the Fire of Joy,  
consume the devil's subtle ploy,  
transfigured is our planet earth,  
the golden age is given birth.**

9. Jesus, radiate into the collective consciousness the awareness that one of the democratic rights is freedom of speech. But behind that outer expression, there is free communication, open communication, neutral communication, non-toxic communication. A democracy is an attempt to establish a form of government where problems can be solved without violence, but this can only happen through communication.

O Jesus, fiery master mine,  
my heart now melting into thine,  
I love with heart and mind and soul,  
the God who is my highest goal.

**O Jesus, let the Fire of Joy,  
consume the devil's subtle ploy,  
transfigured is our planet earth,  
the golden age is given birth.**

### **Part 3**

1. Jesus, radiate into the collective consciousness the awareness that free communication leads to the respect for people's right to be different. Neutral communication leads to an increased understanding and tolerance for differences. We cannot expect that everybody will agree, so one of the foundations for a democracy is tolerance for differences.

O Jesus, blessed brother mine,  
I walk the path that you outline,

a great example to us all,  
I follow now your inner call.

**O Jesus, let the Fire of Joy,  
consume the devil's subtle ploy,  
transfigured is our planet earth,  
the golden age is given birth.**

2. Jesus, radiate into the collective consciousness the awareness that in the United States, we see the emergence of blocs of people who have taken in this poison of hatred and who therefore have no tolerance for those who have different viewpoints than they have.

O Jesus, open inner sight,  
the ego wants to prove it's right,  
but this I will no longer do,  
I want to be all one with you.

**O Jesus, let the Fire of Joy,  
consume the devil's subtle ploy,  
transfigured is our planet earth,  
the golden age is given birth.**

3. Jesus, radiate into the collective consciousness the awareness that it is vital for any democracy that there has to be open communication. If there is not, then a democracy will start a downward spiral, where the animosity builds until people are no longer able to say it with words so they start saying it with violent means.

O Jesus, I now clearly see,  
the Key of Knowledge given me,  
my Christ self I hereby embrace,  
as you fill up my inner space.

**O Jesus, let the Fire of Joy,  
consume the devil's subtle ploy,  
transfigured is our planet earth,  
the golden age is given birth.**

4. Jesus, radiate into the collective consciousness the awareness that we need to observe and say: "When there is this kind of hatred, then communication breaks down. And when communication breaks down, democracy breaks down. So what can we do?"

O Jesus, show me serpent's lie,  
expose the beam in my own eye,  
as Christ discernment you me give,  
in oneness I forever live.

**O Jesus, let the Fire of Joy,  
consume the devil's subtle ploy,**

**transfigured is our planet earth,  
the golden age is given birth.**

5. Jesus, radiate into the collective consciousness the awareness that there needs to be an awareness that we cannot take democracy for granted. There are forces that are seeking to destroy democracy. There are external forces, but there are also internal forces.

O Jesus, I am truly meek,  
and thus I turn the other cheek,  
when the accuser attacks me,  
I go within and merge with thee.

**O Jesus, let the Fire of Joy,  
consume the devil's subtle ploy,  
transfigured is our planet earth,  
the golden age is given birth.**

6. Jesus, radiate into the collective consciousness the awareness that the external forces cannot destroy democracy unless democracies have already been divided by the internal forces. There needs to be a growing awareness that democracy has value. It is the government of the future.

O Jesus, ego I let die,  
surrender ev'ry earthly tie,  
the dead can bury what is dead,  
I choose to walk with you instead.

**O Jesus, let the Fire of Joy,  
consume the devil's subtle ploy,  
transfigured is our planet earth,  
the golden age is given birth.**

7. Jesus, radiate into the collective consciousness the awareness that democracy is progress compared to the dictatorships we have seen in the past, which created one disaster after another. We need to defend democracy and the government, the media, but also people themselves, will have to counteract the attacks.

O Jesus, help me rise above,  
the devil's test through higher love,  
show me separate self unreal,  
my formless self you do reveal.

**O Jesus, let the Fire of Joy,  
consume the devil's subtle ploy,  
transfigured is our planet earth,  
the golden age is given birth.**

8. Jesus, radiate into the collective consciousness the awareness that a democracy gives freedom, but those who have ill intentions can abuse that freedom to undermine

democracy, as the troll factories in Russia and China have done for years, as many other people with ill intentions have done for years.

O Jesus, what is that to me,  
I just let go and follow thee,  
with this I do pass ev'ry test,  
to find with you eternal rest.

**O Jesus, let the Fire of Joy,  
consume the devil's subtle ploy,  
transfigured is our planet earth,  
the golden age is given birth.**

9. Jesus, radiate into the collective consciousness the awareness that there are people who have deliberately created conspiracy theories, simply because their minds are taken over by forces who only want to create chaos and hatred between people so they can steal people's energy.

O Jesus, fiery master mine,  
my heart now melting into thine,  
I love with heart and mind and soul,  
the God who is my highest goal.

**O Jesus, let the Fire of Joy,  
consume the devil's subtle ploy,  
transfigured is our planet earth,  
the golden age is given birth.**

## **Part 4**

1. Jesus, radiate into the collective consciousness the awareness that a democratic government needs to remain harmless as a dove, but we become wise as a serpent. We recognize that we cannot take for granted that once we have a democracy, it will be sustained indefinitely. 1.

O Jesus, blessed brother mine,  
I walk the path that you outline,  
a great example to us all,  
I follow now your inner call.

**O Jesus, let the Fire of Joy,  
consume the devil's subtle ploy,  
transfigured is our planet earth,  
the golden age is given birth.**

2. Jesus, radiate into the collective consciousness the awareness that we need to be willing to look at the forces that are opposing democracy and defend our country against them. This means defending ourselves against the people in our own nation who have been seduced into going into a mindset that is anti-democratic.

O Jesus, open inner sight,  
the ego wants to prove it's right,  
but this I will no longer do,  
I want to be all one with you.

**O Jesus, let the Fire of Joy,  
consume the devil's subtle ploy,  
transfigured is our planet earth,  
the golden age is given birth.**

3. Jesus, radiate into the collective consciousness the awareness that hatred towards another group of people is an anti-democratic mindset. Believing there is some grand conspiracy that stole the election from *your* president, that too is an anti-democratic mindset because you are not acknowledging the democratic institutions.

O Jesus, I now clearly see,  
the Key of Knowledge given me,  
my Christ self I hereby embrace,  
as you fill up my inner space.

**O Jesus, let the Fire of Joy,  
consume the devil's subtle ploy,  
transfigured is our planet earth,  
the golden age is given birth.**

4. Jesus, radiate into the collective consciousness the awareness that you are not fulfilling the oath to defend the Constitution against all enemies. You are being a domestic enemy of the Constitution if you are spreading the lie that the election system is taken over by some grand conspiracy.

O Jesus, show me serpent's lie,  
expose the beam in my own eye,  
as Christ discernment you me give,  
in oneness I forever live.

**O Jesus, let the Fire of Joy,  
consume the devil's subtle ploy,  
transfigured is our planet earth,  
the golden age is given birth.**

5. Jesus, radiate into the collective consciousness the awareness that if a society is based on the Golden Rule, it has a fundamental weakness towards societies that are willing to take advantage of that Golden Rule. Many people have been turned away from the Golden Rule, because other people have not reciprocated their actions.

O Jesus, I am truly meek,  
and thus I turn the other cheek,  
when the accuser attacks me,  
I go within and merge with thee.

**O Jesus, let the Fire of Joy,  
consume the devil's subtle ploy,  
transfigured is our planet earth,  
the golden age is given birth.**

6. Jesus, radiate into the collective consciousness the awareness that we need to become wise as a serpent and realize that there *are* serpents. A democratic nation wants to believe that it can follow the Golden Rule towards other nations. This can be done with other democratic nations, but it cannot be done with a dictatorship that has an ill intention of either destroying democracy or conquering your territory.

O Jesus, ego I let die,  
surrender ev'ry earthly tie,  
the dead can bury what is dead,  
I choose to walk with you instead.

**O Jesus, let the Fire of Joy,  
consume the devil's subtle ploy,  
transfigured is our planet earth,  
the golden age is given birth.**

7. Jesus, radiate into the collective consciousness the awareness that we need to acknowledge that there are leaders in countries, that have a negative intent towards democracy. We cannot allow other countries with ill intent, or even people in our own countries with ill intent, to take advantage of the democratic freedoms.

O Jesus, help me rise above,  
the devil's test through higher love,  
show me separate self unreal,  
my formless self you do reveal.

**O Jesus, let the Fire of Joy,  
consume the devil's subtle ploy,  
transfigured is our planet earth,  
the golden age is given birth.**

8. Jesus, radiate into the collective consciousness the awareness that the Golden Rule of democracy is that a democratic government is meant to guarantee the rights and freedoms of its population, which means it cannot allow any force to take away the rights and freedoms of its own population.

O Jesus, what is that to me,  
I just let go and follow thee,  
with this I do pass ev'ry test,  
to find with you eternal rest.

**O Jesus, let the Fire of Joy,  
consume the devil's subtle ploy,  
transfigured is our planet earth,  
the golden age is given birth.**

9. Jesus, radiate into the collective consciousness the awareness that we cannot allow an external force like Putin, or an internal force like Donald Trump, or the conspiracy theorists, or the media which has turned itself into a propaganda machine, to threaten the survival of democracy.

O Jesus, fiery master mine,  
my heart now melting into thine,  
I love with heart and mind and soul,  
the God who is my highest goal.

**O Jesus, let the Fire of Joy,  
consume the devil's subtle ploy,  
transfigured is our planet earth,  
the golden age is given birth.**

## Part 5

1. Jesus, radiate into the collective consciousness the awareness that a democracy needs to defend its own citizens against those who will take away the freedom and the rights of those citizens. Otherwise, a democratic government is not fulfilling its responsibility, but the people also need to fulfill *their* responsibility and become aware.

O Jesus, blessed brother mine,  
I walk the path that you outline,  
a great example to us all,  
I follow now your inner call.

**O Jesus, let the Fire of Joy,  
consume the devil's subtle ploy,  
transfigured is our planet earth,  
the golden age is given birth.**

2. Jesus, radiate into the collective consciousness the awareness that people must educate themselves, become aware of what is happening, become aware of troll factories and those with ill intent, and therefore say: "I am not going to allow myself to be pulled into this."

O Jesus, open inner sight,  
the ego wants to prove it's right,  
but this I will no longer do,  
I want to be all one with you.

**O Jesus, let the Fire of Joy,  
consume the devil's subtle ploy,  
transfigured is our planet earth,  
the golden age is given birth.**

3. Jesus, radiate into the collective consciousness the awareness that people who have been pulled into the conspiracy theories need to say: "Listen, I have been there. I

understand your frustration, but this just is not the way. It is a dead end, and it will only take you down.”

O Jesus, I now clearly see,  
the Key of Knowledge given me,  
my Christ self I hereby embrace,  
as you fill up my inner space.

**O Jesus, let the Fire of Joy,  
consume the devil’s subtle ploy,  
transfigured is our planet earth,  
the golden age is given birth.**

4. Jesus, radiate into the collective consciousness the awareness that we need to speak out in a neutral way so that we can establish a way to talk about problems without being taken over by the hatred that causes us to shut down communication. We need open and neutral communication, not the emotionally charged, where people are blinded by hatred.

O Jesus, show me serpent’s lie,  
expose the beam in my own eye,  
as Christ discernment you me give,  
in oneness I forever live.

**O Jesus, let the Fire of Joy,  
consume the devil’s subtle ploy,  
transfigured is our planet earth,  
the golden age is given birth.**

5. Jesus, radiate into the collective consciousness the awareness that democracy is not about viewpoints and physical results. It is about people. It is about the growth in consciousness of the people. People who are in this biased state of mind are not growing. They are reinforcing a downward spiral.

O Jesus, I am truly meek,  
and thus I turn the other cheek,  
when the accuser attacks me,  
I go within and merge with thee.

**O Jesus, let the Fire of Joy,  
consume the devil’s subtle ploy,  
transfigured is our planet earth,  
the golden age is given birth.**

6. Jesus, radiate into the collective consciousness the awareness that people need to see the downward spiral and say: “Enough of this. We have to find a way to communicate. We have to find some basis for communication, things we agree on: even that democracy is important, we are all human beings, we should all be allowed to be here.”

O Jesus, ego I let die,  
surrender ev’ry earthly tie,

the dead can bury what is dead,  
I choose to walk with you instead.

**O Jesus, let the Fire of Joy,  
consume the devil's subtle ploy,  
transfigured is our planet earth,  
the golden age is given birth.**

7. Jesus, radiate into the collective consciousness the awareness that it all boils down to is tolerance. Some people on the left are extremist, some people on the right are extremist, but in between is a large group of people who are much more balanced. And they are the ones who can break the downward spiral.

O Jesus, help me rise above,  
the devil's test through higher love,  
show me separate self unreal,  
my formless self you do reveal.

**O Jesus, let the Fire of Joy,  
consume the devil's subtle ploy,  
transfigured is our planet earth,  
the golden age is given birth.**

8. Jesus, radiate into the collective consciousness the awareness that there is the broad middle, not middle class, but balanced group in the middle, who do not have the extreme viewpoints and who therefore can say: "Ah, let's just try and find a more balanced approach here. Let's not go so far."

O Jesus, what is that to me,  
I just let go and follow thee,  
with this I do pass ev'ry test,  
to find with you eternal rest.

**O Jesus, let the Fire of Joy,  
consume the devil's subtle ploy,  
transfigured is our planet earth,  
the golden age is given birth.**

9. Jesus, radiate into the collective consciousness the awareness that this group in the middle is what can bring a democracy higher. Extremism in any direction is against the Golden Rule. Thus, it is deeply ironic that many Christians think America is a Christian nation, but they cannot see that their intolerance is the consciousness of anti-christ.

O Jesus, fiery master mine,  
my heart now melting into thine,  
I love with heart and mind and soul,  
the God who is my highest goal.

**O Jesus, let the Fire of Joy,  
consume the devil's subtle ploy,**

**transfigured is our planet earth,  
the golden age is given birth.**

### **Sealing:**

In the name of the Divine Mother, I fully accept that the power of these calls is used to set free the Ma-ter light, so it can outpicture the perfect vision of Christ for my own life, for all people and for the planet. In the name I AM THAT I AM, it is done! Amen.

## **8. Cooperation is the way of the future (5)**

In the name I AM THAT I AM, Jesus Christ, I call to my I AM Presence to flow through the I Will Be Presence that I AM and give these decrees with full power. I call to beloved Saint Germain and Jesus to awaken people to the need to defend democracy from both external and internal attacks, including...

### **Part 1**

1. Saint Germain, radiate into the collective consciousness the awareness that when we recognize that there are forces outside the democratic world who want to destroy democracy, we need to recognize the value of cooperation. Dictatorships will disappear only if a critical mass of people in the democratic world, and even in dictatorial nations, understand a certain dynamic.

O Saint Germain, you do inspire,  
my vision raised forever higher,  
with you I form a figure-eight,  
your Golden Age I co-create.

**O Saint Germain, what love you bring,  
it truly makes all matter sing,  
your violet flame does all restore,  
with you we are becoming more.**

2. Saint Germain, radiate into the collective consciousness the awareness that the more aware people in democratic nations can step up to realize that there is a dynamic in the world where there is something that causes people to have a fundamentally different approach to life than what most people have in the democratic world.

O Saint Germain, what Freedom Flame,  
released when we recite your name,

acceleration is your gift,  
our planet it will surely lift.

**O Saint Germain, what love you bring,  
it truly makes all matter sing,  
your violet flame does all restore,  
with you we are becoming more.**

3. Saint Germain, radiate into the collective consciousness the awareness that we can see it in the democratic world, for example in criminals. Criminal gangs and the mafia have an entirely different worldview than most people have. These people are completely centered on themselves and they look at everything relative to themselves.

O Saint Germain, in love we claim,  
our right to bring your violet flame,  
from you Above, to us below,  
it is an all-transforming flow.

**O Saint Germain, what love you bring,  
it truly makes all matter sing,  
your violet flame does all restore,  
with you we are becoming more.**

4. Saint Germain, radiate into the collective consciousness the awareness that they have the attitude that if they want something, they have a right to take it. This is the mindset: "I have a right to take from others." We can see it throughout history, where empires or nations have been willing to take from other nations.

O Saint Germain, I love you so,  
my aura filled with violet glow,  
my chakras filled with violet fire,  
I am your cosmic amplifier.

**O Saint Germain, what love you bring,  
it truly makes all matter sing,  
your violet flame does all restore,  
with you we are becoming more.**

5. Saint Germain, radiate into the collective consciousness the awareness that if everybody takes from others, everybody will have less. A society will descend to a very low level of security, prosperity, material life, when everybody is trying to take from others.

O Saint Germain, I am now free,  
your violet flame is therapy,  
transform all hang-ups in my mind,  
as inner peace I surely find.

**O Saint Germain, what love you bring,  
it truly makes all matter sing,**

**your violet flame does all restore,  
with you we are becoming more.**

6. Saint Germain, radiate into the collective consciousness the awareness that we need to recognize that despite the fact that democratic nations have made progress and have become better at cooperating, there is still the consciousness in the world that is willing to take from others. There are nations in the world that are trapped in this consciousness.

O Saint Germain, my body pure,  
your violet flame for all is cure,  
consume the cause of all disease,  
and therefore I am all at ease.

**O Saint Germain, what love you bring,  
it truly makes all matter sing,  
your violet flame does all restore,  
with you we are becoming more.**

7. Saint Germain, radiate into the collective consciousness the awareness that any dictatorship is trapped in this consciousness because the dictator, in order to become a dictator, must believe he has a right to take from others, meaning his own people. He has the right to take power, money, freedom even their lives, he has a right to forcefully take from others.

O Saint Germain, I'm karma-free,  
the past no longer burdens me,  
a brand new opportunity,  
I am in Christic unity.

**O Saint Germain, what love you bring,  
it truly makes all matter sing,  
your violet flame does all restore,  
with you we are becoming more.**

8. Saint Germain, radiate into the collective consciousness the awareness that the democratic world needs to recognize that this force is there, and there are many people who are trapped in it. Democracies have ignored this, because they have been hoping that it would gradually go away.

O Saint Germain, we are now one,  
I am for you a violet sun,  
as we transform this planet earth,  
your Golden Age is given birth.

**O Saint Germain, what love you bring,  
it truly makes all matter sing,  
your violet flame does all restore,  
with you we are becoming more.**

9. Saint Germain, radiate into the collective consciousness the awareness that this consciousness will gradually go away. But if the democracies continue to ignore it, it will

take much longer than if they awaken to the need to defend democracy against this mindset. This means that democracies need to look both out and in.

O Saint Germain, the earth is free,  
from burden of duality,  
in oneness we bring what is best,  
your Golden Age is manifest.

**O Saint Germain, what love you bring,  
it truly makes all matter sing,  
your violet flame does all restore,  
with you we are becoming more.**

## Part 2

1. Saint Germain, radiate into the collective consciousness the awareness that Putin believes he has the right to take from others. Ukraine has something he wants, and he believes he has an unquestionable right to take it by force. China is in the same mindset as are some Arab nations and other dictatorships around the world. They are willing to take by force if they think they can get away with it.

O Saint Germain, you do inspire,  
my vision raised forever higher,  
with you I form a figure-eight,  
your Golden Age I co-create.

**O Saint Germain, what love you bring,  
it truly makes all matter sing,  
your violet flame does all restore,  
with you we are becoming more.**

2. Saint Germain, radiate into the collective consciousness the awareness that the democratic nations need to make these people think they cannot get away with it. The Western nations need to draw a line for Putin and say: "Thus far and no farther."

O Saint Germain, what Freedom Flame,  
released when we recite your name,  
acceleration is your gift,  
our planet it will surely lift.

**O Saint Germain, what love you bring,  
it truly makes all matter sing,  
your violet flame does all restore,  
with you we are becoming more.**

3. Saint Germain, radiate into the collective consciousness the awareness that we cannot think: "Oh, hopefully the war will be over and we can go back to some kind of normalcy." As long as Putin is in power, we cannot have any kind of normalcy with Russia.

O Saint Germain, in love we claim,  
our right to bring your violet flame,  
from you Above, to us below,  
it is an all-transforming flow.

**O Saint Germain, what love you bring,  
it truly makes all matter sing,  
your violet flame does all restore,  
with you we are becoming more.**

4. Saint Germain, radiate into the collective consciousness the awareness that we need to say: “Can we really have any normal relationship with China?” Xi Jinping has declared his intentions to bring Taiwan back to the mainland. If the Western nations want to avoid a situation where there is a Chinese attack on Taiwan, they need to demonstrate to the Chinese leadership that they cannot get away with it.

O Saint Germain, I love you so,  
my aura filled with violet glow,  
my chakras filled with violet fire,  
I am your cosmic amplifier.

**O Saint Germain, what love you bring,  
it truly makes all matter sing,  
your violet flame does all restore,  
with you we are becoming more.**

5. Saint Germain, radiate into the collective consciousness the awareness that we see in certain democratic nations an increase in crime and criminal gangs. Some of these are international gangs, some of them come from nations that are not democratic, and the democratic nations need to defend our nations and our people from crime.

O Saint Germain, I am now free,  
your violet flame is therapy,  
transform all hang-ups in my mind,  
as inner peace I surely find.

**O Saint Germain, what love you bring,  
it truly makes all matter sing,  
your violet flame does all restore,  
with you we are becoming more.**

6. Saint Germain, radiate into the collective consciousness the awareness that there is an emerging force of people, whether it is politicians or media people, who clearly do not respect the democratic process. These people think they know better how their nation should be run, and they think they are epically important.

O Saint Germain, my body pure,  
your violet flame for all is cure,  
consume the cause of all disease,  
and therefore I am all at ease.

**O Saint Germain, what love you bring,  
it truly makes all matter sing,  
your violet flame does all restore,  
with you we are becoming more.**

7. Saint Germain, radiate into the collective consciousness the awareness that such people believe they have not only a right, but even an obligation to take power by force and suppress the opposition. This is a movement seen in many nations to varying levels of intensity.

O Saint Germain, I'm karma-free,  
the past no longer burdens me,  
a brand new opportunity,  
I am in Christic unity.

**O Saint Germain, what love you bring,  
it truly makes all matter sing,  
your violet flame does all restore,  
with you we are becoming more.**

8. Saint Germain, radiate into the collective consciousness the awareness that we see the emergence of political parties, political candidates, media people who do not respect democracy. Nations and populations need to become more aware of this, so they can avoid this movement going as far as it has gone in the United States with Trump.

O Saint Germain, we are now one,  
I am for you a violet sun,  
as we transform this planet earth,  
your Golden Age is given birth.

**O Saint Germain, what love you bring,  
it truly makes all matter sing,  
your violet flame does all restore,  
with you we are becoming more.**

9. Saint Germain, radiate into the collective consciousness the awareness that after the election, Trump showed a clear disrespect for the democratic process and a desire to take the presidency by force. There are many of his followers who supported this, which is why they took Congress by force.

O Saint Germain, the earth is free,  
from burden of duality,  
in oneness we bring what is best,  
your Golden Age is manifest.

**O Saint Germain, what love you bring,  
it truly makes all matter sing,  
your violet flame does all restore,  
with you we are becoming more.**

## Part 3

1. Saint Germain, radiate into the collective consciousness the awareness that in other nations there are similar tendencies, with the emergence of leaders who show a disrespect for the democratic process. They limit the freedom of speech, the freedom of the media, they limit the influence of the courts. There are media outlets who are basically functioning as propaganda branches for these people.

O Saint Germain, you do inspire,  
my vision raised forever higher,  
with you I form a figure-eight,  
your Golden Age I co-create.

**O Saint Germain, what love you bring,  
it truly makes all matter sing,  
your violet flame does all restore,  
with you we are becoming more.**

2. Saint Germain, radiate into the collective consciousness the awareness that democratic nations need to defend their own people against those who will use the democratic freedoms to take away the democratic freedoms from the rest of the population.

O Saint Germain, what Freedom Flame,  
released when we recite your name,  
acceleration is your gift,  
our planet it will surely lift.

**O Saint Germain, what love you bring,  
it truly makes all matter sing,  
your violet flame does all restore,  
with you we are becoming more.**

3. Saint Germain, radiate into the collective consciousness the awareness that in a democratic country people vote and the majority decides the outcome meaning, majority rules. Nevertheless, all democracies are based on certain rights that no authority on earth can take away from them. Not even the government defines the people's rights.

O Saint Germain, in love we claim,  
our right to bring your violet flame,  
from you Above, to us below,  
it is an all-transforming flow.

**O Saint Germain, what love you bring,  
it truly makes all matter sing,  
your violet flame does all restore,  
with you we are becoming more.**

4. Saint Germain, radiate into the collective consciousness the awareness that in a dictatorship, such as China and Russia, the leaders firmly believe that they define the rights of their people, there is no higher authority than them. A democracy is based on the existence of some higher authority.

O Saint Germain, I love you so,  
my aura filled with violet glow,  
my chakras filled with violet fire,  
I am your cosmic amplifier.

**O Saint Germain, what love you bring,  
it truly makes all matter sing,  
your violet flame does all restore,  
with you we are becoming more.**

5. Saint Germain, radiate into the collective consciousness the awareness that we have to respect that there is some kind of principle that gives people rights, and a democratic government cannot take those rights away from the people. There is a natural law that demonstrates that a country functions best when there is this respect for an authority beyond the worldly governmental authority.

O Saint Germain, I am now free,  
your violet flame is therapy,  
transform all hang-ups in my mind,  
as inner peace I surely find.

**O Saint Germain, what love you bring,  
it truly makes all matter sing,  
your violet flame does all restore,  
with you we are becoming more.**

6. Saint Germain, radiate into the collective consciousness the awareness that because there are rights in a democracy, there is a limit to what a majority can rule on. A democracy cannot become a dictatorship of the majority and therefore we need to recognize the value of the tolerance of differences.

O Saint Germain, my body pure,  
your violet flame for all is cure,  
consume the cause of all disease,  
and therefore I am all at ease.

**O Saint Germain, what love you bring,  
it truly makes all matter sing,  
your violet flame does all restore,  
with you we are becoming more.**

7. Saint Germain, radiate into the collective consciousness the awareness that that even this can be used against democracy. For people who want to undermine democracy will say: "Well, why aren't you tolerant towards us? We should have a right to be different just like gays and lesbians have a right to be different."

O Saint Germain, I'm karma-free,  
the past no longer burdens me,  
a brand new opportunity,  
I am in Christic unity.

**O Saint Germain, what love you bring,  
it truly makes all matter sing,  
your violet flame does all restore,  
with you we are becoming more.**

8. Saint Germain, radiate into the collective consciousness the awareness that people have a right to be different if they do not undermine other people's right to be different, or rather other people's democratic rights. We need to evaluate if there an intent to take the democratic rights from the population by force. Then we need to limit this in order to defend the rights of the majority.

O Saint Germain, we are now one,  
I am for you a violet sun,  
as we transform this planet earth,  
your Golden Age is given birth.

**O Saint Germain, what love you bring,  
it truly makes all matter sing,  
your violet flame does all restore,  
with you we are becoming more.**

9. Saint Germain, radiate into the collective consciousness the awareness that we need to defend democracy and democratic rights against those who are willing to take it by force, and this extends to the area of the economy.

O Saint Germain, the earth is free,  
from burden of duality,  
in oneness we bring what is best,  
your Golden Age is manifest.

**O Saint Germain, what love you bring,  
it truly makes all matter sing,  
your violet flame does all restore,  
with you we are becoming more.**

## **Part 4**

1. Saint Germain, radiate into the collective consciousness the awareness that democratic nations need to realize that they need to defend the equal rights, the equal economic opportunities of all citizens from the power elite that wants to take it by force and have achieved incredible success in taking wealth by force. This is anti-democratic and it is the responsibility of a democratic government to defend its citizens from this.

O Saint Germain, you do inspire,  
my vision raised forever higher,

with you I form a figure-eight,  
your Golden Age I co-create.

**O Saint Germain, what love you bring,  
it truly makes all matter sing,  
your violet flame does all restore,  
with you we are becoming more.**

2. Saint Germain, radiate into the collective consciousness the awareness that once we step up to a basic level of humanity, we can start to cooperate, and there are higher levels of cooperation that will be manifest in the golden age. Democratic nations need to recognize that they need to cooperate in order to defend their nations and democracy as a whole against the anti-democratic forces.

O Saint Germain, what Freedom Flame,  
released when we recite your name,  
acceleration is your gift,  
our planet it will surely lift.

**O Saint Germain, what love you bring,  
it truly makes all matter sing,  
your violet flame does all restore,  
with you we are becoming more.**

3. Saint Germain, radiate into the collective consciousness the awareness that if we want to avoid a military confrontation between NATO and Russia, then the democratic nations need to be united in imposing sanctions.

O Saint Germain, in love we claim,  
our right to bring your violet flame,  
from you Above, to us below,  
it is an all-transforming flow.

**O Saint Germain, what love you bring,  
it truly makes all matter sing,  
your violet flame does all restore,  
with you we are becoming more.**

4. Saint Germain, radiate into the collective consciousness the awareness that the only way to avoid a military confrontation is by imposing sanctions that will cause Putin or other people in Russia to realize that they cannot get away with this, that it is self-destructive to continue these military adventures.

O Saint Germain, I love you so,  
my aura filled with violet glow,  
my chakras filled with violet fire,  
I am your cosmic amplifier.

**O Saint Germain, what love you bring,  
it truly makes all matter sing,**

**your violet flame does all restore,  
with you we are becoming more.**

5. Saint Germain, radiate into the collective consciousness the awareness that otherwise, we run the risk that there will be a military confrontation between NATO and Russia and this could then escalate in various ways that none of the democratic leaders really want to see happen.

O Saint Germain, I am now free,  
your violet flame is therapy,  
transform all hang-ups in my mind,  
as inner peace I surely find.

**O Saint Germain, what love you bring,  
it truly makes all matter sing,  
your violet flame does all restore,  
with you we are becoming more.**

6. Saint Germain, radiate into the collective consciousness the awareness that if we want to avoid a situation where China attacks Taiwan, we need to demonstrate unity, that we will not accept this.

O Saint Germain, my body pure,  
your violet flame for all is cure,  
consume the cause of all disease,  
and therefore I am all at ease.

**O Saint Germain, what love you bring,  
it truly makes all matter sing,  
your violet flame does all restore,  
with you we are becoming more.**

7. Saint Germain, radiate into the collective consciousness the awareness that we need to work together to shut out the anti-democratic undermining from troll factories and other forces. Russia has an attempt to finance various movements in the West that are anti-democratic in nature, some of these right-wing movements that clearly do not respect democratic principles.

O Saint Germain, I'm karma-free,  
the past no longer burdens me,  
a brand new opportunity,  
I am in Christic unity.

**O Saint Germain, what love you bring,  
it truly makes all matter sing,  
your violet flame does all restore,  
with you we are becoming more.**

8. Saint Germain, radiate into the collective consciousness the awareness that there is a universal principle and natural law in the democratic nations. When the world was

dominated by the mindset “I am willing to take from others,” wealth, prosperity, the standard of living was much lower than it is today.

O Saint Germain, we are now one,  
I am for you a violet sun,  
as we transform this planet earth,  
your Golden Age is given birth.

**O Saint Germain, what love you bring,  
it truly makes all matter sing,  
your violet flame does all restore,  
with you we are becoming more.**

9. Saint Germain, radiate into the collective consciousness the awareness that the standard of living is universally lower in dictatorial nations than in democratic nations and this is partly because the dictator always takes from the people, so how can the standard of living of the people be raised as much as you can in a democratic nation?

O Saint Germain, the earth is free,  
from burden of duality,  
in oneness we bring what is best,  
your Golden Age is manifest.

**O Saint Germain, what love you bring,  
it truly makes all matter sing,  
your violet flame does all restore,  
with you we are becoming more.**

## **Part 5**

1. Saint Germain, radiate into the collective consciousness the awareness that something happens when people and nations cooperate. The whole is more than the sum of the parts. There is a multiplication factor that people do better when they cooperate, than the sum of their individual achievements and this is something that needs to be recognized.

O Saint Germain, you do inspire,  
my vision raised forever higher,  
with you I form a figure-eight,  
your Golden Age I co-create.

**O Saint Germain, what love you bring,  
it truly makes all matter sing,  
your violet flame does all restore,  
with you we are becoming more.**

2. Saint Germain, radiate into the collective consciousness the awareness that some economists have started to recognize that there is some multiplication: “We observe that when we cooperate, the whole is more than the sum of the parts and more wealth is created.” Democratic nations need to cooperate in a higher way because they have transcended their remnants of the focus on self.

O Saint Germain, what Freedom Flame,  
released when we recite your name,  
acceleration is your gift,  
our planet it will surely lift.

**O Saint Germain, what love you bring,  
it truly makes all matter sing,  
your violet flame does all restore,  
with you we are becoming more.**

3. Saint Germain, radiate into the collective consciousness the awareness that there is a greater principle. If we cooperate, if we seek to raise the whole, if we step up from the narrow self-interest to enlightened self-interest, then the whole will be raised to a new level and then there will be more for everybody.

O Saint Germain, in love we claim,  
our right to bring your violet flame,  
from you Above, to us below,  
it is an all-transforming flow.

**O Saint Germain, what love you bring,  
it truly makes all matter sing,  
your violet flame does all restore,  
with you we are becoming more.**

4. Saint Germain, radiate into the collective consciousness the awareness that if the EU could step up to a higher level of cooperation than they have today, then the amount of wealth would be increased so that every country would do far better than they are doing today.

O Saint Germain, I love you so,  
my aura filled with violet glow,  
my chakras filled with violet fire,  
I am your cosmic amplifier.

**O Saint Germain, what love you bring,  
it truly makes all matter sing,  
your violet flame does all restore,  
with you we are becoming more.**

5. Saint Germain, radiate into the collective consciousness the awareness that in the golden age it will become obvious that we can do so much better by cooperating. We can do so much better for ourselves by participating in a selfless effort to raise the whole because the whole is more than the sum of the parts.

O Saint Germain, I am now free,  
your violet flame is therapy,  
transform all hang-ups in my mind,  
as inner peace I surely find.

**O Saint Germain, what love you bring,  
it truly makes all matter sing,  
your violet flame does all restore,  
with you we are becoming more.**

6. Saint Germain, radiate into the collective consciousness the awareness that by cooperating we can greatly increase the part that we have. The world is moving out of the era of division into the era of cooperation. The world is moving away from the: "I am willing to take from others by force," into a selfless desire to raise the whole. It is cooperation versus selfishness, selflessness versus selfishness.

O Saint Germain, my body pure,  
your violet flame for all is cure,  
consume the cause of all disease,  
and therefore I am all at ease.

**O Saint Germain, what love you bring,  
it truly makes all matter sing,  
your violet flame does all restore,  
with you we are becoming more.**

7. Saint Germain, radiate into the collective consciousness the awareness that NATO started as a defensive alliance to defend the nations of Western Europe against Russia. Now Putin claims that NATO is an aggressive alliance that has the intention of attacking Russia. Those in the self-centered mindset will turn everything around.

O Saint Germain, I'm karma-free,  
the past no longer burdens me,  
a brand new opportunity,  
I am in Christic unity.

**O Saint Germain, what love you bring,  
it truly makes all matter sing,  
your violet flame does all restore,  
with you we are becoming more.**

8. Saint Germain, radiate into the collective consciousness the awareness that we cannot treat Putin or Russia as a democratic nation. We need to draw a line and stand united.

O Saint Germain, we are now one,  
I am for you a violet sun,  
as we transform this planet earth,  
your Golden Age is given birth.

**O Saint Germain, what love you bring,  
it truly makes all matter sing,  
your violet flame does all restore,  
with you we are becoming more.**

9. Saint Germain, radiate into the collective consciousness the awareness that the credo of NATO is the Musketeer oath, one for all and all for one. We can extend this to general cooperation between democratic nations, that if one democratic nation is attacked in any way, not just militarily, but also economically or through propaganda, they all stand together in defending democracy.

O Saint Germain, the earth is free,  
from burden of duality,  
in oneness we bring what is best,  
your Golden Age is manifest.

**O Saint Germain, what love you bring,  
it truly makes all matter sing,  
your violet flame does all restore,  
with you we are becoming more.**

### **Sealing:**

In the name of the Divine Mother, I fully accept that the power of these calls is used to set free the Ma-ter light, so it can outpicture the perfect vision of Christ for my own life, for all people and for the planet. In the name I AM THAT I AM, it is done! Amen.

## **9. Living up to democratic ideals (4)**

In the name I AM THAT I AM, Jesus Christ, I call to my I AM Presence to flow through the I Will Be Presence that I AM and give these decrees with full power. I call to beloved Master MORE, Saint Germain and Jesus to awaken people to the need to defend democracy from both external and internal attacks, including...

### **Part 1**

1. Master MORE, radiate into the collective consciousness the awareness that many people, both in the democratic worlds and elsewhere, are dissatisfied with the world as it is. They are always looking at the negative, looking for problems, trying to analyze what is wrong.

Master MORE, come to the fore,  
we will absorb your flame of MORE.  
Master MORE, our will so strong,  
our power centers cleared by song.

**Master MORE, your Sacred Heart,  
from this we will no more depart,  
we are forever in your flow,  
of Diamond Will that you bestow.**

2. Master MORE, radiate into the collective consciousness the awareness that there has always been a certain group of people, some of them are fallen beings, who are always criticizing their present time, looking towards some better future. They are saying that the present time is no good and people should be dissatisfied with the present and look to the future.

Master MORE, your wisdom flows,  
as our attunement ever grows.  
Master MORE, we have a tie,  
that helps us see through Serpent's lie.

**Master MORE, your Sacred Heart,  
from this we will no more depart,  
we are forever in your flow,  
of Diamond Will that you bestow.**

3. Master MORE, radiate into the collective consciousness the awareness that there is a very strong mentality in the world, a collective beast, of looking down upon the present and looking towards the future. Or even looking back to the past, thinking that conditions were so much better in the so-called "good old days."

Master MORE, your love so pink,  
there is no purer love, we think.  
Master MORE, you set us free,  
from all conditionality.

**Master MORE, your Sacred Heart,  
from this we will no more depart,  
we are forever in your flow,  
of Diamond Will that you bestow.**

4. Master MORE, radiate into the collective consciousness the awareness that many will say that we improve society by analyzing and pointing out the problems that exist, and then solving those problems. This is a necessary approach, but if this is our only approach, we will not create an ideal society.

Master MORE, we will endure,  
your discipline that makes us pure.  
Master MORE, intentions true,  
as we are always one with you.

**Master MORE, your Sacred Heart,  
from this we will no more depart,  
we are forever in your flow,  
of Diamond Will that you bestow.**

5. Master MORE, radiate into the collective consciousness the awareness that we cannot solve a problem with the same state of consciousness that created the problem. And this is what many people are doing through analysis.

Master MORE, our vision raised,  
the will of God is always praised.  
Master MORE, creative will,  
raising all life higher still.

**Master MORE, your Sacred Heart,  
from this we will no more depart,  
we are forever in your flow,  
of Diamond Will that you bestow.**

6. Master MORE, radiate into the collective consciousness the awareness that the consciousness that created the problem was the consciousness of anti-christ. Many people trying to analyze the problem and suggest a solution are using the consciousness of anti-christ. How can a problem generated by the consciousness of anti-christ be solved by the consciousness of anti-christ? IT CAN NOT BE DONE.

Master MORE, your peace is power,  
the demons of war it will devour.  
Master MORE, we serve all life,  
our flames consuming war and strife.

**Master MORE, your Sacred Heart,  
from this we will no more depart,  
we are forever in your flow,  
of Diamond Will that you bestow.**

7. Master MORE, radiate into the collective consciousness the awareness that Jesus attempted to show that the ultimate solution of problems is the transcendence of consciousness. We have to rise to a higher level of consciousness in order to solve a problem.

Master MORE, we are so free,  
eternal bond from you we see.  
Master MORE, we find rebirth,  
in flow of your eternal mirth.

**Master MORE, your Sacred Heart,  
from this we will no more depart,  
we are forever in your flow,  
of Diamond Will that you bestow.**

8. Master MORE, radiate into the collective consciousness the awareness that most human problems are the outcome of the self-centeredness, the selfishness, the me first, the willingness to do unto others and take from others by force. All crimes, wars, invasions and conquests spring from that state of consciousness.

Master MORE, you balance all,  
the seven rays upon our call.  
Master MORE, forever MORE,  
we are the Spirit's open door.

**Master MORE, your Sacred Heart,  
from this we will no more depart,  
we are forever in your flow,  
of Diamond Will that you bestow.**

9. Master MORE, radiate into the collective consciousness the awareness that the power elite is willing to take from the people through force, and this has created all of the economic problems. It has generated worldwide poverty, inequality in income distribution, inflation, the money system, speculation leading to increased prices and so forth.

Master MORE, your Presence here,  
filling up the inner sphere.  
Life is now a sacred flow,  
God Power we on all bestow.

**Master MORE, your Sacred Heart,  
from this we will no more depart,  
we are forever in your flow,  
of Diamond Will that you bestow.**

## **Part 2**

1. Master MORE, radiate into the collective consciousness the awareness that we cannot solve those problems, unless we transcended this state of consciousness and rise to the state of consciousness that is the foundation for democracy. Where we are not taking by force, we are working to raise the whole.

Master MORE, come to the fore,  
we will absorb your flame of MORE.  
Master MORE, our will so strong,  
our power centers cleared by song.

**Master MORE, your Sacred Heart,  
from this we will no more depart,  
we are forever in your flow,  
of Diamond Will that you bestow.**

2. Master MORE, radiate into the collective consciousness the awareness that only democracies can implement this shift in consciousness. It is necessary to step up to a higher level of consciousness, even a higher approach to society, to human interactions and to government. And this includes selecting leaders.

Master MORE, your wisdom flows,  
as our attunement ever grows.

Master MORE, we have a tie,  
that helps us see through Serpent's lie.

**Master MORE, your Sacred Heart,  
from this we will no more depart,  
we are forever in your flow,  
of Diamond Will that you bestow.**

3. Master MORE, radiate into the collective consciousness the awareness that the problem with any power elite is that they claim to have certain ideals, but they act in ways that are contrary to their professed ideals. For example, they claim to be Christians, but they are exploiting the population.

Master MORE, your love so pink,  
there is no purer love, we think.  
Master MORE, you set us free,  
from all conditionality.

**Master MORE, your Sacred Heart,  
from this we will no more depart,  
we are forever in your flow,  
of Diamond Will that you bestow.**

4. Master MORE, radiate into the collective consciousness the awareness that Jesus took a stand against the abuse of power. It is necessary for people to take that stand and demonstrate the unwillingness to submit to the abuse of power, the unwillingness to cower to power.

Master MORE, we will endure,  
your discipline that makes us pure.  
Master MORE, intentions true,  
as we are always one with you.

**Master MORE, your Sacred Heart,  
from this we will no more depart,  
we are forever in your flow,  
of Diamond Will that you bestow.**

5. Master MORE, radiate into the collective consciousness the awareness that we must refuse to submit to the abuse of power, to propaganda, to pressure, to lies, to all kinds of manipulation.

Master MORE, our vision raised,  
the will of God is always praised.  
Master MORE, creative will,  
raising all life higher still.

**Master MORE, your Sacred Heart,  
from this we will no more depart,**

**we are forever in your flow,  
of Diamond Will that you bestow.**

6. Master MORE, radiate into the collective consciousness the awareness that democracy is a form of government where at least a critical mass of the people have taken a stand against the abuse of power. Democracies form by a critical mass of the people refusing to allow themselves to be abused by the kings and the noblemen that have abused them for centuries.

Master MORE, your peace is power,  
the demons of war it will devour.  
Master MORE, we serve all life,  
our flames consuming war and strife.

**Master MORE, your Sacred Heart,  
from this we will no more depart,  
we are forever in your flow,  
of Diamond Will that you bestow.**

7. Master MORE, radiate into the collective consciousness the awareness that democracies must be the ones who take a stand against the ruling class that abuses power. This happens in an outward way by taking a stand against nations, such as Russia and China, who are abusing power.

Master MORE, we are so free,  
eternal bond from you we see.  
Master MORE, we find rebirth,  
in flow of your eternal mirth.

**Master MORE, your Sacred Heart,  
from this we will no more depart,  
we are forever in your flow,  
of Diamond Will that you bestow.**

8. Master MORE, radiate into the collective consciousness the awareness that this also has an internal component where the people, the leaders, the educated people, the media people, the politicians need to step up to a higher level of understanding and be willing to take a stand against those who abuse power.

Master MORE, you balance all,  
the seven rays upon our call.  
Master MORE, forever MORE,  
we are the Spirit's open door.

**Master MORE, your Sacred Heart,  
from this we will no more depart,  
we are forever in your flow,  
of Diamond Will that you bestow.**

9. Master MORE, radiate into the collective consciousness the awareness that this can in some nations be corruption. It can be in terms of the economy where those who are in

charge of the economy are blatantly abusing power to siphon wealth away from the people. It can be those who have been elected, but who are now abusing the democratic process to either stay in power or to limit people's rights or the governmental processes and institutions.

Master MORE, your Presence here,  
filling up the inner sphere.  
Life is now a sacred flow,  
God Power we on all bestow.

**Master MORE, your Sacred Heart,  
from this we will no more depart,  
we are forever in your flow,  
of Diamond Will that you bestow.**

### Part 3

1. Master MORE, radiate into the collective consciousness the awareness that there are still, even in democratic nations, people who are willing to abuse power. History shows a tendency for a small elite who is willing to use power, because they are willing to take through force. This is completely anti-democratic, but it has been allowed in most democratic nations.

Master MORE, come to the fore,  
we will absorb your flame of MORE.  
Master MORE, our will so strong,  
our power centers cleared by song.

**Master MORE, your Sacred Heart,  
from this we will no more depart,  
we are forever in your flow,  
of Diamond Will that you bestow.**

2. Master MORE, radiate into the collective consciousness the awareness that in the late 1800s there was a formation of a class of monopoly capitalists in the United States who deliberately attempted to undermine the democratic process by using their money, by buying influence, by creating institutions that were anti-democratic, such as the Federal Reserve System.

Master MORE, your wisdom flows,  
as our attunement ever grows.  
Master MORE, we have a tie,  
that helps us see through Serpent's lie.

**Master MORE, your Sacred Heart,  
from this we will no more depart,  
we are forever in your flow,  
of Diamond Will that you bestow.**

3. Master MORE, radiate into the collective consciousness the awareness that the bigger the country, the more there is a tendency for the emergence of an elite that is willing to blatantly and forcefully abuse power. We see this in the United States because it is the biggest democratic nation. Those who are willing to abuse power can get the most out of gaining power in the United States.

Master MORE, your love so pink,  
there is no purer love, we think.  
Master MORE, you set us free,  
from all conditionality.

**Master MORE, your Sacred Heart,  
from this we will no more depart,  
we are forever in your flow,  
of Diamond Will that you bestow.**

4. Master MORE, radiate into the collective consciousness the awareness that one of the next logical steps for democracies is to look in the mirror and say: “What are the ideals that are the foundation for our democratic nation and constitution?”

Master MORE, we will endure,  
your discipline that makes us pure.  
Master MORE, intentions true,  
as we are always one with you.

**Master MORE, your Sacred Heart,  
from this we will no more depart,  
we are forever in your flow,  
of Diamond Will that you bestow.**

5. Master MORE, radiate into the collective consciousness the awareness that we then look at society and say: “Where do we see people, institutions, aspects of society that are clearly not living up to these foundational ideals?” Part of a democracy is honest self-examination to bring democracy more in alignment with the ideals that caused democracy to be created in the first place.

Master MORE, our vision raised,  
the will of God is always praised.  
Master MORE, creative will,  
raising all life higher still.

**Master MORE, your Sacred Heart,  
from this we will no more depart,  
we are forever in your flow,  
of Diamond Will that you bestow.**

6. Master MORE, radiate into the collective consciousness the awareness that as life progresses, as the collective consciousness is raised, it becomes easier to live up to our democratic ideals.

Master MORE, your peace is power,  
the demons of war it will devour.  
Master MORE, we serve all life,  
our flames consuming war and strife.

**Master MORE, your Sacred Heart,  
from this we will no more depart,  
we are forever in your flow,  
of Diamond Will that you bestow.**

7. Master MORE, radiate into the collective consciousness the awareness that it is simply a natural development, a natural consequence of the raising of consciousness, that democratic nations become more self-observant.

Master MORE, we are so free,  
eternal bond from you we see.  
Master MORE, we find rebirth,  
in flow of your eternal mirth.

**Master MORE, your Sacred Heart,  
from this we will no more depart,  
we are forever in your flow,  
of Diamond Will that you bestow.**

8. Master MORE, radiate into the collective consciousness the awareness that there is a need for the emergence of a group of people who are willing to look at society without having the critical, analytical mentality, where you are using the duality consciousness to analyze the problems of the duality consciousness.

Master MORE, you balance all,  
the seven rays upon our call.  
Master MORE, forever MORE,  
we are the Spirit's open door.

**Master MORE, your Sacred Heart,  
from this we will no more depart,  
we are forever in your flow,  
of Diamond Will that you bestow.**

9. Master MORE, radiate into the collective consciousness the awareness that this means you always end up with the conclusion that the problems of society are created by a certain group of people. And they are the ones who need to be forced to change, or be killed. When you analyze a dualistic problem based on the dualistic consciousness, you always end up scapegoating.

Master MORE, your Presence here,  
filling up the inner sphere.  
Life is now a sacred flow,  
God Power we on all bestow.

**Master MORE, your Sacred Heart,  
from this we will no more depart,  
we are forever in your flow,  
of Diamond Will that you bestow.**

## **Part 4**

1. Master MORE, radiate into the collective consciousness the awareness that there is a need for the emergence of a group of people – a movement, organizations, institutions, writers – who will look at society without blaming, without scapegoating other people.

Master MORE, come to the fore,  
we will absorb your flame of MORE.  
Master MORE, our will so strong,  
our power centers cleared by song.

**Master MORE, your Sacred Heart,  
from this we will no more depart,  
we are forever in your flow,  
of Diamond Will that you bestow.**

2. Master MORE, radiate into the collective consciousness the awareness that the United States is behind in this trend, because there are so many people, both on the right and the left, who have gone into this unbalanced state of mind, where they are blaming, pointing the finger and appointing a scapegoat.

Master MORE, your wisdom flows,  
as our attunement ever grows.  
Master MORE, we have a tie,  
that helps us see through Serpent's lie.

**Master MORE, your Sacred Heart,  
from this we will no more depart,  
we are forever in your flow,  
of Diamond Will that you bestow.**

3. Master MORE, radiate into the collective consciousness the awareness that Donald Trump from his emergence on the political scene has been scapegoating, blaming others, pointing out that these people are the problem.

Master MORE, your love so pink,  
there is no purer love, we think.  
Master MORE, you set us free,  
from all conditionality.

**Master MORE, your Sacred Heart,  
from this we will no more depart,  
we are forever in your flow,  
of Diamond Will that you bestow.**

4. Master MORE, radiate into the collective consciousness the awareness that Trump is an example of a leader who is completely focused on himself, which is what the power elite is. He is basically saying: "Anybody who does not submit to me is the problem. And those who do submit to me, they need to do something about those other people." This is not democracy!

Master MORE, we will endure,  
your discipline that makes us pure.  
Master MORE, intentions true,  
as we are always one with you.

**Master MORE, your Sacred Heart,  
from this we will no more depart,  
we are forever in your flow,  
of Diamond Will that you bestow.**

5. Master MORE, radiate into the collective consciousness the awareness that this will create divisions between groups of people, which very conveniently obscures the role of the power elite, the financial, economic power elite.

Master MORE, our vision raised,  
the will of God is always praised.  
Master MORE, creative will,  
raising all life higher still.

**Master MORE, your Sacred Heart,  
from this we will no more depart,  
we are forever in your flow,  
of Diamond Will that you bestow.**

6. Master MORE, radiate into the collective consciousness the awareness that this allows the power elite to continue to siphon wealth away from the people, lowering the standard of living of the people. The people are so busy blaming each other that they cannot see that the real problem is the power elite that has distorted the economy to an almost unfathomable degree.

Master MORE, your peace is power,  
the demons of war it will devour.  
Master MORE, we serve all life,  
our flames consuming war and strife.

**Master MORE, your Sacred Heart,  
from this we will no more depart,  
we are forever in your flow,  
of Diamond Will that you bestow.**

7. Master MORE, radiate into the collective consciousness the awareness that it is almost unfathomable that the world-wide power elite has not been exposed for the anti-democratic force that it is.

Master MORE, we are so free,  
eternal bond from you we see.  
Master MORE, we find rebirth,  
in flow of your eternal mirth.

**Master MORE, your Sacred Heart,  
from this we will no more depart,  
we are forever in your flow,  
of Diamond Will that you bestow.**

8. Master MORE, radiate into the collective consciousness the awareness that we cannot expect a person like Donald Trump, who has taken advantage of the financial system, to expose it or to do anything to stop it. It is cognitive dissonance to claim to be a president who wants to take care of the working class people, but you are doing nothing about the power elite, who is exploiting the working class people.

Master MORE, you balance all,  
the seven rays upon our call.  
Master MORE, forever MORE,  
we are the Spirit's open door.

**Master MORE, your Sacred Heart,  
from this we will no more depart,  
we are forever in your flow,  
of Diamond Will that you bestow.**

9. Master MORE, radiate into the collective consciousness the awareness that the divisions among the people in America are engineered by the power elite in order to prevent the people from becoming aware of how the power elite has eroded their standard of living and distorted the political process. It is time for the people to identify that the real problem in America is the power elite, not "we the people."

Master MORE, your Presence here,  
filling up the inner sphere.  
Life is now a sacred flow,  
God Power we on all bestow.

**Master MORE, your Sacred Heart,  
from this we will no more depart,  
we are forever in your flow,  
of Diamond Will that you bestow.**

### **Sealing:**

In the name of the Divine Mother, I fully accept that the power of these calls is used to set free the Ma-ter light, so it can outpicture the perfect vision of Christ for my own life, for all people and for the planet. In the name I AM THAT I AM, it is done! Amen.
